# Made to lead.

## Designed to inspire.

Do you appreciate good design and individuality?

The self-confident new T-Roc Cabriolet stands out from the crowd with its expressive design and numerous customisable options. Available in two trims; the stylish Design or distinctive R-Line, the new T-Roc Cabriolet combines a choice of vibrant exterior and interior colours and styling with unprecedented levels of functionality, connectivity and technology. Robust, modern and elegant the new T-Roc Cabriolet offers all you could ask for in terms of comfort, style and convenience in an all-new design along with Volkswagen's characteristic build quality.

Model shown is new T-Roc Cabriolet R-Line with optional 19" 'San Marino' alloy wheels and non-metallic paint.

Models shown are new T-Roc Cabriolet Design with Ravenna Blue dashpad and optional front fog lights and metallic paint and new T-Roc Cabriolet R-Line with optional 19" 'San Marino' alloy wheels and non-metallic paint.

# Feel the wind in your hair at the touch of a button.

The electric power hood of the new T-Roc Cabriolet opens fully in an impressive nine seconds making it one of the fastest available. And should the heavens open, it only takes eleven seconds to get the roof back over your head. The taut fit of the multilayered fabric hood ensures outside noise is kept to a minimum, while its fine quality materials and high standard of workmanship provides exceptional durability against all weathers.

1 Figures shown are for comparability purposes; only compare fuel consumption and CO<sub>2</sub> figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1.4.2020. For more information, please see [www.volkswagen.co.uk/need-help/wltp](http://www.volkswagen.co.uk/need-help/wltp) or consult your authorised Volkswagen retailer. 2 The recommended 'On the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2020. The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2020. For full details of 'First year rate' VED (Vehicle Excise Duty), delivery to retailer, number plates and vehicle first registration fee included in the recommended 'On the road' retail price, [please click here](#). 3 P11D value = Total recommended retail price + delivery to retailer £509.17, + number plates £20, + VAT £105.83 (calculated by reference to total of delivery to retailer + number plates). P11D value is based on standard specification model with no factory-fitted options or other accessories. 4 The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020. The BIK % figure quoted includes the 4% diesel supplement, where applicable. Please consult your Volkswagen retailer for full details. 5 The ABI insurance group is the recommended insurance rating set by the Association of British Insurers. Please note that insurance group ratings are purely advisory. They are used by insurers (ABI members and Lloyd's syndicates) as one of the factors in calculating premiums. Insurers are not required to follow the advisory group ratings and they may depart from them if they so wish. ‡ These vehicles are WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicles. ## Volkswagen Service Plan – Retail sales only.

For vehicles under 1 year old set to the Fixed Service regime that has not had its first service, comprising first two manufacturer's scheduled services:

- 'Oil service' including oil filter change
- 'Oil service' including oil filter change and 'Inspection service' plus a pollen filter replacement (if required)

Excludes electric vehicles. Service plan covers first two consecutive services, limited to 1x 'Oil service' and 1x 'Oil and Inspection service'. T&Cs apply: All vehicles must be set to the Fixed Service regime by the retailer. Maximum age of car is 12 months (Service plan must be taken out before first service is due). Additional work, including wear and tear is excluded. Servicing must be carried out in line with the requirement of the Service Schedule. All work must be carried out by an Authorised Volkswagen Repairer. Offers may be varied or withdrawn at any time. Plan validity is dependent on required payments received. Administered by Volkswagen Financial Services. Retail sales only. For pricing and further details, please consult your authorised Volkswagen retailer or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)

## EFFICIENCY

Battery regeneration (recuperation – energy recovery during braking)

1 Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

2 Speed Limit Display only reflects national speed limits and does not show temporary speed limit restrictions, or where permanent changes to speed limits are made in-between map updates.

3 Only operable in conjunction with compatible smartphones including iPhone 5 and above. Display and operation of certified apps including audio and voice control (if supported by the app). Usage of certified apps only while driving. Please see [www.volkswagen.co.uk](http://www.volkswagen.co.uk) to check smartphone compatibility.

