

2026 MAZDA2 HYBRID

PRICES & SPECIFICATIONS

2026 MAZDA2 HYBRID

From tight urban streets to the smallest parking spaces, the Mazda2 Hybrid turns every journey into a confident, effortless experience. Compact, agile, and designed for modern living, it moves with ease wherever your day leads.

Its advanced full-hybrid system seamlessly combines a petrol engine with an electric motor to deliver smooth, responsive performance. The result? Lower fuel consumption, reduced emissions and a driving experience that feels both refined and engaging.

Step inside and enjoy an impressive array of standard features. Dynamic Radar Cruise Control, climate control air-conditioning and intuitive driver aids—including Automatic High Beam, Lane Tracing Assist (LTA) and a Pre-Collision System with emergency steering assist—work together to support your comfort and safety.

And with a five-star Euro NCAP rating, the Mazda2 Hybrid offers outstanding protection across all major test categories. It's reassurance built into every drive.

CRAFTED WITH JAPANESE SOUL

THE LATEST IN TECHNOLOGY & CONVENIENCE

SELF-CHARGING HYBRID

At start-up and at low speeds, the Mazda2 Hybrid has the ability to drive in EV mode*, offering smooth and quiet running in urban environments, with zero tailpipe emissions.

During normal driving, power is sourced between the petrol engine and electric motor for optimum performance and the best possible fuel efficiency. During deceleration and braking, kinetic energy is recovered as electrical energy and stored in the high-performance lithium-ion battery.

THE LATEST IN-CAR INFOTAINMENT

The in-car infotainment system allows for seamless connectivity between you and your Mazda, with information displayed on a beautiful & clear central screen.

Access vehicle information, settings and entertainment options including DAB Radio. Connect your smartphone via Bluetooth to make and receive calls and access your contacts.

You can also connect your smartphone via wireless Apple CarPlay® or Android Auto™ which allow you to access your favourite music, messaging apps and navigation to get directions.

*Use of self-charging hybrid system depends on state of charge of battery at the time of use. Please consult your dealer, or refer to the owners manual for further information.

THE FLEXIBILITY TO FIT INTO YOUR LIFE

ACCOMMODATING CARGO SPACE TO FIT YOUR NEEDS

Whether it be for a weekly shop, taking the kids and their equipment to sports practice, or even for a weekend getaway. With flexible luggage capacity, the Mazda2 Hybrid can adapt to your lifestyle.

Practicality is further enhanced with a 60:40 split rear seat to accommodate those larger items.

CENTRE-LINE

Mazda2 Hybrid Centre-Line in Sky Grey

Recommended on the road* from £24,690

15" Silver alloy wheels

Black fabric seat trim

Wireless Apple CarPlay® & Android Auto™

Reversing Camera

STANDARD FEATURES

EXTERIOR

- 15" Silver alloy wheels
- Body coloured electrically adjustable, heated auto power-folding door mirrors
- Rear body coloured bumper with satin black lower moulding
- Halogen headlights with manual headlight levelling
- Automatic High Beam
- Coming home lights
- Dusk-sensing headlights
- Daytime running lights
- LED rear combination lights with Halogen indicators
- Rear roof spoiler - Gloss Black
- Reversing camera
- Front rain-sensing windscreen wipers with adjustable sensitivity and speed

INTERIOR

- Analogue speedometer and hybrid system indicator
- Auto-dimming rear mirror
- Black fabric seat trim
- Grey roof lining
- Front driver and passenger seat, manual slide, recline and height adjustment
- Electronic Parking Brake with auto-hold and auto-disengage function
- Leather-wrapped steering wheel

COMFORT & CONVENIENCE

- Adjustable Speed Limiter
- Climate-controlled air conditioning
- Driving mode select switch (Normal, Power and ECO modes)
- Dynamic Radar Cruise Control
- Electric front and rear windows
- EV drive mode

INFOTAINMENT

- 9" Colour screen centre display
- DAB radio, with 6 speakers and USB-C input
- Steering wheel-mounted audio and Bluetooth® controls
- Integrated Bluetooth®
- Wireless Apple CarPlay® & Android Auto™

SAFETY AND SECURITY

- Driver Attention Alert
- Driver Monitor
- e-Call with GPS
- Hill-start assist control
- Lane Tracing Assist
- Pre-Collision System – Front enhanced with emergency steering assist
- Remote central locking with deadlocking
- Road Sign Assist

Pricing and specification are subject to change. Please speak with your local dealer for latest pricing information.

*Recommended OTR price includes VAT, number plates, delivery to the dealer, 12 months' Vehicle Excise Duty (VED), first registration fee, 6-year or 100,000 mile warranty and 3 years' European roadside assistance.

