Powerful. Sustainable.

100% electric, 100% SUV

Welcome to the new ID.4, Volkswagen's first all-electric SUV. Combining the sustainability of an electric vehicle with the versatility of an SUV, the ID.4 offers a ground-breaking package of net carbon-neutral mobility, agile performance, sporty good looks and exceptional spaciousness. An array of advanced features provides impressive connectivity, functionality and intuitive control, along with outstanding ride characteristics, refinement and handling, delivering electrical performance that's nothing short of inspirational.

Front cover model shown is new ID.4 1ST Edition.

A perfect fusion of form, function and **sustainability**

With its sleek design and LED light strip extending below the bonnet to create continuous illumination with the LED headlights, the ID.4 makes a powerful statement. Aerodynamic styling is clean, flowing and powerful, with recessed door handles, a rear roof spoiler and a low drag coefficient of 0.28 maximising range, making the new ID.4 substantially more efficient than most SUVs. The fully electric platform and extra-long wheelbase ensure ample interior space, with compact exterior dimensions and a surprisingly agile turning circle of just 10.2 metres provides outstanding manoeuvrability.

01 The unique rear design with distinctive **LED rear light clusters** link seamlessly to the newly designed Volkswagen roundel to help create a dynamic, eye-catching exterior.

More **space**. More **luxury**. More **comfort**.

As soon as you sit in the new ID.4, you'll experience a world of difference. Thanks to Volkswagen's new electric platform, there's a generous amount of space, with plenty of head and leg room, especially in the rear. The interior cabin adds to the feeling of light and space, with comfort enhanced by a 6-way adjustable driver's Comfort seat and 4-way adjustment for the front passenger, heated multifunction steering wheel, interactive ID.Light feature and Discover Navigation Pro system with 10 inch capacitive touch-screen for all your infotainment needs.

Interior shown is new ID.4 1ST Edition.
Image shown may not necessarily reflect UK specification – always consult your authorised Volkswagen retailer for full details.

01 The ID.4's exclusive design is evident all throughout the interior, a highlight being the unique 'Play & Pause' pedals.

02 There's room for everything in the **spacious luggage compartment**, with its variable load floor and additional capacity from 543 litres up to 1,575 litres when the rear seat backrest is folded down.

Simply intelligent

The new ID.4 not only offers impressive power but also real intelligence. Inside, ID.Light communicates with you via light signals and Hello.ID gives you voice control for the radio, navigation and phone allowing you to talk to your ID.4 naturally and intuitively without the distraction of buttons or switches. Many vehicle functions can be controlled via the We Connect ID. App, using your smartphone as a remote control, and the Digital Cockpit allows you to customise your display to your personal taste, whether it be driving data, navigation details, audio or even the driver's assistance systems.

01 The **Digital Cockpit** provides a high-resolution TFT dash display with customisable menus that can be configured as you wish, providing such information as detailed driving data, graphic displays of your driver assistance systems, and, when used in conjunction with the Discover Navigation Pro system, the Digital Cockpit will also display the navigation directions.

02 Make every journey memorable by gently illuminating the interior with atmospheric **ambient lighting**. Choose from a selection of 30 different colours which extend across dash, below the trim in the front and rear doors and front centre storage tray. Whether you're driving in a well-lit city or dark country lanes, the choice of your favourite lighting enables you to create just the right atmosphere for you and your passengers.

03 If you need to transport equipment for your work or hobby, the optional **transport hitch** provides a simple solution, designed to pull loads of up to 750 kg (unbraked) or 1,000 kg (braked), and when you don't need it, simply fold it out of sight under the bumper. Optional on all models. Image shown is a left-hand drive European model and may not necessarily reflect UK specification – always consult your authorised Volkswagen retailer for full details.

1 Net to energy amount.

2 Figures for the Volkswagen ID.4 battery electric vehicle. Fuel consumption for battery electric vehicles is N/A and CO₂ emissions are zero while driving. Battery electric vehicles require electricity for charging. Figures shown are for comparability purposes; only compare fuel consumption, CO₂ and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 8.3.2021. Figures quoted are for a range of configurations (including non-UK) and are subject to change due to ongoing approvals/changes. For more information, please see www.volkswagen.co.uk/need-help/wltp or consult your authorised Volkswagen retailer.

3 For full details of 'First year rate' VED (Vehicle Excise Duty), delivery to retailer, number plates and vehicle first registration fee included in the recommended 'On the road' retail price, [please click here](#).

4 A £2,500 Plug-In Vehicle Grant is currently offered by the Office for Zero Emission Vehicles (OZEV) to eligible manufacturers to promote the purchase of vehicles which can travel a defined distance with zero emissions. The e-up!, e-Golf and ID.3 currently qualify for the grant where the RRP is less than £35,000. Grant eligibility is based on the Recommended Retail Price (RRP) including number plates, VED and VAT, delivery charges, administration fees and selected options affecting battery capacity, drive train configuration or maximum net power. No grant is available for vehicles costing £35,000 RRP or more. Please consult your Volkswagen retailer to confirm eligibility based on your selected configuration. Your Volkswagen retailer will submit the details of your order online in order to claim the grant funding, if applicable. The grant has already been deducted from the 'Recommended on The Road' prices shown and pricing is subject to change in the event that options are added which increase the price to £35,000 or more, or in the event of change to the grant scheme.

