VOLKSWAGEN AND SORTIMO – COMPREHENSIVELY CARE-FREE

Buying a vehicle is also a matter of trust.

You have chosen a Volkswagen because its quality and design have convinced you. But quality and design should not know any boundaries – in-vehicle equipment from Sortimo turns boundaries into open spaces and increases your professional benefits. We guarantee it.

Globelyst There is no time for compromise, Globelyst is the new in-vehicle equipment from Sortimo to perfectly fit the equipment requirements of your Volkswagen Caddy or Transporter.

Globelyst scores points based on its modular system. You can extend your Globelyst system exactly to your wishes at a later stage by adding cases, BOXXes, drawers or trays for small and spare parts.

Trade specific accessories can be added very individually to Globelyst. Globelyst makes your job that much easier by offering many practical solutions for your work on site, such as a folding workbench.

VERY SMART – VERY SORTIMO.

If you do have any questions one of our many sales representatives will gladly answer it.

Why take the Sortimo van racking system?

▶ TIME SAVING

Forgotten tools, damaged goods, as well as unsorted small parts are a thing of the past when you have a Sortimo Van Racking System. With this aid to keep things organised, you can save yourself up to an hour each day, looking for things and rectifying transport damage. This gives you more time for your customers, family, and friends.

▶ QUALITY

Long lasting, robust, proven, and sustainable – that sums up the Van Racking System from Sortimo. Quality is regularly checked in crash and quality tests, confirmed and certified by independent experts.

▶ COST SAVINGS

The investment in Van Racking Systems saves on costs over the long-term. This is firstly due to the time and costs saved on account of organised, and therefore more efficient, work, and secondly, the larger vehicle payload possibilities.

▶ INNOVATION

We develop trendsetting technology. With Sortimo, you always have the latest development on the market, as an aid to you in your vehicle.

▶ LOAD AND OCCUPANT SAFETY

Sortimo Van Racking Solutions secure your load in case of accidents, or during braking in general. Additional load safety lashing points are a standard at Sortimo, in order to make the correct lashing as easy as possible for you. Therefore, we not only save you time, but also increase the safety of your goods, and most importantly, yourself.

▶ LIGHTWEIGHT CONSTRUCTION

The mixture of material used in Sortimo equipment guarantees the highest standard of resilience, as well as durability, and additionally, a reduced net-weight. More vehicle payload is possible due to the consequent lightweight construction. You save unnecessary trips and fuel, and therefore gain time – at the end of the day good news for your wallet.

▶ FLEXIBILITY

All Van Racking Solutions can be moulded to meet your requirements. You do not have to settle for any standard solution. The Sortimo system allows you to keep your tools and materials in perfect order and load and unload as required.

▶ PROFESSIONALISM

With a Sortimo Van Racking System, you and your tools are well sorted out and organised – and added to your expertise, that will make the perfect impression on your customer.
