

NEW
CITROËN e-SPACETOURER 100% ELECTRIC
AND CITROËN SPACETOURER

INSPIRED
BY YOU UK

During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

1974

Citroën launches CX. It's the ultimate mix of technical innovation and advanced design with the engine and gearbox positioned together at the front. Sophisticated hydropneumatic suspension, concave rear screen and a futuristic dashboard help it to succeed amongst more ordinary rivals.

2019

The spectacular design of the 100% electric 19_19 Concept is inspired by aeronautics and pushes comfort to the extreme, with a lounge on-the-move experience created by intelligent suspension. It also provides autonomous driving, a personal assistant and a range of 500 miles.

CITROËN
Origins

Discover the models that make up Citroën's extraordinary history, from 1919 to the present day.

1934

Citroën revolutionises the automotive landscape with Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

1939

Citroën launches 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1948

The much-loved 2 CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

1955

Unveiled to a stunned public at the 1955 Paris Motor Show, DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'. Under the skin it's just as advanced.

1968

It's a golden age for light and agile vehicles like Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

1970

The modern looks and neat style of GS will see it remain one of the most aerodynamic and comfortable vehicles on the market for years to come. Equipped with a flat 4-cylinder engine and hydropneumatic suspension, this hatchback will go on to sell around 2.5 million units.

THERE'S A CITROËN FOR EVERYONE

In town or on the open road, enjoy comfort and a sense of wellbeing onboard. These are the values that have always driven Citroën.

CITROËN SPACE- TOURER

Citroën SpaceTourer is focused on leisure, whether it's with family or friends. Its sliding and removable seats give everybody a user-friendly and modular space to enjoy, and in either of its two available lengths - in Feel and Flair versions - Citroën SpaceTourer can accommodate up to eight people on board.

AVAILABLE IN 100% ELECTRIC 

TWO LENGTHS

Thanks to its modular platform, Citroën SpaceTourer comes in two lengths: size M (4.95m) and size XL (5.30m).

Citroën SpaceTourer Business is available in size M.

— AVAILABLE IN 100% ELECTRIC — 

DESIGNED TO BE PRACTICAL

OPENING REAR SCREEN

Citroën SpaceTourer is here to simplify your life. Its opening rear screen*, makes it easy to put things in the boot, take them out or just retrieve something from the parcel shelf without having to open up the whole space. It's so simple.

'HANDS FREE' SLIDING SIDE DOORS

How do you open and close your car's doors with your hands full? With Citroën SpaceTourer's «Hands-free sliding side doors» technology*, simply pass your foot under the corner of the rear bumper to automatically unlock and open the side door you're next to. Practical, ingenious and unique. You can also close the door and lock the vehicle with the same movement.

