

The Kia

STONIC

The Power to Surprise

Grasp every moment

Created for drivers who grasp every moment, push every boundary and relish every adventure, the Kia Stonic brings fresh excitement and a free spirit to the crossover experience. With its sleek muscular body, sporty compact styling, exceptional handling and outstanding performance – the Kia Stonic is for those who always demand more from life.

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

Escape the everyday

From first glance the Kia Stonic sets its own rules, with looks that challenge convention. Its dynamic sporty appearance at the front is thanks to the 3-dimensional shape of the grille, vertical fog lamp housings and integrated bi-function headlamps with sharp LED 'Daytime Running Lights'. Add to that a choice of 6 two-tone colour combinations and 5 one-tone body colours, and you have a style that simply says 'my life ... my way'.

4 Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range. Two tone colour combinations are available on selected grades only.

Challenge convention

From behind, the agile Kia Stonic makes a striking and lasting impression. The dramatically raked, spoiler-capped rear window and bold wheel arches give it a muscular view; whilst three-dimensional graphics inside the LED rear combination lamps make it truly striking. What's more its sleek, sculpted tailgate and silver skid plate gives it that strong but silent urban feel which guarantees to turn heads. (LED lights are grade dependent)

Seize every second

When you're in control, information is essential and the Kia Stonic puts it right where you need it, while banishing any distractions. Bluetooth technology offers hands-free access to your phone using voice recognition, whilst the state-of-the-art information system with its floating colour touchscreen keeps you fully informed and entertained.

1. 3.5-inch supervision cluster Between the speedometer and tachometer, the screen displays auto and audio information. An optional TFT-LCD screen offers multiple languages and pop-up messages.

2. Aux & USB front charger A USB outlet lets you charge mobile phones and other devices, plus audio accessories can be connected via a 3.5 mm (analog) jack.

3. Rear USB charging port A USB jack in the rear centre console lets rear-seat occupants charge their devices too.

Bluetooth In the Stonic, Bluetooth technology gives you hands-free access to your phone and selected functions.

Digital Audio Broadcasting (DAB+) DAB uses a digital signal to deliver optimal clarity and performance over the radio, as well as programme and track information.

Voice recognition Voice recognition lets you navigate, place and take calls, listen to text messages, control audio and more – all by using your voice.*

7" colour screen navigation system The multi-language system includes a high-definition 7" TFT-LCD screen and a reversing camera display. Grade dependent.

Where? When? How? The answer is here.

Our navigation system with Kia's Connected Services powered by TomTom™ Live Services takes reliable route guidance to the next level of accuracy and excellence. It keeps you in touch with the outside world and offers more handy information than ever. At the heart is a WiFi unit that enables the Stonic navigation system to connect to the Internet through your smartphone.*

1. Live traffic**

The navigation system delivers highly accurate live traffic information that is updated every two minutes, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

2. Speed cameras**

You'll also be alerted to a whole range of speed cameras, including fixed and stationary ones, as well as restricted access zones. The system can even take into account areas where accidents are particularly common, and warn you about these accident black spots.

3. Local Search

If you're looking for a sushi restaurant, a supermarket or a particular place to meet, simply select Local Search. The database contains 500 searchable categories, 25,000 keywords and 250,000 locations to ensure you find what you need.

4. Weather forecast

Is your weekend away going to be sunny or a washout? Better check the weather forecast. Just type in your destination to view a four-day summary, complete with minimum and maximum temperatures, wind speed and chances of sun or rain.

5. Parking information

To help you park your car swiftly, the system will indicate parking areas before you arrive at your destination. It will show potential on-street parking spaces based on historic data, and off-street parking with colour coded availability.

6. Fuel info

When you're running low on fuel, the system will show you the nearest petrol stations and prices using a TomTom online database, so you can plan your refuelling stops accordingly.

*Smartphone with data plan required to activate services.

**Legal restrictions to these services may apply depending on country usage. Features described are grade dependent.

android auto

Android Auto™ is designed to keep you perfectly connected to your phone – while minimising distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organises info into simple cards that appear just when they're needed.