4 To use the free We Connect app you will need a smartphone with iOS or Android operating system and a SIM-card with a data option. Depending on your mobile tariff, sending and receiving data online may incur additional charges (e.g. roaming charges), particularly if you are using We Connect abroad. For more information on We Connect services, go to [www.portal.volkswagen-we.com](http://www.portal.volkswagen-we.com) or contact your Volkswagen retailer.

5 We Connect Plus services are accessed via a compatible mobile device. Please see [www.portal.volkswagen-we.com](http://www.portal.volkswagen-we.com) for more information. The use of We Connect Plus entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year We Connect Plus contract, an annual subscription is chargeable for the continuation of We Connect Plus services.

The specifications listed are for information purposes only as our products are continually updated and changes may be made to the specifications at any time. # #AcceptNoRoof The new T-Roc Cabriolet R-Line

When a car enjoys the charisma of the T-Roc, driving becomes so much more fun. Add a cabriolet roof and it becomes an experience to savour. Just imagine – cruising along with the sun on your face, driving along country lanes with the wind in your hair, or simply parked up, admiring the stars at night – there’s nothing quite like a cabriolet.

Model shown is new T-Roc Cabriolet R-Line with optional 19" 'San Marino' alloy wheels and non-metallic paint.

01

02

**01** The separate **daytime running lights** feature LED technology for greater visibility, and enhance the R-Line's sporty exterior. The dipped and main beam headlights feature automatic range adjustment and also include LED technology.

**03** Unique **'R-Line' door sill protectors** feature the unique 'R-Line' logo. Whilst looking good, they also protect the door sill area from scuffs and scratches.

Images shown feature optional non-metallic paint.

# Driver's assistance systems.

**01 Adaptive Cruise Control (ACC)** is a radar sensor controlled distance monitoring system that utilises a front mounted camera to set a distance to the vehicle in front and maintain it up to a predetermined set speed by automatically accelerating and braking as necessary. The system adds speed and cornering assistance by using information from the vehicle's navigation system. Standard on all models.

**02 The Front Assist** monitoring system combines Predictive Pedestrian Protection with City Emergency Braking, alerting you if it detects vehicles or pedestrians at the edge of the road or on the carriageway, via acoustic and optical signals, as well as a gentle application of the brakes. The system even performs an emergency stop should the distance become critical, helping to protect other road users and possibly avert potential accidents. Standard on all models.

**03 The Park Assist system including rear-view camera** not only makes parallel parking easier, but also helps you reverse park into a space at 90 degrees to the kerb. Using ultrasonic sensors, Park Assist will detect a parking space large enough for either bay or parallel parking. Once the vehicle is in reverse, all the driver has to do is operate the accelerator and brake and keep a lookout, while the new T-Roc Cabriolet steers itself into its chosen space. Optional on all models.

**04 Lane Assist** is a camera controlled warning system that alerts you if your vehicle drifts out of its lane, helping to reduce the chance of an accident and making long motorway journeys safer. Using a camera located in the rear-view mirror unit, it monitors the road markings and prevents unintentional lane deviations. The system only intervenes if the indicators are not used, so if you decide to change lanes and indicate, the intelligent system recognises this and switches off. Standard on all models.

**Progressive steering (not shown)** in the new T-Roc Cabriolet gives you better control when driving at higher speeds and additional comfort in everyday use. The progressive gear ratio reduces steering work, making it easier to park and increasing driving dynamics on winding roads. Standard on R-Line models and optional on Design 1.5 Itr TSI EVO models as part of the optional Dynamic Chassis Control (DCC).

**PreCrash preventive occupant protection (not shown)** recognises dangerous driving situations and automatically takes measures to help protect vehicle occupants, tensioning the front seat belts, closing the electric windows and deploying the brakes. Optional on all models.

Images shown are for illustration purposes only and may not necessarily reflect UK specification.

# All-new interactive dashboard.

Enjoy all the benefits of an interactive, digital dashboard thanks to a host of standard and optional equipment. The Active Info Display allows you to customise menus as you wish, while the Discover Navigation touch-screen infotainment system keeps you connected and informed, furthermore the powerful beats soundpack delivers exceptional acoustics.

