Maximum Speed (mph)	112		Nose Weight	245	245
Acceleration (0-62mph) sec	12.7	13.0	Gross Train Weight	6000	6000
FUEL CONSUMPTION WLTP (MPG) ⁶			WHEELS & TYRES		
Low	27.6	25.2	Tyres	265/60R18	
Mid	36.2	31.3	Wheels	18x7.5 J	
High	39.2	36.2			
Extra-High	30.7	29.1			
Combined	33.6	30.7			
CO ₂ emissions (g/km)	220	241			
Emissions Class	Euro 6D				

⁶MPG figures are EU test figures for comparative purposes and may not reflect real driving results. There is a new WLTP test used for fuel consumption and CO₂ figures. The fuel consumption and CO₂ emissions shown are based on the WLTP testing method. Only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical standard. The fuel consumption you achieve in real life conditions and CO₂ produced will depend upon a number of factors including accessories fitted (post-registration), variations in weather, driving styles and vehicle load etc. ⁷Maximum payload capacity as defined by HM Revenue and Customs for VAT purposes. Payload is gross vehicle weight minus kerb weight. Kerb weights quoted are for vehicles with standard specification. Kerb weight and payload may be influenced by badge level, factory options and dealer fitted accessories. It is the responsibility of the vehicle operator to ensure their vehicle is legally compliant for road use.