Works with
Apple CarPlay

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your Stonic's display, so you can get directions, make a call and listen to music – all while staying focused on the road.

Share the experience

Special moments in life are more fun when you share them with friends and family. That's why the Kia Stonic's roomy interior can seat up to five people with ample space for stretching and relaxing. And, when you're on the move or simply chilling out, the up-to-date entertainment choices, automatic air conditioning, and heated front seats make the whole experience even more inviting (Grade dependent).

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

Open to any possibility

When routine is the last word on your mind, the Kia Stonic is designed to put your plans and dreams in motion. With folding and split rear seats, a spacious interior and flexible boot capacity from 352 litres to a huge 1,155 litres, it's easier than ever to set out and explore or simply tackle whatever the day brings.

1. Folding rear seats Rear seats fold nearly flat, so you can fit long or bulky items in the extended cargo space.

2. 60:40 split-folding rear seats The rear seat backs split 60:40 and fold flat separately, offering you useful choices for managing cargo and passenger space.

3. Adjustable cargo floor Position the cargo area floor higher to be flush with the folded seat backs (left) or lower to accommodate tall items (right). Grade dependent.

4. Covering shelf A rear covering shelf keeps cargo out of sight. It lifts easily out of the way when the tailgate is opened.

5. Luggage net Using the elasticised luggage net prevents any luggage or other items from moving around. Grade dependent.

Dynamic in every way

When you're living in the moment, power and precision need to go hand-in-hand and that's exactly what you can expect behind the wheel of the Stonic. There are two engines to choose from - one petrol and one diesel, to suit a wide range of needs. Paired with a quick-changing manual or auto DCT transmission, each engine combines remarkable power and appealing efficiency.

7-DCT

6-M/T

Automatic transmission Enjoy smooth acceleration, agile gear shifts and efficient fuel economy: choose the option of the new 7-speed auto DCT Dual Clutch Transmission.

Manual transmission The 6-speed transmission offers quick, smooth gear changes and gear ratios that are matched to engine torque curves, boosting power and efficiency.

Expand your horizons

Discovering new places and experiences is a lot easier when you know you're supported by the latest Kia Stonic technology. Not only will it inspire and help you discover what you're looking for, but will also add an exciting dynamic to every element of your journey.

Protect what you love

Wherever you are, whatever you're doing, you can be sure that the Kia Stonic is protecting you and the people around you. That's because it's engineered to help drivers stay out of trouble and to manage collision forces in ways that minimise damage.

1. Hill-start Assist Control (HAC) When you're on a steep upward incline, pulling away from a standing start can be a concern, but don't worry, HAC is designed to stop you from rolling backwards.

2. Vehicle Stability Management (VSM) Working together with the motor-driven power steering, Kia's VSM helps ensure that the Stonic remains stable when simultaneously braking and cornering.

3. Cornering Brake Control (CBC) Designed to help you stay on track when you turn, CBC applies asymmetrical braking force to individual wheels when braking whilst cornering, which counteracts any potential loss of traction meaning greater safety.

4. Torque Vectoring System (TVBB) An additional function of the integrated electronic stability control system, our new TVBB technology means the Kia Stonic maintains a higher degree of handling stability and security when cornering, while helping to reduce understeer during harder cornering.

AHSS steel for greater strength and added cabin protection

The Stonic uses Advanced High Strength Steel (AHSS) to deliver greater average tensile strength that makes the body phenomenally rigid, enhancing cabin protection as well as dynamic performance.

98 metres of structural adhesive for reduced noise

Greater use of structural adhesive means the Kia Stonic is both rigid and light, and offers outstanding noise and vibration management.

8 hot-stamping zones for extra strength

The Stonic features hot-stamping of components in eight core stress areas, contributing to exceptional rigidity, meaning the strengthened body structure helps provide improved crash protection.

