NISSAN ADVANCED DRIVE-ASSIST DISPLAY INNOVATION THAT'S RIGHT IN FRONT OF YOU.

Designed to reduce distractions and make the most of your journey, the Micra's advanced Drive-Assist display brings you a high-definition 5" TFT screen, which contains all the information you need, when you need it, with just a glance. Effortless.

Driver's seat with height and back angle adjustment

Class leading seat slide range

Adjustable steering wheel

60:40 split folding rear seats

SPACE FOR YOURSELF AND MORE

Micra is designed for living life to the fullest. Despite being engineered for optimum driver and passenger comfort, Micra offers ample space for rear passengers, with plenty of head and knee room. All with plenty of space for luggage too. Time to start sending out the invitations!

SPACE THAT SHIFTS TO SUIT YOUR NEEDS

Small yet spacious, the amount of room in Micra is surprising. Fold down the rear seats to fit in any extra bags or bulkier objects. Use the smart storage spaces for your personal items, including a spacious glove box, 1.5L bottle holder in the door, seat pockets and cup holders.

Twin cup holder smartly located in central console.

Convenient 10L glove box to fit your tablet or a 2L bottle.

300L BOOT SPACE
Rear seat not folded

1004L FULL BACK
Rear seats folded down

RIGHT ON THE NOSE.

In drive, the display gives you both a front and overhead view, so you know just how much room you have.

SAVE YOUR WHEELS.

In drive or reverse, you can push the camera button to switch out the overhead for a side view. A great tool for seeing how close you are to the kerb.

COMPLETE THE PICTURE.

Located under your driver's side mirror, this camera helps round out your virtual 360° bird's-eye view, whether you're in drive or reverse.

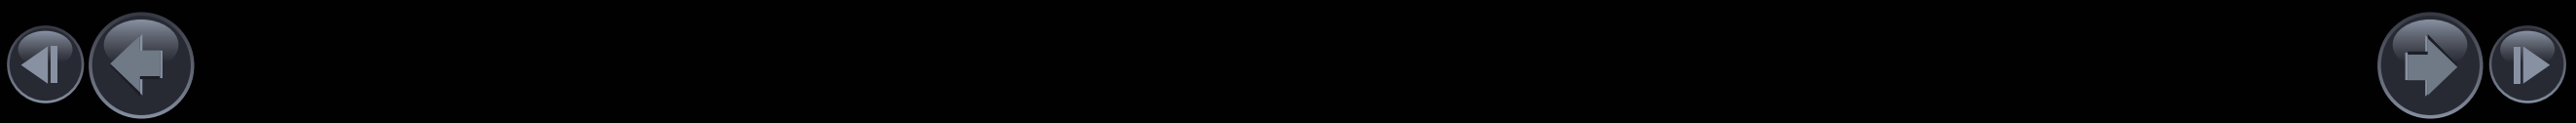

BACKGROUND SAVVY.

In reverse, the display helps you see what's directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.

**NISSAN INTELLIGENT AROUND VIEW MONITOR
WITH MICRA AS YOUR PARTNER,
EVEN PARKING IS A PLEASURE**

What if parallel parking was easier? A rearview camera and rear parking sensors are great to give you further confidence when backing up - but when it comes to parking, it's nice to see more than just what's directly behind you. That's why Micra's class-exclusive Around View Monitor* uses four cameras that give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and kerbside views, so you can get a better look. And since not all obstacles are stationary (like pedestrians or a rolling shopping trolley), Moving Object Detection can warn you about moving objects in your trajectory.

*Intelligent Around View Monitor is available as an option on Tekna grade.

NISSAN INTELLIGENT DRIVING BRIMMING WITH CONFIDENCE

Imagine a bolder ride through life. Driving with greater exhilaration, confidence and an enhanced sense of awareness of the world around you. This is the inspiration behind Nissan Intelligent Mobility. You will brim with confidence behind the wheel of the Micra with systems that keep an eye out all around you, watch the flow of traffic and even step in to keep you out of trouble. The more secure you feel behind the wheel, the more you can experience the sheer joy of driving your new Micra.

NISSAN INTELLIGENT MOBILITY

INTELLIGENT EMERGENCY BRAKING.

Constantly monitoring the presence of vehicles and pedestrians in your way, this upgraded system gives you warning and applies the brakes if there's any danger ahead.

INTELLIGENT LANE INTERVENTION.

This technology gives you a visual alert, haptic feedback via the steering wheel and even applies subtle braking to guide you back into the lane, in case you start drifting without indicating.

BLIND SPOT WARNING.

Boost your vision: the system will warn you if there are vehicles in the blind spots diagonally behind the car.

NISSAN INTELLIGENT DRIVING ALWAYS LOOKING OUT FOR YOU

Micra features an incredible suite of safety technologies that support you along your journey. Acting as a third eye and a sixth sense, Nissan's intelligent driving systems enhance the drive, ensuring it's as easy and fun as possible.

NISSAN INTELLIGENT MOBILITY

TRAFFIC SIGN RECOGNITION.
Never miss a speed limit sign thanks to real-time automatic road sign detection.

HIGH BEAM ASSIST.
See more on dark roads. The system activates the high beams and temporarily dips the lights for oncoming traffic.

HILL START ASSIST.
No rolling back. This system holds the brakes for the time it takes to get going on a hill.

NISSAN INTELLIGENT DRIVING

MICRA, QUIETLY MAKING YOU A BETTER DRIVER.

Agile and responsive, Micra's driving dynamics give you a better sense of the road. Intelligent Ride Control reduces body motion for a smoother drive whilst Intelligent Trace Control works with Nissan's Electric Power Steering (EPS) system to deliver subtle yet secure manoeuvrability. Excitement. Confidence. Control.

NISSAN **INTELLIGENT MOBILITY**

INTELLIGENT RIDE CONTROL.
Applies subtle braking to prevent unpleasant body movement over bumps and enhance the overall comfort of your ride.

INTELLIGENT TRACE CONTROL.
Delivers confident handling around corners. It adjusts the brake pressure on individual wheels to help keep you on an ideal path through turns.

NISSAN INTELLIGENT POWER
CATCH ME IF YOU CAN

Put your foot down and enjoy Micra's best-in-class aerodynamic performance and its choice of downsized, responsive and fuel efficient engines. Choose the IG-T 100 engine with manual transmission for exceptional responsiveness and excellent fuel economy or the DIG-T 117 engine for higher performance and agility. With the automatic transmission available on the IG-T 100, find the driving experience that suits you best.

CHOOSE YOUR ENGINE

Choose an engine to match the way you drive. Use our table to compare power, torque, fuel consumption and emissions or visit your nearest Nissan dealer for advice.

	IG-T 100 5 speed Manual	IG-T 100 Xtronic Automatic	DIG-T 117 6 speed Manual
Power PS (kW)	100 (74)	100 (74)	117 (86)
Torque (Nm)	160	144	180 (200 overboost)
F.E Comb* mpg	48.7-50.4	44.1-45.6	47.9
CO₂ Comb* g/km	126 - 132	140 - 145	133

The range of CO₂ Comb and F.E.Comb figures mentioned are for the grades from Visia to Tekna for IG-T 100 engines.

*MPG and CO₂ figures are obtained from laboratory testing in accordance with EU legislation and are intended for comparison between vehicles. The figures may not reflect real driving results. Optional equipment, maintenance, driving behavior and weather conditions may affect the official results. Figures were determined under the new WLTP test cycle.