EXCLUSIVE-LINE

Mazda2 Hybrid Exclusive-Line in Fern Green

Recommended on the road* from £25,940

16" Silver alloy wheels

Blind Spot Monitor with parking support brake function

Power start / stop button

Front and rear parking sensors

STANDARD FEATURES - in addition to Centre-Line, Exclusive-Line adds:

EXTERIOR

- 16" Silver alloy wheels
- Front and rear parking sensors

COMFORT AND CONVENIENCE

- Power start / stop button

SAFETY AND SECURITY

- Blind Spot Monitor (BSM) with parking support brake function (Rear-crossing vehicles)
- Parking Support Brake (PKSB) (static objects)
- Rear Cross Traffic Alert (Auto Braking)
- Smart keyless entry

Pricing and specification are subject to change. Please speak with your local dealer for latest pricing information.

*Recommended OTR price includes VAT, number plates, delivery to the dealer, 12 months' Vehicle Excise Duty (VED), first registration fee, 6-year or 100,000 mile warranty and 3 years' European roadside assistance.

HOMURA

Mazda2 Hybrid Homura in Charcoal Grey

Recommended on the road* from £27,475

17" Black alloy wheels

Black fabric with synthetic leather seat trim

Privacy glass

Qi Wireless Charging

STANDARD FEATURES - in addition to Exclusive-Line, Homura adds:

EXTERIOR

- 17" Black alloy wheels
- Gloss Black electrically adjustable, heated auto power-folding door mirrors
- Rear body coloured bumper with gloss black lower moulding
- LED headlights with manual headlight levelling
- LED daytime running light guide
- LED front fog lights
- Welcome lights
- LED rear combination lights with LED indicators
- Privacy glass

INTERIOR

- 7" Digital customisable speedometer and hybrid system indicator
- Black fabric with synthetic leather seat trim
- Front sport seats with driver and front passenger's seat, manual slide, recline and height adjustment
- Black roof lining

INFOTAINMENT

- Qi Wireless charging

COMFORT AND CONVENIENCE

- Dual zone climate-controlled air-conditioning
- Ambient lighting

Pricing and specification are subject to change. Please speak with your local dealer for latest pricing information.

*Recommended OTR price includes VAT, number plates, delivery to the dealer, 12 months' Vehicle Excise Duty (VED), first registration fee, 6-year or 100,000 mile warranty and 3 years' European roadside assistance.

HOMURA PLUS

Mazda2 Hybrid Homura Plus in Glass Blue

Recommended on the road* from £29,425

Panoramic glass roof

Satellite Navigation System

10.5" colour screen centre display

Windscreen projected head-up display

STANDARD FEATURES - in addition to Homura, Homura Plus adds:

EXTERIOR

- Panoramic glass roof

INTERIOR

- 12.3" Digital customisable speedometer and hybrid system indicator

INFOTAINMENT

- 6 speaker audio system with 10.5" Colour screen centre display
- Satellite Navigation System
- Voice recognition

COMFORT AND CONVENIENCE

- Windscreen projected head-up display

Pricing and specification are subject to change. Please speak with your local dealer for latest pricing information.

*Recommended OTR price includes VAT, number plates, delivery to the dealer, 12 months' Vehicle Excise Duty (VED), first registration fee, 6-year or 100,000 mile warranty and 3 years' European roadside assistance.

COMFORT AND CONVENIENCE					
Air-conditioning:	Climate control air-conditioning	●	●	-	-
	Dual zone climate control air-conditioning	-	-	●	●
Cruise Control:	Adjustable Speed Limiter - A desired maximum speed can be set using the speed limiter switch. The speed limiter prevents vehicle from exceeding the set speed.	●	●	●	●
	Dynamic Radar Cruise Control (DRCC) - A radar detects the presence of vehicles up to approximately 100m ahead and determines the current vehicle-to-vehicle following distance. It then maintains a suitable following distance from the vehicle ahead. The desired vehicle-to-vehicle distance can also be set by operating the vehicle-to-vehicle distance switch.	●	●	●	●
	Intelligent Speed Assistance (ISA) - A driver operated speed-limiting system that works in conjunction with Traffic Sign Recognition (TSR) to help keep drivers from exceeding the speed limit unintentionally.	●	●	●	●
Driving mode select switch:	Each time the switch is pressed the system changes between 'Power' mode, 'Normal' mode and 'ECO' drive mode, so that you can select the most suitable mode to suit your driving style.	●	●	●	●
Electric windows:	Front & rear with one-touch function	●	●	●	●
Power start / stop button:	Allows the driver to start or stop the cars engine by the press of a button	-	●	●	●
EV drive mode:	In EV drive mode, electric power is supplied by the hybrid battery, and only the electric motor is used to drive the vehicle. This mode allows you to drive in residential areas without concern for noise and fuel emissions.	●	●	●	●
Head-up Display	Windscreen projected featuring key driving information and warnings, such as speed limits onto the windscreen within the driver's field of view.	-	-	-	●
Interior Lighting:	Ambient lighting - Provides illumination to the front doors and centre console	-	-	●	●
	Interior courtesy light	●	●	-	-
	Interior courtesy light with LED illumination	-	-	●	●
Luggage compartment:	Illumination	●	●	●	●
Sunvisors:	Driver's and front passenger's with vanity mirror	●	●	-	●
	Driver's and front passenger's with vanity mirror & light	-	-	●	-

