ALL-NEW NISSAN LEAF

Defy Ordinary

Encounter the next electric intelligence with the All-New Nissan LEAF. Equipped with advanced technologies, the 100% electric LEAF is built on over 17 billion miles of real-world driving experience. This 3rd generation opens the door to the future of driving. Are you ready to explore what's next?

[Exterior design](#) | [Interior design](#) | [Technology & Performance](#) | [Interior space](#) | [Style & Accessories](#)

[Page 1](#) | [Page 2](#)

Elegant design

The LEAF redefines electric design with a confident, unmistakably Nissan style. Its sleek silhouette isn't just for looks. It's been designed to be the most aerodynamic LEAF ever, and every detail matters - from sculpted surfaces to a fully covered underfloor. Blending sporty elegance with advanced range, the LEAF delivers exactly what modern drivers demand.

Flush front door handles

Illuminated Nissan front logo^[1]

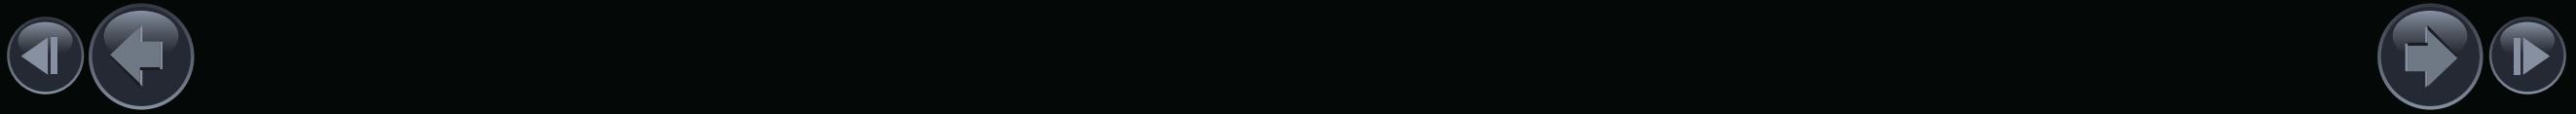

3D hologram rear lights^[1]

19" alloy wheel^[1]

^[1] Feature available depending on version, as standard or only as option (at an extra charge).

Dimming panoramic roof^[1]

Dark interior standard on all trims

Wireless charger^[3]

Bose® Premium Sound System^[4]

^[1] Feature available depending on version.

^[2] Google, Android, Android Auto, Google Maps and other marks are trademarks of Google LLC.