The OZEV grants are subject to full T&Cs, available at www.volkswagen.co.uk/electric/should-you-go-electric/cost-savings/government-grant, and eligibility criteria. Vehicle eligibility and grant figure correct as at March 2021. UK sales only (excludes Channels Islands and Isle of Man). Grant scheme may be withdrawn and eligibility/amounts may change at any time without prior notice. To find out more contact your Volkswagen retailer www.volkswagen.co.uk/find-a-retailer.

5 P11D value = Total recommended retail price + delivery to retailer £509.17, + number plates £20, + VAT £105.83 (calculated by reference to total of delivery to retailer + number plates), not including the automatic 'PIVG' deduction. P11D value is based on standard specification model with no factory-fitted options or other accessories.

6 The ABI insurance group is the recommended insurance rating set by the Association of British Insurers. Please note that insurance group ratings are purely advisory. They are used by insurers (ABI members and Lloyd's syndicates) as one of the factors in calculating premiums. Insurers are not required to follow the advisory group ratings and they may depart from them if they so wish.

‡ This vehicle is a WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicle. More information is available at www.volkswagen.co.uk/need-help/wltp.

RDE2 refers to Real Driving Emissions Step 2.

● Standard equipment ○ Optional equipment – Not available. Factory-fitted options are subject to availability and extended delivery.

Volkswagen UK may change RRP's at any time (this includes where there are government changes in regulation and/or legislation).

There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Volkswagen retailer.

VAT IS CALCULATED AT 20%. EFFECTIVE FROM 8 APRIL 2021.

ID.4 1ST Edition

[Click here for more details](#)

Model shown is new ID.4 1ST Edition.
Image shown may not necessarily reflect UK specification – always consult your authorised Volkswagen retailer for full details.

The ID.4 launches with the high-spec 1ST Edition model. Agile and athletic, with striking 20 inch alloy wheels and a ground clearance of 21 cm underlining its sporty, powerful character, it benefits from a performance upgrade, including a large 77 kWh battery and 204 PS motor, ensuring smooth, exhilarating acceleration. A wealth of refined design features, materials and finishes provides an impressive level of standard equipment with many exclusive interior and exterior design highlights.

- Rear wheel drive
- Tool kit

BEV specific

- Charging cable Mode 3 Type 2, 32 A (1-Phase) - 6 metres
- Exterior e-sound
- 7.2 kW 1-Phase and 11 kW 3-Phase AC and 125 kW DC charging

Exterior

- Bi-colour concept - 'Silver' exterior styling pack
- Black roof
- Body-coloured bumpers and flush integrated door handles
- Gloss Black door mirrors with integrated indicators
- Interior and exterior 1ST Edition badging
- LED headlights
- LED rear tail lights
- Roof rails, silver anodised
- Rear tinted glass from B-pillar backwards, approx. 65% tinted

Interior

- Carpet mats, front and rear
- Centre console and armrest integrated into the front seats
- Drivers' and front passenger's seat height adjustment
- Illuminated smartphone storage compartment
- Interior 'Style' comfort seats in Art Velours microfleece
- Leather-trimmed, heated multifunction steering wheel
- 'Pause & Play' pedals
- Rear seat bench unsplit, backrest split folding with centre armrest
- Storage compartments in front and rear doors
- Sun visors with illuminated vanity mirrors

Connectivity

- Car2X - intelligent vehicle networking
- Driver and vehicle integration with Volkswagen call centre or server for: 'eCall' - Emergency call service for SOS calls to emergency response
- Security and Service
- We Connect ID. App^{1,2}

Infotainment

- 'App-Connect' with Wireless connection³ for Apple CarPlay and Android Auto
- Bluetooth telephone and audio connection for compatible devices⁴
- Digital radio DAB+
- Discover Navigation Pro capacitive touch-screen navigation infotainment system with 10 inch display
- Dynamic Road Sign display
- Hello.ID natural voice control
- 2 USB-C ports in the front, 2 USB-C charging sockets on the centre console in the rear
- 6 speakers front and rear with 140 watt output

Safety and Security

- Anti-theft alarm with interior protection, deactivation via infotainment screen
- Centre airbag
- Curtain airbag system, for front and rear passengers
- Driver's and front passenger's airbags with passenger's airbag deactivation switch
- First aid kit with warning triangle and safety vest
- Front seat side impact airbags
- Isofix child seat preparation, front passenger seat and outer rear seats (also fitting i-Size child seats), including 2 top tethers on the outer rear seats
- Proactive Passenger Protection
- Remote central locking with 2 remote keys
- Single-tone horn
- Tyre pressure loss indicator
- Warning buzzer and light for front seat belts if unfastened
- 3-point seat belts in front with seat belt pre-tensioners
- 3 rear head restraints, height adjustable

Comfort and Convenience

- Ambient lighting with 30 colour options
- 'Air Care Climatronic' 2-Zone air conditioning system
- Automatic dimming interior rear-view mirror
- Electric auxiliary air heater
- Electric windows, front and rear
- Exterior door mirrors power-adjustable, folding and heated
- Heated front seats
- Heated windscreen washer jets
- Keyless go
- Rain sensor and rear window wiper

