JAGUAR E-PACE

E-PACE is Jaguar's first compact SUV. It has the looks and agility to make it the most dynamic car in its class. With a driver-focused cockpit sitting at the heart of a family-focused interior, E-PACE takes the rewarding Jaguar driving experience and adds everyday practicality. There's never been a compact SUV like this before.

VEHICLES SHOWN ARE FROM THE JAGUAR GLOBAL RANGE. SPECIFICATIONS, OPTIONS AND AVAILABILITY WILL VARY
BETWEEN MARKETS AND SHOULD BE VERIFIED WITH YOUR LOCAL JAGUAR RETAILER

INTRODUCING JAGUAR E-PACE

With its sculpted bonnet and muscular rear haunches, E-PACE is a dynamic, agile SUV with the lines of a coupé. The modern interior is distinctly Jaguar, with class-leading interior stowage. It also features our advanced suite of infotainment and driver technologies. E-PACE is the compact SUV as only Jaguar could have imagined it.

FIT YOUR LIFE INSIDE

E-PACE has plenty of space for everything you need. With its deep centre cubby box and sculpted door bins, interior storage is the best in its class. For simple, practical loading, E-PACE's loadspace is up to 1.3 metres wide, while the powered gesture tailgate¹ lets you open the boot hands-free. Making it easy to enjoy your favourite activities – from cycling to swimming – the wearable and waterproof optional Activity Key allows you to keep your car key stored securely in the car. Even when you're heading off on a weekend away, you can take everything you need thanks to E-PACE's towing capacity of up to 1,800kg. See pages 32-37 for details.

PERFORMANCE TECHNOLOGY

Jaguar's world-renowned performance technology helps you take everything in your stride. To give you more confidence and improved performance across an even wider range of conditions, our intuitive All Wheel Drive system transfers torque between the front and rear wheels as driving conditions dictate. For increased agility, Active Driveline² allows up to 100 percent of rear axle torque to be distributed to the outside rear wheel when cornering. Delivering enhanced dynamics and refinement, E-PACE has a fully independent suspension system with a sophisticated multi-link rear suspension design, while Torque Vectoring by Braking³ delivers sharper turning and more consistent road holding. The optional Adaptive Dynamics⁴ system offers both precise dynamics and a supple ride, by monitoring wheel position and body movements. See pages 12-15 for details.

¹Only available with Keyless Entry. ²Only available with D240 and P300 engines. ³AWD only. ⁴Not available on D150, manual transmission or with 17" alloy wheels. ⁵Must be selected with Adaptive Dynamics. Not available on D150 or manual transmission. ⁶Standard on S, SE and HSE Specification Packs.

HEAD-TURNING GOOD LOOKS

For a striking on-road presence, sleek LED headlights and signature LED tail lights are standard. To enhance E-PACE's appearance even further, Matrix LED headlights with signature Daytime Running Lights and 21" alloy wheels⁵ are also available as options. The style extends to the driver-focused interior, which features premium quality materials. See pages 7-9 for details.

INGENIUM ENGINES

A choice of three petrol and three diesel Ingenium engines are available, delivering efficient, refined and responsive driving. Options include the economical 2.0 litre 4-cylinder 150PS Front Wheel Drive (FWD) Turbocharged Diesel or for increased performance, there's the 2.0 litre 4-cylinder 300PS All Wheel Drive (AWD) Turbocharged Petrol that can reach a top speed of 149mph with 0-60mph acceleration in 6.1 seconds. See pages 10-11 for details.

CONNECTED EVERYWHERE

E-PACE offers a range of features to make life more connected on every journey. To ensure your passengers are linked to the world outside, our Connect Pro Pack⁶ features a 4G Wi-Fi Hotspot. Smartphone Pack is also available, making it easy to use tailored apps on the 10" Touchscreen. With up to five USB sockets in the car, it's simple for every occupant to keep devices fully charged. See pages 20-21 for details.

DRIVER ASSISTANCE AND SAFETY

To offer reassurance and information, standard driver assistance features include Lane Keep Assist, Driver Condition Monitor, Rear View Camera and Front and Rear Parking Aid. For increased safety, E-PACE has been engineered to include a wealth of systems, including Dynamic Stability Control and Emergency Brake Assist. Helping your eyes distinguish objects more easily, LED headlights produce a highly-focused beam with a quality of light that is close to daylight. Helping to increase pedestrian safety, E-PACE also features a pedestrian airbag as standard. See pages 24-25 and 28-30 for details.

816

DESIGN EXTERIOR

Jaguar E-PACE looks unmistakably sporty, with its bold honeycomb mesh grille framed by LED headlights with signature 'J' blades¹. To add an extra dash of style – as well as better visibility and safety at night – optional Matrix LED headlights with signature DRL feature distinctive front and rear Animated Directional Indicators.

The dynamic roofline blends with a spoiler that sits over a steeply raked rear window to give E-PACE a distinctive profile and the lines of a coupé. For convenience with a touch of style, puddle lights¹ in the door mirrors illuminate the ground with an

eye-catching Jaguar and cub design – adding a sense of occasion each time you unlock the vehicle. Optional 20”² and 21”³ alloy wheels further underscore E-PACE’s sporting character.

At the rear, full LED tail lights provide a truly distinctive, night-time signature. Muscular haunches give an assertive stance, and the wide tailgate has been designed to allow easy access to the large and versatile loadspace.

¹Standard on S, SE and HSE Specification Packs. ²Standard on HSE Specification Pack.
³Must be selected with Adaptive Dynamics. Not available on D150 or manual transmission.

VEHICLE SHOWN: E-PACE S IN BORASCO GREY WITH OPTIONAL FEATURES FITTED

INTERIOR

In E-PACE, every component you can see and touch has been meticulously designed to deliver a refined, tactile experience. The cockpit wraps around the driver, and the SportShift Selector* sits at your fingertips. A 3-spoke leather steering wheel incorporates key controls for ease of use. To enhance the sporty feel, the R-Dynamic steering wheel features Satin Black gearshift paddles*.

It's the little design details that give E-PACE its unique character, like the exclusive Jaguar and cub design hidden in the corner of the front windscreen. There's also a subtle Jaguar print in the cubby box and on the centre console. Complementing this, HSE models also feature beautifully detailed animal print seat labels.

*Automatic transmission only.

INTERIOR SHOWN: E-PACE S WITH OPTIONAL LIGHT OYSTER WINDSOR LEATHER SEATS WITH EBONY/LIGHT OYSTER INTERIOR AND LIGHT OYSTER HEADLINING

The auto-dimming interior rear view mirror, which is standard on S, SE and HSE models, has a frameless design. For added comfort there's even a front passenger grab handle on the side of the console. Choose our optional fixed panoramic glass roof to flood your E-PACE's interior with light and enhance the airy, spacious feeling. Bringing the outside in, it gives everyone superb views of the sky.

PERFORMANCE INGENIUM ENGINES

From power and sheer driving pleasure to fuel economy and refinement, there is a range of Ingenium engines available for Jaguar E-PACE and each has been optimised for specific attributes to cater for all needs. All engines are equipped with Stop/Start technology and smart regenerative charging; this feature harvests kinetic energy from braking to charge the battery for maximum economy, especially during urban driving.

These low-friction, all-aluminium engines have stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance. Intelligent, electronically controlled, adaptive engine cooling only engages when required – minimising fuel consumption and CO₂ emissions.

TRANSMISSIONS

To ensure that you are always in the optimum gear, maximising fuel efficiency and acceleration, E-PACE's 9-speed Automatic Transmission has nine closely spaced ratios. Gear changes are almost imperceptible and shift schedules intelligently adapt to your driving style. For even greater driver involvement and increased fuel economy, choose the 6-speed Manual Transmission*. This lightweight, highly advanced gearbox uses an advanced direct lubrication system to reduce friction and drag.