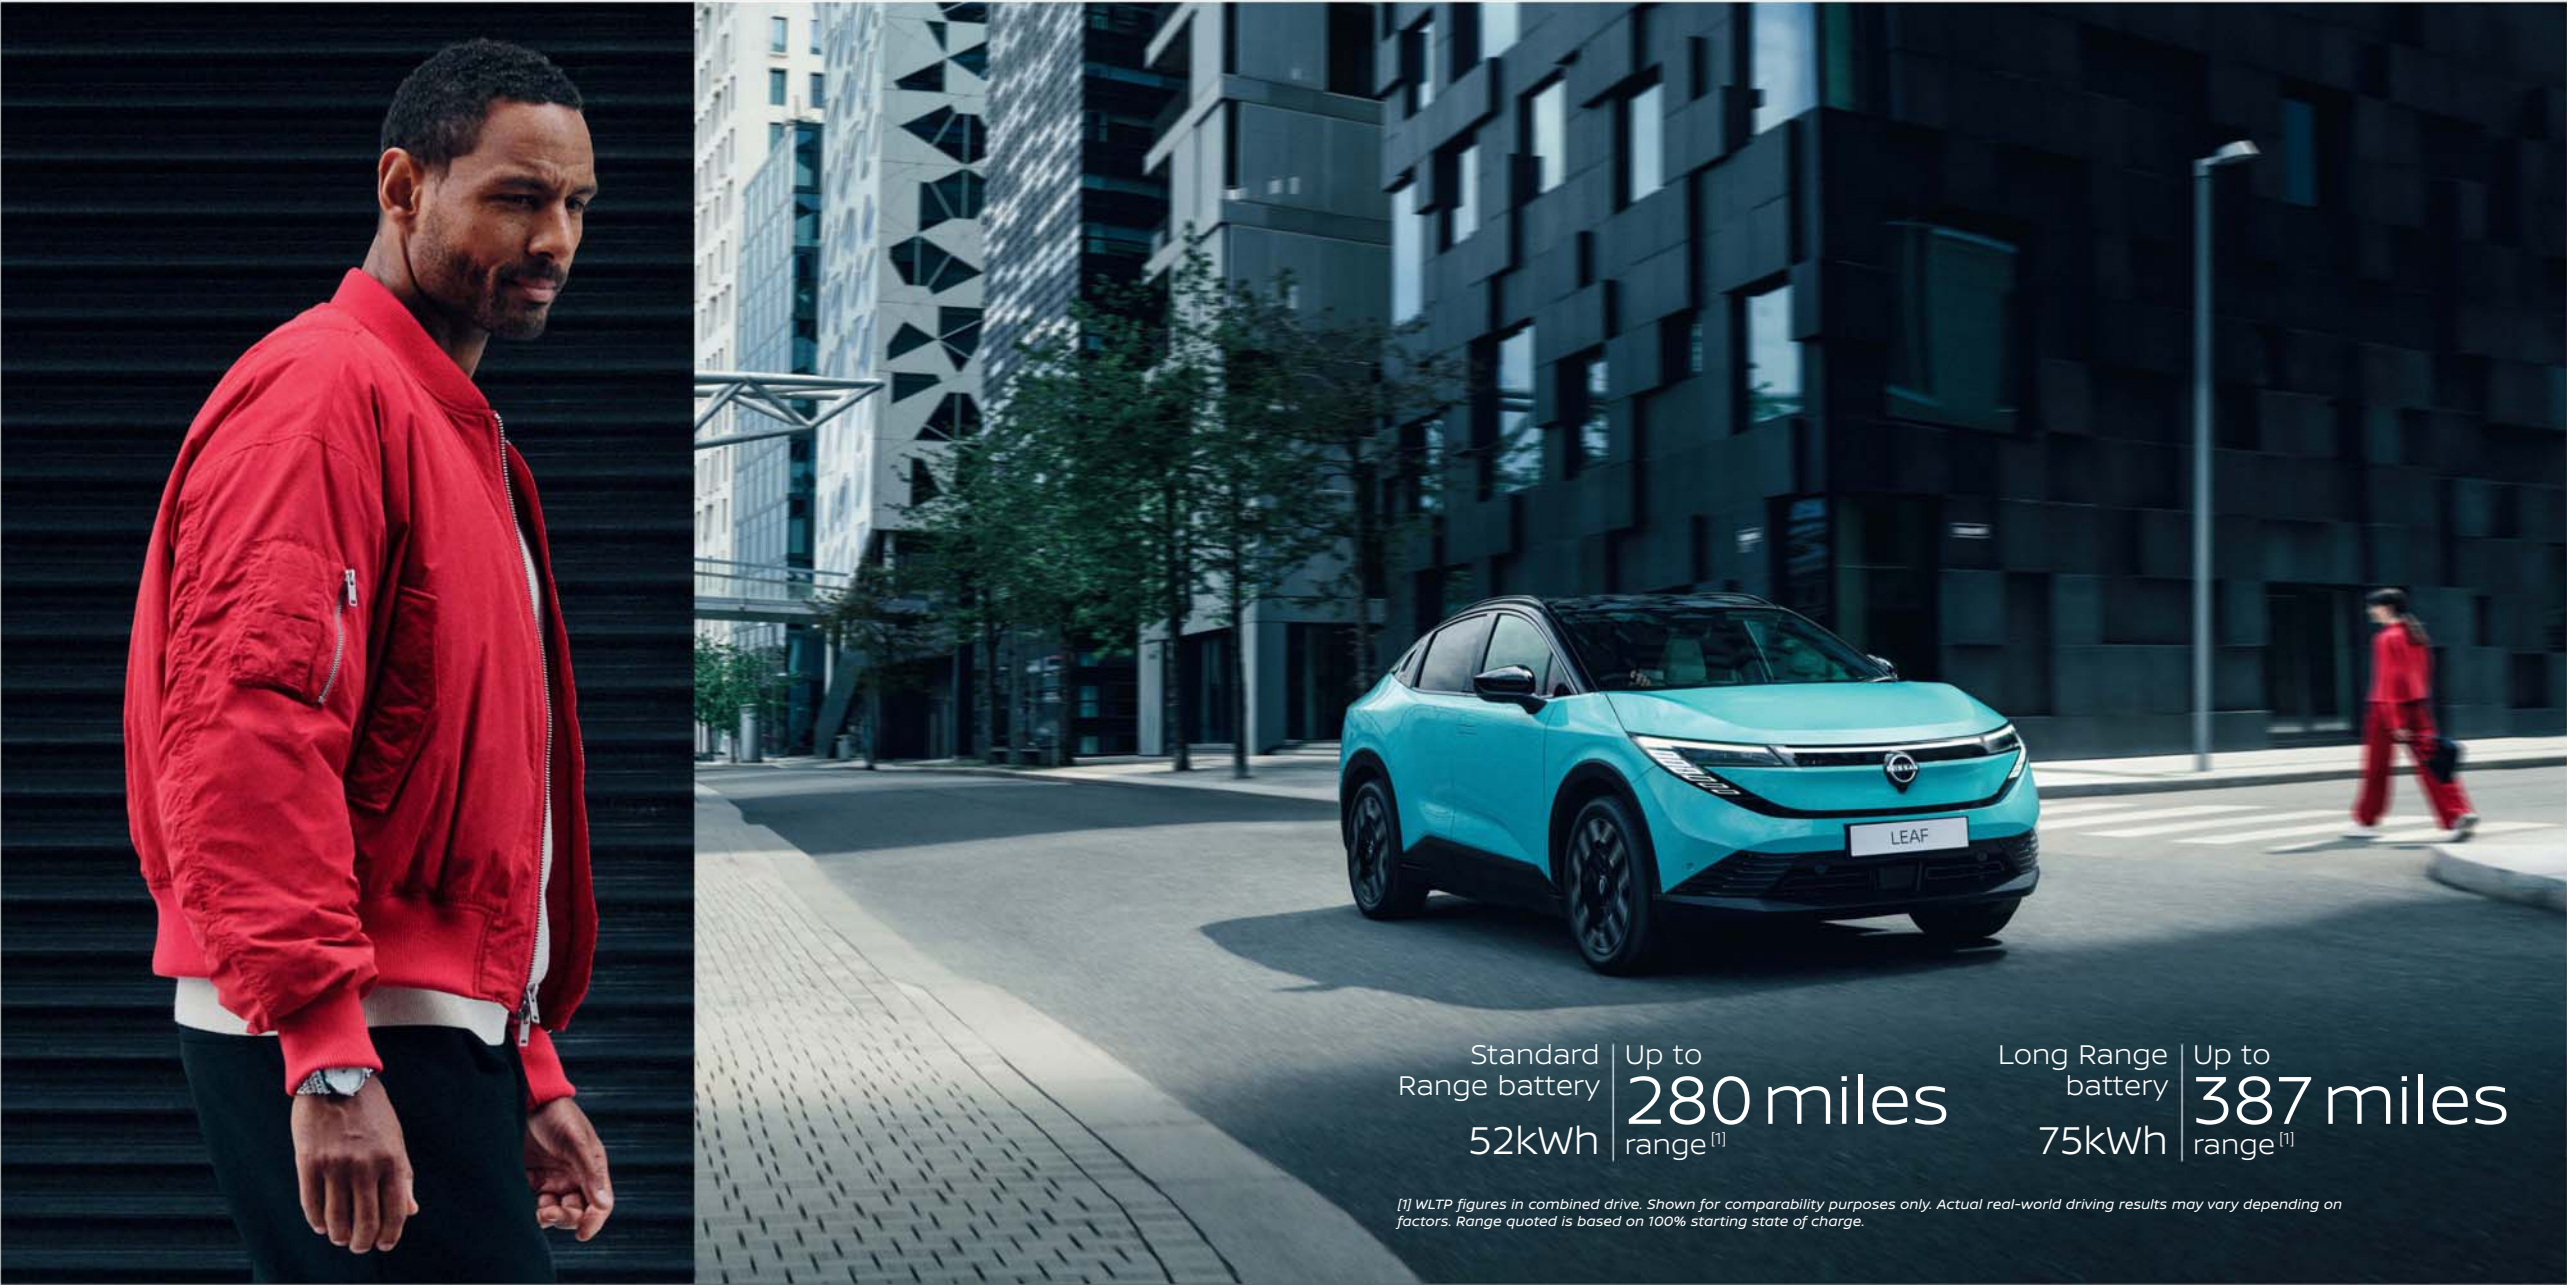

^[3] For non-QI certified devices, wireless charging performance can be limited.

