

ALL-NEW MAZDA CX-6e

PRICES & SPECIFICATIONS

ALL-NEW MAZDA CX-6e

The all-new Mazda CX-6e is a bold expression of individuality. Combining elegant, flowing proportions with a commanding presence, it offers a fresh interpretation of Mazda's award-winning Kodo: Soul of Motion design philosophy, creating a vehicle that is both dynamic and unmistakably Mazda.

Available in seven premium paint finishes, the Mazda CX-6e allows you to express your own sense of style. Beneath its beautifully sculpted exterior lies an advanced all-electric powertrain, delivering the responsive performance and intuitive driving experience that define every Mazda.

Designed to fit seamlessly into modern life, the 78kWh battery provides a practical driving range of up to 300 miles* (WLTP). When it's time to recharge, ultra-fast DC charging at up to 200kW can replenish the battery from 10% to 80% in as little as 24 minutes¹, helping you spend less time charging and more time enjoying the drive.

Inside, the cabin has been carefully crafted to create a calm, welcoming environment where every journey feels effortless. A widescreen display is elegantly integrated into the dashboard, placing essential information within easy reach, while a large head-up display projects key driving and navigation information directly into your line of sight.

Every detail reflects Mazda's commitment to authentic Japanese craftsmanship, from the interior accents to the premium soft-touch Maztex[^] trim, creating a cabin that feels both sophisticated and inviting.

For those who value individuality as much as innovation, the Mazda CX-6e is more than an electric vehicle. It is a beautifully crafted expression of modern design, engineered around the joy of driving.

*300 miles applies only to vehicles fitted with 19" alloy wheels. ¹For further details on charging times, please refer to page 24.

[^]Mazda's Vegan Alternative to leather: durable, easy to clean and designed for comfort.

CRAFTED WITH JAPANESE SOUL

CRAFTED AROUND YOU, POWERED FOR THE FUTURE

For decades, Mazda has created vehicles that customers love to drive and own. Through thoughtful design, engaging dynamics and exceptional craftsmanship, generations of drivers have developed a lasting connection with the Mazda name.

That same commitment has helped shape Mazda's SUV family, from the award-winning Mazda CX-5 to the premium Mazda CX-60 and Mazda CX-80. Trusted by customers across Europe, these vehicles have earned their reputation by combining distinctive design, everyday practicality and the driving enjoyment that defines every Mazda.

The Mazda CX-6e represents the next chapter in that journey. Combining Mazda's established SUV expertise with advanced electric technology, it brings together craftsmanship, innovation and design in a way that feels unmistakably Mazda.

Confident, refined and fully electric, the Mazda CX-6e embodies everything customers value about Mazda while looking boldly towards the future.

THE LATEST IN TECHNOLOGY & CONVENIENCE

OMOTENASHI: HOSPITALITY IN EVERY DETAIL

The Mazda CX-6e makes a powerful first impression. Its distinctive front design and illuminated Signature Wing create a presence that is both unmistakably Mazda: confident, refined and reflective of a new electrified era.

As you approach with the key in your pocket or Bluetooth® Key activated, Mazda's renowned Omotenashi philosophy welcomes you. Lighting elements illuminate, the mirrors unfold and the flush door handles extend, creating a sophisticated arrival experience designed around the driver.

Step inside and the experience continues. Ambient lighting, configurable from a palette of 256 colours, helps create a personalised atmosphere, while intelligent comfort features work seamlessly in the background. Every detail has been carefully considered to make the Mazda CX-6e feel welcoming, intuitive and effortlessly refined, before the journey even begins.

FULL PANORAMIC GLASS ROOF

Included on every grade of the Mazda CX-6e, a full panoramic glass roof floods the cabin with natural light, creating an airy, open atmosphere that enhances every journey. The tinted, heat-reflective glass keeps the cabin comfortable while maintaining a sense of connection to the outside world.

A fully electric sunshade is also fitted, allowing you to effortlessly tailor the cabin environment. At the touch of a button or through voice control, you can achieve the perfect balance of light and shade for every journey.

THE LATEST IN TECHNOLOGY & CONVENIENCE

SMART COCKPIT TECHNOLOGY

At the heart of the Mazda CX-6e is a striking 26.45-inch, 5K-resolution centre touchscreen display, seamlessly integrating navigation, entertainment and vehicle information within an elegant, easy-to-use interface. Complemented by a large head-up display that projects key driving information directly into the driver's field of vision, everything you need is presented clearly and intuitively.

Integrated navigation, including EV charging locations, simplifies journey planning by helping you locate convenient charging points along your route. Together, these advanced technologies deliver a connected, intuitive driving experience that inspires confidence on every journey.