** Depending on version.*

AVAILABLE IN 100% ELECTRIC 

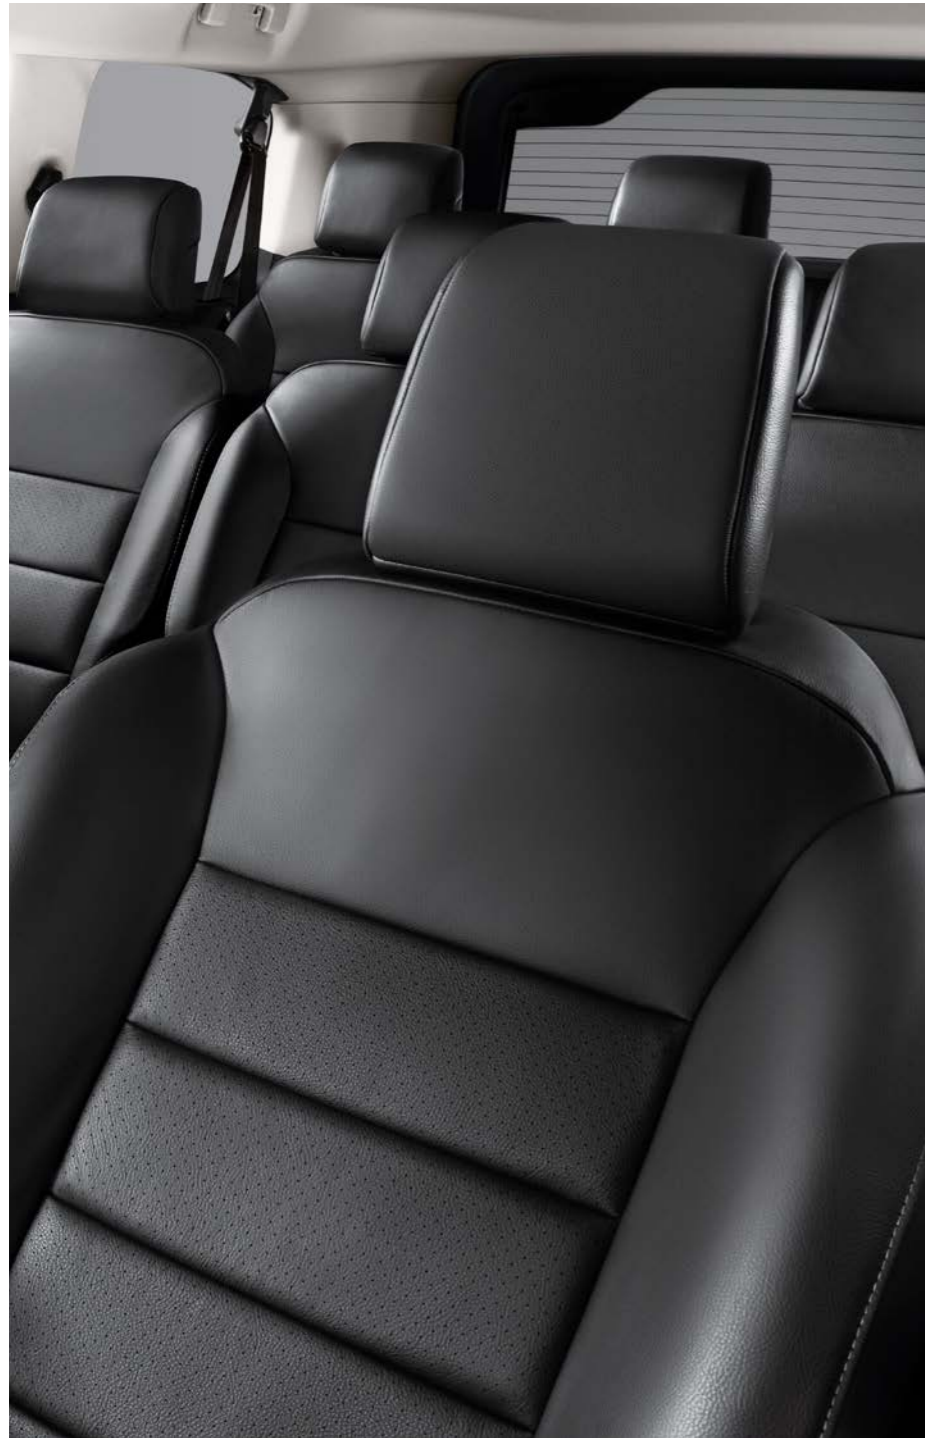

LET THE LIGHT FLOOD IN

Citroën SpaceTourer passengers benefit from the natural light from its two-part glazed roof, each part with its own shutter. In the centre, the Comfort Roof* houses soft air distribution blowers for the air conditioning, similar to those of an aeroplane. At night, LED lighting creates a pleasant ambience in the passenger compartment.

** Depending on version.*

 AVAILABLE IN 100% ELECTRIC

CITROËN SPACE- TOURER

In keeping with its versatile character, Citroën SpaceTourer is available in two lengths. Both M and XL can easily accommodate up to eight people*, with plenty of flexible storage space. While it's big on the inside, Citroën SpaceTourer is still easy to manoeuvre through town.

**Depending on version.*

AVAILABLE IN 100% ELECTRIC 

EXCEPTIONAL MODULARITY

Citroën SpaceTourer's intelligent, flexible design ensures everyone and everything onboard travels safely, securely and in comfort. The second- and third-row '2 + 1' bench seats slide to give maximum legroom. These seats and the front passenger seat are all independently foldable, making it simple to fit long loads inside. If you need a pure load carrier, all of the back seats are removable, leaving a flat floor and large amounts of space. There's an impressive 4900 litres (4554 litres VDA) inside the XL. There are also side window blinds and aircraft-style tables with cup holders and numerous other storage compartments to enhance the feeling of comfort and utility*. Finally, up to six USB sockets, 12 V or 230 V, are accessible for charging multiple portable devices in the passenger compartment.

** Depending on version.*

 AVAILABLE IN 100% ELECTRIC

CONNECTIVITY

CITROËN CONNECT NAV

Citroën SpaceTourer gives you advanced technologies which make driving easier.