Driver's Assistance

- Adaptive Cruise Control (ACC), including Front Assist, radar sensor controlled distance monitoring system, City Emergency Braking system, cruise control and speed limiter
- Digital dashboard
- Driver Alert system, fatigue detection
- Electronic parking brake - with auto hold function
- High Beam Assist
- ID.Light
- Lane Assist
- Oncoming vehicle braking when turning and swerve support
- Parking sensors, front and rear
- Power-assisted steering, speed-sensitive
- Rear-view camera
- Remote tailgate unlocking, via key fob

Services

- We Connect Plus^{1,2} for the first 3 years
- Mobility guarantee in case of car breakdown for the first 3 years
- Special We Charge conditions for ID.4 customers within the first 3 years

1 To use the free We Connect ID. App you will need a smartphone with iOS or Android operating system and a SIM-card with a data option. Depending on your mobile tariff, sending and receiving data online may incur additional charges (e.g. roaming charges), particularly if you are using We Connect abroad. For more information on We Connect services, go to www.portal.volkswagen-we.com or contact your Volkswagen retailer.

2 We Connect services are accessed via a compatible mobile device. Please see www.portal.volkswagen-we.com for more information. The use of We Connect entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. Information on the duration of We Connect services can be obtained once a user account has been registered on the We Connect web portal.

3 'App-Connect' with Wireless connection may require a software update in Q1 2021 to be enabled.

4 Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

The specifications listed are for information purposes only as our products are continually updated and changes may be made to the specifications at any time. If you require any specific feature, please consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Specifications are subject to change without notice.

ID.4 Life

[Click here for more details](#)

Model shown is new ID.4 Life with optional metallic paint. Image shown may not necessarily reflect UK specification – always consult your authorised Volkswagen retailer for full details.

Following on from the ID.4 1ST Edition, the 204 PS ID.4 Pro Performance 77kWh battery is now available in the new ID.4 Life, Family and Max models. The Life continues the standard of the ID.4's high level of specification, with equipment detailed in packs to easily compare and select the trim that best suits your needs. Highlights among these packs for the ID.4 Life include a leather-trimmed, heated multifunction steering wheel, 'Style' comfort seats in Art Velours microfleece and 'Pause & Play' pedals, all as part of the Interior Style pack. The Infotainment package comprises a 10-inch Discover Pro touch-screen system with navigation and wireless smartphone charging. The Comfort pack contains a heated front climate windscreen, 'Air Care Climatronic' 2-Zone air conditioning system and ambient lighting with a choice of 30 colour options, to name just a few.

ID.4 Max

ID.4 Family

Models shown are new ID.4 Family and new ID.4 Max with optional metallic paint. Image shown may not necessarily reflect UK specification – always consult your authorised Volkswagen retailer for full details.

The ID.4 Family builds upon the Life's generous specification with stylish 19 inch 'Hamar' alloy wheels, while the exterior is further enhanced with 'IQ. Light' LED dipped and main beam headlights including Dynamic Light Assist, LED daytime running lights and Dynamic curve lighting and features illumination between the headlights as well as door handle recesses. The rear lights are 3D LED and feature turn signal animation, while tinted glass for the rear side and rear windows and panoramic sunroof finish the striking exterior. As the flagship of the ID.4 range, the Max is the most comprehensively-equipped model and adds technology and convenience in abundance. From the larger 12-inch Discover Max infotainment system or augmented reality head-up display to the Top-Sport Plus heated seats with integrated head restraints, 12-way electrically adjustable seat with memory and massage functions to Area view, Emergency Assist, Side Assist, Travel Assist and Emergency Assist driver assistance systems and even a heat pump – the ID.4 Max delivers on every level.

Simple, efficient and **clean**

We Charge provides the ideal solution for charging your ID.4, whether you're at home, out and about or on a long journey. Easy to use, via the We Connect ID. App, it enables you to find available charging stations nearby, plan routes with charging stop recommendations and automatically pay for charging. At a DC rapid-charging station, it takes around 30 minutes to recharge your ID.4 with enough direct current to cover the next 198 miles. At home, you can charge your ID.4 using a domestic mains socket, or alternatively, a home charger is recommended providing you with your own charging station for quick, easy, efficient charging.

[Click here for more details](#)

Charging We Charge

Taking the hassle out of charging. From £0 per month, We Charge connects you with charging stations everywhere using the We Connect ID. App and offers exclusive prices for Volkswagen ID. customers. Find out how We Charge makes e-fuelling easier by visiting www.volkswagen.co.uk/electric/research/charging-and-range/we-charge

- Find and use over 150,000 public charge points
- Charge across Europe with just a charging card
- Find the right We Charge plan to suit you
- Exclusive prices for the IONITY high-speed charging network

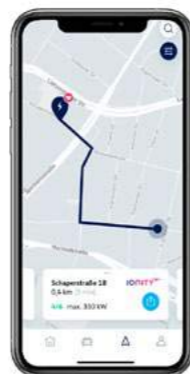

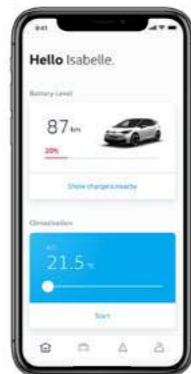

We Charge finds charging stations near you, helps you with route planning and allows you to charge at over 150,000 public charge points across Europe with your charging card. These include IONITY's high-speed charging stations along major highways – easy to use with We Charge.

Access to over 150,000 charging points in Europe.