CLEAN DIESEL TECHNOLOGY

At Jaguar, we are continually striving to reduce emissions by making exhaust gases cleaner. E-PACE diesel engines have been fitted with selective catalytic reduction technology which uses Diesel Exhaust Fluid (DEF), also known as AdBlue®. The system works by injecting AdBlue® into the exhaust system to break down nitrogen oxide (NOx) emissions into harmless water vapour and nitrogen gas, reducing the levels of NOx emitted by up to 90%.

AdBlue® is a consumable and will need to be topped up. Factors such as driving style, road and weather conditions can greatly influence consumption. Average consumption will be 500 miles (800km) per 1 litre. Your E-PACE's message centre will give you advance warning when your AdBlue® level is low and will display your remaining mileage before depletion becomes critical. For more information on how to store and top up AdBlue® please consult the vehicle handbook or your Retailer. Diesel vehicles are also fitted with a diesel particulate filter which removes almost all soot particulates from the exhaust by oxidising them within the filter.

*Available on D150 and D180 engines.

DIESEL ENGINES

All Ingenium Diesel engines are based around a deep-skirt aluminium cylinder block featuring thin-wall, press-fit cast-iron liners for optimum weight, surface finish and robustness. The high-pressure common rail direct fuel injection, exhaust variable cam timing and a high-efficiency water-cooled intercooler work in combination for a clean, efficient combustion. The engine features a variable geometry turbocharger that adapts to the changing flow of exhaust gases for high torque throughout the rev range and responsiveness that is uniform, progressive and reduces lag.

D150 FWD MAN/AWD MAN/AWD AUTO

2.0L | 4-Cylinder | Turbocharged

150PS | 380Nm

Optimised for fuel economy.

D180 AWD MAN/AWD AUTO

2.0L | 4-Cylinder | Turbocharged

180PS | 430Nm

Optimised for a mix of economy and performance.

- Optimised injectors precisely control the amount of fuel that enters the combustion chamber for maximum efficiency.

D240 AWD AUTO

2.0L | 4-Cylinder | Twin Turbocharged

240PS | 500Nm

Optimised for performance and driveability.

- The series sequential twin turbochargers deliver an ideal combination of peak power performance and superior low-speed driveability.
- Includes a higher pressure common rail fuel system, increased from 1,800 to 2,200 bar, and an increased fuel injector flow rate. These combine to deliver optimised fuel economy, emissions and power delivery.
- Continuously variable swirl control energises airflow at lower engine speeds and torques to improve diesel air-fuel mixing for improved combustion, with lower emissions and faster warm up.

PETROL ENGINES

The intelligent Continuously Variable Valve Lift (CVVL) system varies the extent to which inlet valves are opened, reducing engine pumping losses. This lets the engine 'breathe' with maximum efficiency, optimising power and torque. CVVL works in combination with dual independent Variable Cam Timing (VCT) for ultimate operating flexibility, resulting in excellent power and fuel economy across the rev range.

P200 AWD AUTO

2.0L | 4-Cylinder | Turbocharged

200PS | 320Nm

Optimised for fuel economy and driveability.

- Direct fuel injection from centrally mounted solenoid injectors ensures precise delivery of fuel for highly efficient, clean combustion with low emissions.

P250 AWD AUTO

2.0L | 4-Cylinder | Turbocharged

249PS | 365Nm

Optimised for increased power without compromising fuel economy.

- For excellent acceleration and effortless overtaking, CVVL works in combination with dual independent variable cam timing to deliver maximum torque of 1,350rpm.
- The twin-scroll turbocharger is fed by an integrated exhaust manifold which increases the transfer of energy to the turbine - significantly reducing turbo lag and improving engine response.

P300 AWD AUTO

2.0L | 4-Cylinder | Turbocharged

300PS | 400Nm

Optimised for top-of-the-range performance.

- Featuring upgrades to the boosting system, it builds on the architecture of the 2.0 litre 4-cylinder 249PS Turbocharged Petrol engine.
- The updated turbocharger features a high-flow compressor wheel delivering 26 percent more air, enabling a higher peak power output.
- The twin-scroll turbocharger features ceramic ball bearings which reduce friction and improves transient response.

WHEN THE FRONT WHEELS HAVE LESS TRACTION, GREATER DRIVE TORQUE IS DISTRIBUTED TO THE REAR WHEELS.

LOW TRACTION LAUNCH

ALL SURFACE PROGRESS CONTROL

PERFORMANCE TECHNOLOGY

ALL WHEEL DRIVE

For performance across an even wider range of conditions, the All Wheel Drive (AWD) system intelligently controls torque distribution between the front and rear axle via an electronically controlled multi-plate clutch, which is located in front of the rear differential. Drive torque is distributed across the front and rear axle to fully utilise the available traction from all four tyres. On slippery surfaces, such as grass and snow, torque can be balanced between the front and rear wheels to maximise traction. In extreme conditions, where only the front or rear wheels have traction, up to 100 percent of engine torque can be distributed to the opposite axle for optimum grip. The AWD system combines with Electronic Traction Control (ETC) to deliver a sure-footed driving experience in even the most challenging situations.

ACTIVE DRIVELINE

Active Driveline¹ technology delivers even greater levels of traction, stability and composure in challenging conditions. While the system is able to fully disconnect drive to the rear wheels in relaxed driving conditions to improve efficiency, Active Driveline can seamlessly reconnect drive to the rear of the car within 300 milliseconds when the requirements for AWD are met. Where driving conditions require it, both rear clutches are fully locked to provide the same effect as a traditional locking rear differential – maximising the car's stability to increase capability.

Active Driveline also optimises traction and agility and provides Rear Wheel Drive handling characteristics by allowing up to 100 percent of rear axle drive torque to be distributed to either rear wheels according to available grip. The hydraulically controlled multi-plate wet clutches act upon both the rear drive shafts. The clutches are independently controlled and supply optimal torque to each rear wheel based on measuring wheel speeds, throttle position, steering angle and vehicle rotation. So you always feel in control, a dedicated display on the Touchscreen lets you know what's happening.

LOW TRACTION LAUNCH

Providing you with optimum torque control when you move off from a standstill, Low Traction Launch² enhances capability in slippery conditions like wet grass, snow and ice. The system remains active until the car reaches 18mph – then E-PACE seamlessly blends back into the selected driver mode.

ALL SURFACE PROGRESS CONTROL

All Surface Progress Control² (ASPC) is a state-of-the-art system that enables you to set and maintain a steady speed in challenging conditions such as slippery surfaces, including mud, wet grass, ice, snow and dirt roads. Operating like a conventional cruise control system, it functions between 2mph and 18mph, enabling you to maintain full concentration on the road ahead.

¹Only available with D240 and P300 engines. ²Automatic transmission only.

TORQUE VECTORING BY BRAKING APPLIES BRAKE PRESSURE TO SLOW THE INSIDE FRONT AND INSIDE REAR WHEELS INDEPENDENTLY, REDUCING UNDERSTEER.

ADAPTIVE DYNAMICS

DYNAMIC MODE AND CONFIGURABLE DYNAMICS

CHASSIS AND DYNAMICS

E-PACE's chassis has been developed to deliver agile and refined on-road dynamics. Aluminium chassis components are used to improve suspension performance by increasing stiffness and reducing unsprung mass. To increase ride comfort, E-PACE has a fully independent suspension system with a multi-link rear suspension design. Reducing understeer and delivering increased agility through even the tightest corners, Torque Vectoring by Braking (TVBB)¹ provides controlled independent braking on the individual inside front and rear wheels.

