## EXTERIOR DESIGN

With its sporty and dynamic proportions, Qashqai is an icon redefined. Bolder, subtly sophisticated and resolutely striking, its LED lighting signature and sharply cut grille add a powerful expression of modernity.

- A e-POWER logo, rear light signature
- B Front light signature
- C 20" Wheel\*

- E Wheelbase - 2665 mm
- F Overall length - 4425 mm
- G Overall width without mirrors - 1835 mm
- H Overall height unladen - 1625 mm

\*Available on selected grades

## TECHNOLOGIES

### DRIVER ASSIST TECHNOLOGIES <sup>(1)</sup>

**INTELLIGENT CRUISE CONTROL**  
Keeps your distance by measuring the space from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

**INTELLIGENT FORWARD COLLISION WARNING**  
Monitors up to two vehicles ahead. If sudden deceleration is detected, the system provides an audible and visual warning to slow down.

**EMERGENCY LANE KEEPING**  
A full suite of technologies to help you avoid unintentional lane departure. Keeps you centered in the lane either by steering wheel action or braking in an emergency situation.

**INTELLIGENT EMERGENCY BRAKING WITH JUNCTION ASSIST, PEDESTRIAN AND CYCLIST RECOGNITION**  
Monitors constantly the presence of vehicles, cyclists, or pedestrians in your way. The system warns the driver and applies brakes if there is any danger ahead and if it is necessary. Junction Assist improves safety at intersections by reducing the risk of collision with upcoming traffic.

### 3D AROUND VIEW MONITOR\* <sup>(1)</sup>

Qashqai's 3D Around View Monitor\* helps you park with confidence. ProPILOT Park\*, available on Qashqai with e-POWER, offers automatic parking space detection and automatic control of steering, braking and acceleration while parking.

### PROPILOT ASSIST WITH NAVI-LINK\* <sup>(1)/(2)</sup>

Every Nissan Qashqai is now equipped with advanced safety technologies<sup>[1]</sup> to monitor the road and help keep you and your passengers safe. ProPILOT Assist with NAVI-Link<sup>[1][2]</sup> ensures a comfortable, relaxing driving while maintaining an ideal distance from the vehicle in front.

# CONNECTIVITY

## On Board With Google Built-In\*. (3)

Qashqai is now as much a part of your Google ecosystem as all your essential devices<sup>(1)</sup>. Interact seamlessly & naturally in & out of your Qashqai by accessing core Google apps and services making your car a logical extension of your digital world.

## GOOGLE ASSISTANT

Talk to Google Assistant\* in your Qashqai to control functions such as navigation, calls & messages, calendar events creation and the A/C. Just say, "Hey Google" to get started.

## GOOGLE MAPS

Simple Google Maps\* navigation with live updates and no need to connect your smartphone. Once connected to your Google Account, get a personalised experience with maps that match your routine, your preferences and your schedule. (4)

## GOOGLE PLAY

Whether for functional needs (e.g. parking) or for pure entertainment, Google Play Store\* brings over 70 apps to Nissan's in-car catalogue when you're connected to your Google Account. Use of the apps requires an internet connection. You can purchase in-car WIFI or use your phone data. (5)

## NissanConnect app (6)

Drive with confidence - Nissan's latest safety and vehicle health services are designed to support you proactively. Through the NissanConnect Services app, you'll receive real time notifications and personalised guidance in three key areas: collision, mechanical repair (malfunctions indicator), predictive maintenance. Whether it's a routine service or an unexpected alert, the app keeps you informed and in control — helping you take the right action at the right time.

## POWERTRAIN

### e-POWER

Wheels are driven by an electric motor, with the battery topped up by a new efficient petrol engine.

### MILD HYBRID

Wheels are driven by a petrol engine assisted by a Lithium-ion battery charged on the go.

## Hybrid reinvented. Outstanding efficiency.

Qashqai offers two exciting powertrains to match the way you drive. The new e-POWER delivers enhanced efficiency, fewer emissions and a quieter drive<sup>[8]</sup>. Thanks to its unique hybrid technology that delivers exceptional range and convenience, with the refinement and responsiveness of an EV. Or enjoy the mild hybrid petrol engine, ideal for your urban and extra-urban driving.

Data pending homologation.

(1) In accordance with Directive 1999/99/EC.

(2) In accordance with European Directive No. 92/21 as amended by Directive 95/48, kerb weight includes a fuel tank filled to 90%, 68 kg for the driver, 7 kg for luggage, coolant, lubricants, spare wheel and tools. This weight corresponds to the base version with standard equipment and increases with optional equipment.

