The reason? Our Boosterjet turbocharged engines deliver powerful performance, whilst maintaining great efficiency and minimising emissions. Combine this with its strong acceleration and a lightweight body, and you're guaranteed a responsive and agile drive. Get ready for next-level performance.

TAKE IT ON WITH ALLGRIP

WE WANT THE VITARA TO BE ABLE TO TAKE YOU WHEREVER YOU WANT TO GO.

That's why we've developed our unique ALLGRIP 4-wheel Drive system. With ALLGRIP, you can truly take control of the road, with the 4-wheel Drive system adapting to varied conditions such as rain, snow or rough terrain. So the only limitation you have when you're driving the Vitara is your own imagination.

*ALLGRIP 4-wheel Drive system is available on SZ-T ALLGRIP and SZ5 models only.

Suzuki ALLGRIP 4-wheel Drive

AUTO MODE

This prioritises front-wheel drive for optimum fuel efficiency in everyday conditions, switching to 4WD if wheelspin is detected.

SPORT MODE

Actively engages 4WD, based on accelerator inputs, to make driving more responsive along country lanes.

SNOW MODE

Your answer to snow, ice, rain and mud – giving crucial traction and stability when the conditions demand it.

LOCK MODE

This engages permanent 4WD to help you drive out of deep snow or mud.

EVERYTHING YOU NEED

IF YOU'RE INTO TECH AND SPEC, THEN YOU'RE GOING TO LOVE WHAT THE VITARA HAS TO OFFER.

It comes equipped with all the latest technology to help make your journey more exciting, including a DAB digital radio* and hands-free Bluetooth® connection as standard. Plus, with voice-controlled audio and navigation system*, an Adaptive Cruise Control system**, a rear parking camera*, Apple CarPlay and Android Auto, you'll feel more in control of the drive, every minute, every mile.

SERIOUSLY SPACIOUS

**IF YOU'RE LOOKING FOR ROOM,
THE VITARA HAS PLENTY TO SPARE.**

The Vitara boasts an impressive 375 litres of boot space, so if you're looking to do the weekly shop or packing for a weekend adventure away, you can maximise the space for every journey. Its five spacious seats are matched with lots of legroom, and a high driving position gives you enhanced visibility behind the wheel, helping you feel confident on every journey.

**YOUR
PROTECTION
IS OUR
PRIORITY**

SUZUKI IS SERIOUS ABOUT SAFETY.

That's why the Vitara comes equipped with a blind spot monitor*, rear cross traffic alert*, traffic sign recognition* and lane departure warning & prevention* to help you stay safe behind the wheel. And that's not including seven airbags, side-impact protection beams and ISOFIX child seat anchorages.

Our ALLGRIP 4-wheel Drive system**, coupled with a high ground clearance, lets you drive with confidence across tough conditions, and our intelligent safety features include our ESP® (Electronic Stability Program) and Dual Sensor Brake Support. This technology uses two sensors to determine the risk of a collision and helps you avoid it or reduce possible damage. These all helped the Vitara to be awarded a Euro NCAP 5-star safety rating (2015).

For more details on the Vitara's safety equipment, please refer to the specification brochure.

Blind spot monitor [†]/_{*}

SUZUKI SAFETY SUPPORT[†]

The Vitara features Suzuki's advanced forward detection system which uses the combination of a monocular camera, which excels at mid-to-long distance detection, and a laser, which is perfect for short-distance and night-time detection, attached to the windscreen. This combination of technologies can achieve superb safety.

DUAL SENSOR BRAKE SUPPORT[†]

When moving, the Vitara senses if there is a risk of forward collision. Upon detecting a potential collision, the vehicle acts to mitigate the impact, including automatically applying the brakes, if necessary.

LANE DEPARTURE WARNING

At 37mph or faster, the lane departure warning function can predict the path of the vehicle and issue warnings to the driver, if necessary, to help avoid straying out of a lane.

BLIND SPOT MONITOR[†]

Lane changing at speeds above 9mph is made safer by sensors that can detect vehicles located in or approaching the rear blind spots on either side of the vehicle. When a vehicle is detected in a rear blind spot, a warning LED icon is illuminated in the relevant door mirror.

LANE DEPARTURE PREVENTION

At 37mph or faster, lane markings are recognised and when predicting that lane departure is likely to occur, the car automatically assists the driver in returning the vehicle back into its lane by controlling the steering.

WEAVING ALERT

At 37mph or faster, weaving alert calculates the driving pattern and issues audio and visual warnings if the vehicle is weaving within a lane due to, for example, driver drowsiness.