WIRELESS APPLE CARPLAY® & ANDROID AUTO™

A smarter, safer way to use your smartphone

With wireless Apple CarPlay®, your favourite apps are always within easy reach. Access Apple Music, Maps and Messages, and make calls using Siri voice control or the large central touchscreen.

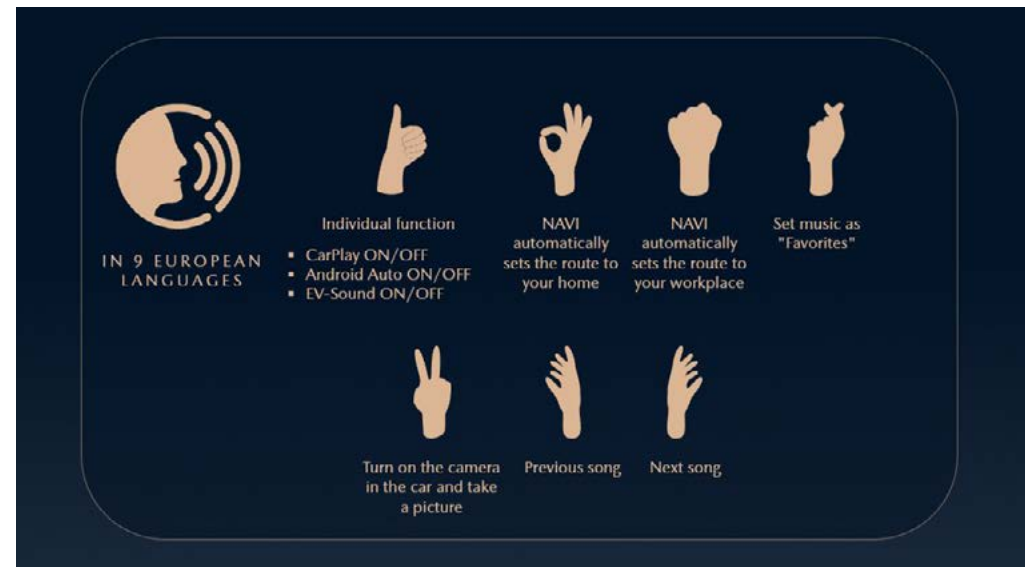

Wireless Android Auto™ offers seamless access to your preferred music and messaging apps, Google Maps and YouTube Music. With Google Assistant voice control, you can send and receive messages, make calls, get directions and manage your day, all while keeping your attention focused on the road ahead.

THE LATEST IN TECHNOLOGY & CONVENIENCE

VOICE AND GESTURE CONTROLS

In the Mazda CX-6e, technology responds naturally to you. Advanced voice and gesture controls allow you to interact with key vehicle functions using simple, intuitive commands, enabling you to adjust settings, access information or navigate your journey without taking your hands off the wheel or your eyes off the road.

Designed around the driver, these intelligent systems feel seamless and unobtrusive, enhancing comfort and control without distraction. It is a more human way to connect with your car, creating a sense of harmony between driver and technology that makes every journey feel effortless.

ENHANCED VISION, REFINED DESIGN

The Mazda CX-6e Takumi Plus further combines innovative technology with sophisticated design through its aerodynamic digital exterior mirrors and digital interior rear-view mirror.

Engineered to provide a wider field of vision than conventional mirrors, these advanced camera-based systems deliver exceptional visibility and outstanding low-light clarity, helping you stay aware of your surroundings in all conditions. Intelligent adjustment functions optimise the display at higher speeds and when reversing, automatically adapting the view to ensure as much of the road and environment as possible remains in sight.

The result is a more confident and connected driving experience, with enhanced awareness delivered through technology that seamlessly integrates into the Mazda CX-6e's sleek, modern design.