We Charge gives you instant access to the 400 Rapid chargers across Europe.

Elli is a provider for energy and charging solutions. It makes all benefits of the energy transition accessible for all – easy and effortless. As part of the Volkswagen group, Elli will be providing the Volkswagen ID. Charger to support all your home and business charging requirements – available in the coming months.

Pod Point

The intelligent way to charge your BEV

We've teamed up with one of the UK's largest charge point providers, Pod Point, to get you out on the road in double-quick time.

Their easy, streamlined approach, which has already benefited over 70,000 UK electric vehicle owners, is broken down into simple stages.

So, why use Pod Point?

Their Solo Home Charger is fast, safe and smart.

- Charge up to 10x faster than a 3-pin plug
- Over-the-air software updates (via Wi-Fi) can unlock new features
- Auto Power Balancing lets your BEV charge in harmony with your home
- Pair with the Pod Point App to track charging costs and energy usage
- Free three-year on-site warranty included
- Professional, friendly and punctual installation service
- 4.7/5 customer satisfaction rating
- Charge at 3,000+ public bays on the Pod Point Network and see your activity in the Pod Point App, alongside your home charging sessions.

For more information, please phone **020 7247 4114** or visit **www.pod-point.com**

VED and additional 'On the road' costs.

Diesel vehicles that do not meet the RDE2 standard will be charged a supplement on their 'First year rate' to the effect of moving up by one VED (Vehicle Excise Duty) band. The following tables give the rates of vehicle tax on cars registered on or after 1 April 2021. Please refer to the Model Prices pages to confirm which models are RDE2 compliant.

'FIRST YEAR RATE' VED – CARS REGISTERED ON OR AFTER 1.4.2021 BASED ON CO₂ EMISSIONS AND FUEL TYPE

Petrol/Diesel[†] – 'First year rate' VED

Diesel[‡] – 'First year rate' VED

Alternative fuel – 'First year rate' VED

CO ₂ emissions (g/km)	Petrol/Diesel [†] VED £	Petrol total 'On the road' costs £
0	0.00	690.00
1-50	10.00	700.00
51-75	25.00	715.00
76-90	115.00	805.00

151-170	545.00	1,235.00
171-190	885.00	1,575.00
191-225	1,335.00	2,025.00
226-255	1,900.00	2,590.00
Over 255	2,235.00	2,925.00

The way VED (Vehicle Excise Duty) vehicle tax is calculated will change for vehicles that are first registered with the DVLA on, or after, 1 April 2018. All new diesel vehicles registered after 1 April 2018 that do not meet the RDE2 standard will be charged a supplement on their 'First year rate' to the effect of moving up by one VED (Vehicle Excise Duty) band.

If a new vehicle is registered on or after 1 April 2018, after the 'First year rate' VED the majority of vehicles move to the 'Standard rate' of vehicle tax which is £155 a year.

The 'First year rate' will be based on the CO₂ emissions, fuel type and the list price of the vehicle supplied by the Manufacturer or Retailer as applicable on the day before the vehicle is first registered and taxed.

After the 'First year rate', all vehicles with zero emissions will be exempt from the 'Standard rate' of vehicle tax. All petrol and diesel vehicles will pay a standard rate of £155 a year, and alternative fuel vehicles will pay a standard rate of £145 a year.

Petrol or diesel vehicles with a list price over £40,000 at first registration will pay £490 a year, after the first 'First year rate' vehicle tax, for a period of five years. This comprises the £155 'Standard rate' and £335 additional rate. After five years the vehicle tax will revert to the 'Standard rate' of £155 per year.

Alternative fuel vehicles – hybrids, bi-ethanol or LPG, with a list price over £40,000 at first registration will pay £480 a year after the 'First year rate' vehicle tax for a period of five years. This comprises the £145 'Standard rate' and £335 additional rate which reverts to £145 'Standard rate' after five years.

Vehicles with a list price exceeding £40,000 (excluding vehicles with zero emissions) will pay the additional rate of £335 a year for a further five year period, after the 'First year rate' tax. After the five year period these vehicles will pay zero VED tax.

[†] Diesel cars that are tested to RDE2 standards. [‡] Diesel cars, including those tested to RDE standards.

'STANDARD RATE' VED

'Standard rate' VED based on fuel type

Fuel type	CO ₂ emissions (g/km)	'Standard rate' 12 months VED £
Electric/Other	0	0.00
Petrol/Diesel	1 - Over 255	155.00
Alternative	1 - Over 255	145.00

After the 'First year rate', all vehicles with zero emissions will be exempt from the 'Standard rate' of vehicle tax. All petrol and diesel vehicles will pay a standard rate of £155 a year, and alternative fuel vehicles will pay a standard rate of £145 a year.

'STANDARD RATE' – OVER £40,000 RRP

'Standard rate' VED for vehicles over £40,000 list price – five year annual rate

Fuel type	'Standard rate' 12 months VED £	Additional rate £	Total annual payment £
Electric	0.00	0.00	0.00
Petrol/Diesel	155.00	335.00	490.00
Alternative	145.00	335.00	480.00

Petrol or diesel vehicles with a list price over £40,000 at first registration pay £490 a year after the 'First year rate' for a period of five years. Alternative fuel vehicles over £40,000 at first registration – hybrids, bi-ethanol or LPG, pay £480 a year after the 'First year rate' for a period of five years. After five years, vehicles will revert to their 'Standard rate' tax depending on fuel type. Electric or vehicles producing zero emissions over £40,000 at first registration are exempt from any charge after the 'First year rate'.