^[4] Bose is a registered trademark of Bose Corporation. Feature available on Evolve grade only

Sound. Space. Smart.

Step into an ergonomic cabin with a clean, clutter-free design. The dimming panoramic roof^[1] lets in light without heat, while twin 14.3" screens with Google^[2] built-in keep key information in view. The BOSE® Premium Sound System^[4] delivers immersive sound for the driver, all powered by a Fresh Air Subwoofer that delivers incredible performance. Clean lines and ambient lighting^[1] make the interior smart and inviting.

Standard Range battery	Up to 280 miles range ^[1]	Long Range battery	Up to 387 miles range ^[1]
52kWh		75kWh	

[1] WLTP figures in combined drive. Shown for comparability purposes only. Actual real-world driving results may vary depending on factors. Range quoted is based on 100% starting state of charge.

Power to explore

With an overall range of up to 387 miles^[1], the LEAF is your ideal partner for spontaneous trips or long journeys. With fast charging, you can gain up to 273 miles^[1] of range in as little as 30 minutes^[2]. Intelligent battery management syncs with Google Maps to optimise charging stops. The In-car route planner by Google Maps^[3] makes long-distance driving smoother.

[1] WLTP figures in combined drive. Shown for comparability purposes only. Actual real world driving results may vary.
[2] Figures quoted are for the LEAF 75 kWh battery with 150kW DC quick charger. Charging speed and time is dependent on various conditions.
[3] Feature available depending on version.

In-car route planner by Google Maps^[3]

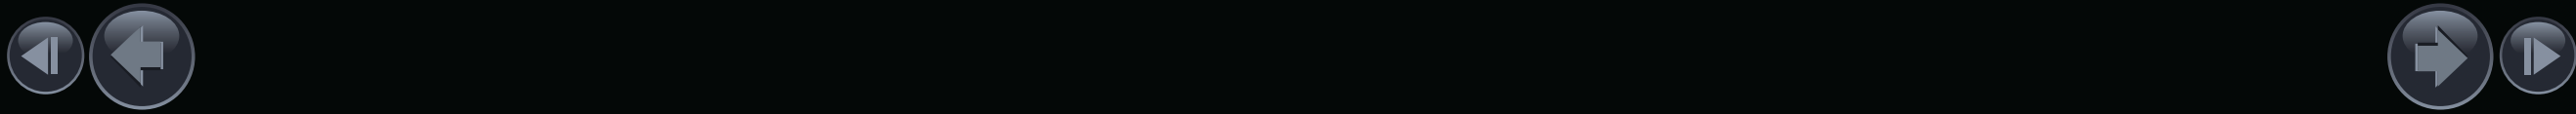

Regenerative braking paddle shifts

Regenerative braking level

INTELLIGENT DISTANCE CONTROL LEAF adapts to your driving style. Choose paddle shifters for manual control of deceleration and regenerative braking or let Intelligent Distance Control optimise speed and energy recovery using traffic conditions and navigation allowing to have a complete stop.

A more confident drive

The LEAF combines intelligent assistance with dynamic performance. Built on an EV platform with multi-link rear suspension, it is built to deliver exceptional comfort and control. Standard safety features include Intelligent Cruise Control, Lane Keep Assist, and Driver Monitoring System. Experience effortless control with ProPILOT Assist with Navi-Link^[3] that adapts to curves and speed limits.