The 7" colour capacitive touchscreen connects you to all of the car's functions, your media, phone and navigation. Citroën Connect Nav with voice control* brings you a wealth of real-time traffic information, the location of fuel stops and prices, car parks⁽¹⁾ and even the latest weather. A 'Speed Camera Alert' option sends audible and visible alerts throughout your journey, whilst the Visio Park180° system* displays an aerial view of the rear part of the car to help you park precisely in even the tightest spots.

CITROËN CONNECT ASSIST

Help whenever and wherever you need it with a Geolocated Emergency and Assistance Call system, free of charge, without subscription and available 24/7. The appropriate emergency services are called, either automatically or by pressing the "SOS" or "Assistance" button in the vehicle.

CITROËN CONNECT PLAY

With the Mirror Screen function you can enjoy your smartphone safely, controlling compatible apps through the 7" touchscreen using Apple CarPlay™ or Android Auto⁽²⁾.

** Available as an option or standard on selected versions.*

(1) Only information from partners can be displayed.

(2) Depending on smartphone model. Additional terms and conditions apply on connected services, including customer acceptance of location sharing prior to activation.

CITROËN CONNECT PLAY

CITROËN SPACETOURER BUSINESS

Citroën SpaceTourer Business has a sense of style and spaciousness that your passengers will appreciate. You can tailor the configuration of seats and equipment to best suit the needs of your business, with room for up to nine people and their luggage.

AVAILABLE IN 100% ELECTRIC 

BOOT VOLUME

Citroën SpaceTourer Business provides 700 litres (655 litres VDA) of boot space. You can increase that even further by removing the third-row seats to provide 2300 litres (2228 litres VDA), or to a cavernous 4200 litres (3968 VDA) by removing the second-row seats too.

 AVAILABLE IN 100% ELECTRIC

AVAILABLE IN 100% ELECTRIC 

USEFUL EVERY DAY

WORRY-FREE CAR PARK ACCESS

With a height of 1.90m* from road to roof, Citroën SpaceTourer Business lets you use city car parks, underground parking, shopping centres and airport facilities without worrying about height restrictions.

EASIER ACCESS TO ROW THREE

Citroën SpaceTourer Business offers up to nine seats on board. To make access to the third row of seats easy, the second row of seats can be folded with a single movement to create a wide opening.

** Depending on version.*

AUTOMATIC DIMMING HEADLIGHTS

When another vehicle is detected at night, this system instantly switches from full beam to dipped and then back again once the oncoming vehicle has passed. It works from 15mph upwards.

CORNERING LIGHT FUNCTION

At corners and junctions where visibility can be compromised, you get the benefit of an extra illuminating beam on the inside of bends for maximum safety.

(Not available on Citroën ë-SpaceTourer.)

ADAPTIVE CRUISE CONTROL WITH STOP FUNCTION (ACC STOP)

Using a radar sensor, the system detects the vehicle in front and automatically maintains whichever safe distance has been chosen in advance by the driver. The system can use engine braking to reduce the vehicle's speed.

(Citroën ë-SpaceTourer: conventional cruise control/speed limiter only.)

COLLISION RISK ALERT

If there's any risk of collision with a vehicle or pedestrian, Collision Risk Alert sends an immediate audible and visible warning. It works above 18mph using a camera fixed to the front of the car.

COLOUR HEAD UP DISPLAY

Using a transparent strip to display key driving information (current and recommended speed, cruise control or speed limiter setting, navigation guidance and collision risk alert) within the driver's field of vision, the Colour Head-Up Display helps the driver to keep their eyes on the road.

COFFEE BREAK ALERT

When it's time to take a break from your journey, this system lets you know. It works after two hours of continuous driving over 40mph.

DRIVER ATTENTION WARNING

This system monitors the attention levels of the driver via the multifunction camera located at the top of the windscreen. An audible and visual alert warns the driver if their attention drops.

BLIND SPOT MONITORING SYSTEM

The ultrasonic Blind Spot Monitoring system lets the driver know if there is a vehicle in the blind spot by showing an orange light in the corner of the door mirror.

**Depending on version.*

AVAILABLE IN 100% ELECTRIC

⊘ CAN BE DEACTIVATED

⊘ CAN BE DEACTIVATED

⊘ CAN BE DEACTIVATED

⊘ CAN BE DEACTIVATED

⊘ CAN BE DEACTIVATED

LANE DEPARTURE WARNING SYSTEM (LDWS)

This alerts the driver with an audible and visual warning when the car crosses a solid or broken lane-marker line, without the indicator being used.

