CITROËN ë-C3 & C3

| The revolution has begun

Forget everything you knew about electric cars. All new Citroën ë-C3. All Electric.

New ë-C3 revolutionises electric mobility: compact and affordable. Made in Europe, without any compromise on design, comfort or technology.

C3 offers the same exceptional style, space and comfort with the choice of Hybrid or Turbo Petrol power.

CO2 figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO2 figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO2 emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO2 and pricing for vehicles with optional equipment, please [click here](#)

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO2 values of other cars tested to the same technical standard. The fuel consumption achieved, and CO2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO2 figures.

* 'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Electric made easy

With an electric range of up to 201 miles (WLTP) and rapid charging from 20% to 80% in 26 minutes, New e-C3 is the ideal vehicle for your daily journeys.

The range and electric consumption figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1 September 2018. They may vary depending on actual conditions of use and on different factors such as : speed, thermal comfort on board the vehicle, driving style and outside temperature. The charging time depends in particular on the power of the charger on board the vehicle, the charging cable and the type and power of the charging station used.

The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors: (including but not limited to) the accessories fitted (pre and post registration), variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. These CO₂ figures are used to calculate the Vehicle Excise Duty (VED) for the first registration of the vehicle. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

Performance with care for the environment

With its sophisticated and technologically advanced range of engines, Citroën is well placed to reconcile performance with low taxation levels and reduced environmental impact.

Today more than ever, this means that when choosing a Citroën vehicle you are guaranteed access to superb value for money motoring.

For example, the Citroen C4 PLUS, when specified with the Hybrid 145hp automatic drivetrain, produces 107 g/km of CO₂ while driving, and therefore qualifies for F band of Vehicle Excise Duty.

Company Car Benefit-In-Kind Taxation Charges

The Company Car Benefit-In-Kind Taxation charge is based upon the type of fuel used, and the level of CO₂ emissions, measured in grams per kilometre (g/km). The table below shows the percentage of the car's list price to be taxed (P11d value†).

For example a Citroen Berlingo Collection M Petrol 110hp manual has a CO₂ emissions figure of 143 g/km and a P11D value of £24,690 (as of April 2026).

The BIK calculation would therefore be 34% x £24,690 = £8,394.60

[Click here](#) for more information about the Company Car Benefit-In-Kind Taxation Charges, or contact Citroën Fleet Connect on 0800 023 4000.

Graduated Vehicle Excise Duty (Road Fund Licence)

The Graduated V.E.D. bands classify all new cars into one of thirteen Vehicle Excise Duty bands, depending on their type of fuel and carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). There are two V.E.D. rates, a rate for the first year and a rate for subsequent years.

First license rates for cars registered on or after 01/04/26 based on CO₂ emissions and fuel type:

Band	CO ₂ (g/km)	First year rate
12 months		
A	0	£10.00
B	1-50	£115.00
C	51-75	£135.00
D	76-90	£280.00
E	91-100	£365.00
F	101-110	£405.00
G	111-130	£455.00
H	131-150	£560.00
I	151-170	£1,410.00
J	171-190	£2,270.00
K	191-225	£3,420.00
L	226-255	£4,850.00
M	Over 255	£5,690.00

† The new Car's price to be taxed includes:

- Manufacturer's Recommended Retail Price (inc V.A.T.)
- Delivery to Retailer and Number Plates (inc V.A.T.)
- The list price of an option or an accessory (inc V.A.T. plus delivery and fitting charges if relevant). Some exceptions apply but excludes:
- Graduated Vehicle Excise Duty
- Government First Registration Fee

* Diesel cars tested to RDE2 standards.

Citroën Personal Lease

Personal Lease is an alternative way to enjoy a new Citroën without the cost of ownership. Instead of owning the car, you rent it for a fixed period and then return it to your local retailer where you can exchange it for a brand new one.

You set your preferred contract terms and anticipated annual mileage. With leasing which can be arranged for a period up to 4 years, Personal Lease offers you an alternative method of funding your new Citroën. One initial bulk advance rental will be required. This is between 14%–16% of the ‘On the Road Recommended Retail Price’ plus any advance rental contribution from Citroën UK.

Excess mileage charges may apply if the agreed annual mileage is exceeded. Citroën contribution on selected models only. Payment of the optional final rental extends the rental term (this does not transfer title of the vehicle) & requires an annual rental equivalent to one month’s rental. All based on a 36 month contract with an annual mileage set at 6,000 miles on C1, C3 Origin, C3 Aircross, Berlingo and 8,000 miles on all other models. All rentals inclusive of VAT. Finance subject to status. Over 18s only. Finance provided by and written quotations available on request from PSA Finance UK Limited (company registration number: 01024322) having its registered office at 61 London Road, Redhill, Surrey, RH1 1QA. PSA Finance UK Ltd is authorised and regulated by the Financial Conduct Authority.

Comprehensive Warranty

Every new Citroën car offers the benefit of a three year* warranty package, plus a 12 year anti-perforation** warranty and a three year paint warranty.

Modern car batteries themselves are largely free of maintenance as they’re designed to last the lifetime of the car, or even longer. For added peace of mind, Citroën electric cars come with a warranty that guarantees 70% battery capacity for 100,000 miles or eight years.

* Two years’ unlimited mileage manufacturer’s warranty. No-fee customer option of one year’s Retailer provided warranty, only on vehicles sourced from Citroën UK Limited. Note: Retailer provided warranty is limited to 60,000 miles for all passenger vehicles.

** Against all internal to external perforation to bodywork or underbody on condition the car undergoes an inspection by a Citroën franchised Retailer every two years from its fourth anniversary.

‘Citroën, We Care’

‘Citroën, We Care’ reflects Citroën’s commitment to quality and reliability and consists of an additional 5 years of coverage (after the manufacturer’s warranty has expired) activated when you choose to service your new Citroën at our participating Citroën authorised service partners according to our recommended maintenance schedule. It is valid until the next maintenance appointment for up to 8 years and/or 100,000 miles, whichever happens first.

‘Citroën, We Care’ applies to the following passenger cars registered from 1st June 2025 in the United Kingdom:

• Citroën petrol, diesel, mild hybrids and plug-in hybrids: C3, C3 Aircross, C4 X, C4, C5 X, C5 Aircross, Berlingo, and Holidays

• Citroën Battery Electric Vehicles: ë-C3, ë-C3 Aircross, ë-C4 X, ë-C4, ë-C5 Aircross, ë-Berlingo, and ë-Spacetourer