ADAPTIVE DYNAMICS

The optional Adaptive Dynamics² system delivers both precise dynamics and a supple ride by monitoring wheel position and body movements. To do this, the system constantly analyses acceleration, steering, throttle and brake pedal activity. The electronically controlled dampers adjust 100 times a second to optimise the suspension settings and provide the optimum balance between comfort, refinement and agility at all times.

DYNAMIC MODE AND CONFIGURABLE DYNAMICS

Engaging Dynamic Mode amplifies E-PACE's sporting character. Gearshifts are faster and at higher engine speeds³ with automatic upshifts prevented if in Manual Mode, throttle response is sharpened, the dampers are stiffened⁴ and steering weighting is increased. E-PACE's instrument cluster and optional Configurable Ambient Interior Lighting instantly take on a Red glow.

The optional Configurable Dynamics system⁵ allows you to personalise E-PACE's Dynamic Mode to create your perfect dynamic setup. Via the Touchscreen, driving characteristics can be changed to Dynamic or left as normal. So whatever combination of throttle sensitivity, gearbox shift points³, steering weighting or damper stiffness⁴ you want, Configurable Dynamics allows you to set up Dynamic Mode to suit your driving needs.

¹AWD only. ²Not available on D150, manual transmission or with 17" alloy wheels. ³Automatic transmission only. ⁴When selected with Adaptive Dynamics. ⁵Not available on D150 or manual transmission.

TECHNOLOGY INFOTAINMENT

Delivering a wealth of information and entertainment, every E-PACE is equipped with our InControl infotainment system, Touch Pro. It features intuitive and advanced integrated technologies to ensure everyone can make the most of their journey.

TOUCH PRO

The standard 10" Touchscreen at the heart of the centre console supports swipe and pinch-to-zoom gestures and delivers our richest ever audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customisable homescreens and fast response times as well as voice control. Multi-tasking is also made easy thanks to the Interactive Side Panel. Touch Pro can be further enhanced by adding the connectivity package, Connect Pro Pack¹.

INTERACTIVE DRIVER DISPLAY

The 12.3" high-definition Interactive Driver Display² can receive and project a vast amount of driving information, entertainment and active safety data including navigation³, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving, pin-sharp graphics. To help you find your way more easily, Navigation Pro¹ enables you to display full screen navigation with 3D mapping.

HEAD-UP DISPLAY

To help reduce distraction, or the need for you to take your eyes off the road, Head-up Display is an option that presents key vehicle data such as your speed, gear position and navigation directions³ on the windscreen. It features crystal-clear, full-colour graphics in high resolution, enabling you to see all driver inputs and information with ease. It can display important information from the Touch Pro Touchscreen and your phone. The feature can be turned on and off dependent on driver preference.

¹Standard on S, SE and HSE Specification Packs. ²Standard on HSE Specification Pack. ³When Navigation Pro is fitted.

Stay connected while on the move. When specified with 'Connect Pro Pack', your new E-PACE will arrive with a SIM card equipped with an essential data plan of 500MB of data per month for the initial warranty period. You'll be better connected, receiving live traffic updates and more. Additional data can be purchased. Terms, conditions and restrictions apply. Contact your local Jaguar Retailer for more information.

InControl features, options and their availability remain market dependent - check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used only when safe to do so. Drivers must ensure they are in full control of the vehicle at all times.

INTERIOR SHOWN LEFT: E-PACE S WITH OPTIONAL LIGHT OYSTER WINDSOR LEATHER SEATS WITH EBONY/LIGHT OYSTER INTERIOR AND LIGHT OYSTER HEADLINING

CONNECTIVITY

InControl is Jaguar's suite of standard and optional features that connects you to your vehicle and links you seamlessly, and securely, with the outside world. There are a range of Packs and options available to choose from. With a selection of apps, even when you're away from your car, some of the InControl features stay with you, making sure the Jaguar experience is more enjoyable than ever.

Search 'Jaguar E-PACE' to activate your account.

STANDARD FEATURES

PINPOINT TOUCH CONTROL

Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch-to-zoom and swipe.

PERSONALISED HOMEPAGE

You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customise your system around the features you use most.

INTERACTIVE SIDE PANEL

A choice of side panels means you can multi-task. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

MULTIMEDIA

Enjoy a range of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre.

ENHANCED PHONE INTERFACE

Making it easier and safer, you can call a favourite contact with a single touch. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

VOICE RECOGNITION SYSTEM

So you can complete tasks without taking your eyes off the road, E-PACE offers intelligent voice recognition. For example, 'Tune to 97.9' or 'Call home'.

REMOTE

Remote¹ provides information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, this service includes:

- Remote Lock/Unlock – Lock or unlock your doors remotely with the click of a button. Simply press the 'lock' button on the Vehicle Security screen of the Remote smartphone app to single lock the doors, arm the alarm, fold in the door mirrors² and close the windows. Press the 'unlock' button to unfold the door mirrors², turn on the dipped headlights and cause the hazard lights to flash twice.
- Remote Climate³ – Prepare your E-PACE in advance by pre-heating or pre-cooling the cabin, so that you and your passengers are comfortable from the moment you step inside.
- Beep/Flash – This feature turns on your Jaguar's hazard lights and dipped headlights, and sounds an audible alert to help you locate your vehicle in a crowded car park.

- Journey Tracking – This opt-in feature can automatically record your journey history, including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.
- Vehicle Status Check – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

Jaguar Optimised Assistance¹ – You can make a direct call to the Jaguar Assistance team by pressing the button on the overhead console or from the Assistance screen within the InControl Remote smartphone app.

SOS Emergency Call – In a more serious incident, SOS Emergency Call will automatically connect you to the emergency response team who will notify the emergency services to your location. For peace of mind, this service is provided for the first ten years from date of registration.

¹Remote and Jaguar Optimised Assistance contains subscription services that can be extended after the initial term advised by your Jaguar Retailer.

²When power fold door mirrors are specified. ³Automatic transmission only.

InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

OPTIONAL FEATURES

NAVIGATION PRO¹

Navigation Pro allows you to save your favourite places, use swipe and pinch-to-zoom gestures for simple map exploration and display a choice of either 2D or 3D crystal clear map graphics.

CONNECT PRO PACK²

Connect Pro consists of a 4G Wi-Fi Hotspot, Pro Services and Smart Settings. It's designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the journey whilst remaining connected to the world.

4G WI-FI

The 4G Wi-Fi Hotspot provides in-car access to the Internet, enabling up to eight wireless devices to be used simultaneously in the car. Passengers can connect through the vehicle's wireless network to surf, work, update social media and stay entertained throughout the journey.

PRO SERVICES³

- Real Time Traffic Information – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination.
- Online Search – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area.
- Planning Routes and Door-to-Door Routing – Before setting off, use the Route Planner app or go online to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen. Once you've parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transport options.
- Share ETA – You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, Share ETA can then send automatic updates via text messages or email, without any further action from you.
- Satellite View – When you want to get the context of your surroundings from overhead, simply switch to satellite view.

- Commute Mode – Allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.
- Parking Service – As you approach your destination, you can see where parking is available. Simply tap on your preferred car park and the navigation system updates to direct you to it.
- Online Routing – While you're on your way to a destination the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.
- Safety Cameras – Alert you to the location of accident black spots monitored by safety cameras.
- Fuel Prices – When you're going to fill up, the Fuel Price service not only finds filling stations along your route, it also enables you to compare fuel prices so you can keep your costs down.
- Online Media – Allows for the aggregation of numerous content providers and their personalised content – such as Deezer and Tuneln – that gives access to more than 40 million music tracks and four million on-demand programmes and podcasts. For the first time, these can be directly streamed from the vehicle without the need for a smartphone – providing a seamless and integrated experience.