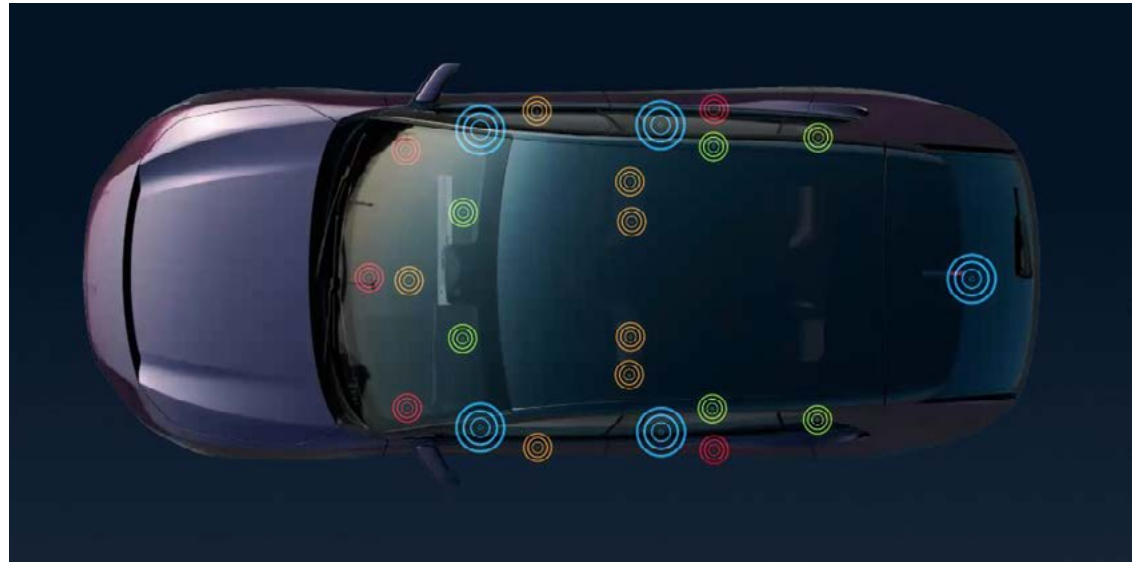

THE LATEST IN TECHNOLOGY & CONVENIENCE

PREMIUM 23-SPEAKER SOUND SYSTEM

Equipped with a 23-speaker surround sound system delivering 1,280W of power, the Mazda CX-6e creates a rich and immersive listening experience for every occupant. Expertly tuned to complement the spacious cabin, the system delivers exceptional clarity, depth and balance, bringing music, podcasts and phone calls to life with remarkable precision.

Two speakers integrated into each front headrest provide a more personalised audio experience, allowing navigation guidance and phone conversations to be directed clearly to the driver, while the front passenger can listen to audio from a separate Bluetooth® device. This thoughtful integration of advanced technology and human-centric design enhances comfort, connectivity and enjoyment on every journey.

WIRELESS SMARTPHONE CHARGING

The Mazda CX-6e features a 50W air-cooled wireless charging system designed to keep your devices powered effortlessly throughout every journey. Simply place your compatible smartphone in the charging tray and let intelligent cooling technology manage heat for consistent, reliable performance. Subtle, seamless, and thoughtfully integrated, it is one more way Mazda makes everyday technology feel like a natural part of the driving experience.

For added connectivity, the cabin is equipped with two USB-C ports, one USB-A port and a 12V socket, ensuring all your devices stay charged and ready, whether you are navigating, streaming, or working on the move.

VERSATILE BY DESIGN, READY FOR EVERY JOURNEY

The Mazda CX-6e combines the confident practicality of an SUV with the refined craftsmanship expected of every Mazda. A spacious luggage compartment offers 468 litres* of capacity, expanding to 1,434 litres with the rear seats folded, providing exceptional flexibility for everything from everyday essentials to larger loads for weekends away and family adventures.

With 60:40 split-folding rear seats, the interior adapts effortlessly to changing demands, making it easy to carry longer or bulkier items while still accommodating passengers. Thoughtfully designed storage throughout the cabin ensures everything has its place, helping to create a calm and uncluttered environment for every journey.

Adding to its versatility, an 80-litre front storage compartment provides a convenient space for charging cables, smaller bags and other everyday essentials, keeping the main luggage area free for larger items. Every detail has been carefully considered to maximise usability without compromising the clean, elegant design of the interior.

From the morning commute to family holidays and everything in between, the Mazda CX-6e delivers a refined approach to practicality, bringing together flexibility, intelligent storage and sophisticated design to complement modern lifestyles.

*5-seat mode to ceiling including underfloor storage.

POWER WHERE YOU NEED IT

Further extending its everyday versatility, the Mazda CX-6e is Vehicle-to-Load (V2L) capable.

When fitted with the available V2L accessory, the high-voltage battery can supply up to 3.5kW of AC power, allowing you to operate compatible electrical equipment directly from the vehicle.

From powering camping equipment and outdoor appliances to charging e-bikes and laptops, V2L transforms the Mazda CX-6e into a convenient mobile power source, helping you stay connected wherever your journey takes you.

EFFORTLESS TOWING

When chosen as a dealer-fitted option, the fully retractable electric towbar is seamlessly integrated into the rear design, remaining discreetly hidden from view when not in use. At the touch of a button, it deploys smoothly and effortlessly, ready whenever your next journey calls for it.