Head-up display^[1]

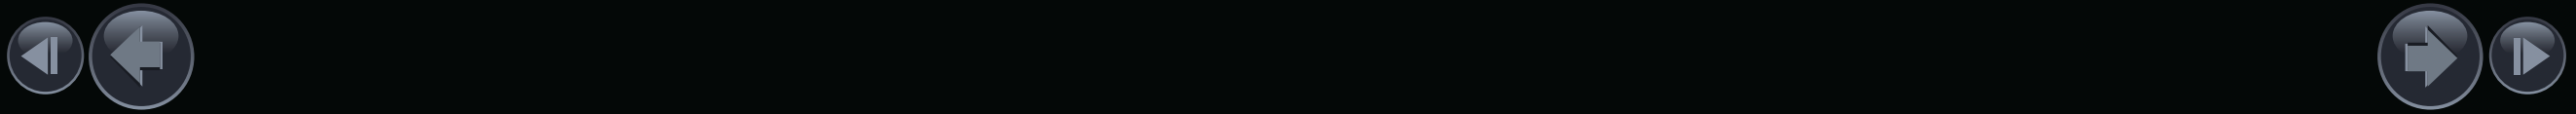

The 3D 8-point Around View Monitor offers real-time 360° visuals for more precise manoeuvring, while the Invisible Hood View reveals hidden obstacles, boosting your confidence when parking.

^[1] Feature available depending on version, as standard or only as option (at an extra charge).
^[3] ProPILOT Assist is available on a limited range of vehicles. ProPILOT Assist is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT Assist is intended for "Eyes on/ Hands On" for highways only (road separated by Barriers).

The LEAF transforms into your personal power station with Vehicle-to-Load^[2] (V2L) functionality. Whether you're camping under the stars or venturing into remote places, you can draw up to 3.1kW of power straight from your car. The LEAF effortlessly powers your outdoor adventures.

^[2] Functionality requires a V2L adapter available as option. Standard on Evolve

Intelligence that connects you
to everything that matters.

FREEDOM OF CHOICE

Use Apple CarPlay^{[3][4]} and Android AutoTM^{[3][4]} to access your music, messages, favourite apps and more. Benefit from in-car connectivity, wired or wireless.

SMART-HOME CONTROL

Thanks to Google Assistant, easily connect to and control compatible smart home devices while in the car for peace of mind and convenience such as lights, A/C and you could even start your dishwasher.

PERSONALISED DRIVING EXPERIENCE

Your LEAF adapts to whoever's in the driver's seat with profile personalisation for up to six people - including preferences like language, radio stations, journey settings & history and app preference.

On board with Google^[1] built-in.

Welcome to your mobile command center. Google built-in delivers Google Maps, Google Assistant, and Google Play directly on the twin 14.3" screens, with hands-free voice control for navigation, climate, and media. The NissanConnect Services app^[2] offers remote access to battery status, charging, and cabin pre-conditioning.

Google Assistant^[5]

Use Google Assistant in your LEAF to control navigation, calls, messages, music, and climate - all with your voice. Create calendar events, get directions, or adjust the A/C without taking your hands off the wheel. Simply say "Hey Google" to get started.

In-car route planner by Google Maps

Built-in Google Maps, visible in the Head-Up Display and central display, plans routes with charging stops based on your battery level. Once signed in, it adapts to your daily habits with no phone needed.

Google Play

Access 70+ apps for info or entertainment, directly from the LEAF. Stream with Prime Video or play a game while parked and charging. Just log in with your Google Account and stay connected via in-car Wi-Fi or phone data.^[6]

^[1] Google, Google Play and Google Maps are trademarks of Google LLC

^[2] The NissanConnect Services app will be renamed to MyNISSAN in the future.

To use the NissanConnect Services app you need a NissanConnect Services user account and have to register and login to NissanConnect Services app with your username and password. To use the free NissanConnect Services app you need a smartphone with a compatible iOS or Android operating system and a SIM card with data option with an existing or separate mobile phone contract between you and your mobile service provider. All services are subject to mobile network coverage.

^[3] Apple CarPlay[®] and Android Auto[™] are available free of charge, depending on model and/or grade. For more information, please contact your Nissan dealer.

^[4] Apple CarPlay[®] is trademark of Apple Inc., registered in the U.S. and other countries. Compatible iOS phone and compatible active data plan required.

^[5] Google Assistant and some related features are not available in all languages or countries.

^[6] Compatible phone and compatible active data plan required.

Google Built-In, 14.3" screens, and other features available depending on version, as standard or only as option (at an extra charge).