SMART SETTINGS

Another feature that helps make life simpler is Smart Settings. Using a combination of the key fob and your smartphone, Smart Settings automatically recognises the driver and can remember a number of settings saved to each driver's profile, including preferred seat and door mirror positions⁴, and which media to play at the start of the journey to ensure you or any other user will feel immediately comfortable when you get into the vehicle.

¹Only available with Connect Pro Pack. Standard on S, SE and HSE Specification Packs. ²Only available with Navigation Pro. Standard on S, SE and HSE Specification Packs. ³Features within Pro Services and Smartphone Pack may vary between markets. ⁴When memory door mirrors and memory seats are specified. ⁵Secure Tracker will require further subscription after the initial term as advised by your Jaguar Retailer.

Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with suitable data contract.

Stay connected while on the move. When specified with 'Connect Pro Pack', your new Jaguar E-PACE will arrive with a SIM card equipped with an essential data plan of 500MB of data per month for the initial warranty period. You'll be better connected, receiving live traffic updates and more. Additional data can be purchased. Terms, conditions and restrictions apply. Contact your local Jaguar Retailer for more information.

InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

SMARTPHONE PACK³

By screen sharing with the InControl infotainment system, the Smartphone Pack helps you stay safely connected to your smartphone even while in the car.

Android Auto™ was designed with safety in mind. With a simple and intuitive interface, it is designed to minimise distraction so that you can stay focused on the road. Simply connect your Android smartphone via a USB and control compatible apps on the in-car Touchscreen or with voice control.

Apple CarPlay® is also designed for increased safety, enabling the use of apps while allowing the driver to concentrate on the road ahead. Connect your Apple smartphone to your car to use compatible apps such as maps, messages and music through the Touchscreen or with voice control.

You can also download third-party apps offering a vast range of services.

SECURE TRACKER⁵

Uses tracking technology to alert you to an attempted theft, and signals your vehicle's location to the relevant authorities, for a timely recovery. Includes service subscription for warranty period.

androidauto

Android Auto is a trademark of Google Inc.
iPhone and Apple CarPlay are trademarks of Apple Inc., registered in the US and other countries.
Please ensure iPhone compatibility is reviewed with your local Jaguar Retailer.
All in-car features should be used only when safe to do so. Drivers must ensure they are in full control of the vehicle at all times.

AUDIO

A vehicle's cabin is the ideal place within which to experience your personal choice of music and Jaguar E-PACE has the option of three different audio systems to bring your music to life:

SOUND SYSTEM

Excellent acoustic range through six speakers.

MERIDIAN™ SOUND SYSTEM¹

Great definition, crystal clear highs and full, deep bass – delivered through the careful arrangement of 10 speakers and a dual channel subwoofer.

DIGITAL AUDIO BROADCAST (DAB) RADIO

DAB radio technology offers improved sound quality, a wide choice of stations and live text information about the station, show and song you are listening to.

MERIDIAN SURROUND SOUND SYSTEM²

All the fullness and clarity of a live performance delivered through an arrangement of 14 front, side and rear speakers and a dual channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the centre and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

¹Standard on SE and HSE Specification Packs. ²Optional.

Image: Representation of Meridian Surround Sound System

MERIDIAN™

Formed in 1977 in Cambridgeshire, England, Jaguar's audio partner Meridian has pioneered many firsts including active speakers and the world's first digital surround sound processor. Meridian's audio technology input has helped ensure that Jaguar E-PACE is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilised to analyse cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

	UNIQUE MERIDIAN TECHNOLOGY	SPEAKERS + SUBWOOFERS	WATTS
SOUND SYSTEM	N/A	6	180
MERIDIAN™ SOUND SYSTEM	  	10 + 1	380
MERIDIAN™ SURROUND SOUND SYSTEM	   	14 + 1	825

DIGITAL SIGNAL PROCESSING

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION

The advanced algorithm of Meridian's Cabin Correction tailors the sound experience to the precise acoustics of E-PACE's interior.

MERIDIAN DIGITAL DITHER SHAPING

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

TRIFIELD™

Exclusive to Meridian, Trifield blends the centre and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

Meridian is a registered trademark of Meridian Audio Ltd.
Trifield and the "three fields" device is a trademark of Trifield Productions Ltd.
Features and their availability may differ by vehicle specification and market.

DRIVER ASSISTANCE

MAKING DRIVING EASIER AND SAFER

From negotiating city traffic or the motorway, to providing additional safety for you and your passengers, there's a wealth of innovative technologies available; either as standard, optional or as part of a pack. Whichever you choose, you'll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

Search 'Jaguar E-PACE Driver Assistance' for more details.

Adaptive Cruise Control with Queue Assist

STANDARD FEATURES

- **Emergency Braking** (see page 28)
- **Lane Keep Assist** detects when the vehicle is unintentionally drifting out of the lane, and applies a corrective torque to the steering wheel, encouraging you to guide your vehicle back.
- **Driver Condition Monitor** detects if you're starting to feel drowsy and gives you an early warning when you need to take a break.
- **Cruise Control and Speed Limiter**
- **Front and Rear Parking Aid**
- **Rear View Camera.**

DRIVE PRO PACK¹

Making every journey safer and more relaxing. The Drive Pro Pack includes:

Adaptive Cruise Control with Queue Assist will keep your vehicle a safe distance from the one in front should it slow or stop when you're cruising on the motorway or travelling in slow-moving traffic. Should the vehicle in front stop completely, your vehicle will come to a smooth halt. Once the traffic moves, simply touch the accelerator and Adaptive Cruise Control will resume following the car in front. The system can be activated from 10mph up to motorway speeds.

High-speed Emergency Braking detects when a potential frontal collision with another vehicle may occur and displays a forward alert to warn the driver to brake. If the driver doesn't react, the car will deploy the brakes in order to reduce the severity of the possible impact. High-speed Emergency Braking is ready and active from 6mph to 99mph.

Blind Spot Assist can help you prevent collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, a small warning light illuminates in the corresponding door mirror. Corrective torque is also applied to the steering wheel, encouraging you to guide your vehicle.

Rear Traffic Monitor

PARK PRO PACK²

The Park Pro Pack enables you to park and manoeuvre safely and securely in and out of tight spaces and into traffic that is obscured by buildings or other vehicles. It features:

Rear Traffic Monitor is particularly useful when reversing out of a parking bay. The system warns you of vehicles, pedestrians or other hazards approaching from either side of your vehicle. It will alert you with both audio and visual warnings so you know what's behind you even when the view is obstructed.

Park Assist makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle's speed with the brake and accelerator pedals. Graphics and notifications guide you through the manoeuvres. Park Assist will also steer you out of a space, taking all of the stress out of parking.

360° Parking Aid gives you complete confidence when manoeuvring in tight spaces. Sensors located around the car are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles.

360° Surround Camera

OPTIONAL FEATURE

360° Surround Camera³ uses four digital cameras discreetly placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various manoeuvres from parking by a kerb, to getting in and out of tight spaces and junctions. The integrated cameras also provide assistance when towing.

¹Standard HSE Specification Packs. Must be selected with power fold mirrors with driver side auto-dimming. Automatic transmission only.

²Standard SE and HSE Specification Packs. ³Must be selected with power fold mirrors with driver side auto-dimming.