ADDITIONAL 'OTR' COSTS

Additional 'On the road' costs

Delivery to retailer	509.17
Number plates	20.00
VAT	105.83
Vehicle first registration fee	55.00
Total	690.00

The total 'On the road' costs above for petrol, diesel, electric and alternative fuel vehicles include the applicable 'First year rate' VED charge plus the 'On the road' costs as detailed above.

VAT IS CALCULATED AT 20%. EFFECTIVE FROM 8 APRIL 2021.

¹ Figures for the Volkswagen ID.4 battery electric vehicle. Fuel consumption for battery electric vehicles is N/A and CO₂ emissions are zero while driving. Battery electric vehicles require electricity for charging. Figures shown are for comparability purposes; only compare fuel consumption, CO₂ and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 8.3.2021. Figures quoted are for a range of configurations (including non-UK) and are subject to change due to ongoing approvals/changes. For more information, please see www.volkswagen.co.uk/need-help/wltp or consult your authorised Volkswagen retailer.

‡ This vehicle is a WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicle. More information is available at www.volkswagen.co.uk/need-help/wltp.

* Zero emissions while driving.

RDE2 refers to Real Driving Emissions Step 2.

EFFECTIVE FROM 8 APRIL 2021.

CO₂ emissions, BIK % and VED Bands with optional wheels.

Effect of wheel size on CO₂ emissions, BIK % and VED Bands.

Choosing alternative alloy wheels than standard, as an option, may result in different fuel consumption as well as different CO₂ emissions and subsequently an alternative Vehicle Excise Duty (VED) Band, while BIK rates paid by company car drivers may differ. This is due to the fact that different wheels have both alternative aerodynamic drag and mechanical drag, resulting in different rolling resistance and wind resistance. As a result, the VED Band that the vehicle falls into may differ from its original VED Band when fitted with standard size wheels. In some instances, the recommended 'On the road' retail price paid for the vehicle may change as a result of the change in VED rate. The chart below shows CO₂ emissions and the related VED Bands for vehicles with both standard-fit wheels and larger optional alloy wheels, as well as the different cost payable due to a change in VED Band if applicable.

ALL-ELECTRIC MOTOR	Doors	Transmission	Output, PS	Standard wheel size	CO ₂ emission, g/km ¹ , WLTP test cycle, standard wheels	First year VED £, standard wheels	BIK % with standard wheel size ²	Combined Electric Range, miles/km (WLTP) ¹	Optional alloy wheel and size	CO ₂ emission, g/km ¹ , WLTP test cycle, optional alloy wheels	First year VED £, optional wheels	BIK % with optional wheel size ²	Combined Electric Range, miles/km (WLTP) ¹

2 The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2021. These charges may differ from any charges displayed or quoted before 6 April 2021. The BIK % figure quoted includes the 4% diesel supplement, where applicable. Please consult your Volkswagen retailer for full details.

‡ These vehicles are WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicles. More information is available at www.volkswagen.co.uk/need-help/wltp.

EFFECTIVE FROM 8 APRIL 2021.

Company car taxation chart – tax year 2021/22.

How to calculate your company car income tax liability – effective 6.4.2021

The government is retaining the diesel supplement in company car tax until 2021, when EU-wide testing procedures will ensure new diesel cars meet air quality standards even under strict 'real world' driving conditions. In the 2017 Autumn Budget the Chancellor announced that there will be a new VED supplement on new diesel cars first registered from 1 April 2018 adding 4% to their appropriate percentage if the car is propelled solely by diesel (up to a maximum of 37%), so that their First-Year Rate will be calculated as if they were in the VED band above. However, this will not apply on those diesel cars which meet Real Driving Emissions Step 2 (RDE2) standards.

For further details of company car tax, please consult your authorised Volkswagen retailer, or visit www.volkswagen.co.uk/offers-and-finance/fleet/calculators/company-car-tax-calculator. Full details can be found at www.assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/815268/190617_-_WLTP_-_summary_of_responses_v2.2.pdf

1 P11D values given in this price list are based on standard specification models with no factory-fitted options or other accessories. If your car includes factory-fitted options or other accessories, you may need to adjust the P11D value to take this into account.
 2 From 6 April 2018, new income tax rates have been introduced for Scottish Taxpayers, these figures reflect the new Scottish rates. For full details of Scottish BIK tax liability, please refer to the [Benefit In Kind for Scottish Residents section](#)

1 Figures for the Volkswagen ID.4 battery electric vehicle. Fuel consumption for battery electric vehicles is N/A and CO₂ emissions are zero while driving. Battery electric vehicles require electricity for charging. Figures shown are for comparability purposes; only compare fuel consumption, CO₂ and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 8.3.2021. Figures quoted are for a range of configurations (including non-UK) and are subject to change due to ongoing approvals/changes. For more information, please see www.volkswagen.co.uk/need-help/wltp or consult your authorised Volkswagen retailer.

2 P11D value = Total recommended retail price + delivery to retailer £509.17, + number plates £20, + VAT £105.83 (calculated by reference to total of delivery to retailer + number plates), not including the automatic 'PIVG' deduction. P11D value is based on standard specification model with no factory-fitted options or other accessories.