**01** The Discover Navigation touch-screen navigation/infotainment system with We Connect Plus<sup>1</sup> enables you to easily manage not only your music, but also navigation data and a broad range of vehicle information on the 8.0 inch colour touch-screen. The system includes a DAB digital radio receiver and an MDI (Multi Device Interface) via USB connection for compatible products. Also included is Bluetooth telephone and audio connection for compatible devices<sup>2</sup>, simultaneous pairing of two compatible mobile devices, SMS functionality – allowing you to read, compose and send SMS messages using the touch-screen display to a compatible Android smartphone (while the vehicle is stationary), title and compatible cover art display, and also offers preloaded European navigation data, 2D/3D map view, three calculated route choices (Fast, Short and Eco), dynamic navigation based on TMC+, branded points of interest and Speed Limit Display<sup>3</sup>. 3-years We Connect Plus access makes it possible to integrate ‘traffic information online’ into route guidance and transfer public and personal points of interest to the navigation system. The service also includes information for fuel station location and pricing, weather and news feeds. Finally, car information display and ‘Think Blue. Trainer.’ – provide journey analysis and driver tips on your journey. Standard on all models.

**02** The Active Info Display provides a 10.25 inch high-resolution TFT dash display with customisable menus that can be configured as you wish, providing such information as detailed driving data, graphic displays of your driver assistance systems, and, when used in conjunction with the Discover Navigation system, large map display<sup>4</sup>. Standard on R-Line and optional on Design models.

**03** Depending on which smartphone you have, you can connect ‘App-Connect’<sup>5</sup> wirelessly (or via USB connection) to one of three interfaces: Apple ‘CarPlay’, Google ‘Android Auto’ or ‘MirrorLink’™, allowing your smartphone display to be ‘mirrored’ on the infotainment touch-screen and giving access to your favourite smartphone functions, such as music, messages, phone and news. Please consult [www.volkswagen.co.uk](http://www.volkswagen.co.uk) to check smartphone compatibility. Usage of certified apps only while driving. Standard on all models.

**04** The beats soundpack delivers just the right amount of bass. Inspired by Dr Dre, it includes six speakers, a subwoofer and an eight channel digital amplifier with Digital Signal Processor (DSP), delivering 400 watt output with Dolby Pro Logic surround sound. It’s controlled via your navigation system and displays a beats welcome screen when switching on. Optional on all models.

Choosing larger alloy wheels than standard, as an option, may result in increased fuel consumption as well as higher CO<sub>2</sub> emissions and subsequently increased Vehicle Excise Duty (VED) band, and BIK rates paid by company car drivers may increase. This is due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the recommended 'On the road' retail price paid for the vehicle may increase as a result of the increased VED rate. Please refer to [CO<sub>2</sub> emissions, BIK % and VED Bands with optional wheels section](#).

Please note, choosing optional alloy wheels does not affect CO<sub>2</sub> emissions on new T-Roc Cabriolet models. Choosing larger alloy wheels than standard, as an option, may result in increased fuel consumption. This is due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance.

# VED and additional 'On the road' costs.

Diesel vehicles that do not meet the RDE2 standard will be charged a supplement on their 'First year rate' to the effect of moving up by one VED (Vehicle Excise Duty) band. The following tables give the rates of vehicle tax on cars registered on or after 1 April 2020. Please refer to the Model Prices pages to confirm which models are RDE2 compliant.

The way VED (Vehicle Excise Duty) vehicle tax is calculated will change for vehicles that are first registered with the DVLA on, or after, 1 April 2018. All new diesel vehicles registered after 1 April 2018 that do not meet the RDE2 standard will be charged a supplement on their 'First year rate' to the effect of moving up by one VED (Vehicle Excise Duty) band.

If a new vehicle is registered on or after 1 April 2018, after the 'First year rate' VED the majority of vehicles move to the 'Standard rate' of vehicle tax which is £150 a year.

The 'First year rate' will be based on the CO<sub>2</sub> emissions, fuel type and the list price of the vehicle supplied by the Manufacturer or Retailer as applicable on the day before the vehicle is first registered and taxed.