TRAFFIC SIGN RECOGNITION

This system monitors the road for traffic signs and when signs such as speed limits or no passing zones are detected, it displays the sign on the meter display as a reminder to the driver. When multiple signs are detected, a maximum of three signs can be displayed at once.

[†]There is a limit to the ability of a monocular camera and laser sensor to detect obstacles, lanes and traffic signs. Please do not rely on this system alone to ensure safety. Always drive safely.

WE'LL TREAT YOU RIGHT

AT SUZUKI, WE'RE PRETTY SERIOUS WHEN IT COMES TO OUR CARS.

Serious about the design, serious about the driving experience and serious about the fun. Not surprising, considering we've been around since 1909, so we've got over a century of experience and innovation behind us. And throughout that time, our philosophy has always been about the joy of driving. So, we're dedicated to making cars that offer something for everyone and are, above all, fun to drive.

Plus, your Suzuki experience doesn't stop when you buy the car. We'll continue to look after you long after you've driven off the forecourt. Our Suzuki Service Promise guarantees that every Suzuki customer will receive superior levels of care when their car needs servicing. Plus, every new Suzuki comes with a 3-year or 60,000 miles/100,000 km warranty and Free Driveway Insurance*. Because when you're with us, we want you feeling looked after.

So, at this stage we're sure you're itching to try one of our Vitara range. And it's really easy to set up. Just find your local Dealer on our website and book a test drive at your own convenience. But be warned, after five minutes behind the wheel of a Vitara, you might not want to give it back.

IN SAFE HANDS

We want you to feel comfortable, confident and, above all, safe behind the wheel. Which is why your Vitara comes equipped with a range of safety technology, including a blind spot monitor*, rear cross traffic alert*, traffic sign recognition* and lane departure warning and prevention*. And that's in addition to seven airbags, side impact protection beams and ISOFIX child seat anchorages.

Our ALLGRIP 4-wheel Drive system**, coupled with a high ground clearance, gives you the tools to tackle a variety of different conditions. Our intelligent safety features include ESP® (Electronic Stability Program) and Dual Sensor Brake Support*. This technology uses two sensors to determine the risk of a collision and helps you avoid it or reduce possible damage. Because at Suzuki, safety is everything.

Suzuki safety support†

The Vitara features Suzuki's advanced forward detection system which uses the combination of a monocular camera and a laser attached to the windscreen. Combining a monocular camera, which excels at mid-to-long distance detection and recognition of such traffic elements as pedestrians and lane markers, and a laser sensor, which excels at short-distance and night-time detection, can achieve superb safety.

Dual Sensor Brake Support

When moving, the Vitara uses two sensors – a monocular camera and a laser sensor – to determine if there is a risk of collision with a forward vehicle or pedestrian. Upon detecting a potential collision, the vehicle acts in one of the following three ways, depending on the situation.

1. Warning

Alerts the driver with an audio warning and visual warning.

2. Brake assist

Deploys brake assist to increase braking force if the risk of collision is high and the driver panic-brakes.

3. Automatic brake

Applies strong automatic braking if the risk of collision increases even more.

Blind spot monitor

Lane changing at speeds above 15km/h is made safer by two rear-mounted side radar sensors capable of detecting vehicles located in or approaching the rear blind spots on either side of the vehicle. When a vehicle is approaching or detected in a rear blind spot, a warning LED icon is illuminated in the relevant exterior mirror. If the driver indicates to change lanes, a flashing LED icon is accompanied by a warning sound alert.

Blind spot monitor*

Lane departure warning

At 60km/h or faster, the lane departure warning function is designed to predict the path of the vehicle and issue visual (display and indicator) and tactile (vibrating steering wheel) warnings to the driver.

Lane departure prevention

At speeds between 60 and 160km/h, the lane is recognised via a monocular camera incorporated into the windshield design. When interpreting that lane departure is likely to occur, the car automatically assists the driver in returning the vehicle back into its lane by controlling the steering via the electric power steering system.

Weaving alert

At 60km/h or faster, the weaving alert is designed to calculate the driving pattern and issue audio and visual warnings if the vehicle is 'straying' due to driver drowsiness, etc.

Traffic sign recognition

This system uses the monocular camera to monitor the road for traffic signs. When it detects road signs such as speed limits or no passing zones, it displays the sign on the meter display to help remind the driver which road signs the car has passed. When multiple signs are detected, a maximum of three signs can be displayed at once.