EFFICIENT TECHNOLOGIES

SUSTAINABLE CONSTRUCTION

Jaguar Land Rover are committed to producing vehicles that use more sustainable materials, produce less waste and use fewer natural resources as part of our approach to sustainability excellence. E-PACE's development process has included a full life cycle assessment and has been designed to be 85 percent recyclable/re-usable and 95 percent recoverable at the end of the vehicle's life.

Recycled materials have been used in E-PACE wherever possible. Each car contains up to 10kg of recycled plastics, which is the equivalent of 769 small plastic water bottles. The use of recycled material in E-PACE means that approximately 6,290 tonnes of plastic are diverted away from landfill over its entire life cycle. Parts containing recycled plastics include the floor console base, wheel arch liners, and junction box covers.

ENGINE MANUFACTURING CENTRE

Jaguar Land Rover's Engine Manufacturing Centre, where all of E-PACE's engines are developed, has been built to the highest environmental standard (BREEAM Excellent) and features the largest rooftop solar panel installation in the UK. Comprising no fewer than 22,600 individual panels, which are capable of providing up to 6.2MW (enough energy to power 1,600 homes), the panels generate more than 30 percent of the site's energy, reducing the plant's CO₂ footprint by over 2,400 tonnes per year.

ADVANCED AERODYNAMICS

E-PACE's streamlined shape navigates air around the rear wheels to reduce turbulence. The smooth underfloor has been honed through exhaustive testing to perfect airflow efficiency. 17" aero wheels are designed to push through the air with less resistance.

Helping E-PACE cut through the air and improve fuel efficiency, lower bumper intakes optimise airflow past the front wheels, by feeding air to the inner wheel arch from ducts in the front spoiler. In the upper and lower front grille, two intelligent Active Vanes open when necessary to let in cool air, but whenever possible they shut.

To reduce drag, which in turn reduces CO₂ emissions, an aero blade below the rear bumper helps redirect air away from the rear of the car. It also helps clean your rear windscreen and lights.

ECO MODE

Eco Mode encourages fuel-efficient driving by reducing throttle sensitivity, selecting more economical engine mapping and, on manual vehicles, advising of gear shifts. It also reduces fuel consumption by minimising the energy demands placed on the engine by climate control and audio systems. A display on the Touchscreen provides vehicle data and driving tips.

SAFETY

SAFE AND SECURE

Designed for optimum safety, E-PACE has been engineered to include a wealth of features not only to help protect you and your passengers, but to actively help prevent accidents from happening. Sure-footed All Wheel Drive (AWD) capability is available to help you stay firmly planted on the road, whatever the weather or environment throws at you. Jaguar E-PACE has achieved a five-star Euro NCAP rating, confirming the vehicle is among the safest on the market. Offering outstanding protection for adults, children and pedestrians, the vehicle scored highly in all categories.

Search 'Jaguar E-PACE Safety' for more details.

Dynamic Stability Control (DSC) monitors E-PACE's dynamic behaviour, intervening to maximise vehicle stability. DSC reduces engine torque and applies braking to the appropriate wheels to correct the vehicle's direction of travel by counteracting understeer or oversteer.

Electronic Traction Control (ETC) optimises traction and stability by controlling wheel spin. The ETC system reduces torque to the spinning wheel, then applies braking to the wheel, if required.

Engine Drag Torque Control (EDC) mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the driven wheels as appropriate.

Hill Start Assist (HSA) ensures you do not roll backwards as you pull away on an incline.

Cornering Brake Control (CBC) automatically varies the braking force to each wheel when the vehicle's brakes are applied around a corner and the limit of grip is reached. The system will prevent the vehicle's wheels from locking up and skidding in this event through varying the braking force applied to each wheel.

Roll Stability Control (RSC) is integrated with DSC to reduce the possibility of rollover, while providing agility and ability to steer around obstacles. It monitors the vehicle motion and cornering forces to detect any potential risk of rollover. When risk is detected, braking is applied to the outside front wheel to reduce forces which contribute to rollover.

Emergency Brake Assist (EBA) understands when you apply the brakes quickly but without the necessary force to maximise stopping performance. It therefore boosts the brake pressure through the ABS pump to ensure you stop in time. To help reduce the risk of a collision, the Emergency Stop Signal (ESS) automatically activates the hazard warning lights during emergency braking.

Anti-lock Braking System (ABS) allows the vehicle to maintain traction with the road surface whilst braking and prevents wheels from locking – thereby retaining the vehicle's ability to steer. The system helps to shorten the braking distance.

Electronic Brake-force Distribution (EBD) automatically varies the braking force to each axle in order to minimise stopping distance, while still maintaining stability and the vehicle's ability to steer.

Emergency Braking can help to prevent collisions with other vehicles or pedestrians. If a potential frontal collision is detected, a warning is displayed giving you time to take action. A camera at the front of the vehicle monitors at speeds from 3mph to 49mph for frontal collisions and 3mph to 37mph for pedestrians. If a collision is still anticipated and you have taken no action, this system will apply the brakes to help reduce the severity of the possible impact.

Emergency Brake Lights (EBL) are activated through the hazard warning lights to alert vehicles behind you in the event of sudden braking.

VEHICLE SHOWN: E-PACE R-DYNAMIC SE IN YULONG WHITE WITH OPTIONAL FEATURES FITTED

ISOFIX AND AIRBAGS

To improve safety, two ISOFIX points for baby/child seat restraints are fitted on each side of the rear seats and a comprehensive system of six airbags – including driver and passenger airbags, side curtain and thorax – are fitted as standard.

PEDESTRIAN AIRBAG AND DEPLOYABLE BONNET

Sensors in the bumper trigger an airbag under the bonnet in the event of a collision. This pops up the bonnet, deploying an exterior airbag to protect pedestrians or cyclists from contact with the windscreen.

PRETENSIONERS

Helping to keep you and your family safe if you're ever in a collision, seat belt pretensioners activate within a fraction of a second. Sudden deceleration triggers a piston in the seat belt mechanism to almost instantaneously tighten the belt and pull the occupant into the seat.

SAFETY CELL

Designed for optimum safety, E-PACE's ultra-high-strength steel safety cell forms a rigid cage around you and your passengers.

BRIGHTER LIGHTS, SAFER NIGHT-TIME DRIVING

E-PACE features all-round exterior LED lighting as standard. LED lights are designed to last the lifetime of the vehicle and are more fuel-efficient as they use less energy.

The optional headlight levels feature the distinct exterior graphic of the signature Daytime Running Lights¹ (DRL). When indicating, Static Cornering Lights², which operate at speeds less than 43mph, illuminate the road or driveway you are turning in to. Auto High Beam Assist³ (AHBA) detects lights ahead and automatically dips the main beam for oncoming traffic.

Optional Matrix LED headlights enable an adaptive driving beam. By splitting the main beam into vertical strips, the adaptive beam maximises the number of high beam sections around oncoming traffic for ultimate visibility, whilst casting a shadow in front of oncoming vehicles to help prevent dazzling. The adaptive beam is also able to optimise the light distribution to suit the driving conditions of town, country, motorway or bad weather. Front and rear Animated Directional Indicators, which reduce the time it takes other road users to recognise the intended direction of travel, are included with Matrix headlights.

Search 'Jaguar E-PACE Safety' for more details.

¹Standard on S, SE and HSE Specification Packs. ²Part of Matrix LED Pack. ³Standard on SE and HSE Specification Packs.

PRACTICALITY **A PLACE FOR EVERYTHING**

E-PACE has class-leading interior stowage. The deep stowage in the centre console features removable cupholders to provide a highly flexible space, suitable for smaller tablets or four 75cl bottles which can be stored flat. Inside the console, a 12V socket and two USB sockets are available for charging, while the rear of the centre console has three optional USB sockets for passengers in the back. The floor of the cubby box also has a tablet retaining feature to secure a device during charging.

