RENAULT CLIO

E-Tech self-charging full hybrid

1 October 2026

different energy, same love

More Clio than ever after 30 years of success, Renault Clio E-Tech self-charging full hybrid injects new energy. The overhaul of the Renault identity is reflected in the sportiness of its esprit Alpine version and the sharper new grille. Inside are biobased and recycled materials, comfort and connectivity.

Enjoy a unique driving experience with the E-Tech self-charging full hybrid 145hp engine.

E-Tech self-charging full hybrid 145hp engine	**up to 560 miles of driving range(1)**	**esprit Alpine versions**
biobased and recycled materials	**301L of boot volume**	**up to 22 driver-assistance systems(2)**

(1) internal source. based on Clio E-Tech vs WLTP fuel consumption figures. figures shown are for comparability purposes only. actual real world driving results may vary depending on factors including the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load. (2) Always follow road safety regulations. It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. You should not solely rely on driver convenience and assistance features. Some features may not work in all conditions and circumstances, and they have speed and other limitations.

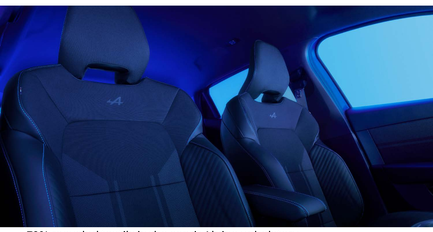
a new impetus

Renault Clio E-Tech self-charging full hybrid unveils a distinctive and stimulating style: enlarged front grille with chrome, new full LED lights at the front and rear, and sculpted sides. The sportiness is expressed in every detail, with the esprit Alpine version and its shadow grey F1® blade.

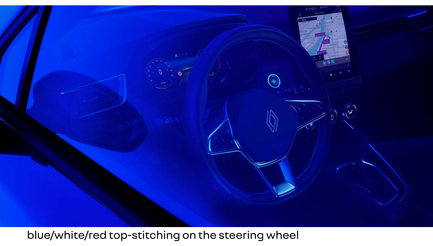
The Nouvel R diamond logo and the half-diamond daytime running lights accentuate the modernity of the design, providing a bold and distinctive look.

In the esprit Alpine versions, the 17″ F1 inspired diamond-cut alloy wheels enhance the model's sporty personality[1].

The esprit Alpine interior stamps its identity, with the blue top-stitching on the upholstery, the embroidered motif on the upper seatback, the aluminium pedal unit and the Alpine door sill. The blue/white/red stitching on the steering wheel give a nod to the esprit Alpine DNA.



72% recycled textile in the esprit Alpine upholstery



blue/white/red top-stitching on the steering wheel

(1) blue centre cap or grey centre cap depending on body colour.

next-generation comfort

Take a seat in a contemporary interior featuring heated front seats[1], made from biobased materials and a heated steering wheel stamped with the new Renault identity. Personalise the driving experience with the three multi-sense modes[1].

Created from the partnership with Tencel™, the coatings of the upholstery, doors and dashboard contain 60% plant fibres[1], with the wood used guaranteed to come exclusively from sustainably managed European forests. There is no leather in Clio: instead, the surfaces are covered in TEP, a grained coated fabric made of bio-sourced and polyester fibres.

techno+ version upholstery

(1) available on techno+ and esprit Alpine versions.

more welcoming than ever

Thanks to its feel for comfort and roominess, the rear provides excellent knee room of 16.5 cm and optimal headroom to accommodate both children and adults.

Enjoy the generous boot volume of up to 301L. Adjust the 1/3-2/3 bench seat very easily for available space of up to 1,006L in the configuration with three seats folded down.

resolutely connected

Renault Clio connects you to the remote services you need. Enjoy the easylink connected system and its 9.3" multimedia touch screen[1], with on-board navigation and wireless smartphone replication.

The wireless replication compatible with Android Auto™ and Apple CarPlay™ shows all of your apps, playlists, podcasts and calls on the multimedia screen

The customisable 10"[2] digital driver display keeps essential driving information in your direct view.

Stay permanently connected thanks to the wireless induction charger[3], located in the central storage space, to recharge your smartphone at any time without having to plug it in.

(1) 7'' touch screen on generation, 9.3'' on esprit Alpine versions.
(2) 7'' digital driver display on generation, 10'' on esprit Alpine versions.
(3) standard on techno+ and esprit Alpine trims.
Android Auto™ is a trademark of Google Inc.
Apple CarPlay™ is a trademark of Apple Inc.

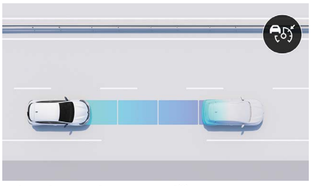
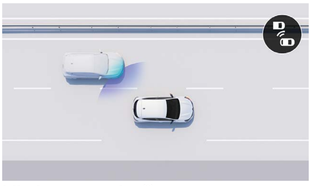
human first program
safety by Renault

up to 22 advanced driver-assistance systems[1]

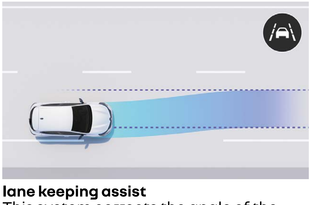
As part of the human first program, Renault Clio offers up to 22[1] advanced and innovative driver-assistance systems.



adaptive cruise control[2]
The system keeps a safe following distance from the vehicle in front of you. It activates the brakes if you get too close, and accelerates when the road is clear again.



blind spot warning[2]
Enabled at speeds over 9mph, this system uses warning lights on the door mirrors to alert you to the presence of vehicles that are not visible in your field of vision.



lane keeping assist
This system corrects the angle of the steering wheel, returning the vehicle to its lane unless you have indicated.

automatic emergency braking with emergency brake assist
Warns the driver of an imminent risk of frontal collision with a stationary vehicle, at low speeds. Triggers automatic emergency braking to avoid or mitigate a collision.

rear view camera
This system provides a rear view on the screen when you engage the reverse gear. Superimposed outlines make your manoeuvres easier and safer.

360 around view 3D camera[2]
The four cameras help recreate a 360 view of the vehicle's direct environment, allowing you to perform your parking manoeuvres effortlessly.

rear cross traffic alert[2]
When reversing, the system warns you of a risk of collision with a vehicle.

hands free parking[2]
Using ultrasonic detectors, this function helps to find accessible parking spaces and assists in the parking manoeur. driver controls the accelerator pedal and brake pedal[2].

driver assistance
- hill start assist
- distance warning alert
- speed limiter
- cruise control
- adaptive cruise control[2]
- overspeed prevention

parking assistance
- front parking sensors[3]
- rear parking sensors
- side parking sensors[2]
- rear view camera
- 360 around view 3D camera [2]
- hands-free parking system[2]