With a braked towing capacity of up to 1,500kg, the Mazda CX-6e delivers reassuring capability alongside the refinement expected of a Mazda. Whether towing a caravan for a weekend escape, a trailer for home improvement projects, or carrying bikes and outdoor equipment for family adventures, it provides confident performance with composed handling and reassuring stability.

TAKUMI

Mazda CX-6e Takumi in Multi-Tone Soul Red Crystal

Recommended on the road* from £42,990

Black Maztex® Interior

Stone Maztex® Interior (no cost option)

STANDARD FEATURES

EXTERIOR

- 19" Black Machined Aerodynamic alloy wheels
- Body-coloured, electrically adjustable, heated, auto power-folding door mirrors with memory
- Illuminated front Signature Wing
- LED Headlights with manual levelling
- Coming home lights
- Dusk-sensing headlights
- Signature LED daytime running lights
- High Beam Control
- Front and rear parking sensors
- 360° View Monitor with 'See Through View' and 'Side View Monitor'
- Power Liftgate
- Rear privacy glass - rear side and rear windows
- Front rain-sensing wipers

INTERIOR

- Black Maztex® seat trim
- Full panoramic glass roof - tinted and heat-reflective, with electric sunshade
- Frameless auto-dimming rear-view mirror
- Heated, Black Maztex®-wrapped steering wheel
- Seats (front)
 - Driver seat power slide, recline, height and lumbar adjustment with memory
 - Passenger seat power slide and recline adjustment
 - Heated with 3-stage setting
 - Ventilated with 3-stage setting
- Seats (rear)
 - 60:40 split fold down rear seats
 - Folding centre armrest equipped with two cup holders

ELECTRIFICATION

- Type 2 Mode 3 AC Charging cable for home and public fast chargers
- Heat Pump - preserve your electric vehicle's (EV) driving range in cold weather

COMFORT & CONVENIENCE

- Dual-zone climate control air-conditioning with rear air-vents
- Air Purifier with PM2.5 filter and Ion Generator
- Mazda Radar Cruise Control (MRCC) (features Stop & Go function)
- Drive Modes: Comfort / Sport / Individual
- Cruising & Traffic Support (CTS) With Lane Change Assist (LCA)
- Windscreen projected Head-Up Display
- Fully integrated voice recognition system
- Gesture control
- Interior ambient lighting (256 colours)
- Mazda 6e & CX-6e App Connectivity
- Rear function touchscreen featuring temperature, electric sunblind and front passenger seat movement

INFOTAINMENT

- Air-cooled 50W Qi wireless charging pad
- 26.45-inch 5K resolution colour centre touchscreen display
- FM and DAB+ radio, with 23 speaker surround-sound system
- Built-In Navigation System with EV Route Planner
- External Music Speaker
- Integrated Bluetooth®
- USB-A & USB-C inputs
- Wireless Apple CarPlay® and Android Auto™
- Over-the-Air (OTA) updates enabled

SAFETY AND SECURITY

- Blind Spot Monitoring (BSM) including Blind Spot Prevention
- Child Presence Detection (CPD)
- Door Opening Warning (DOW)
- Driver Attention Alert (DAA)
- Driver Monitoring (DM)
- Dynamic Stability Control (DSC)
- e-Call with GPS
- Emergency Lane-Keeping with Lane Keep Assist (LAS) and Blind Spot Assist
- Forward Obstruction Warning (FOW)
- Hill Launch Assist (HLA)
- Lane Departure Warning System (LDWS)
- Smart Brake Support - Front & Rear Crossing
- Rear Collision Warning (RCW)
- Rear Cross Traffic Alert (RCTA)
- Smart keyless entry
- Smartphone Bluetooth® Key Sharing
- Alarm & Immobiliser, Thatcham Approved
- Traffic Sign Recognition (TSR) with Intelligent Speed Assistance (ISA)

ALLOY WHEEL OPTION PACK (£1,000)

- 21" Black Machined Alloy Wheels

TAKUMI PLUS

Mazda CX-6e Takumi Plus in Multi-Tone Aero Grey

Recommended on the road* from £45,350

KEY HIGHLIGHTS - in addition to Takumi, Takumi Plus adds:

