**ŠKODA**

Effective: August 2019

# THE OCTAVIA – BEAUTIFULLY COMPELLING

Sharper, smarter and more striking, the OCTAVIA provides the compelling drive you expect with intelligent enhancements that surprise at every turn. From the outside, the powerful exterior styling and crystalline touches set the scene, while inside the smart connectivity features and safety assistant systems leave an equally strong first impression. The result is a car that catches the eye, delivers connected technology and is simply fun to drive.

# BOLDLY AHEAD OF THE CURVE

The exterior of the OCTAVIA is unquestionably modern, yet unmistakably timeless too. Its precise lines stand out, while the bold grille, distinctive bonnet and expressive LED lights command attention.

## FRONT LIGHT SYSTEM

This adaptive system adjusts light intensity to match the conditions, providing a wider lighting field for city driving and a longer reach for motorways. When oncoming traffic is detected, it automatically adjusts to prevent dazzling others.

## PANORAMIC SUNROOF

This electrically adjustable panoramic sunroof and blind provides extra sunlight and fresh air at the simple touch of a button. Only available on the Estate.

## REAR LED LIGHTS

Designed to be seen in every sense, these rear LED lights feature ŠKODA's distinctive C-shape crystalline style with their prominent and eye-catching multi-faceted finish.

# A WARM WELCOME EVERY TIME

While style and functionality are essential in a car's interior, above all, it needs to be welcoming. It's why the interior of the OCTAVIA is as inviting as it is intuitive.

## VIRTUAL COCKPIT

10.25" digital display which replaces the traditional instrument dials and can be customised with five views (Classic, Basic, Extended, Modern and Sports).

## PERSONALISATION OPTIONS

The infotainment system enables different drivers to save their individual preferences, from seat positioning and driving mode to the choice of music on the radio, all determined by which key the driver uses.

## LED INTERIOR LIGHT PACK

Selecting the OCTAVIA's LED ambient lighting is anything but a black and white decision. From the understated to the bold, 10 colour options are available.

# CONNECTIVITY TO GO WHEREVER YOU GO

By enabling you to be fully online on the move, the OCTAVIA helps you stay connected wherever your journey takes you. Thanks to its smart assistance systems, you'll also know the best places to park, shortcuts to take and routes to avoid.

## SMARTLINK+

SmartLink+ enables you to connect your smartphone through the infotainment system with Apple CarPlay™ and Android Auto™ as standard across the range.

## NAVIGATION SYSTEM

The Columbus satellite navigation with 9.2" touchscreen display and integrated Wi-Fi will get you from A to B, but why stop there? With its Bluetooth®, SmartLink+ and Wi-Fi capability, it offers more connectivity on-the-go.

## CANTON SOUND SYSTEM

Premium German sound engineering, tailor-made to your OCTAVIA. The CANTON Sound System delivers powerful clarity from 10 speakers around the car.

## STAY CONNECTED

The new ŠKODA Connect system turns the OCTAVIA into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates.

With Proactive Services the car will contact your ŠKODA Retailer to arrange a service. Finally, Emergency Call will contact the emergency services in the event of an accident to get you the help you need.

## A LOAD OFF YOUR MIND

Each OCTAVIA model may have its own distinct personality, yet all share one thing in common – generous space. With the rear seats folded, the Estate offers an impressive 1,740 litres, while the Hatch offers 1,580 litres. That means ample room for everything you need.

# MORE LEGROOM, HEADROOM AND ELBOW ROOM

In a car packed with intelligent driver systems and design features, we've made sure to leave plenty of room for space too. The luggage capacity can be enhanced thanks to a host of clever design features that increase practicality.

## REMOTE FOLDING SEATS

A remote lever makes easy work of gaining extra space, by automatically folding the rear seat backrests.

## SPACIOUS STORAGE

Several spacious storage compartments have been included, one of which can also be air-conditioned, making it perfect for transporting chilled refreshments.

## CARGO ELEMENTS

Stop your luggage going on any unplanned journeys with these two plastic cargo elements with Velcro® fastener.

## JUMBO BOX

Useful storage for your gadgets, house keys and books, the jumbo box also features climate control to keep snacks cool on warm days.

# IT'S NOT ALWAYS ABOUT THE BIG IDEA

## ELECTRICALLY OPERATED BOOT

Gain instant entry to the boot by simply pressing the button on the remote control, centre console or directly on the boot.

At ŠKODA, we're just as focused on the little thoughtful touches that make your life easier.

#### LED TORCH

Always ready to shed some light on your OCTAVIA Estate, this removable LED torch recharges while the engine is running.

#### REAR-VIEW CAMERA

Located on the boot handle, the rear-view camera makes light work of reverse parking, with an integrated washer to keep obstacles visible.

#### UMBRELLA STORAGE

A spot of rain will never dampen your spirits again thanks to the umbrella located under the passengers seat.

#### FUEL DOOR

With fuel-fill protection, you'll never load up with the wrong fuel again. You'll also find a handy ice scraper on the fuel door for those frosty mornings.

# MORE EYES ON THE ROAD

Safety is firmly in the driving seat, thanks to the active and passive driver assistance systems, which allow you to instantly respond to whatever comes your way.

## AUTO LIGHT ASSIST

Safer for you, kinder to others. With Auto Light Assist the OCTAVIA can switch to high beam and back automatically, ensuring optimum visibility without dazzling oncoming traffic.

## PARK ASSIST

This function removes the stress of bay and parallel parking by identifying if the parking spot is big enough before automatically steering into the space.

## BLIND SPOT DETECT

An extra set of eyes on the road that monitors the blind spots allowing you to manoeuvre safely.

## FRONT ASSIST WITH PEDESTRIAN PROTECTION

This system monitors the distance from the vehicle ahead, automatically braking to help avoid any collisions. Predictive Pedestrian Protection also helps to prevent accidents by reducing the car's speed should someone unexpectedly cross your path.

# UNIQUELY ORIGINAL BY DESIGN

In any family, there are always similarities and differences. It's the same with the OCTAVIA range. All share the same reliability, yet every engine has its own distinct character.

## FUEL-EFFICIENT ENGINES

Whether you favour petrol or diesel, you'll find a clever engine to suit.

## DIRECT SHIFT GEARBOX (DSG)

DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

## DYNAMIC CHASSIS CONTROL

This innovative system ensures the car's suspension is constantly adapting to suit the road and driving conditions. The ride setting can be changed at the touch of a button in the centre console.

## HILL HOLD CONTROL

This clever feature automatically activates when the hill grade is higher than 5%, enabling you to set off smoothly without having to use the handbrake or worry about rolling backwards.

# OCTAVIA S

Anything but standard, this entry-level trim is packed with features and thoughtful touches.