After the 'First year rate', all vehicles with zero emissions will be exempt from the 'Standard rate' of vehicle tax. All petrol and diesel vehicles will pay a standard rate of £150 a year, and alternative fuel vehicles will pay a standard rate of £140 a year.

Petrol or diesel vehicles with a list price over £40,000 at first registration will pay £475 a year, after the first 'First year rate' vehicle tax, for a period of five years. This comprises the £150 'Standard rate' and £325 additional rate. After five years the vehicle tax will revert to the 'Standard rate' of £145 per year.

Alternative fuel vehicles – hybrids, bi-ethanol or LPG, with a list price over £40,000 at first registration will pay £465 a year after the 'First year rate' vehicle tax for a period of five years. This comprises the £140 'Standard rate' and £325 additional rate which reverts to £140 'Standard rate' after five years.

Vehicles with a list price exceeding £40,000 with zero emissions (including electric) will pay the additional rate of £325 a year for a further five year period, after the 'First year rate' tax. After the five year period these vehicles will pay zero VED tax.

<sup>†</sup> Diesel cars that are tested to RDE2 standards. <sup>‡</sup> Diesel cars, including those tested to RDE standards.

## 'STANDARD RATE' VED

'Standard rate' VED based on fuel type

Fuel type	CO <sub>2</sub> emissions (g/km)	'Standard rate' 12 months VED £
Electric/Other	0	0.00
Petrol/Diesel	1 - Over 255	150.00
Alternative	1 - Over 255	140.00

After the 'First year rate', all vehicles with zero emissions will be exempt from the 'Standard rate' of vehicle tax. All petrol and diesel vehicles will pay a standard rate of £150 a year, and alternative fuel vehicles will pay a standard rate of £140 a year.

## 'STANDARD RATE' – OVER £40,000 RRP

'Standard rate' VED for vehicles over £40,000 list price – five year annual rate

Fuel type	'Standard rate' 12 months VED £	Additional rate £	Total annual payment £
Electric	0.00	325.00	325.00
Petrol/Diesel	150.00	325.00	475.00
Alternative	140.00	325.00	465.00

Petrol or diesel vehicles with a list price over £40,000 at first registration pay £475 a year after the 'First year rate' for a period of five years. Alternative fuel vehicles over £40,000 at first registration – hybrids, bi-ethanol or LPG, pay £465 a year after the 'First year rate' for a period of five years. Electric or vehicles producing zero emissions over £40,000 at first registration pay £325 a year after the 'First year rate' for a period of five years. After five years, vehicles will revert to their 'Standard rate' tax depending on fuel type.

# CO<sub>2</sub> emissions, BIK % and VED Bands with optional wheels.

## Cars registered on or after 1.4.2020.

### Effect of wheel size on CO<sub>2</sub> emissions, BIK % and VED Bands.

Choosing alternative alloy wheels than standard, as an option, may result in different fuel consumption as well as different CO<sub>2</sub> emissions and subsequently an alternative Vehicle Excise Duty (VED) Band, while BIK rates paid by company car drivers may differ. This is due to the fact that different wheels have both alternative aerodynamic drag and mechanical drag, resulting in different rolling resistance and wind resistance. As a result, the VED Band that the vehicle falls into may differ from its original VED Band when fitted with standard size wheels. In some instances, the recommended 'On the road' retail price paid for the vehicle may change as a result of the change in VED rate. The chart below shows CO<sub>2</sub> emissions and the related VED Bands for vehicles with both standard-fit wheels and larger optional alloy wheels, as well as the different cost payable due to a change in VED Band if applicable.

Taxable percentage of P11D value (Diesel figures include the 4% diesel supplement)

The government is retaining the diesel supplement in company car tax until 2021, when EU-wide testing procedures will ensure new diesel cars meet air quality standards even under strict 'real world' driving conditions. From 6 April 2018 drivers must add 4% to their appropriate percentage if the car is propelled solely by diesel (up to a maximum of 37%).