		TAKUMI	TAKUMI PLUS
SAFETY AND SECURITY			
Airbags	Single-stage front driver and passenger	●	●
	Front and rear side airbags	●	●
	Front central airbag	●	●
	Front and rear curtain airbags	●	●
	Passenger airbag deactivation system (auto switch)	●	●
Anti-lock Braking System (ABS)		●	●
Blind Spot Monitoring (BSM)	Using radars mounted in the rear bumper to detect vehicles approaching from behind and in the adjacent lane. It alerts the driver with audible and visual warnings to the presence of vehicles in their blind spot on either side of the vehicle	●	●
Child Presence Detection (CPD)	If movement is detected in the rear of the vehicle, an audible warning will alert the driver when the driver's door opens	●	●
Door Opening Warning (DOW)	Assists the driver in checking the rear of the vehicle when exiting the vehicle. When a vehicle or bicycle approaching from the rear is detected, various screen displays and warning sounds notify the driver of the danger	●	●
Driver Attention Alert (DAA)	The system monitors driver inputs and the vehicle's movements to sense the early stages of driver fatigue	●	●
Driver Monitoring (DM)	A camera monitors the driver's facial movements to detect driver fatigue, encouraging the driver to take a rest where needed	●	●
Dynamic Stability Control (DSC)	Automatically controls braking and engine power output in conjunction with systems such as the ABS and TCS to help control side slip when driving on slippery surfaces, or during sudden or evasive steering, which enhances vehicle stability	●	●
e-Call with GPS	In the case of an accident, either provides a manual or automated message to the emergency services, which includes the vehicle's location. (European locations only)	●	●
Emergency Lane-Keeping with:	- Lane Keep Assist (LAS) - Assists the steering wheel operation when the system detects that your vehicle may be deviating from your lane	●	●
	- Blind Spot Assist - Assists steering operation when changing lanes when the system determines that your vehicle may collide with a vehicle from a rear side	●	●
Emergency Stop Signalling System (ESS)	If sudden braking is applied, the ESS rapidly flashes all the direction indicator lights to warn drivers behind your vehicle of sudden braking	●	●
Emergency Tyre Repair Kit	Included with your Mazda is an emergency tyre repair kit for temporary repair of a slightly damaged flat tyre resulting from nails or similar sharp objects	●	●
Forward Obstruction Warning (FOW)	Your vehicle keeps an eye on the road ahead and warns you with sounds and messages if it detects a possible collision. If you're following another vehicle too closely at higher speeds, you'll be reminded to keep a safe distance—helping you drive with confidence and peace of mind	●	●
Hill Launch Assist (HLA)	When setting off on an incline, helps prevent the car from rolling backwards when the driver moves their foot from the brake to the accelerator pedal	●	●
ISOFIX Child Seat Anchorage	Attached to outer rear seats and front passenger seat	●	●
Lane Departure Warning System (LDWS)	The system detects the line markings on the road surface and instantly warns you in case of unintentional lane departure	●	●

● = Standard equipment, – = Not available. Specification and naming conventions are subject to change.

EQUIPMENT

SAFETY AND SECURITY continued

		TAKUMI	TAKUMI PLUS
Rear Collision Warning (RCW)	Helps protect you from unexpected rear impacts by warning you if another vehicle is approaching too quickly from behind, giving you time to stay alert and prepared	●	●
Rear Cross Traffic Alert (RCTA)	Designed to help you make sure it's safe to start backing up. The system uses the same radars and indicators as BSM to watch for vehicles coming from both sides of your vehicle. When an approaching vehicle is detected, it sounds a warning and applies the brakes if the system believes a collision may occur.	●	●
Pre-crash safety:	Smart Brake Support - Front (SBS) - SBS is designed to help avoid collisions and reduce damage by automatically applying the brakes when a potential impact is detected. Using advanced sensors and cameras, the system monitors the road ahead and intervenes if necessary to keep you safer	●	●
	Smart Brake Support with Rear Crossing (SBS-RC) - detects vehicles approaching from the rear left and right sides of the vehicle, and the rear of the vehicle while the vehicle is being reversed out of a parking space, and applies the brakes if an impact is possible	●	●
Smart keyless entry	Allows opening and locking of the vehicle without removing the key from your pocket or bag	●	●
Smartphone Bluetooth® Key Sharing	Through the "Mazda 6e & CX-6e" App, up to three keys can be shared to allow access and to drive the vehicle	●	●
Seatbelt Reminder Audible Warning	Driver, passenger and rear seats	●	●
Secondary Collision Reduction	Following a collision, Secondary Collision Reduction helps minimise the risk of further impacts by automatically slowing the vehicle to a controlled stop. The brake lights and hazard warning lights activate to alert other road users, and the parking brake is applied once the vehicle comes to a standstill. If needed, the driver can override the system by pressing the accelerator	●	●
Speed Limit Assistant	Speed Limit Assistant helps you drive more safely by automatically adjusting vehicle speed in response to road conditions such as posted speed limits, curves, tunnels, and speed-controlled areas—supporting smoother, more confident driving	●	●
Alarm & Immobiliser	Thatcham approved immobiliser and an alarm meeting ECE requirements	●	●
Traffic Sign Recognition (TSR) with Intelligent Speed Assistance (ISA)	Utilising the front sensing camera and navigation data, this system is designed to notify the driver of traffic signs by displaying them on the instrument panel and the head-up display. If the vehicle exceeds the recognised speed limit, an audible tone will be activated	●	●
Tyre Pressure Monitoring System (TPMS)	Monitors the air pressure of each tyre and informs the driver of a decrease in pressure when it becomes lower than the specified air pressure	●	●

● = Standard equipment, – = Not available. Specification and naming conventions are subject to change.

