RENAULT SYMBIOZ E-TECH SELF-CHARGING FULL HYBRID

160 HP

also available in mild hybrid 140hp

1 October 2026

technology that reconnects you

The ultimate lifestyle car, Renault Symbioz combines all the advantages of a compact vehicle with those of a family car. The interior is both technologically advanced and comfortable to ensure your well-being, with generous interior space, Solarbay® opacifying panoramic sunroof[1], premium Harman Kardon® sound[1] and the openR link multimedia system.

When technology meets interior comfort for an enhanced on-board experience.

Solarbay® opacifying panoramic sunroof[1]	**openR link system with Google built-in[4]**	**up to 30 advanced driver-assistance systems[5]**
up to 624 litres[2] of boot volume[3]	**E-Tech full hybrid 160 hp engine**	**up to 675 miles of driving range[6]**

(1) on iconic esprit Alpine. (2) with bench seat forwards. (3) the equivalent volume measured according to VDA standard (ISO 3832) is 548 dm^3 for the full hybrid E-Tech version (the VDA standard involves measuring the total volume of the boot using standardised shape and volume objects (200 mm x 100 mm x 50 mm = 1 dm^3)). (4) to download apps from Google Play, you must enter a Google account in your profile on openR link. Use of downloaded apps requires a dedicated data plan. You can share your smartphone's connection with your car. Google, Google Maps, Google News, Waze and other marks are trademarks of Google LLC. Data plan and connective services standard period with purchase of a vehicle may differ depending on when the vehicle was built, therefore, please refer to your local Retailer for full details. (5) depending on version. (6) WLTP figures shown for comparability purposes only. Actual real world driving results may vary depending on factors including the fullness of the tank, starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load / source: internal Renault, 2024, techno vs WLTP fuel consumption figures.

PDF equipment and engine options

avant-garde elegance

Its assertive personality defines the exterior style of Renault Symbioz. A long coupé, its dimensions remain compact to adapt to your needs. With its robust and refined grille with the new Renault identity, satin chrome logo and half-diamond lights, each element of the design accentuates its charisma.

The radiator grille, made up of micro-diamonds, is adorned with a graphic effect. At the rear, the Symbioz signature emphasises the sharp lines.

esprit Alpine

The Alpine spirit stands out through a number of distinctive features, including the matte grey F1 strip.

Special 19" esprit Alpine 'elixir' wheels and Alpine badge on the front wings for more sportiness. On board, the upholstery is stitched in the iconic Alpine blue and the distinctive badge features a blue/ white/red tricolour label on the seat backs and dashboard.

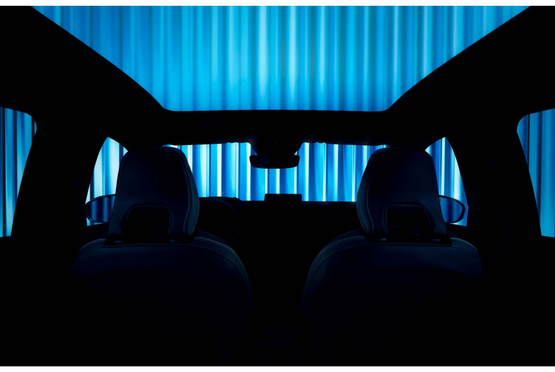
connect with well-being

Take a seat in a high-tech cockpit that enhances driving pleasure. With its steering wheel controls, the dashboard is streamlined and driving is simplified. Every passenger can enjoy the innovative view offered by the Solarbay® opacifying panoramic sunroof(1) and the customised sound environment created by Harman Kardon®(1). Whatever the journey, share the fun with family and friends.

The Solarbay® technology can be activated by voice using Google Assistant(2) or manually using a button on the ceiling light panel. Adjustable to 4 different opacity configurations, it maintains light and heat comfort on board in both summer and winter.



The passenger compartment has a wireless charging point. Lay down your smartphone and your device stays charged wirelessly without interruption.

type of wireless changer may vary depending on build date, please refer to your Retailer for details

openR link multimedia system with Google built-in[1]

The 10.4" central display and the 10.25" digital driver display connect you to the best of technology thanks to the openR link multimedia system with Google built-in. Enjoy more than 100 apps for a shared experience.

Google Maps provides accurate navigation even if the network goes down, informing you of road closures, changes to the direction of traffic, road works, etc.

"Hey Google..." Talk to it to plan a trip, adjust vehicle temperature or adjust the opacity of the Solarbay® panoramic sunroof[2] and much more. The voice assistant is there for you.

Over 100 apps with exclusive content are available via Google Play, including Waze, SongPop for Renault, and Amazon Music.

Waze is a community-based navigation app that shares information in real time. Waze boosts your peace of mind.

Drive to the beat with our new musical game – **SongPop** for Renault. Play together and rediscover popular songs with your family and friends!

Take to the road while listening to playlists, and much more, with **Amazon Music**, included with your Amazon Prime subscription.

With **EasyPark**, you can plan and book millions of parking spaces across Europe. Enter your destination's address or navigate using the map.

Vivaldi browser is an efficient, fast Web browser that respects your privacy.

Access all your favourite radio stations live, at any time, in France or abroad, with **Radioplayer**.

the space adapts to you

The spacious passenger compartment has the ideal dimensions and modular design for perfect versatility, with electric front seats[1], 22 cm of legroom in the rear and a folding rear bench seat. The innovative upholstery with bio-sourced materials combines comfort and elegance.

With the rear bench seat folded down, you have a total volume of 1,582 litres[2] to carry your luggage, groceries or equipment. The practical handsfree system allows the tailgate to be opened with one foot movement[1].

Save space in a flash. Thanks to the sliding rear bench seat with 16 cm of travel, the boot capacity is increased from 492 litres to 624 litres[3].

label on upper back rest section of front seats blue/white/red tricolour design

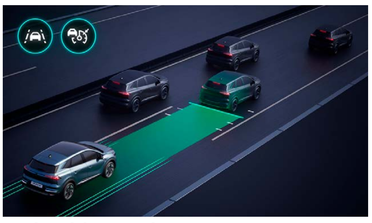
human first program
safety by Renault

up to 30 advanced driver assistance systems(1)



active driver assist
This system regulates your speed by taking the road environment into account, maintains safe distances and ensures you remain in lane. When traffic slows down, the vehicle stops and restarts automatically.

predictive hybrid driving
Your car anticipates combustion engine, hybrid or 100% electric driving by continuously analysing your route to establish the time at which you shall drive through a town or whether you risk encountering a particular topography or a traffic jam. As a result, you improve the fuel consumption and performance of your vehicle.

360° around view 3D camera
The 4 cameras, whose images recreate the vehicle's direct environment 360° around it, allow you to perform your manoeuvres effortlessly.

rear active emergency braking
This system detects obstacles at the rear and stops the vehicle automatically in the event of danger.

lane keeping assist
This system corrects the angle of the steering wheel, returning the vehicle to its lane unless you have indicated.

occupant safe exit alert
This system alerts you if a vehicle is approaching from the rear when you want to open the door.