(3) Since 1 September 2018, new vehicles have been type-approved under the Worldwide Harmonised Light Vehicles Test Procedure (WLTP), which has replaced the New European Driving Cycle (NEDC). Fuel consumption and CO2 emissions measured under WLTP are, in many cases, higher than those measured under NEDC. WLTP fuel consumption and CO2 emission figures vary depending on the equipment and options selected. Since 1 March 2020, WLTP CO2 emissions are used for vehicle registration, and emissions-based tax is calculated on the basis of WLTP CO2 figures. Full fuel consumption and CO2 emission values are available at nissan.co.uk and from Nissan dealers.

| SERVICE INTERVAL                                                           | 1 year or 12,000 miles, whichever comes first                          |                           |

Data pending homologation.

(1) In accordance with Directive 1999/99/EC.

(2) In accordance with European Directive No. 92/21 as amended by Directive 95/48, kerb weight includes a fuel tank filled to 90%, 68 kg for the driver, 7 kg for luggage, coolant, lubricants, spare wheel and tools. This weight corresponds to the base version with standard equipment and increases with optional equipment.

(3) Since 1 September 2018, new vehicles have been type-approved under the Worldwide Harmonised Light Vehicles Test Procedure (WLTP), which has replaced the New European Driving Cycle (NEDC). Fuel consumption and CO2 emissions measured under WLTP are, in many cases, higher than those measured under NEDC. WLTP fuel consumption and CO2 emission figures vary depending on the equipment and options selected. Since 1 March 2020, WLTP CO2 emissions have been used for vehicle registration, and the emissions-based tax is calculated on the basis of WLTP CO2 figures. Full fuel consumption and CO2 emission values are available at [nissan.co.uk](http://nissan.co.uk) and from Nissan dealers.

[CONTACT YOUR DEALER](#)

## NISSAN SERVICE PLANS

Every time you service with Nissan, you'll receive excellent levels of service and aftercare. We aim to be clear, transparent and offer you great value with our fixed price service packages.

The best way to ensure your services are covered is to purchase an inflation-proof Service Plan when you purchase your new Qashqai.

- Spread the cost with fixed, manageable monthly instalments or with a single upfront payment.
- Your Nissan is guaranteed to be seen by expert trained technicians, using only Nissan Genuine Parts
- Covered by Nissan's Customer Service Promise, where you'll benefit from continuous Nissan Roadside Assistance and more.

Purchase online at [nissan.co.uk/serviceplans](https://nissan.co.uk/serviceplans)

## NISSAN EXTENDED WARRANTY

A Nissan Extended Warranty offers the same cover as your original manufacturer warranty, saving upfront costs if any covered parts were to fail.

When the time comes and your manufacturer warranty ends, all you will need to do is purchase an Extended Warranty and have your Qashqai checked out by your Nissan dealer before the policy starts.

For more information, visit [nissan.co.uk/owners/car-warranty](https://nissan.co.uk/owners/car-warranty)

## NISSAN ROADSIDE ASSISTANCE

All new Nissan vehicles come with free pan-European Roadside Assistance for the duration of the manufacturer warranty period. Nissan Roadside Assistance is there for you 24/7. From a flat tyre to lost keys or an accident, we help you get back on the road as fast as possible.

Plus, every time you service with Nissan, you'll get another year's roadside assistance included.

For more information on your cover, terms and conditions, visit [nissan.co.uk/owners/car-breakdown-cover](https://nissan.co.uk/owners/car-breakdown-cover)

## NISSANCONNECT SERVICES

Drive with confidence - Nissan's latest safety and vehicle health services are designed to support you proactively. In the NissanConnect Services app<sup>(6)</sup>, you'll receive alerts and relevant information in three key areas:

- Mechanical repair (malfunction indicator)
- Accident support (should you have a vehicle collision)
- Service reminders

From routine service to unexpected alerts, the app keeps you informed and in control – so your vehicle always performs at its best and you enjoy a safer, smoother drive.

### BENEFIT

Enjoy peace of mind knowing Nissan is always ready to support you.

### IF WARNING LIGHTS APPEAR ON YOUR DASHBOARD

When a warning light appears, in NissanConnect Services<sup>(6)</sup> app you receive alerts with clear explanations and solutions based on the severity of the issue, helping you understand the problem and take the right action with confidence. Need further support? You can contact Nissan Roadside Assistance directly through the app.

### IF YOU HAVE A VEHICLE COLLISION

If your Nissan has been involved in an accident, Nissan Accident Support can help guide you through the next steps – from immediate advice to repairs at a Nissan Approved Bodyshop. Nissan Accident Support is our free, 24-hour service available to any Nissan customer and can be accessed via the NissanConnect Services app.