Space for life

The LEAF's roomy, clutter-free cabin fits rear-facing child seats with ease, while giving everyone space to stretch out. Perfect for stargazing trips where little ones drift off on the way home. With up to 437 litres of boot space and a power tailgate, there's room for your family's gear - and dreams.

Rear passenger seats with 2 isofix on each side

ENGINE & DIMENSIONS

		52kwh BATTERY	75kwh BATTERY
GRADES			
Grades Available		ENGAGE, ADVANCE	ENGAGE, ENGAGE+, ADVANCE, EVOLVE

ENGINE			
Motor power	kW	130	160
Transmission		Front	
Electric motor type		Permanent magnet synchronous motor	

PERFORMANCES			
Max electric motor torque	Nm	345	355
Max speed on track	mph	100	
Acceleration 0 to 62 mph	secs	Standard mode 8.4 Sport mode 8.3	Standard mode 7.8 Sport mode 7.6
Drag coefficient	cd	Up to 0.25	

BATTERY			
Battery capacity gross/net	kWh	55.1/52.9	78.3/75
Battery type		Lithium-ion (NMC)	

RANGE / CONSUMPTION / EMISSION			
Pure electric range - Combined cycle WLTP	miles	up to 280	up to 387
Electricity consumption - Combined WLTP	miles/kWh	up to 4.6	up to 4.5
Pure Electric Range - City cycle WLTP	miles	up to 371	up to 498
Pure Electric Range - Highway WLTP	miles	up to 190	up to 269

Figures were determined under the new Worldwide harmonized Light Vehicles Test Procedure (WLTP) test cycle. WLTP figures shown are for comparability purposes. Actual real world driving results may vary depending on factors such as the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load.

RECHARGE			
Max AC charging power	kW	11	
Max DC charging power	kW	105	150
Max Vehicle-to-load (V2L) power output	kW	3.1	
AC 7.4 kW charge time (10 to 100%)	hours	8.5	11.5
AC 11 kW charge time (10 to 100%)	hours	6	7
DC charge time at peak rating (10 to 80%)	mins	35	
Miles recovered in 15 mins at max. DC rating	miles	up to 100	up to 176
Miles recovered in 30 mins at max. DC rating	miles	up to 176	up to 273

Figures quoted are for the 75kWh battery variant. Charging speed and time is dependent on various conditions, including charger type and condition, battery temperature as well as ambient temperature at the point of use. In cold climates, the use of on-board battery heating may be required to specifically improve quick charging speeds. Indicated quick charging time requires use of a CCS 2 charger. The Nissan LEAF is equipped with charging safeguards to protect the battery during repeated quick charging sessions in a short period of time. The time taken for successive quick charging can take longer if the battery temperature activates the battery safeguarding technology.

Accessories and any additional equipment fitted after-sale by the customer may have an impact on the communicated range figures of the vehicle. Genuine Nissan Accessories are covered by the new vehicle warranty of 3 years / 60000 miles (whichever comes first), if fitted before Vehicle Handover or during the new vehicle warranty period. Genuine Nissan Accessories must be fitted by a Nissan dealer or Nissan repairer. Genuine Nissan Accessories fitted outside of the new vehicle warranty period or by a 3rd Party or by the Customer are only covered by the Genuine Nissan Parts and Accessories Warranty of 12 months / unlimited mileage.

*Available in 3 colors (Gloss Black, Satin Grey, Dark Satin Grey)

NISSANCONNECT SERVICES* APP

Nissan's latest safety and vehicle health services are designed to support you proactively. Through the NissanConnect Services* app, you'll receive real-time notifications and personalized guidance in three key areas:

- Collision
- Mechanical repair (malfunctions indicator)
- Predictive maintenance

Whether it's a routine service or an unexpected alert, the app keeps you informed and in control—helping you take the right action at the right time.

BENEFIT

The app offers guidance to help you navigate each of the three key situations below:

IN THE EVENT OF A COLLISION

Receive real-time alerts and clear, step-by-step guidance based on the severity of the incident.

With the NissanConnect Services* app, you can:

- Contact emergency services or roadside assistance
- Book your dealer visit online**
- Get accident report assistance
- Share collision events with your dealer.