3 The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2021. These charges may differ from any charges displayed or quoted before 6 April 2021. The BIK % figure quoted includes the 4% diesel supplement, where applicable. Please consult your Volkswagen retailer for full details.

4 From 6 April 2018, new income tax rates have been introduced for Scottish Taxpayers. For full details of Scottish BIK tax liability, please refer to the [Benefit In Kind for Scottish Residents section](#)

‡ This vehicle is a WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicle. More information is available at www.volkswagen.co.uk/need-help/wltp.

All examples are for manual derivatives unless otherwise stated.

RDE2 refers to Real Driving Emissions Step 2.

Volkswagen UK may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Volkswagen retailer.

VAT IS CALCULATED AT 20%. EFFECTIVE FROM 8 APRIL 2021.

VOLKSWAGEN FINANCE¹

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

Lease&Care

Our finance option designed for electric vehicles. With no worries of ownership, one simple monthly payment covers your car alongside a care package of your choice, covering varying levels of servicing, maintenance and tyres, depending on what suits you.

For further details of Lease&Care [please click here](#), consult your authorised Volkswagen retailer or visit www.volkswagen.co.uk

Solutions – a Personal Contract Plan

Flexible finance plan designed to allow you to drive a new vehicle sooner than you think. At the end of your agreement you can choose to trade in your Volkswagen for a new one, keep it, or hand it back.

Hire Purchase

A simple and straightforward way to finance your Volkswagen. Have the option to break down your monthly payments over a period that suits you, making financing your car much more manageable than you think.

- Contract Hire
- Lease Purchase
- Finance Lease

COMPLIMENTARY VOLKSWAGEN DRIVE AWAY INSURANCE²

Start enjoying your new ID.4 from day one with five days' complimentary Volkswagen Drive Away Insurance, subject to eligibility. To set up your cover, you will need the following information from your Volkswagen Retailer: vehicle model, registration number, vehicle collection date and Volkswagen Retailer number. Once you have these details, visit www.insurewithvolkswagen.co.uk/driveaway to activate your cover. Alternatively, you can call us on **0345 300 6119**. Lines are open Monday to Friday 8am-8pm, and Saturday 9am-5pm.

We will also provide you with a quote, giving you the option to purchase annual cover that comes with a 3 Year Fixed Price commitment; so you can relax knowing that if nothing changes over the next three years, the cost of your car insurance won't increase. Read on for more details.

ANNUAL CAR INSURANCE WITH THE VOLKSWAGEN 3 YEAR FIXED PRICE COMMITMENT²

Insurance made simple, with the Volkswagen 3 Year Fixed Price commitment.

We know that keeping your ID.4 on the road is important. That's why Volkswagen Car Insurance is designed with you and your ID.4 in mind. With additional features for electric vehicles built in as standard, you can have ultimate peace of mind.

Plus, you can relax knowing the cost of your car insurance won't increase each year, the price will only change if your circumstances do. Cover runs for 12 months at a time and you'll receive a renewal notice confirming your fixed price for the following year.

With Volkswagen Car Insurance, you're not tied in for the three years, so if you decide you no longer want cover, you can simply let us know before your cover renews. If you make an amendment to your policy the premium at your next renewal will change, and this will be fixed for the remaining renewal periods. The Fixed Price Commitment will no longer apply if you or a named driver gain a motoring conviction or make a claim (excluding windscreen claims), and the Fixed Price Commitment does not apply to additional products and/or Insurance Premium Tax changes.

Volkswagen Car Insurance provides comprehensive cover, and you can enjoy the following benefits as standard:

- 3 Year Fixed Price commitment
- Volkswagen Approved Repairs carried out by Volkswagen Approved Technicians using only Volkswagen Genuine Parts and Paints (excludes windscreen claims)

ANNUAL CAR INSURANCE WITH THE VOLKSWAGEN 3 YEAR FIXED PRICE COMMITMENT² (CONTINUED)

- Guaranteed courtesy car whilst yours is in for repair
- Uninsured driver promise when you make a claim for an accident that is not your fault (providing we have the vehicle registration, make, model, and driver details of the other vehicle)
- Electric charging cables and home charger cover, as well as cover for accidents caused by any electric charging cables when attached to your car
- Electric car battery cover, whether it is owned or leased, if it becomes damaged as a result of an insured incident
- Windscreen cover
- Personal accident cover
- Personal belongings cover (excludes loss of money)
- Child seat replacement

Enjoy peace of mind and complete convenience, relax in the knowledge you have a policy tailored specifically for your ID.4.

To get a quote or find out more, visit www.insurewithvolkswagen.co.uk/car-insurance

Alternatively, call us on **0345 877 6464**. Lines are open Monday to Friday 8am-8pm, and Saturday 9am-5pm.

VOLKSWAGEN GAP INSURANCE⁵

If your Volkswagen is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new Volkswagen or help pay off any outstanding finance, lease or hire agreement.