WLTP Range (miles)	City	379	377

Weights

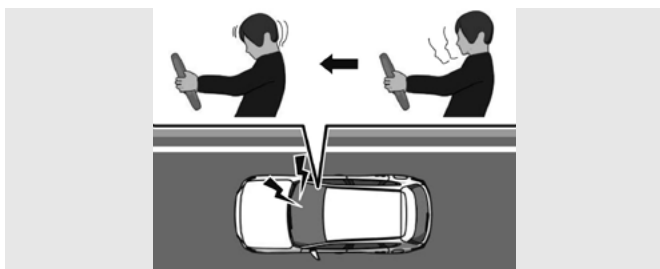

Minimum Kerb weight (kg) excl. driver		2,130	
Maximum Kerb weight (kg) incl. driver (75kg)		2,230	
Permitted gross vehicle weight (kg)	Total	2,590	
	Front/rear	1,142 / 1,448	
Towing limit ¹⁾ (kg)	Braked	1,500	
Towing limit (kg)	Unbraked	750	
Maximum roof load (kg)		0	

All-new Mazda CX-6e CO₂ emissions: 0g/km. Electric range up to 300.7 miles on Takumi models with 19" alloy wheels, and up to 290.8 miles on models with 21" alloy wheels (WLTP). Range data has been determined according to WLTP test procedure methodology.

The range figure may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving style, specification level and vehicle load. All figures quoted are derived from the latest WLTP test cycle.

¹⁾Towing capacity is based on a 12% gradient and tested in accordance with 92/21/EEC as amended by 95/48/EC

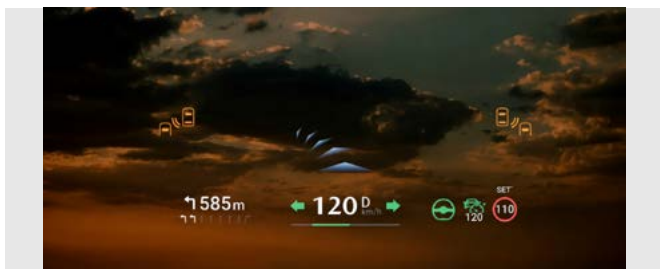

ADVANCED SAFETY TECHNOLOGY

DRIVER MONITORING

Detects sleepiness or inattention by monitoring changes in expression or movement of the driver's line of sight. A camera and infrared LED monitor the driver's condition both day and night. If the system determines that the driver has fallen asleep or is inattentive, it sounds an alert to make the driver aware while also setting up for automatic braking to help prepare for a potential incident.

(Standard across the range)

WINDSCREEN PROJECTED HEAD-UP DISPLAY (HUD)

The system projects full-colour information directly onto the windscreen within the driver's line of sight. The displayed information includes Traffic Sign Recognition, Mazda navigation turn-by-turn directions, as well as vehicle status including current speed and advanced safety equipment status.

(Standard across the range)

360° VIEW MONITOR WITH SEE-THROUGH VIEW AND SIDE VIEW MONITOR

The 360° View Monitor uses front, side and rear cameras to provide a detailed view of the vehicle's surroundings, helping to make parking, manoeuvring and low-speed driving easier and more intuitive.

See-Through View offers an enhanced perspective of the area immediately around the vehicle, creating a virtual transparent effect that helps you position the CX-6e with greater confidence.

For added assistance, the Side View Monitor displays the direction of the front wheels on the centre touchscreen display during low-speed manoeuvres, making it easier to navigate tight spaces with precision and control.