IF WARNING LIGHTS APPEAR ON YOUR DASHBOARD

When a warning light appears, through NissanConnect Services* app you receive real-time alerts with clear explanations and recommended actions based on the severity of the issue. From booking a dealer visit online** to contacting roadside assistance, everything you need is at your fingertips. And you can share malfunction events with your dealer for further support.

WHEN IT'S TIME FOR MAINTENANCE

The NissanConnect Services* app keeps you informed with proactive maintenance notifications perform at its best and run efficiently. Nissan ensures monitoring of your service needs, so you'll always know when it's time for periodic maintenance or parts replacement, and you can book your dealer visit online**.

HOW TO BENEFIT

- Log in to the NissanConnect Services* app.
- Keep Privacy Mode OFF to allow vehicle data sharing with Nissan.
- During the service process, provide the authorization to share information to Nissan.

*The NissanConnect Services app will be renamed to MyNISSAN in the future.

**Availability of Online booking service depends on your country.

NISSAN SERVICES

NISSAN SERVICE PLANS

Every time you service with Nissan, you'll receive the highest levels of service and aftercare that you can find.

We aim to be clear, transparent and offer you great value with our fixed price service packages.

The best way to ensure great prices is to purchase an inflation-proof Service Plan when you purchase your new Nissan LEAF. With a Nissan Service Plan, you can spread the cost of your next two, three or four services with manageable, interest free monthly payments. It's the easy way to cover the cost of maintaining your vehicle and the price you pay will stay the same for the duration of the plan, even if the price of a Nissan service increases in that time.

EXTENDED WARRANTY

A Nissan Extended Warranty offers the same cover as your original manufacturer warranty, saving upfront costs if any covered parts were to fail. When the time comes and your manufacturer warranty ends, all you will need to do is purchase an Extended Warranty and have your Nissan LEAF checked out by your Nissan dealer before the policy starts.

NISSAN ROADSIDE ASSISTANCE

All new Nissan vehicles come with free pan-European Roadside Assistance for the duration of the warranty period. Nissan European Roadside Assistance is there for you 24/7. From a flat tyre to lost keys or an accident, we help you get back on the road as fast as possible. Once the manufacturer warranty period ends, remember that you get an additional 12 months roadside assistance each time you service at a Nissan Dealership or Authorised Repairer. Keep coming back for your regular service and you'll get continuous cover.

Nissan Service Plans are available on Nissan's up to 10 years old and under 100,000 miles only. New cars are eligible for plans up to 4 years / 4 services and cars older than 2 months from the date of first registrations are eligible for 2 years / 2 services. Servicing must be completed by a franchised Nissan Dealer or Authorised Repairer at the intervals specified by Nissan. For full details visit nissan.co.uk/serviceplans.

All-New LEAF

STANDARD EQUIPMENT

The All-New Nissan LEAF marks a bold new chapter in our electric vehicle journey. Building on the legacy of one of the world's best-selling EVs, this latest model combines cutting-edge technology, enhanced range, and premium features to meet the evolving expectations of modern drivers. As the first 3rd generation EV in the UK market, the All-New Nissan LEAF sets a new benchmark for innovation, performance, and sustainability.

THE ALL-NEW NISSAN LEAF COMES WITH:

EXTERIOR:

- "Follow Me Home" headlights
- LED day time running lights
- LED rear fog lights
- LED rear lights
- Electrically adjustable and heated door mirrors with LED turn indicator
- Shark fin antenna
- Flush door handles

SAFETY:

- ABS with EBD and Brake Assist
- Thatcham alarm system
- Rear door childlocks
- Remote central door locking
- Vehicle Dynamic Control
- Hill Start Assist
- Driver and front passenger front airbags
- Driver and front passenger thorax airbags
- Height adjustable front & rear headrests
- Electric Parking Brake with Auto Hold function
- Front seat belt height adjustment
- Front seat belts with load limiter and pretensioner

- Two rear ISOFIX childseat anchorage points with "Top tether"
- Emergency and Breakdown Call
- Alcohol interlock pre-device
- Tyre repair kit
- Three height adjustable rear headrests
- 3x3-point rear seat belts
- Load limiter and pretensioner on outer rear seats
- Curtain front and rear airbags
- Front and rear seatbelts reminder
- Tyre pressure monitoring system
- Vehicle Sound for Pedestrians
- Adaptive cruise control with stop & go (ACC)
- Blind Spot Information System (BLIS)
- Autonomous emergency braking with rear cross traffic alert
- Rear auto emergency braking
- Rear cross traffic alert
- Occupant Seatbelt Evaluation (OSE-warning only)