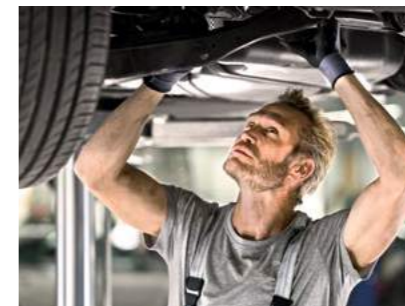

We have two options for you to choose from:

Volkswagen Gap Insurance

This pays the difference between the write-off settlement from your motor insurer and the price you paid for your Volkswagen or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, we will cover the difference between the write-off settlement from your motor insurer and the early termination charge.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

VOLKSWAGEN GAP INSURANCE⁵ (CONTINUED)

Volkswagen Gap Insurance Plus

In addition to all the benefits of Volkswagen Gap Insurance, the Volkswagen Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, we will pay a fixed sum of £2,500.

Whether you purchase, finance, lease or hire your vehicle, our Gap Insurance will give you the financial protection your ID.4 deserves. For more information, visit www.insurewithvolkswagen.co.uk/gap-insurance

- 1 Terms and conditions apply. Volkswagen Finance.
- 2 Volkswagen Car Insurance is underwritten by U K Insurance Limited. Calls may be recorded. Volkswagen Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"), registered in England and Wales No. 2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). Volkswagen Insurance Service (Great Britain) Ltd is an appointed representative of VWFS UK. VWFS UK is authorised and regulated by the Financial Conduct Authority. VWFS UK and U K Insurance Limited are not part of the same corporate group.
- 3 The inspection service first at 2 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.
- 4 The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
- 5 Volkswagen Gap Insurance and Volkswagen Gap Insurance Plus are administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited.

Volkswagen service (continued).

WARRANTY

Exclusions and terms and conditions apply to all warranties, plans and insurance listed. For pricing and further details of Volkswagen Warranties, Service Plans and Insurance, please consult your authorised Volkswagen retailer or repairer, or visit www.volkswagen.co.uk

THE VOLKSWAGEN WARRANTY THREE-YEAR WARRANTY

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

BODY PROTECTION WARRANTY

The internal body sections and panels are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

THREE-YEAR PAINTWORK WARRANTY

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

APPROVED ACCESSORIES

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

VOLKSWAGEN BEV EIGHT-YEAR BATTERY WARRANTY

1. A guarantee for eight years or 100,000 miles/ 160,000km (whichever is soonest), on all material or manufacturing defects.
2. Gradual reduction in battery capacity over times is integral to the nature of the component, and does not represent a defect under the terms of this guarantee, as long as the reduction in capacity is not in excess of the value specified for this vehicle in the owner's manual.
3. With the exception of the warranty term, all warranty conditions stipulated by the Volkswagen retailer selling the vehicle (prerequisites, criteria for freedom from defects, exclusions, settlement of claims, entry into force and start of extended warranty term, scope of application etc.) also apply to the high voltage battery.

BEV HOME CHARGING

Home charging using a domestic socket will depend on the condition and suitability of the wiring in your home. Always consult a qualified electrician before charging when using a domestic socket for the first time, or, if the socket is to be used as the primary source of charging. Domestic sockets on the same circuit as other appliances, particularly those in frequent use, will draw additional amperage which may result in a breaker switch being 'tripped'. Establishing a separate circuit for home charging will help ensure your electric vehicle is supplied with a consistent, uninterrupted current. For optimum charging, we recommend installing an electric vehicle charging point at home.

SERVICING AND MAINTENANCE

Electric vehicles

Vehicles powered only by an electric motor require a Fixed Service schedule as follows:

- Inspection service – every two years fixed, unlimited mileage.

VOLKSWAGEN RETAILER NETWORK

Our BEV and PHEV models are available for sale and service from all Volkswagen Retailers. For details of your nearest authorised Volkswagen Retailer please visit www.volkswagen.co.uk for more details.

PRICES AND SPECIFICATIONS

The prices and specifications contained in this price list are for information purposes only as our products are continually updated and changes may be made to the prices and specifications at any time. If you require any specific feature, please consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Prices and specifications are subject to change without notice.

Following the announcement of a price increase, any vehicle order which can be accepted into the factory production system before the effective date of the price increase will be supplied at the current price, even if built and delivered after the date on which the increase became effective.

Note: We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

BENEFIT IN KIND (BIK) FOR SCOTTISH RESIDENTS

Effective as of 6 April 2018, the Scottish Government introduced their own BIK taxation structure. This is only applicable to Company Car Drivers that are resident Scottish taxpayers. HMRC will continue to be responsible for the collection and management of taxes and will determine whether or not an individual is a Scottish taxpayer based on where their primary place of residence is.