SPEED LIMIT SIGN RECOGNITION AND RECOMMENDATION

Using the camera to detect speed limit signs, this system continually indicates the current legal limit. The driver can use the indicated speed as the new cruise control or speed limiter setting.

Citroën ë-SpaceTourer: extended recognition to include "Stop", "No Entry" and "No Overtaking" signs.

TRAILER STABILITY CONTROL

If you're towing a trailer, this additional function of the ESP detects any swaying movement of it and acts on the vehicle's braking system to stabilise it.

(Not available on Citroën ë-SpaceTourer.)

ACTIVE SAFETY BRAKE

This advanced safety feature is designed to reduce physical injury to passengers, using information from the multifunction camera at the top of the windscreen to brake for the driver. It functions from 0 to 19mph to help avoid collisions with moving or stationary obstacles or pedestrians, and above 19mph to help reduce speed before impact.

HILL START ASSIST

This system prevents your vehicle moving on a slope when the brake pedal is released. Hill start assist is activated on slopes of more than 3%, stabilising the vehicle for around two seconds, giving you time to move calmly from the brake pedal to the accelerator pedal.

REVERSING CAMERA WITH TOP REAR VISION

In reverse gear, the touch screen uses the camera to show a 180° view of the rear of the vehicle and its surroundings, with coloured lines representing obstacles and their distance from you.

KEYLESS ENTRY AND START

This system allows you to lock, unlock and start your vehicle without having to take the key out of your pocket or bag.

**Depending on version.*

*Depending on version.

DIESEL POWER

Each of Citroën SpaceTourer's four available engines has BlueHDi diesel technology. This new generation of engines dramatically reduces emissions of nitrogen oxides (NOX), while also reducing CO₂ emissions and fuel consumption.

The EAT8 (Efficient Automatic Transmission 8-speed) automatic gearbox combines driving pleasure with environmental efficiency. Thanks to Quickshift technology it provides fast and fluid gear changes, offering exceptional dynamism and driving pleasure, both on main roads and in town. By optimising the gear-change speeds, the EAT8 automatic gearbox makes it possible to achieve fuel consumption and CO₂ emissions amongst the lowest in the category.

ELECTRIC POWER

Instant torque is the secret to the smooth performance of New Citroën ë-Spacetourer 100% electric. The electric motor provides power of 100kW, the equivalent of 136hp, and a maximum speed of 84mph. Three driving modes let you tailor performance to your mood or need: Normal is the best compromise between range and dynamic performance; Eco optimises energy consumption; and Power delivers an identical performance to the unladen vehicle, even when fully loaded.

The lack of noise and vibration makes Citroën ë-Spacetourer particularly comfortable, whilst the selector on the centre console makes it easy to control the Park, Reverse, Neutral, Drive and Brake functions. "Brake" mode captures regenerative braking energy captured during deceleration, returning it to the traction battery.

RANGE OF UP TO 148 MILES WLTP*
UP TO 80% CHARGE IN 30 MINUTES**

BATTERY WARRANTY 8 YEARS / 100,000 MILES

* Depending on version. ** You can obtain 15-80% of the vehicle charge in 30 minutes from a 100kW rapid charging station. The vehicle will rapid charge at a rate of up to 100kW, depending on the power of a rapid charging station used and will take longer to charge at a lower power.

INTUITIVE INTERFACE

New Citroën ë-SpaceTourer 100% electric has been designed with one priority: to make its day-to-day use easier. A dedicated instrument panel continuously displays the battery charge status gauge and the power consumption gauge for electrical equipment such as the heating and air conditioning. This is supported by the information the 7" touch screen provides, including among other things, an "Energy" section grouping together all of the information dedicated to the special electrical features of New Citroën ë-SpaceTourer: the energy flow with, in particular, the battery charge level, your consumption statistics and the programming of deferred charging.

STATISTICS : know your electric consumption so that you can optimise your driving.

ENERGY FLOW : view the operation of the electric technology.

DEFERRED CHARGING : programme charging to start at the time you choose.

EASY RECHARGING

Again with the focus on ease of use, New Citroën e-SpaceTourer 100% electric has three battery charging methods, as well as a complete ecosystem of practical services. The charging flap is located on the front-left wing and incorporates an LED so that you can visually monitor progress. Note that Citroën guarantees the traction battery for eight years or 100,000 miles for 70% of its charging capacity.