6 airbags

Protection includes front airbags for the driver and front-seat passenger, two airbags at the sides, and two curtain airbags running the length of the cabin.

Anticipate the unexpected

With Stonic's Drive Wise technology, being at the wheel is simply more satisfying. Whether you're parking, manoeuvring city streets, in the fast lane or on the open road, Drive Wise features watch out for trouble, alert you, and even step in, to help you stay in the clear.

- 1. Rear Cross-Traffic Alert (RCTA)** When you back out of a parking spot or driveway, radar-based RCTA warns you if it detects cross-traffic in the lane the vehicle is entering. Grade dependent.
- 2. Blind-Spot Detection (BSD)** Using radar to monitor the sides and rear of the vehicle, BSD uses audio-visual alerts to inform you about any vehicles in your blind spot, ensuring easier and safer lane changes. Grade dependent.
- 3. Lane Keeping Assist System (LKAS)** When you start drifting out of your lane, LKAS alerts you and even steers you back to your original position. Grade dependent.
- 4. High Beam Assist (HBA)** Responding automatically to the brightness of the lights of other vehicles and road conditions, HBA switches off the high beams temporarily, to reduce glare that may affect other drivers. Grade dependent.
- 5. Driver Attention Warning (DAW)** To help prevent distracted or tired driving, DAW monitors driver and vehicle inputs. If it senses reduced attention, it sounds a chime and displays a warning in the supervision cluster display.

DRIVE WISE

SAFETY

CONVENIENCE

EFFICIENCY

DRIVE WISE, uses the latest Advanced Driver Assistance System (ADAS) technologies, to ensure occupant and pedestrian safety at all times, while never sacrificing the pleasure of driving.

Forward Collision-Avoidance Assist (FCA)

Combining radar and camera data, FCA activates the brakes when it detects sudden braking by a car ahead, and can stop completely from speeds up to 38 mph. If FCA senses a pedestrian ahead, it warns you. If you don't respond, it will brake for you to avoid or lessen impact. Grade dependent.

More choices that count

Now that you've seen the amazing things the Stonic can do, it's time to make some exciting decisions. And the good news is there are plenty of different options to choose from which means you can be as individual as you want! Pick your colour and tell the world 'This Stonic is all me'.

Blaze Red with Black Roof (Premium)

Clear White with Black Roof (Optional)

Urban Grey with Orange Roof (Premium)

Zest Yellow with Black Roof (Premium)

Expect more

True style is knowing your own mind and expressing your own personality. That's why the Kia Stonic comes with a range of custom-designed accessories from eye-catching side and tailgate trims to striking mirror caps and more. Here's just a small selection of the wide range you can choose from to make your Stonic uniquely yours.

Dog guard

Easier transport, higher comfort: for passengers and your pet dog. This robust grid is easy to install and perfectly fitting between the rear seatbacks and roof. It makes sure everything stays securely where it should, without restricting the driver's rear view.

Entry guards

First impressions always count and these stainless steel entry guards will give any passenger a flash of premium shine and a hint of the experience to come.

Door mirror caps, brushed

When attention to detail is a must, these brushed stainless steel door mirror caps are the perfect expression of style and substance.

Tailgate trim line, brushed

Made-to-measure, made-to-impress: add a polished edge to your tailgate with this trim line in brushed stainless steel.

Rear bumper protector, brushed

Just the right fit, just the right protection: whenever you load and unload heavy objects or luggage, this sturdy yet stylish stainless steel protector provides an effective shield against any paintwork damage to your rear bumper.

Side trim line, brushed

Uniquely elegant, these brushed stainless steel mouldings give the side contours of your Stonic that extra touch of style.

All brushed stainless steel styling accessories are also available in chrome optic finish.

Equip yourself for every eventuality

Short hops? Commutes? Weekend getaways? Adventures into the unknown? Whatever your needs, only you can decide what your vehicle is to you and what belongs in it. That's why the Stonic offers a wealth of equipment to help make it feel like it was custom-made for you from the start.