Detect before passing traffic signs

Display after passing traffic signs

† There is a limit to the ability of a monocular camera and laser sensor to detect obstacles, lanes and traffic signs. Please do not rely on this system alone to ensure safety. Always drive safely.

THE SUZUKI SERVICE PROMISE

At Suzuki, we're proud of the cars we build. We're proud of the quality, we're proud of their value for money, and we're proud that our customers continue to enjoy driving them long after they've bought one. That's why we recommend getting your Suzuki serviced regularly. This helps your car to continue to run smoothly, minimises future problems and protects its residual value. And who better to service your car than Suzuki Trained Technicians. They aim to give you the best possible service when you visit their Suzuki Service Centre. It's all part of the Suzuki Service Promise.

WARRANTY

Every Suzuki in the range comes with a comprehensive three-year or 60,000 miles/100,000 km warranty (whichever comes first) and a 12-year anti-perforation warranty.

ROADSIDE ASSISTANCE

Need assistance? Well we're always around if you need any kind of roadside help. New cars come with Suzuki Assistance cover, which includes 24-hour roadside assistance, home start and recovery through the Republic of Ireland, UK and Europe. So no need to worry, because when you're with us, you're covered.

MOTUL OIL

When it comes to recommending the oil for your Suzuki, there's really only one choice – Motul. You can find out more information here: cars.suzuki.co.uk/owners/servicing-your-suzuki (UK) or cars.suzuki.ie/owners/servicing-your-suzuki (ROI).

TALK TO US

Fancy a chat? Well, more specifically, a chat about anything Suzuki? The team at our Suzuki Information Service are happy to answer any questions you might have about your Suzuki. From the product range to services for drivers, they can fill you in on just about everything. Simply call 0800 804 8828 for UK residents or 01 906 1862 for Republic of Ireland residents. Alternatively, you can write to us at Suzuki GB PLC, Steinbeck Crescent, Snelshall West, Milton Keynes, Bucks MK4 4AE.

Service Promise and Motul Oil criteria may vary in the Republic of Ireland. Please refer to your local Dealer for full details.

WHAT ARE THE OPTIONS?

FINANCE THAT FITS

Once you've found the Suzuki for you, you'll want an ideal finance package to go with it.

1. Personal Contract Purchase

Great for those who want flexibility: once you've chosen your repayment period, deposit and annual mileage, you'll be advised of your regular monthly repayments and optional final repayment. Once you've paid all your regular monthly repayments, you have three options – you can pay the optional final repayment to own the car, trade it in* or return it (return conditions apply)**.

2. Hire Purchase

Great for those wanting to own the vehicle: once you've chosen your repayment period and deposit, you'll be advised of the regular monthly repayments. Once all the repayments have been paid, you'll own the car.

WHAT'S THE DIFFERENCE?

	HIRE PURCHASE	PERSONAL CONTRACT PURCHASE
Deposit required	Flexible deposit options – 0% deposit may be available, subject to status	Flexible deposit options – 0% deposit may be available, subject to status
Maximum age of the car at the end of the agreement	14 years old	7 years old
Length of the agreement	12-60 months	25-49 months
What happens once you've paid all your regular monthly repayments?	You're the legal owner of the car and the finance agreement has ended	You have three options to choose from: 1. Part exchange the car* 2. Pay the optional final repayment to own the car 3. Return the car (return conditions apply)**
Fixed payments	Yes	Yes
Mileage restrictions	No	Yes – you set a maximum agreed mileage. Excess mileage charges will apply if you intend to hand the car back at the end of the agreement and have exceeded the maximum agreed mileage
Optional final payment at end of agreement	No	Yes

WHAT'S NEXT?

For more information or help finding the right package for you, pop into your local Dealer or visit cars.suzuki.co.uk/suzuki-finance

*Part Exchange: At any time, you can part exchange the car subject to obtaining a settlement figure and settling your agreement. New finance agreements are subject to status.

**You have the option once you've paid all your regular monthly repayments to return the car and not pay the optional final repayment. If the car is in good condition (fair wear and tear accepted) and has not exceeded the maximum agreed mileage, you will have nothing further to pay. If the car has exceeded the maximum agreed mileage, a charge for excess mileage will apply. Credit is available to UK residents aged 18 or over, subject to status. Suzuki Finance is a trading style of Suzuki Financial Services Limited, St William House, Tresillian Terrace, Cardiff CF10 5BH. Suzuki Financial Services Limited is part of Lloyds Banking Group. Finance is available for Republic of Ireland residents, subject to status, and will vary from the above. The credit provider is Bank of Ireland Finance, which is a registered trading name of Bank of Ireland.