THREE WAYS TO CHARGE

Of the three charging options, the fastest is to use a Wall Box or public terminal. A Wall Box installed at your home or work provides a 0 to 100% charge in less than eight hours. On a 100kW public terminal, the 50kWh battery in New Citroën ë-SpaceTourer 100% electric can achieve up to 80% charge in just 30 minutes**, tipping its segment for super-fast charging times.

To help you install your charging solution, Citroën recommends its charging partner, Pod Point. You can be confident of obtaining a quality installation, fully approved under the government Homecharge scheme, at the best price. Following the consultation* for your electrical installation, the terminal will be installed using a special network of certified technicians at your service throughout the UK.

** In the unlikely event that a charging solution can't be installed, you will have the option of cancelling your order.*

*** You can obtain 15-80% of the vehicle charge in 30 minutes from a 100kW rapid charging station. The vehicle will rapid charge at a rate of up to 100kW, depending on the power of a rapid charging station used and will take longer to charge at a lower power.*

	50KWH BATTERY XS

MY CITROËN APP

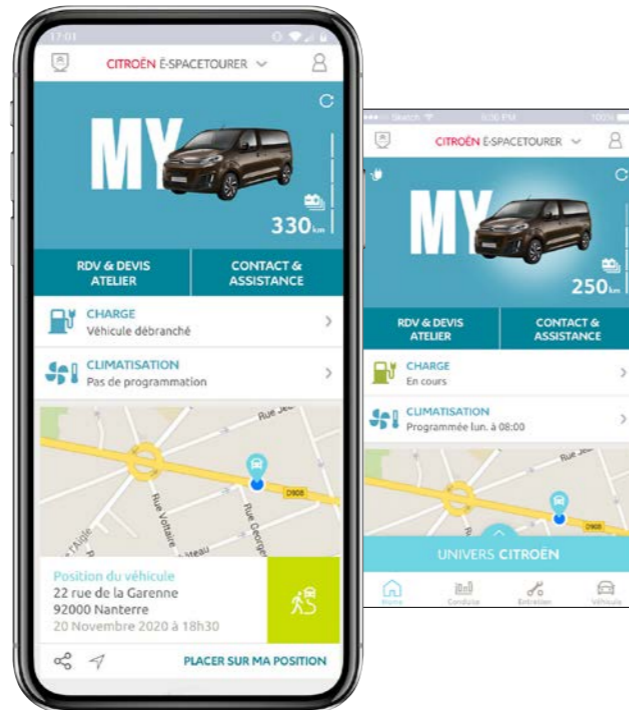

Remain connected at all times thanks to the My Citroën app for your smartphone. All of the important information about your vehicle is at your fingertips, both for day-to-day use and for servicing.

Using MyCitroën, you can:

- Locate your vehicle.
- Make an appointment in the workshop.
- Consult the handbook pack.
- Consult the servicing booklet.
- Contact Citroën Assistance.
- Obtain advice on eco-driving.

And in addition, for the New Citroën ë-SpaceTourer 100% electric:

- Access essential information concerning the battery charge status, the charging time and the remaining range of the vehicle.
- Programme a deferred charge.
- Start the cabin temperature preconditioning.

OUR TEN COMMITMENTS

- 1 EIGHT YEAR OR 100,000 MILES WARRANTY FOR THE TRACTION BATTERY
- 2 CITROËN ASSISTANCE – DRIVING WITH COMPLETE PEACE OF MIND 24/7
- 3 È-EXPERT CENTRE – OUR EXPERTS WILL TAKE CARE OF YOUR VEHICLE AND WILL ANSWER ANY QUESTIONS YOU MAY HAVE
- 4 È-SERVICE CONTRACT (RECOMMENDED): ALL MAINTENANCE OPERATIONS, PARTS AND SERVICES ARE INCLUDED
- 5 APPROVED CHARGING SOLUTION (RECOMMENDED): A COMPLETE WALL BOX RANGE INSTALLED BY PROFESSIONALS
- 6 MOBILITY SOLUTION OFFERED IN ALL CASES
- 7 CONTINUOUS SOFTWARE UPDATES TO DELIVER THE BEST DRIVING EXPERIENCE
- 8 80% CHARGING OF THE CAR WITH EACH OPERATION (SERVICING APPOINTMENT)*
- 9 ONLINE QUOTATION AND APPOINTMENT: RESERVE YOUR APPOINTMENT AND CALCULATE YOUR AFTERSALES SERVICES
- 10 YOUR CAR IS CLEANED BEFORE COLLECTION