NISSAN INTELLIGENT MOBILITY:

- Intelligent Cruise Control with Stop & Go
- ProPilot Assist with Navi Link (Intelligent Cruise Control with Stop & Go, Lane Assist, Distance Control)

- Distance Control Assist
- Traffic Jam Pilot
- Intelligent front emergency braking with pedestrian & cyclist recognition and junction assist
- Intelligent Rear Automatic Braking with Rear Cross Traffic Alert
- Emergency assist for pedal misapplication
- Blind Spot (Warning & Intervention)
- Line Departure (Warning & Prevention)
- Lane Keep Assist
- Emergency Lane Keep Assist
- Multi collision brake
- Intelligent Driver Alertness
- i-Key with Hands Free Functions - Easy Access
- Intelligent (Predictive) Forward Collision Warning
- e-Pedal Step
- Intelligent Around View Monitor (360° 3D 8-point camera)
- Moving object detection
- Booster Emergency Braking with Emergency Stop Signal
- Traffic sign recognition with legal speed adjustment
- Maximum speed limiter

TECHNOLOGY:

- Wireless Apple CarPlay®
- Wireless Android Auto®
- Bluetooth® with audio streaming
- Front 12V power socket
- Front USB connections (Type-C)
- NissanConnect Services - (In-app Route Planner, Remote Control Services, Battery Management, Vehicle Health)
- Firmware Over The Air Update capability
- Two Rear USB Type-C charging ports

COMFORT:

- Luggage space lighting
- Multifunctional steering wheel
- Steering wheel with tilt and telescopic adjustment
- Rear grab handles with coat hanger
- Centre storage
- Flexible centre storage
- Front cup holders
- Driver and passenger seat back pockets
- Centre console with storage
- Pollen filter
- Synthetic leather steering wheel
- Drive modes (Normal, Eco, Sport, Custom)
- Centre console with storage and armrest
- Rain sensing wipers
- Steering wheel mounted gearshift paddles
- 60:40 split folding rear seats
- Driver and passenger sun visor with illuminated vanity mirrors
- Dual zone automatic climate control

CHARGING:

- 11kW Onboard AC charger
- 6m Charging Cable Mode 3 32A
- Liquid cooling and heating
- Illuminated charging port
- Charging port release via key fob
- Charging cable lock while charging
- Vehicle Power Connector allowing reverse charge
- Multi-level regenerative braking
- Vehicle-to-Grid (V2G) Enabled (requires a compatible Nissan Home Charger)*

*available later in 2026.

DRIVE TRAIN			
Powertrain		ELECTRIC	
Transmission		AUTOMATIC	
Driven wheels		2WD	

*387 miles and 280 miles range refers to the LEAF 75 kWh Engage and LEAF 52kWh Engage on a WLTP Combined Cycle respectively. All derivatives are fully homologated against the standards of the Worldwide Light Vehicle Test Procedure (WLTP). Actual real-world driving results may vary depending on factors including the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load. Range quoted is based on 100% starting state of charge.

**Figures quoted are for the LEAF 75 kWh battery with 150kW DC quick charger and LEAF 52 kWh battery with a 105kW DC quick charger (HVAC OFF, Ambient temp 25 °C). Charging speed and time is dependent on various conditions, including charger type and condition, battery temperature as well as ambient temperature at the point of use. In cold climates, the use of on-board battery heating may be required to specifically improve quick charging speeds.

Every effort has been made to ensure that the content of this publication is correct at the time of going to press (June 2026). This brochure has been produced featuring prototype vehicles exhibited at motor shows. In accordance with the company's policy of continuously improving its products, Nissan International reserves the right to change at any time the specification and the vehicles described and shown in this publication. Nissan dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan dealer to receive the most up-to-date information. Because of the limitations of the printing processes used, the colours shown in this brochure may differ slightly from the actual colours of the paint and interior trim materials used. All rights reserved. Reproduction in whole or part of this brochure without the written permission of Nissan International is forbidden.