### WHEN IT'S TIME FOR A SERVICE

Through the NissanConnect Services app you can set up your next service reminder and book online via the app. This helps ensure your Nissan vehicle stays safe, performs at its best, and runs efficiently.

### HOW TO BENEFIT

- Log in to the NissanConnect Services app.
- Keep Privacy Mode OFF to allow vehicle data sharing with Nissan.

<sup>(6)</sup> Please refer to the last page of this document  
\*Availability of Online booking service depends on your country.

(1) You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. For terms and conditions relating to Nissan technologies, please contact your Nissan dealer. It is the driver's responsibility to stay alert, drive safely, apply speed limits and safe speed based on road conditions and remain in control of the vehicle at any time.

(2) ProPILOT Assist is available from N-Connecta. ProPILOT Assist is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT Assist is intended for "Eyes on/ Hands On" for highways only (road separated by Barriers). It is the driver's responsibility to stay alert, drive safely, apply speed limits and safe speed based on road conditions and remain in control of the vehicle at any time.

(3) Google, Google Play, Android Auto, Google Maps, Android Auto™ and other marks are trademarks of Google LLC. Over the air updates are free for 5 years from the warranty start date.

(4) Google Assistant may be invoked prior to use

(5) To use the Google Play app you will need to ensure you have a secure data connection through an In-car Wi-Fi subscription or mobile phone data tethering. The use of "In-Car Wi-Fi" is made possible via an integrated wireless internet connection. Data packets are obtained via our roaming partner Orange and in accordance with their terms and conditions. "In-Car Wi-Fi" is available for an additional charge on a subscription, which is possible through Orange dedicated website. For further information, please check the Nissan connectivity app Nissan Store section.

(6) To use Nissan connectivity services you need a smartphone with compatible iOS or Android operating system and a SIM card with data option from a mobile service provider. Download the free Nissan connectivity app and create a username and password. Connect your smartphone with your vehicle equipped with the Nissan connectivity app by logging in using your username and password. All services are subject to mobile network coverage. Compatible connected devices are required.

(7) Accessories available at participating dealers only and subject to availability. While all reasonable efforts have been made to ensure the accuracy of the information provided, due to Nissan's policy of continuous product improvement all particulars are subject to constant revision and Nissan reserves the right to change, modify or withdraw any offers or products without any notice at any time. Accordingly, you should contact your local Nissan dealer for the most current information.

Nissan Genuine Accessories are covered by the new vehicle warranty of 3 years/60,000 miles (whichever comes first), if fitted by a Nissan dealer or Nissan repairer before Vehicle Handover or during the new vehicle warranty period. Genuine Accessories fitted outside of the new vehicle warranty period or by a Third Party or by the Customer are only covered by the Nissan Genuine Parts and Accessories Warranty of 12 months / unlimited mileage. Non-Genuine Nissan Accessory products' warranty coverage depends on supplier, for further information please speak to your authorised Nissan dealer.

All information correct at time of broadcast. Images and descriptions shown are for guidance purposes. In some instances photos are of non-UK specification vehicles and do not represent a specific model, grade or offer. The features shown may not be available or may not be available as standard or only as option (at an extra charge). Because of the limitations of the printing processes used, the colours shown in this brochure may differ slightly from the actual colours of the paint and interior trim materials used. Accessories are fitted postproduction and may have an impact on real world fuel (actual) consumption, CO2 and range figures.

(8) Up to 5.6dB quieter than the previous generation of e-POWER. Official WLTP data for Qashqai e-POWER range 62.8 - 65.7 mpg (4.5 - 4.3 l/100km) (combined). Actual results may vary. Model shown Nissan Qashqai with new e-POWER Tekna+, achieving up to 62.8mpg & up to 759 miles of range on a single full tank. For grades with up to 65.7 mpg, range of single tank of fuel is up to 795 miles. Figures shown are for comparability purposes. Only compare fuel consumption and CO2 figures with other cars tested to the same technical procedures. These figures may not reflect real-life driving results, which will depend upon a number of factors including the starting charge of the Lithium ion battery (e-POWER variants), battery condition, the accessories fitted post-registration, variations in weather, driving styles and vehicle load.

## Defy Ordinary

Every effort has been made to ensure that the content of this publication is correct at the time of going to press (July 2026). In accordance with the company's policy of continuously improving its products, Nissan reserves the right to change at any time the specification and the vehicles described and shown in this publication. Nissan dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan dealer to receive the most up-to-date information. - MY26 Qashqai brochure 07/2026.