(Standard across the range)

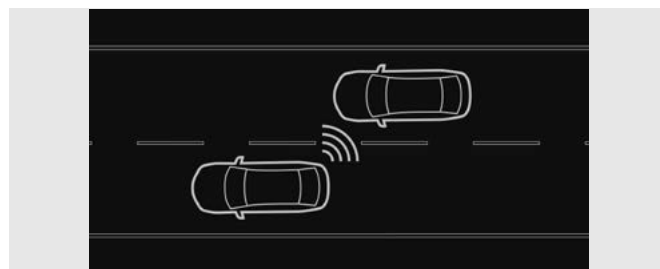

ADVANCED SAFETY TECHNOLOGY

GESTURE CONTROL

A camera located beneath the rear-view mirror can recognise specific hand gestures, allowing you to control selected vehicle functions without touching the screen. Simple gestures can be used to pause or resume music playback, as well as adjust the volume, helping to make every journey more convenient and intuitive.

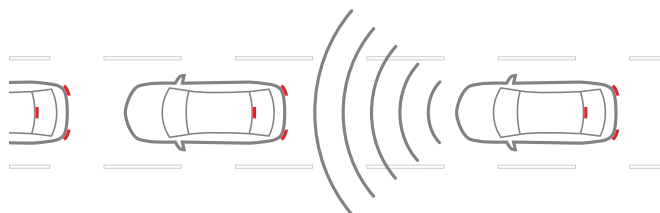

(Standard across the range)

BLIND SPOT MONITORING (BSM)

Using radars mounted in the rear bumper to detect vehicles approaching from behind and in the adjacent lane. It alerts the driver with audible and visual warnings to the presence of vehicles in their blind spot on either side of the vehicle.

(Standard across the range)

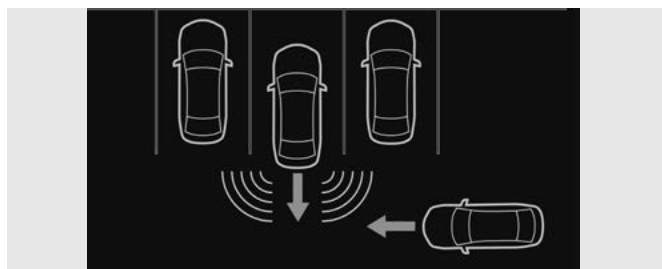

SMART BRAKE SUPPORT – FRONT (SBS)

SBS is designed to help avoid collisions and reduce damage by automatically applying the brakes when a potential impact is detected. Using advanced sensors and cameras, the system monitors the road ahead and intervenes if necessary to keep you safer.

(Standard across the range)

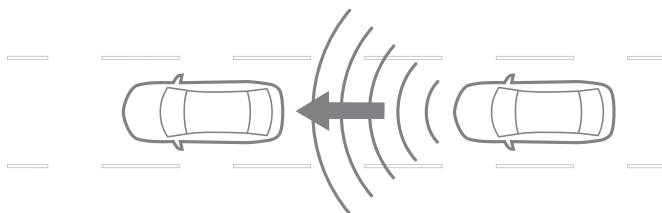

ADVANCED SAFETY TECHNOLOGY

SMART BRAKE SUPPORT WITH REAR CROSSING (SBS-RC)

Detects vehicles approaching from the rear left and right sides of the vehicle, and the rear of the vehicle while the vehicle is being reversed out of a parking space, and applies the brakes if an impact is possible.

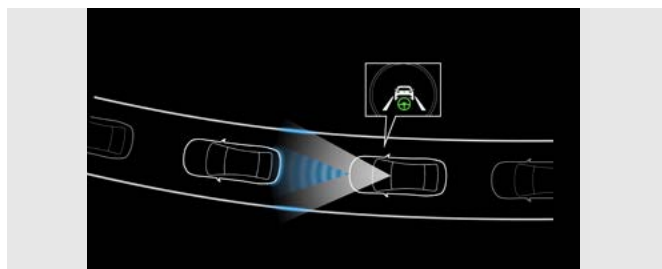

(Standard across the range)

MAZDA RADAR CRUISE CONTROL

To activate, the driver sets a maximum speed (just as with cruise control) and size of the gap to maintain. The radar watches for traffic ahead and once the system senses a vehicle in front, the car will slow down and speed up automatically maintaining the driver's pre-set distance. The system also features 'Stop & Go' function, meaning the vehicle will automatically accelerate and brake in start/stop traffic with minimal input from the driver.

(Standard across the range)

CRUISING & TRAFFIC SUPPORT (CTS)

Automatically operates acceleration and braking to maintain a proper trailing distance between your Mazda and the vehicle ahead. In addition, it assists with steering operations to keep the car within its lane. CTS contributes to reducing driver fatigue, as well as supporting a safer, more reassuring and more comfortable driving experience.

(Standard across the range)

EFFICIENT. RESPONSIBLE. READY.

