VOLVO S90

YOUR OWN S90 IS IN REACH

The Volvo S90 puts you at the heart of a luxury experience. An experience where intelligent, beautiful design works in harmony with cutting edge innovation. A combination of exquisite, natural materials with sophisticated, intuitive technology that continues the journey we started with the XC90.

Swedish luxury is about the beauty of simplicity, using natural and simple details to express the Scandinavian heritage enjoyed and celebrated at Volvo Cars since its creation in 1927. The exterior design defines the cars character, communicating solidity and confidence. The cabin creates a sanctuary, offering an uncluttered and spacious interior with Volvo's world famous sculpted seats.

By using intuitive technology, Volvo's in-car infotainment control system, Sensus, the majority of functions inside the vehicle are controlled via a 9" center touch screen, removing the need for physical buttons which allows for a cleaner and simpler user interface.