● = Standard equipment, - = Not available.

EQUIPMENT

		CENTRE-LINE	EXCLUSIVE-LINE	HOMURA	HOMURA PLUS
SAFETY AND SECURITY					
Airbags:	Driver and front passenger	●	●	●	●
	Front side airbags	●	●	●	●
	Driver & passenger central airbag	●	●	●	●
	Front and rear curtain airbags	●	●	●	●
	Front passenger airbag cut-off switch	●	●	●	●
Anti-lock braking system (ABS)					
Blind Spot Monitoring (BSM) with Parking Support Brake function (Rear- crossing vehicles):	BSM uses radars mounted in the rear bumper to detect vehicles approaching from behind and in the adjacent lane. It alerts the driver to the presence of vehicles in the blind spot on either side by displaying an icon in the appropriate door mirror. If the driver indicates to change lanes with a vehicle in the blind spot, the icon flashes. The Parking Support Brake function (Rear-crossing vehicles) is designed to help you make sure it's safe to start backing up. The system uses the same radars and indicators as BSM to watch for vehicles coming from both sides and alert the driver when they come near.	-	●	●	●
Driver Attention Alert:	Designed to reduce accidents caused by inattentiveness due to driver fatigue. The system watches inputs and the vehicle's movements in the early stages before fatigue is a factor	●	●	●	●
Driver Monitor (DM)					
Dynamic Stability Control (DSC)					
e-Call with GPS:	In the case of an accident, either provides a manual or automated message to the emergency services, which includes the vehicle's location. (European locations only).	●	●	●	●
Emergency brake signal:	When the brakes are applied suddenly, the emergency flashers automatically flash to alert the vehicle behind.	●	●	●	●
Emergency tyre repair kit					
Hill-start assist control:	When pulling away on an incline, Hill-start assist control helps prevent the car from rolling backwards when the driver moves thier foot from the brake to the accelerator pedal by maintaining an automatic brake.	●	●	●	●
ISOFIX child seat anchorage; attached to outer rear seats					
Lane Tracing Assist (LTA):	Comprises of four main functions: <ul style="list-style-type: none"> • Lane centering - This function is linked with dynamic radar cruise control with full-speed range and provides the required assistance by operating the steering wheel to keep the vehicle in its current lane. • Lane Departure Alert (LDA) - When the system determines that the vehicle might depart from its lane, a warning is displayed on the multi-information display and either a warning buzzer will sound or the steering wheel will vibrate to alert the driver. • Steering assist - When the system determines that the vehicle might depart from its lane, the system provides assistance as necessary by operating the steering wheel in small amounts for a short period of time to keep the vehicle in its lane. • Vehicle sway warning - When the vehicle is swaying within a lane, the warning buzzer will sound and a message will be displayed on the multi-information display to alert the driver. All functions contribute to reducing driver fatigue, as well as supporting a safer, more reassuring and more comfortable driving experience."	●	●	●	●
Pre-Crash Safety system (PCS):	Pre-Crash Safety System (PCS) - Front with emergency steering assist - With Pedestrian and Cyclist Detection, the advanced Pre-Collision System uses both automatic braking and steering assistance to reduce the likelihood and severity of an impact, by detecting oncoming vehicles and crossing pedestrians in traffic and when turning at junctions.	●	●	●	●
	Parking Support Brake (PKSB) (static objects) - If the sensors detect a static object and determines that a collision may occur while parking or traveling at low speeds, the system will operate to lessen the impact with the detected static object and reduce the resulting damage.	-	●	●	●
Rear Cross Traffic Alert (Auto Braking):	Warnings are given when the rear-mounted sensors identify vehicles approaching when reversing. If the system predicts a potential collision, automatic braking will be applied.	-	●	●	●
Remote central locking with deadlocking					
Road Sign Assist (RSA):					
Smart keyless entry:	Allows opening and locking of the vehicle without removing the key from your pocket or bag	-	●	●	●
Seatbelt reminder audible warning: Driver, passenger and rear seats					
Thatcham approved immobiliser and an alarm meeting ECE requirements					
Traction Control System (TCS)					
Tyre Pressure Monitoring System (TPMS)					

●= Standard equipment, - = Not available.