INTERIOR SHOWN: E-PACE HSE WITH LIGHT OYSTER WINDSOR LEATHER SEATS WITH EBONY/LIGHT OYSTER INTERIOR AND LIGHT OYSTER HEADLINING

A smartphone holder sits between the cupholders so occupants can charge a phone while still using the cupholders. Both deep front door bins have been sculpted to carry a range of items such as phones, cans and a 1.5 litre bottle of water.

VEHICLE SHOWN: E-PACE S IN BORASCO GREY WITH OPTIONAL FEATURES FITTED

Activity Key

Tow Hitch Assist

PRACTICALLY DESIGNED

Whatever adventure you're after, our Activity Key is the perfect companion. E-PACE also has towing capacity of up to 1,800kg and a suite of features to help make towing easier and more assured.

ACTIVITY KEY

With the optional Activity Key you can enjoy your favourite activities, and keep your car key securely in the car. For extra convenience, you can strap the Activity Key to your wrist. The wristband is robust and fully waterproof, allowing you to take part in a range of activities from cycling to swimming. Simply place your Activity Key against the sensor on the tailgate¹ to lock or unlock the car and deactivate or reactivate the conventional key fob.

ELECTRICALLY DEPLOYABLE TOW BAR

This optional system is deployed using a convenient button in the loadspace compartment, or via the Touchscreen.

TRAILER LIGHT TEST

This feature enables you to test your trailer lights without leaving your vehicle. When an optional electrically deployable tow bar is fitted, the automatic system is used to pulse the lights in a sequence, and is triggered via the Touchscreen or a button in the loadspace compartment.

TOW HITCH ASSIST

Tow Hitch Assist² makes coupling a trailer to the vehicle much easier by helping you visualise the hitching process. It displays the predicted path of the vehicle tow ball towards the trailer tow bar on the Touchscreen.

TOW ASSIST

Tow Assist² helps with reversing by predicting the trailer's direction. The system displays the predicted path of both the vehicle and the trailer as coloured trajectory lines on the Touchscreen. For precise guidelines you can even choose your trailer's width.

TRAILER STABILITY ASSIST

Trailer Stability Assist (TSA) gives you greater stability when towing. Should TSA detect a dangerous trailer sway situation is developing, it can help you regain control by gradually reducing E-PACE's speed through lowering engine power and applying the brakes individually on each side of the vehicle to control the sway.

¹Please consult your local Jaguar Retailer for more information.

²Standard when a tow bar is ordered in conjunction with 360° Surround Camera.

POWERED GESTURE TAILGATE

VEHICLE SHOWN: E-PACE S IN BORASCO GREY WITH OPTIONAL FEATURES FITTED

TAKE YOUR WHOLE WORLD WITH YOU

Wherever you need to go, whatever you need to take - E-PACE is designed to carry you and your cargo effortlessly and in style.

If your hands are full, powered gesture tailgate* lets you open the boot hands-free. Simply present your foot under one of E-PACE's rear flanks and the tailgate opens or closes.

Longer items can easily be accommodated by a maximum loadspace width of up to 1.3 metres - making it easy for E-PACE to take a pushchair lying flat. With a boot capacity of up to 577 litres, you can easily fit two medium sized suitcases and three 'cabin carry on' sized suitcases.

Versatile 60:40 folding rear seats are standard, so you can carry items up to 1,568mm long, with one or two passengers in the back. For bulky items, like flat pack furniture, fold down the second row seats completely to create up to 1,234 litres of space. Optional easy-to-use rails and a divider net help increase the adaptability of loadspace stowage, and stop objects dropping onto the back seats.

*Only available with Keyless Entry.

NEW E-PACE CHEQUERED FLAG

Jaguar's stylish and athletic line-up of compact luxury SUVs has been enriched by the addition of a Chequered Flag Special Edition with unique exterior and interior features. Outside, it more than benefits from a Black Design Pack, which goes beautifully with a set of sporting 19" Satin Dark Grey wheels. Chequered Flag branding adorns the treadplates and side vents, whilst a powered tailgate and panoramic roof complete the stunning look. There are three colour options: Corris Grey, Yulong White and – exclusive on E-Pace Chequered Flag – Photon Red. Inside, Ebony grained leather upholstery with Flame Red stitching continues the subtle makeover, together with heated front seats, Interactive Driver Display and Connect Pro Pack.

Features:

Available with Ingenium 2.0 litre 4-cylinder D150 and D180 AWD Automatic Turbocharged Diesel and Ingenium 2.0 litre 4-cylinder P200 and P250 AWD Automatic Twin Turbocharged Petrol engines.

Exterior:

• Black Pack with 19" Satin Dark Grey wheels • Fixed panoramic roof • LED headlights with signature DRL • Side vent badging featuring a Chequered Flag • Colour choices: Corris Grey, Yulong White or Photon Red • Powered tailgate and Keyless Entry as standard.

Interior:

• Chequered Flag Ebony grained leather with Flame Red stitching • 10-way heated front seats • Ebony Morzine headlining interior trim • Chequered Flag branded treadplates • Interactive Driver Display • Navigation Pro, Connect Pro Pack and Smartphone Pack.

E-PACE SPECIFICATION

 Configure your vehicle at jaguar.co.uk

This is where our E-PACE becomes your E-PACE. You have a number of choices, from selecting E-PACE or E-PACE R-Dynamic, your engine and specification pack, to exterior and interior colours, wheels and those detailed touches that make the vehicle your own. You can also design and build your perfect E-PACE on our online configurator at jaguar.co.uk

*The figures provided are NEDCeq calculated from official manufacturer's WLTP tests in accordance with EU legislation. For comparison purposes only. Real-world figures may differ. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted. NEDCeq are figures calculated using a Government formula from WLTP figures equivalent to what they would have been under the old NEDC test. The correct tax treatment can then be applied. **WLTP is the new official EU test used to calculate standardised fuel consumption and CO₂ figures for passenger cars. It measures fuel, energy consumption, range and emissions. This is designed to provide figures closer to real-world driving behaviour. It tests vehicles with optional equipment and with a more demanding test procedure and driving profile.

6 CHOOSE YOUR OPTIONS AND JAGUAR GEAR

 Configure your vehicle at jaguar.co.uk

EXTERIOR FEATURES AND PACKS

Full Length Roof Rails¹

Factory-fit roof rails facilitate easy fitment of cross bars for truly stable roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Available in Black or Silver finishes.

Privacy Glass

Darkened privacy glass lets rear seat passengers enjoy greater privacy and helps reduce glare from the sun.

LED Headlights with Signature DRL²

See page 30.

Matrix LED Pack

This offers Matrix LED headlights with signature DRL and front and rear Animated Directional Indicators. See page 30.

Auto High Beam Assist (AHBA)³

Auto High Beam Assist (AHBA) provides improved comfort and safety when driving at night. AHBA uses a forward facing camera to detect oncoming headlights and dips the main beam automatically.

Infrared Reflective Windscreen

This windscreen filters sunlight to reduce heat, and prevent UV rays from entering the cabin.

No Badges

You have the option to remove both the specification pack and engine badges from the side vents and rear of the vehicle respectively.

Twin Tailpipes with Finishers⁴

Premium performance-inspired, round integrated exhaust finishers.

Heated, Electric, Power Fold Mirrors with Approach Lights and Driver Side Auto-Dimming⁵

Quickly remove frost and dew. Driver side auto-dimming reduces glare from vehicles travelling behind you. Power fold makes parking in narrow spaces easier by reducing your vehicle's overall width. Upon unlocking your vehicle, approach lights illuminate, projecting the signature Jaguar wordmark underneath the mirror.

