## Driving Assistance Plus package

This comprehensive package includes many advanced features to help keep you safe on the road: Active Blind Spot Assist monitors the obscure area to the side and rear. The innovative driver assistance system DISTRONIC PLUS cruise control helps to automatically maintain a safe distance from the vehicle ahead. Active Lane Keeping Assist is able to recognise when the vehicle is unintentionally drifting out of its lane, and duly warns the driver with pulsed vibrations on the steering wheel. Plus the renowned

PRE-SAFE® safety system can detect critical road situations and initiate preventive safety measures.

**Driving Assistance Plus package** (code 23P) – designed and priced as a package, including items as listed below.

**All models**

**Total incl. VAT £1,695.00**

Item	Notes
Active Blind Spot Assist	Displays a red triangle in the exterior mirrors: when a road user is detected in the blind spot, the red triangle flashes and an audible warning sounds if the driver operates the indicators. Includes course-correcting braking intervention
Active Brake Assistant with cross-traffic function	Active Brake Assistant can lower the risk of rear-end collisions and support the driver during emergency braking by providing additional brake pressure
Active Lane Keeping Assist	Detects signs of inadvertent drifting out of lane and warns the driver by vibrating the steering wheel and, if necessary, will trigger one-sided braking intervention
Distance Pilot DISTRONIC with Steering Pilot	Helps the driver maintain the desired distance to the vehicle in front, and helps with lane guidance
PRE-SAFE® PLUS	If a rear impact is imminent, this addition to the PRE-SAFE® system can initiate preventive occupant protection measures. These include warning the traffic following behind and locking the vehicle brakes when at a standstill if the driver indicates that he wishes to remain stationary

## Sports package

The active suspension stabilisers of the ACTIVE CURVE SYSTEM help reduce the rolling tendency and provides markedly enhanced driving comfort. The system actively influences the stabiliser bars during cornering to keep the torsion moment constant, which allows the vehicle to adapt to every situation. In off-road terrain, the system ensures improved axle articulation by decoupling the two stabiliser bars on the front and rear axles. 22" AMG alloy wheels in gloss black also form part of this package.

**Sports package** (code DP8) – designed and priced as a package, including items as listed below.

**Mercedes-AMG GLE 43 4MATIC**

**Total incl. VAT £3,495.00**

# Mercedes-Benz Finance

## Why should you finance with Mercedes-Benz?

At Mercedes-Benz we believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local Mercedes-Benz Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

## Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

- Funds are immediately available – no waiting for cheques or loans to clear.
- There is no security required – either against your home or other assets.
- We have clear and transparent rates – the APR we quote is the APR you get.
- We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

One of our most popular finance products is Mercedes-Benz Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions. If you would like to find out more about these speak to your Retailer or visit [www.mercedes-benz.co.uk/fandi](http://www.mercedes-benz.co.uk/fandi).

## Mercedes-Benz Agility (our PCP product).

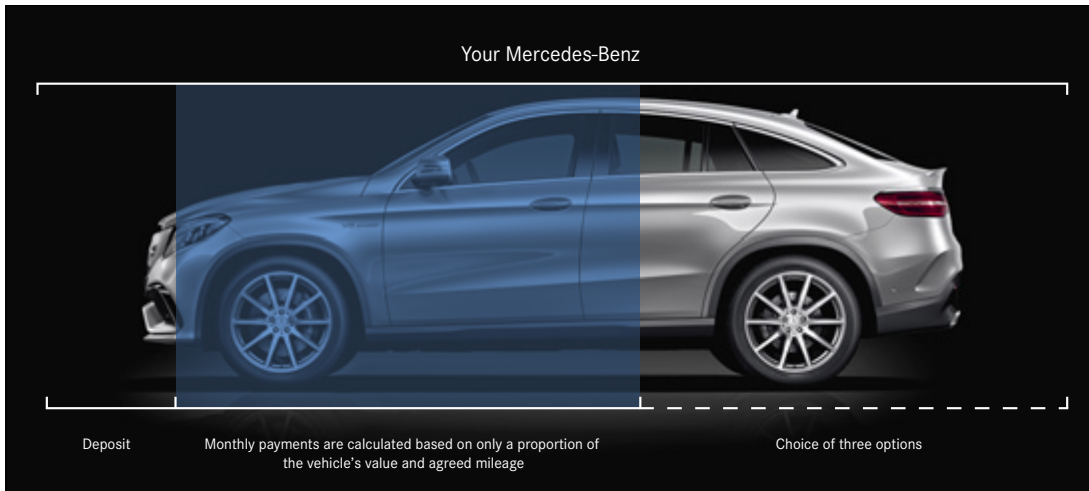

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

### Agility features:

- Fixed regular payments mean you can easily budget.
- Payments are based only on a proportion of the vehicle's value, keeping your monthly payments lower.
- Our Guaranteed Future Value avoids the risk of unplanned depreciation of your vehicle.
- You defer your ownership decision until the end of the agreement.

### At the end of your agreement you have three options to choose from.

#### Option 1: Purchase your Mercedes-Benz.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.<sup>1</sup> This will complete the purchase of your Mercedes-Benz, leaving you free to simply enjoy your vehicle.

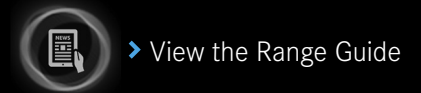

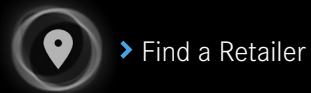

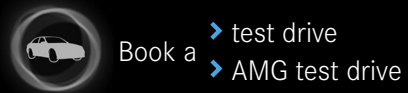

#### Option 2: Hand back your Mercedes-Benz.

If you decide to return your vehicle to us, it must be in line with our Vehicle Return Standards,<sup>\*</sup> as vehicle condition, excess mileage and other charges may be payable.

#### Option 3: Part-Exchange for a new vehicle.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.<sup>1</sup> This will complete the purchase of your Mercedes-Benz, leaving you free to part-exchange for a new vehicle.

<sup>1</sup>Please note the 'Purchase Activation Fee' of £10 will be debited from your account \*To find out more information about our Vehicle Return Standards please visit <http://mercedes-benz.co.uk/vrs>