2026 MAZDA2 HYBRID TECHNICAL INFORMATION

1.5 Hybrid Petrol 2WD 116ps Automatic

Engine

Displacement (cc)		1490
Bore x Stroke (mm)		80.5 x 97.6
Valves per cylinder		4
Compression ratio		14:1

Fuel Saving Technology

i-stop system	Saves fuel by switching off the engine when the car stops.	●
Hybrid system	Provides a blend of petrol and electric power to optimise driving performance.	●

Hybrid Battery

Battery Type		Lithium-ion
Rated Voltage (V)		177.6
Battery Capacity (Ahr)		4.3
Quantity of cells		48
Electric Motor Maximum Output (kW)		59 kW / 3.995-5.500rpm

Performance

Maximum power output	Total ps (KW) / rpm	116 (85/5,500)
Max. torque (Nm / rpm)		120/3,600 - 4,800
Acceleration (0-62 mph in seconds)^		9.7
Top Speed (mph)		109

Fuel Economy and CO₂ Emissions

WLTP fuel consumption mpg (l/100km) ¹⁾	Low	85.6 (3.3) - 97.4 (2.9)
	Medium	85.6 (3.3) - 97.4 (2.9)
	High	76.3 (3.7) - 83.1 (3.4)
	Extra High	52.3 (5.4) - 57.6 (4.9)
	Combined	67.3 (4.2) - 76.3 (3.7)
WLTP CO ₂ emissions ¹⁾ (g/km)		96 - 85
EC emission level		Euro Stage 6
Recommended fuel		Unleaded 95 RON
Fuel tank capacity (litres)		36

Weights

Permitted Gross Vehicle Weight (kg)		1,615
Towing limit ²⁾ (kg):	Braked	450
	Unbraked	450
Maximum roof load (kg)		50

¹⁾ Figures shown are for comparability purposes and may reflect Euro 6d or Euro 6e testing procedures. Please speak to your Mazda dealer for confirmation; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. All figures quoted are derived from the latest WLTP test cycle.

²⁾ Towing capacity is based on a 12% gradient and tested in accordance with 92/21/EEC as amended by 95/48/EC.

HYBRID ENGINE TECHNOLOGY

1.5 3-CYLINDER ENGINE

The highly efficient 1.5-litre, three-cylinder direct-injection petrol engine delivers remarkably smooth performance while achieving outstanding thermal efficiency. Its high-compression combustion process extracts more energy from every drop of fuel, helping the Mazda2 Hybrid run cleaner, leaner and more effectively on every journey.

SELF-CHARGING FULL HYBRID TECHNOLOGY

Experience electric-vehicle technology without ever needing to plug in. The Mazda2 Hybrid uses intelligent hybrid technology that recaptures energy normally lost during slowing or braking. This recovered energy is stored in the lithium-ion battery and, when conditions allow, used to power the front wheels — helping you travel further on a tank of fuel while contributing to lower CO₂ emissions and reduced particulates.

Working seamlessly with the efficient 1.5-litre petrol engine, the hybrid system delivers a driving experience that feels responsive, refined and reassuringly economical.

The result is a car that offers impressive performance, low running costs and strong environmental credentials — all with the everyday convenience of a self-charging hybrid.

DRIVING MODES

The Mazda2 Hybrid features four different driving modes which can be selected to suit the needs of the driver.

NORMAL MODE

Provides an optimal balance of fuel economy, quietness, and dynamic performance. Suitable for normal driving.

POWER MODE

When extra power is needed, this mode controls the hybrid system to provide quick, powerful acceleration. For example when overtaking on the motorway. When the Power mode is selected, the Power mode indicator comes on.

ECO DRIVE MODE

Helps the vehicle drive in the most eco-friendly manner, improving fuel economy by making the engine work in the most efficient manner and by controlling the operation of the air conditioning system. When the Eco drive mode is selected, Eco drive mode indicator comes on.

EV MODE

The button EV mode forces the vehicle into full electric mode. Due to the small battery, the electric range is limited to a maximum of around 0.6 miles (depending on battery charge). Due to the small size of the electric motor the EV mode is switched off when the vehicle speed exceeds approximately 31mph or when the acceleration demand is too high.