Heated, Electric, Power Fold Mirrors with Memory, Approach Lights and Driver Side Auto-Dimming^{5,6}

Improving visibility when manoeuvring, these heated door mirrors feature auto-dipping functionality when Reverse gear is selected. In addition, the door mirrors are power folding, to avoid damage during parking in confined spaces. Combined with memory seats, the mirrors are also equipped with a memory function. Once you set your ideal seating and mirror positions, it automatically recalls your preferred driving position settings. Integrated approach lights to the underside of the mirrors illuminate the ground with an eye-catching Jaguar and cub design.

Electrically Deployable Tow Bar

See page 35.

Chrome Side Window Surrounds

Chrome side window surrounds accentuate the stylish design of E-PACE.

Privacy Glass

Matrix LED Headlights with Signature DRL

¹Must be selected with fixed panoramic roof. ²Standard on S, SE and HSE Specification Packs. ³Standard on SE and HSE Specification Packs. ⁴Standard on all E-PACE R-Dynamic models and on E-PACE models with D240 and petrol engines. ⁵Standard on S Specification Pack. Must be selected with auto-dimming interior rear view mirror. ⁶Must be selected with auto-dimming interior rear view mirror and memory seats. ⁷Standard on R-Dynamic models.

Features and their availability may differ by vehicle specification and market. Please refer to Specification and Price Guide for details or contact your nearest Jaguar Retailer, for more information.

Options specified may affect vehicle efficiency and pricing due to local taxation policy. Please configure at jaguar.co.uk or check with your local Jaguar Retailer.

SELECT YOUR FACTORY-FIT OPTIONS

Options must be specified at the point of ordering your new vehicle. For full feature and option availability, please refer to the accompanying Specification and Price Guide or visit your local Jaguar Retailer.

WHEELS AND TYRES

Reduced Section Steel Spare Wheel

Reduced section steel spare wheel with vehicle jack and wheel brace. Stored under loadspace floor.

All-Season Tyres

All-season tyres seamlessly combine the qualities of summer and winter tyres, so you can use them all year round. They are designed for regions with moderate winters characterised by light snowfall, where temperatures rarely drop below freezing.

Reduced Section Steel Spare Wheel

INTERIOR FEATURES AND PACKS

Illuminated Metal Treadplates with Jaguar Script

Illuminated aluminium treadplates, featuring Jaguar script are available on driver and front passenger sides.

Bright Metal Pedals⁷

Stainless steel Bright finish sports pedal covers feature hidden fixings for a clean finish.

Configurable Ambient Interior Lighting

This feature allows you to vary the colour and shade of the cabin, changing the ambience to suit your mood. There are ten colours in total.

Smoker's Pack

Add a lighter socket and ashtray to the centre console.

Auto-dimming Interior Rear View Mirror²

See page 9.

Cabin Air Ionisation

Nanoe™ technology enhances the well-being of both driver and passengers alike. It improves the air quality within the vehicle cabin by minimising allergens, viruses, airborne bacteria and associated odours. It does so by ionising particles in the air, making them attract to and neutralise the air contaminants. It can be switched on or off.

Air Quality Sensor

This extra climate control option monitors the air quality within the cabin and automatically recirculates it as necessary.

Traffic Sign Recognition with Adaptive Speed Limiter^{6,7}

Keeps you fully informed and aware on the road, by displaying speed limits and 'no overtaking' signs in the instrument cluster where they can easily be seen. When activated, our Adaptive Speed Limiter uses Traffic Sign Recognition information to adjust your vehicle's speed accordingly by using the cruise control system.

Head-up Display

CONVENIENCE

Keyless Entry¹⁰

Allows you to lock and unlock E-PACE without pressing a button. Simply approach the vehicle with the key fob in your pocket or bag, and unlock and disarm the vehicle using the door handle. When leaving the vehicle, you can lock E-PACE by simply pressing the button on the door handle, or by using the key fob.

Activity Key

See page 35.

Powered Tailgate¹³

See page 36.

Powered Gesture Tailgate¹⁴

See page 36.

Garage Door Opener (HomeLink®)¹⁵

The HomeLink System is a universal transmitter fitted to the underside of the interior rear view mirror. This transmitter can be programmed to operate up to three home or office wireless controlled systems, such as garage doors, automatic gates, or security lighting.

Secure Tracker¹⁶

See page 21.

Loadspace Partition Net

Designed to protect vehicle occupants against the displacement of luggage.

Loadspace Storage Rails with Luggage Retention Kit

Loadspace rails extend and adjust to secure items.

Additional Power Sockets

Three additional USB charging points in the second row centre console.

Click and Go Integrated Base Unit

The Click and Go range is a multi-purpose seat-back system for second row passengers. The versatile Click and Go base unit is integrated into the seat-back and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately.

⁹Must be selected with Digital TV and Meridian audio. ¹⁰Standard on HSE Specification Pack. ¹¹Must be selected with power fold mirrors with driver side auto-dimming.

¹²Must be selected with power fold mirrors with driver side auto-dimming. Automatic transmission only. ¹³Standard on SE and HSE Specification Pack. ¹⁴Must be selected with Keyless Entry.

¹⁵Must be selected with auto-dimming interior rear view mirror. ¹⁶Secure Tracker will require further subscription after the initial term as advised by your Jaguar Retailer.

HomeLink® is the registered trademark of Gentex Corporation.

6 CHOOSE YOUR OPTIONS & JAGUAR GEAR

 Configure your vehicle at [jaguar.co.uk](https://www.jaguar.co.uk)

SELECT YOUR JAGUAR GEAR

Jaguar Gear Accessories can be purchased through your Jaguar Retailer and added at any stage of the vehicle's life - not just when it's new. Jaguar Gear approved accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

For our full range of accessories please search 'Jaguar Gear Accessories' to view the online catalogue.

VEHICLE SHOWN: E-PACE R-DYNAMIC SE IN CALDERA RED WITH OPTIONAL FEATURES FITTED

EXTERIOR ACCESSORIES

Fixed Side Steps^{1,2}

The side steps aid entry and exit to the vehicle and improve access to the roof. Design features Jaguar branding and includes Brushed Stainless Steel edge trim and a rubber tread mat, to complement the vehicle's exterior styling cues.

Bright Side Tubes²

Highly polished stainless steel side tubes complement the vehicle's exterior style.

Carbon Fibre Mirror Covers

High grade Carbon Fibre mirror covers provide a performance-inspired styling upgrade.

Noble Chrome Mirror Covers

Noble Chrome mirror covers accentuate the stylish design of the exterior mirrors.

Carbon Fibre Side Power Vents

High grade Carbon Fibre side power vents provide a performance-inspired styling upgrade.

Splash Guards – Front and Rear

Jaguar branded splash guards complement the lines of your vehicle, reduce spray and provide protection from dirt and stone chippings.

Stainless Steel Undershield – Front and Rear³

Manufactured from stainless steel, the stylish front and rear undershields feature a premium polished finish.

Fixed Side Steps

Carbon Fibre Mirror Covers

¹Recommend to be fitted with front splash guards to protect against the build up of snow, ice or mud in extreme conditions.

²Fitment may affect the all-terrain capability of the vehicle. ³Rear undershield not available with towing systems.

Options specified may affect vehicle efficiency and pricing due to local taxation policy. Please configure at jaguar.co.uk or check with your local Jaguar Retailer.