For further details of company car tax, please consult your authorised Volkswagen retailer, or visit [www.volkswagen.co.uk/offers-and-finance/fleet/calculators/company-car-tax-calculator](http://www.volkswagen.co.uk/offers-and-finance/fleet/calculators/company-car-tax-calculator). ## SERVICING AND MAINTENANCE

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

### Fixed Service

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service schedule are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service<sup>3</sup> – First after 2 years or 20,000 miles (30,000km), then every 1 year or 20,000 miles (30,000km), whichever is soonest.

## SERVICING AND MAINTENANCE (CONTINUED)

### Flexible Service

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000<sup>4</sup> and a maximum of 20,000<sup>4</sup> miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service schedule are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service<sup>3</sup> – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

## VOLKSWAGEN ENSURANCE<sup>5</sup>

Get three years' Volkswagen Insurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only Genuine Volkswagen Parts? ## WARRANTY

Exclusions and terms and conditions apply to all warranties, plans and insurance listed. For pricing and further details of Volkswagen Warranties, Service Plans and Insurance, please consult your authorised Volkswagen retailer or repairer, or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)

### THE VOLKSWAGEN WARRANTY THREE-YEAR WARRANTY

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty<sup>1</sup>. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

### BODY PROTECTION WARRANTY

The internal body sections and panels are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

### THREE-YEAR PAINTWORK WARRANTY

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

### APPROVED ACCESSORIES

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

## VOLKSWAGEN ROADSIDE ASSISTANCE

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg which is registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years.

Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorised Volkswagen retailer, or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)

## PRICES AND SPECIFICATIONS

The prices and specifications contained in this price list are for information purposes only as our products are continually updated and changes may be made to the prices and specifications at any time. If you require any specific feature, please consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Prices and specifications are subject to change without notice.

Following the announcement of a price increase, any vehicle order which can be accepted into the factory production system before the effective date of the price increase will be supplied at the current price, even if built and delivered after the date on which the increase became effective.

*Note: We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.*

## BENEFIT IN KIND (BIK) FOR SCOTTISH RESIDENTS

Effective as of 6 April 2018, the Scottish Government introduced their own BIK taxation structure. This is only applicable to Company Car Drivers that are resident Scottish taxpayers. HMRC will continue to be responsible for the collection and management of taxes and will determine whether or not an individual is a Scottish taxpayer based on where their primary place of residence is.

### Scottish Income Tax rates and Bands 2018/19

Starter rate 19% over £11,850 - £13,850

Basic rate of 20% over £13,850 - £24,000

Intermediate rate 21% over £24,000 - £44,273

Higher rate 41% over £44,273 - £150,000

Top rate 46% above £150,000

## FUEL CONSUMPTION AND CO<sub>2</sub> EMISSIONS

Fuel consumption and CO<sub>2</sub> figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at [www.volkswagen.co.uk](http://www.volkswagen.co.uk) and at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca). The weight of a vehicle will influence the level of CO<sub>2</sub> emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO<sub>2</sub> emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO<sub>2</sub> is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

## Volkswagen Service Plan – retail sales only

We offer Volkswagen Service Plans to cover all new models for their first two consecutive services in line with the Fixed Service schedule required on the vehicle. Your car will be in the hands of Volkswagen trained technicians who use specialist Volkswagen tools, technology and Volkswagen original parts, and all parts and labour are guaranteed for two years. What's more, the Volkswagen Service Plan will remain with the vehicle should you decide to sell your car.

## Volkswagen Service Plan – retail sales only

**For vehicles under 1 year old set to the Fixed Service regime that has not had its first service, comprising first two manufacturer's scheduled services:**

- 'Oil service' including oil filter change
- 'Oil service' including oil filter change and 'Inspection service' plus a pollen filter replacement (if required)

Excludes electric vehicles. Service plan covers first two consecutive services, limited to 1x 'Oil service' and 1x 'Oil and Inspection service'. T&Cs apply: All vehicles must be set to the Fixed Service regime by the retailer. Maximum age of car is 12 months (Service plan must be taken out before first service is due). Additional work, including wear and tear is excluded. Servicing must be carried out in line with the requirement of the Service Schedule. All work must be carried out by an Authorised Volkswagen Repairer. Offers may be varied or withdrawn at any time. Plan validity is dependent on required payments received. Administered by Volkswagen Financial Services. Retail sales only.