ULTRA-MODULAR

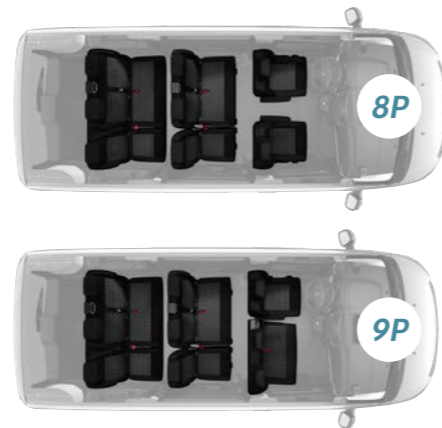

CITROËN SPACETOURER

Citroën SpaceTourer is available in two lengths and two trim levels, with eight seats. Interiors offer real modularity thanks to the rail-mounted removable seats, which mean optimum boot volume and generous passenger legroom. With its foldable seats making it easy to maximise space, Citroën SpaceTourer is ready to accommodate bulky items for leisure or home in minutes.

CITROËN SPACETOURER BUSINESS

The Citroën SpaceTourer Business is offered in a single length and is available with up to nine seats. This stylish version is perfect for passenger transport professionals (hotel shuttles, taxis, etc.), as it can be tailored to suit your specific seat configuration and equipment requirements.

SELECTION OF ACCESSORIES

By choosing Citroën, you are entering a world where quality, safety, style and performance combine as one. The range of Genuine Citroën Accessories has been developed specifically for your vehicle, so you can personalise your vehicle to reflect your desires and needs.

But that's not all...

Tested in the most demanding conditions, Citroën Genuine Accessories offer an excellent level of quality and safety. And, to accompany you on all your journeys, Citroën has selected, for you, in addition to its genuine accessories, a wide range of additional accessories from the best manufacturers. Tested and validated by our engineers, all Citroën accessories are guaranteed for one year. You can see our complete range in your Accessories Brochure.

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

• CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

• CITROËN ASSISTANCE

Citroën Assistance brings rapid expert roadside assistance to you in an emergency in response to a telephone call. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, misfuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. For more details, please contact Citroën at <https://www.citroen.co.uk/owner-services/emergency-assistance>

* 2 years' unlimited warranty. No-fee customer option of 1 year's Dealer provided warranty, only on cars sourced from Citroën UK Limited. Note: Dealer provided warranty is limited to 60,000 miles for cars.

** Against all internal to external perforation to bodywork or underbody.

• CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens. To find out more, contact your Citroën Dealer or Citroën Authorised Repairer.

• CITROËN SERVICING

Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles. For further information, please contact your Citroën Dealer.

• CITROËN MOT TEST

Once your vehicle is three years old, it requires an annual MOT Test. This is a legal requirement to check that it meets road safety and environmental standards. Our nationwide network of Citroën Authorised Repairers know your Citroën best, so if your vehicle's MOT Test is due, why not contact your local Citroën dealer? You can be confident that your vehicle will be looked after by one of our expert trained Citroën Technicians, nominated by DVSA as accredited MOT Testers. Plus, whilst your vehicle is with us, we'll carry out a free manufacturer diagnostic test, check for any new technical updates and carry them out for free - that's the advantage of getting your test done by the people who really know your Citroën.

CO₂ figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable. For further information on CO₂ and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures

* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.

Some options may change CO₂ emissions, please check with your local dealer.

- 1 Please refer to Technical Specification Pages for impact on vehicle CO₂ emissions, weights and MPG data.
- 2 Subject to subscription – please visit <https://services-store.citroen.co.uk/> to subscribe.

- 3 The SpeedCam/Danger Zones package helps you identify situations which require increased attention by sending you both audible and visual alerts (subject to settings). Within the UK the service highlights different types of speed cameras, and red light cameras, as well as accident blackspots. While the service is operational across most of Europe, it adapts as necessary when travelling in different countries to ensure the local laws with respect to Speed Camera identification are followed. This option can be added to your Citroën Connect Nav subscription at any time. Please visit <https://services-store.citroen.co.uk/> to subscribe.

CITROËN SPACETOURER BUSINESS

Available in 1 length and with 8 or 9 seats, Citroën SpaceTourer Business is tailored for professionals.

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO₂ figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable. For further information on CO₂ and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures

* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.