6 CHOOSE YOUR OPTIONS & JAGUAR GEAR

 Configure your vehicle at jaguar.co.uk

INTERIOR ACCESSORIES

Luxury Carpet Mats¹

Luxurious, tailored 2,050g/m² pile front carpet mats with embossed Jaguar logo and Nubuck edge binding. The premium mats provide a well appointed finishing touch to the interior.

Rubber Mats¹

Hard-wearing Jaguar branded rubber mats provide added protection for your vehicle's carpets.

Luggage Compartment Luxury Carpet Mat with Bumper Protector

Luxurious soft luggage mat with Jaguar logo. Deep premium 2,050g/m² pile with Nubuck edging. Integrated with a bumper liner, which provides protection to the bumper from scuffs and scratches as well as preventing clothing from collecting dirt when loading and unloading. The liner can be stowed under the mat when not in use.

Luggage Compartment Rubber Mat

This premium mat is tailored specifically to protect the luggage compartment. Light and durable, it is easily removable for cleaning.

Aperture Retention Net

The aperture retention net prevents small items from falling out of the loadspace when the tailgate is opened and maximises packing space. Manufactured from premium lightweight materials including high grade machined aluminium to ensure robust quality.

Sport Pedal Covers

Made from stainless steel and rubber, the pedal kit fits securely over existing pedals for a contemporary, sporting appearance.

Pet Loadspace Protection Pack

To provide protection and easy cleaning of the luggage compartment from wet and muddy paws. Combines the quilted luggage compartment liner, full height luggage partition and spill resistant water bowl. The perfect solution for owners who carry dogs or other pets in the luggage compartment of their vehicle.

Personalised Sill Treadplates - Illuminated

Elegantly styled stainless steel sill treadplate finisher for driver or passenger doors. Illuminates when either the driver or passenger doors are opened. Highlighted by soft Phosphor Blue lighting. Allows customer to specify a monochrome 'motif' in a choice of approved typefaces/scripts.

Pet Loadspace Protection Pack

Personalised Sill Treadplates - Illuminated

¹Not compatible with vehicles fitted with a fire extinguisher. ²Consideration should always be given to the roof load capacity to ensure this is not exceeded, contact your nearest Jaguar Retailer for more information. ³Roof rails are a line fit option and not available as accessory. ⁴Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. ⁵Only available when accessory cross bars are selected. ⁶Part fitment varies depending on bike size, contact your nearest Jaguar Retailer, for more information. ⁷iPhone® is a registered trademark of Apple Inc., registered in the US and other countries. Contact your nearest Jaguar Retailer for more information on iPhone compatibility. ⁸Required for Click and Go accessories to be selected. ⁹Only available when optional Click and Go base is selected.

TOURING ACCESSORIES

Roof Cross Bars^{2 3 4}

Cross bars enable the use of a wide range of roof carrying accessories. They feature a unique release mechanism allowing for them to be easily fitted or removed without the use of tools. Cross bar options offered for vehicles with and without roof rails³.

Ski/Snowboard Holder^{4 5}

A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading.

Roof Luggage Box^{4 5}

Spacious 410 litre capacity lockable roof luggage box, measuring 175 x 82 x 45cm. Maximum load capacity of accessory is 75kg.

Roof Mounted Cycle Carrier^{4 5 6}

An easy to fit, roof mounted, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted.

Tow Bar Mounted Cycle Carrier

Premium tow bar mounted cycle carriers provide a convenient bike carrying solution with quick release loading attachments and secure locking mechanism. Clever design allows carrier to be tilted away from vehicle when fitted allowing access into the rear tailgate.

Roof Mounted Cycle Carrier

OTHER ACCESSORIES

iPhone® Connect and Charge Dock⁷

The iPhone Connect and Charge Dock has been designed to utilise the cupholder space in the central console. When connected, the iPhone's media is accessible and has the ability to be controlled via the integrated infotainment/audio system. The 'cut-out' design of the holder is such that the home button is also accessible for use when parked. The iPhone USB charger can be easily disconnected if the USB connection is required for other use.

Click and Go Base⁸

The Click and Go range is a multi-purpose seat back system for second row passengers. The versatile Click and Go base fixes between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.

Click and Play⁹

Click and Play is a removable tablet holder attachment which is available for various tablets, and can be easily positioned in multiple angles for in cabin comfort and rear seat entertainment.

Sunshades – Rear and Side

Easy to install and remove, these clip-in sunblinds fold for convenient stowage. Supplied with Jaguar branded stowage bag.

Centre Armrest Cooler/Warmer Box

Food and drinks chiller and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

Click and Play

THE WORLD OF JAGUAR

Your Jaguar drives with an instinct for performance, refined through decades of innovative design and engineering. Power and agility are combined with elegance and grace to deliver a vehicle like no other. As a celebration of Jaguar, we've created a range of experiences, publications and the Jaguar Lifestyle Collection. To top it all, we've even returned to the track with Jaguar Racing. Welcome to a world where every aspect of performance is an art.

EXPERIENCE DRIVES

There's no better way of understanding the spirit of Jaguar than by getting behind the wheel. Jaguar Experience Drives are an opportunity to unleash the breathtaking performance of our incredible Jaguar range. Join us at one of our Experience Centres, or take part in the Art of Performance Tour. New sensations await.

ICE ACADEMY

Take your driving to the next level with Ice Academy. Located on one of the many frozen lakes in Arjeplog, Sweden, your driving skills will be tested through tackling some of the harshest, most challenging tracks on the planet. It's a rare chance to dance on ice and glide around awe-inspiring corners, all under the expert guidance of our instructors. Encounter the true exhilarating potential of the latest Jaguar and Land Rover vehicles in extreme conditions.

SPECIAL VEHICLE OPERATIONS

With outstanding performance, cutting-edge technology and incomparable luxury, Jaguar is a showcase for the finest in design and engineering. Special Vehicle Operations takes this even further. Adorned with the SV badge, halo models and limited-run collector's editions are the very pinnacle of the Jaguar range, offering a combination of the ultimate in power and dynamics.

ABB FIA FORMULA E

Jaguar's reputation for performance, technology and design was forged at the world's most challenging circuits and championships. From Le Mans to Formula 1, and now Formula E, the grid is our test bed. Formula E provides the perfect proving ground for electric vehicle technology in a high-performance environment. The racing series accelerates the development of Jaguar's electric powertrains. With every race, Formula E helps Jaguar engineers to create better electric vehicles.

JAGUAR I-PACE eTROPHY

We're making history. Again. Our latest development as leader in the global automotive race to electrification is I-PACE eTrophy - the world's first all-electric production-based international race series. Engineered and built by Special Vehicle Operations to compete on the zero emissions world stage, racers of the future will push electrification to thrilling heights.

AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your E-PACE to contribute to optimum performance and to help maximise its lifespan.

FLEET & BUSINESS

Jaguars are dynamic and distinctive cars that help companies express the unique character and personality of their business. We are committed to providing customer-focused aftersales services, ensuring that every Jaguar performs to the highest standard and in the most cost-efficient way for businesses. Visit jaguar.co.uk/fleet-and-business for more information.

JAGUAR ASSISTANCE

Jaguar Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

JAGUAR FINANCIAL SERVICES

New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local Jaguar Retailer to find out more.

INSURANCE

E-PACE's key components are easily accessible for time-efficient service and repair costs. With a focus on lower repair costs, E-PACE delivers competitive insurance group ratings. To find out more about the compelling business case for E-PACE, please contact your local Jaguar Retailer.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications or availability, nor does it constitute an offer for the sale of any particular vehicle, part or accessory. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

COLOURS

Image colours reproduced here are provided for illustrative purposes only. Colours reproduced on-screen and may therefore vary compared to the actual finish. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Jaguar Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development.

Search 'Jaguar Environmental Innovation' for more details.