Smart Key & Button Start

When you have the Smart Key with you, you can simply access your car and start the ignition with a mere push of a button.

Bridge-type roof rails With a generous capacity of 70 kg, you can store luggage, sporting goods or bulky items securely on the roof to preserve interior space and protect the upholstery from dirt and moisture.

Aero blade wipers Aerodynamic wiper blades maintain contact with the windshield, even at high speeds.

Power windows Power controls for the rear windows, give rear-seat passengers control over how much or little air to let in.

Manual A/C The manual air conditioning features soft touch dials and switches to help you easily adjust temperatures with the minimum of distraction and includes fan speeds, defrosting and recirculation options.

Full Automatic Air Conditioner (FATC) FATC offers set-and-forget functionality, automatically turning the system on and off to maintain the desired temperature in the cabin.

Tweeters High-quality, high-range speakers are strategically positioned for clarity and balance with the other speakers.

Sun visor illumination lamps Tasteful LEDs beside the vanity mirror on the driver-side sun visor light up to help with last minute touch-ups.

Bi-function headlamps Bi-function projection headlamps offer more precise illumination, enabling you to better detect obstacles and navigate the road ahead.

LED rear combination lamps LED rear combination lamps illuminate instantly and give the rear a modern, high-tech appearance.

ISG (Idle Stop & Go) ISG technology is designed to reduce fuel and energy consumption by shutting down the engine when the vehicle is at a standstill.

Aluminium pedals Add an authentically sporty look and feel to the interior with aluminium pedals.

Heated front seats With three adjustable warmth settings, the heated front seats and seat backs warm up quickly and then level off after the desired temperature is reached, ensuring complete comfort and safety.

Heated steering wheel On cold mornings, the heated steering wheel is more welcoming and easier to grip.

Electro-Chromic Mirror The electro-chromic mirror automatically dims the most intense light sources in the mirror, retaining a clear view of other objects.

Rain sensor When it detects raindrops on the windscreen, the rain sensor activates the wipers accordingly.

Skid plate Stylish trims front and rear.

Electric folding mirrors with side repeaters The outside mirrors can be folded and unfolded easily at the push of a button. Repeater lights make your intentions clear.

Overhead console lamp with sunglasses case An overhead console helps you stay organised and keeps your sunglasses right where you can find them while keeping your eyes ahead.

Centre console armrest The comfortable sliding armrest is coordinated with interior trim and integrated with a console that includes two cup holders and a storage compartment.

Steering wheel audio remote control Adjust audio settings using just your thumb for improved driving safety.

Speed limiter/auto cruise control The auto cruise function can be activated using steering-wheel-mounted controls, making it easy to set your desired speed.

Parking Distance Warning-Reverse When reversing into a parking spot, audible beeps will alert you to any obstacles behind you.

Rear View Monitor with Parking Guidance The rear view camera projects dynamic, bending guidelines onto the image in the 7" dash display to recommend a path.

Care

For complete peace-of-mind, Kia can offer you a great value fixed-price servicing package for your new Stonic which is called Kia Care. Please speak to your Kia dealer for more information and pricing. Terms and conditions apply. Log onto www.kia.com/uk for details.

Financing

Your local Kia dealer can help you with a financing plan that's best suited to your needs. Log onto www.kia.com/uk for more details

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise – 7 great owner benefits when you buy your Kia and register at MyKia.

7 more reasons to join our Kia family

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

If you've taken our complimentary 7 day insurance, we've got you covered from the minute you leave one of our dealers. We'll also give you a £250 excess return voucher which pays you back regardless of who you're insured with if you call Kia first. We will also provide you with a competitive quote for your annual cover.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

Available to all Kia owners, whoever your insurer and whatever the circumstances of the accident, Kia Accident AfterCare can take care of things for you. We'll liaise with your insurer, provide a free courtesy car and exercise your right to genuine Kia parts and repairs at a Kia Approved Bodyshop.

*For full terms, conditions and exclusions please visit kia.com/uk
