VOLVO S60

YOUR OWN S60 IS IN REACH

The new S60 celebrates the joy of driving through design. Sculpted sides, a sleek profile and muscular shoulders above the rear wheels highlight the car's athletic character. Scandinavian elegance and dynamic attitude combine to give it a purposeful, focused presence. It is a car that confidently communicates its ability on the road.

Distinctive details enhance the powerful character of the new S60 and identify it as one of the new generation of Volvo cars. The prominent front grille wears its Volvo emblem proudly, while the long bonnet and deep front bumper express power. Full LED headlights with Volvo Cars' unique T-shaped light signature create an unmistakable presence, day or night. At the rear, the boot edge kicks upwards for a sportier attitude and better aerodynamics at speed.

The new S60 inspires you to drive, with a chassis that strikes a balance between comfort and control. Precise, responsive steering creates a feeling of connection to the road, providing sharp handling and maximum agility.

Purity, quality and fitness for purpose are the cornerstones of Scandinavian interior design and the interior of the new S60. Welcome to an uncluttered, inspiring space that invites you to savour the sense of luxury and focus on enjoying the drive.

The sleek centre display touch screen is your intuitive command centre with simple voice control which gives you access a world of entertainment. Available with a range of features that use the car's connectivity services to make journeys simpler, help you remain connected and enjoy your favourite music on the move.

The exact CO₂ figures of the vehicle will vary according to any options and packs specified.
- ²⁾ Vehicles with a retail price over £40,000 (including paint, options, packs and delivery costs) when new, pay an additional £325 per year on top of the standard rate, for five years from the start of the second licence.