The all-new Mazda CX-6e represents the next chapter in Mazda's journey towards a more sustainable future. Created without compromising the natural connection between car and driver, it combines the confidence of an SUV with the refinement, craftsmanship and intuitive technology that define every Mazda.

Designed to complement modern lifestyles, the CX-6e brings together elegant design, a spacious and thoughtfully crafted interior, and the effortless performance of an advanced all-electric powertrain. Smooth, responsive acceleration and near-silent operation create a sense of calm and control, allowing every journey to be enjoyed in complete comfort.

Whether it's the school run, the daily commute or a weekend escape, the CX-6e is engineered to fit seamlessly into everyday life. Fast charging enables the battery to recharge from 30 to 80% in as little as 15 minutes¹, while a driving range of up to 300 miles¹ provides the reassurance to explore further with confidence.

With zero tailpipe emissions, the CX-6e offers a more responsible way to travel without compromising the qualities that make every Mazda rewarding to drive. Beautifully crafted, intelligently engineered and designed around the people who use it, it delivers an electric driving experience that feels as natural as it is inspiring.

- The all-new Mazda CX-6e is compatible with the most widely used charging standards, featuring a Type 2 connector for AC charging at home and public locations, as well as a CCS connector for DC rapid charging on the go.
- When connected, the charging cable is fully weather-resistant and will securely lock into the vehicle, so it can be left unattended with complete peace of mind in all conditions.
- The Mazda CX-6e is supplied with a Type 2 Mode 3 cable for use with home chargers or public AC charge points. Using a dedicated home charger, the Mazda CX-6e can charge at up to 11kW, providing a convenient and efficient solution for everyday charging with a 0% to 100% charge time of 7 hours and 53 minutes. While DC rapid charging is possible up to 200kW for short efficient stops when needed adding 10% to 80% in 24 minutes¹ or 30% to 80% in just 15 minutes¹.

¹ Figures shown are for comparability purposes; only compare fuel/energy consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real world driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving style, specification level and vehicle load, and use of features such as air conditioning or heated seats. All figures quoted are derived from the latest WLTP test cycle.*Charging times are based on an ambient temperature of 25°C and will vary depending on a variety of factors including the output of the charger being used, ambient temperature and battery state.

VEHICLE TAX RATES

VEHICLE TAX RATES TAX YEAR 2026-27

CO ₂ EMISSIONS FIGURE (G/KM)	ALL CARS FIRST YEAR RATE	ALL CARS STANDARD RATE (12 months)
0	£10	£200
1-50	£115	£200
51-75	£135	£200
76-90	£280	£200
91-100	£365	£200
101-110	£405	£200
111-130	£455	£200
131-150	£560	£200
151-170	£1,410	£200
171-190	£2,270	£200
191-225	£3,420	£200
226-255	£4,850	£200
Over 255	£5,690	£200

First-year rate is paid when first registering a vehicle and is for the first 12 months Vehicle Excise Duty. After the first 12 months, the standard rate applicable at that time is payable. Zero emission cars with a list price >£50k will be subject to a premium of £440 over the Standard Rate for 5 years from the start of the second licence.

WARRANTY

All Mazda cars registered from 1st September 2025 will benefit from a six-year manufacturer's warranty, or 100,000 miles, whichever comes first.

6
YEAR | MAZDA
WARRANTY

YOUR MAZDA CX-6e, YOUR WAY

Every journey in the all-new Mazda CX-6e can be tailored to you. From checking battery levels to planning routes and managing charging, these apps help you unlock the full potential of your driving experience, making each trip more comfortable, connected, and rewarding.

MY MAZDA

The MyMazda App keeps your car, your journey, and your life in harmony. From checking vehicle health to scheduling service appointments, it puts essential information at your fingertips, helping you care for your Mazda with ease. More than just an app, it is your personal connection to the car you love, keeping every journey smooth, worry-free, and effortless.

MAZDA 6e & CX-6e

Designed exclusively for Mazda's electric vehicle range, this dedicated app enables you to stay seamlessly connected to your vehicle wherever you are. Monitor battery status, plan journeys and manage charging schedules directly from your smartphone, helping you stay informed and in control. Enhanced remote functions add everyday convenience through a beautifully intuitive interface, making electric driving simpler and more rewarding.

MAZDA CHARGING

Take the stress out of charging with the Mazda Charging App. Locate nearby charging stations, check availability, and track charging progress in real time, all from the palm of your hand. By seamlessly integrating with your Mazda CX-6e, it helps you plan journeys with confidence, giving you more time to enjoy the drive and less time worrying about your next charge.

STAY IN TOUCH WITH MAZDA CX-6e

Visit our website and use the Configurator to create your perfect version of the Mazda CX-6e.