ADVANCED SAFETY TECHNOLOGY

HEAD-UP DISPLAY

The system projects full-colour information directly onto the windscreen within the driver's line of sight. The displayed information is divided into four sections including driving support system status, RSA (Road Sign Assist) display area, Vehicle speed display and Hybrid System Indicator.

(Standard on Homura Plus only)

AUTOMATIC HIGH BEAM

The Automatic High Beam detects oncoming and preceding vehicles and automatically switches between high and low beams during night driving, making it easier for the driver to recognise hazards.

(Standard across the range)

BLIND SPOT MONITOR (BSM) WITH PARKING SUPPORT BRAKE FUNCTION (REAR-CROSSING VEHICLES)

BSM uses radars mounted in the rear bumper to detect vehicles approaching from behind and in the adjacent lane. It alerts the driver to the presence of vehicles in the blind spot on either side by displaying an icon in the appropriate door mirror. If the driver indicates to change lanes with a vehicle in the blind spot, the icon flashes. The Parking Support Brake function (Rear-crossing vehicles) is designed to help you make sure it's safe to start backing up. The system uses the same radars and indicators as BSM to watch for vehicles coming from both sides and alert the driver when they come near.

(Standard on Exclusive-Line, Homura & Homura Plus)

DYNAMIC RADAR CRUISE CONTROL

With Dynamic Radar Cruise Control, the vehicle automatically accelerates, decelerates and stops to match the speed changes of the preceding vehicle even if the accelerator pedal is not depressed. In constant speed control mode, the vehicle runs at a fixed speed. The capabilities of Dynamic Radar Cruise Control have been greatly enhanced, and features early detection of preceding vehicles contributing to a smoother and more efficient drive.

(Standard across the range)

ADVANCED SAFETY TECHNOLOGY

LANE TRACING ASSIST

If the car begins to drift from the centre of the lane unintentionally, steering assist is applied to correct its course.

(Standard across the range)

PRE-COLLISION SYSTEM

The Pre-Collision System uses a radar sensor and front camera to detect objects in front of the vehicle. When the system determines that the possibility of a frontal collision with an object is high, a warning operates to urge the driver to take evasive action and the potential brake pressure is increased to help the driver avoid the collision. If the system determines that the possibility of a frontal collision with an object is extremely high, the brakes are automatically applied to help avoid or help reduce the impact of the collision.

(Standard across the range)

PARKING SUPPORT BRAKE

If the sensors detect a static object, such as a wall, in the traveling direction of the vehicle and the system determines that a collision may occur due to the vehicle suddenly, the system will operate to lessen the impact with the detected static object and reduce the resulting damage.

(Standard on Exclusive-Line, Homura & Homura Plus)

SAFE EXIT ASSIST

This system uses the Blind Spot Monitor radar to help prevent a collision between an open door and a vehicle or cyclist approaching from behind. If there is a risk of a collision, indicators illuminate on the outer mirrors and multi-information display, together with an audible buzzer to alert occupants.

VEHICLE TAX RATES

VEHICLE TAX RATES TAX YEAR 2026-27

CO ₂ EMISSIONS FIGURE (G/KM)	ALL CARS FIRST YEAR RATE	ALL CARS STANDARD RATE (12 months)
0	£10	£200
1-50	£115	£200
51-75	£135	£200
76-90	£280	£200
91-100	£365	£200
101-110	£405	£200
111-130	£455	£200
131-150	£560	£200
151-170	£1,410	£200
171-190	£2,270	£200
191-225	£3,420	£200
226-255	£4,850	£200
Over 255	£5,690	£200

First-year rate is paid when first registering a vehicle and is for the first 12 months Vehicle Excise Duty. After the first 12 months, the standard rate applicable at that time is payable. Petrol/diesel/alternative fuel cars with a list price >£40k will be subject to a premium of £440 over the Standard Rate for 5 years from the start of the second licence.

WARRANTY

All Mazda cars registered from 1st September 2025 will benefit from a six-year manufacturer's warranty, or 100,000 miles, whichever comes first.

MAZDA SERVICES

The maximum service interval for your Mazda is 10,000 miles or 12 months whichever occurs first, however, the servicing intervals may reduce based on the style of driving and the conditions under which your vehicle is operated.

MAZDA FINANCIAL SERVICES

Mazda Financial Services offers a variety of finance and insurance products to suit the needs of both private and business customers. With our wide range of plans and services, no-one is more committed to delivering complete motoring confidence and total peace of mind than Mazda and Mazda Financial Services.[†]