Scottish Income Tax rates and Bands 2018/19

Starter rate 19% over £11,850 - £13,850

Basic rate of 20% over £13,850 - £24,000

Intermediate rate 21% over £24,000 - £44,273

Higher rate 41% over £44,273 - £150,000

Top rate 46% above £150,000

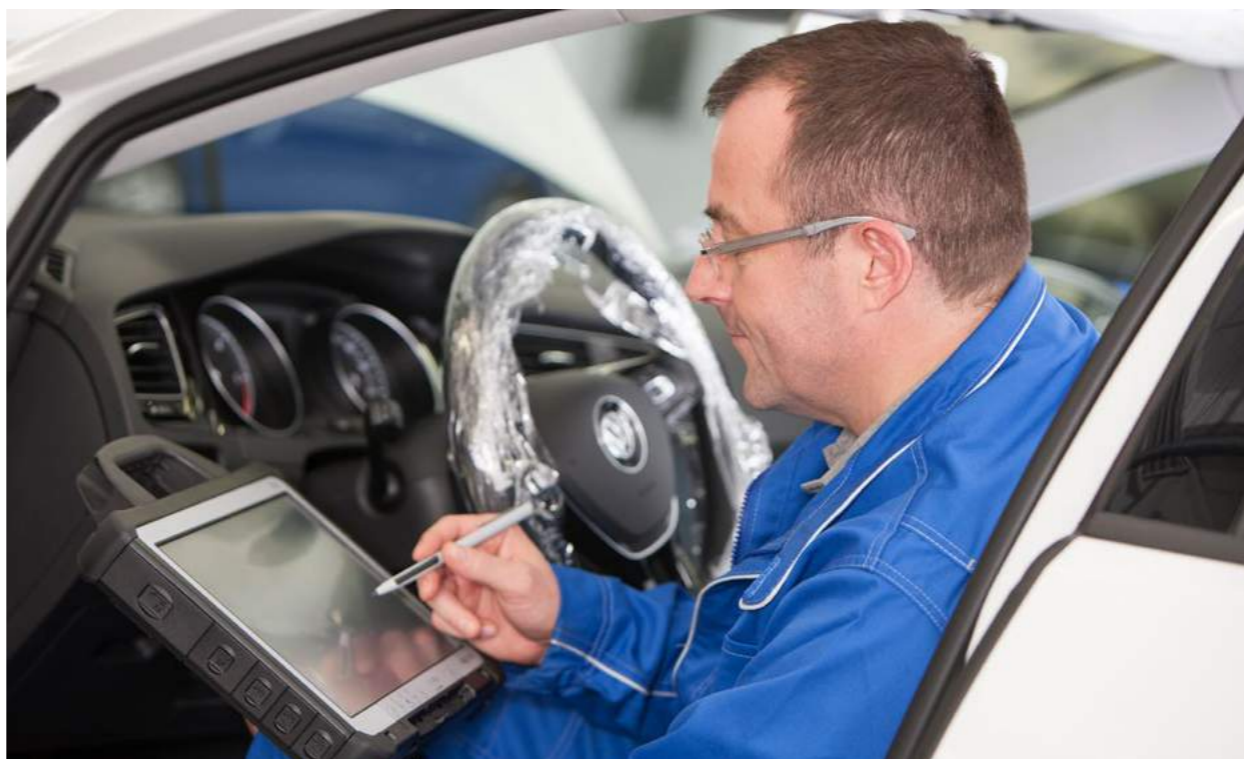

FUEL CONSUMPTION AND CO₂ EMISSIONS

Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. The weight of a vehicle will influence the level of CO₂ emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO₂ emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO₂ is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

VOLKSWAGEN ROADSIDE ASSISTANCE

Every new car is registered for Volkswagen Roadside Assistance for one year except the ID.4 which is registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years.

Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorised Volkswagen retailer, or visit www.volkswagen.co.uk

¹ All warranty work must be completed by an authorised Volkswagen retailer or repairer.

Volkswagen Finance – Lease&Care.

Volkswagen Financial Services specialise in providing funding solutions for Volkswagen drivers. They have a range of finance options to suit you, whether you're a private or business customer, looking to lease or own your Volkswagen – speak to your local retailer for an overview on all the finance products available.

Lease&Care

Volkswagen Lease&Care is a leasing agreement where you select a Care Package which covers a level of servicing that suits you. It allows you to drive a Volkswagen without the need to own it, giving you peace of mind knowing that your monthly payment covers your car and servicing costs.

Once you've chosen your Volkswagen, there are a few key decisions:

- 1 Initial payment – choose how much you want to put down upfront
- 2 Contract length – how long do you want the vehicle for?
- 3 Annual Mileage – how many miles do you cover?
- 4 Care Package – choose the level of cover that provides you with peace of mind

What are the benefits of Lease&Care:

- Simple - It's simple, pay a single monthly payment for the vehicle and the Care Package you've chosen, change your vehicle at a regular fixed period and you have no depreciation risk
- No ownership worries – You won't own the vehicle, so you won't have any of the worries of ownership – you just need to hand it back at the end of the agreement
- No unexpected costs – There's no additional final payment at the end of the agreement (subject to excess mileage and fair wear and tear)
- Peace of mind – Choose our Large Package with 5 days VWFS Rent-a-Car allowance included within your monthly payments, giving you access to a non-electric vehicle if you want extra peace of mind on those longer journeys.

Care Packages

Small	Medium	Large
Our small package covers you for essential servicing:	Our medium package covers you for everything in small, plus all routine manufacturer servicing which includes:	Our large package is our most comprehensive package and covers everything in small and medium plus:
<ul style="list-style-type: none"> • All routine manufacturer servicing • Brake fluid changes • Dust and pollen filter • Driverline concierge service • Roadside Assistance 	<ul style="list-style-type: none"> • Brake, suspension and cooling system repairs • Electric system maintenance • All fluid top-ups 	<ul style="list-style-type: none"> • Tyre replacement and wheel alignment (due to fair wear and tear) • Puncture repair • Geometry check and wheel balance • Included VWFS Rent-a-Car allowance

No ownership option. Fair wear and tear charges may apply. T&Cs apply. Indemnities may be required. Freepost Volkswagen Financial Services.
