*Provisional data only ** Plug-in Van Grant

On The Road (OTR) charge includes delivery to dealer and number plates (£995.00 excl. VAT), VAT on delivery charges and number plates (£139.00), First-Year Vehicle Tax (£0.00 for Electric) and vehicle First Registration Fee (£55.00).

Total Estimated OTR Price includes delivery to the dealer premises, PIVG, first registration fee (incl. VAT), (NI) and (N2) Government applied Plug-in Van Grant (referred to as 'Government Incentive') of 35% up to a maximum of £5,000 has been applied to E-Ducato purchase price subject to Government Grant approval. Grant incentive shown is for representative purpose only and is based in this example on the manufacturers total price (subject to change). Please check with your local retailer or fleet sales representative to ensure that the grant calculation is applied to the final purchase price.

Basic Price less PIVG is the basic price with the deduction of the 'Government' incentive excl. VAT. VAT is charged on the basic price, prior to the deduction of the 'Government Incentive'.

*Provisional data only

Fuel consumption and CO2 figures are provided for comparative purposes only and may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedure.

These figures were obtained after the battery had been fully charged. The E-Ducato is a battery electric vehicle requiring mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO2 and electric range figures with other vehicles tested to the same technical procedures. Values may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Kerb weight is affected by many factors such as bodystyles, engines and options. It is the weight of a standard-specification base series vehicle, including fluids and approximately 10 litres of fuel. It includes the driver at 75kg. It does not include the crew or cargo.

Payload within this guide is the difference between gross vehicle weight (GVW) and kerb weight. It must be taken into account that actual weight will always be subject to manufacturing tolerances which may result in payload variations between this guide and actual weight. For customers intending to load the vehicle close to the maximum payload, we recommend you also add 5% of kerb mass to the kerb weight figure to reduce the risk of overloading NB: It is the responsibility of the vehicle operator to ensure their vehicle is legally compliant for road use.

CONNECTED SERVICES

MY:ASSISTANT SAFETY AT YOUR FINGERTIPS

Services include Mopar® Connect Crash Assistance, available 24 hours a day, Roadside Assistance support and Theft Assistance that can provide GPS coordinates and will immobilise the engine when the vehicle stops to facilitate recovery.

MY:REMOTE CONTROL YOUR CAR FROM A DISTANCE

Finding your vehicle has never been easier. Locate it on the map and follow the fastest route to get there. You can receive alerts when your vehicle leaves a designated area or if the person driving it is travelling at excessive speed.

MY:CAR KEEP YOUR VEHICLE IN PERFECT CONDITION

Provides up-to-date information about your vehicle such as the fuel level or tyre pressure to ensure that every journey is safe. Check the Vehicle Health Report with useful information and tips on how to take care of it.

MY:JOURNEY TURN YOUR ITINERARIES INTO TRAVEL EXPERIENCES

My:Journey keeps track of car movements and allows you to view trips in a dashboard, add customised notes, merge multiple trips into one, and categorise trips as personal or business; to form a unique travel experience.

MY:eCHARGE MANAGE PUBLIC AND PRIVATE CHARGING

A package which, through the use of dedicated features and mobile apps, allows you to find, use, pay and track recharges at public charging stations (easy Charge), as well as being able to manage charging with a Connected Wallbox.

MY: FLEETMANAGER SIMPLIFY YOUR FLEET MANAGEMENT

my:FleetManager allows you to manage company fleets of cars and light commercial vehicles with maximum efficiency and safety. The most advanced Fleet Management solutions and Car Sharing solutions for car sharing among employees.

Fiat Professional FlexCare

EXTENDED CARE PREMIUM

Extended Warranty + Roadside Assistance

Offers new car buyers complete peace of mind throughout the duration and mileage of your chosen contract term for worry free driving and maximum coverage, with the additional benefit of roadside assistance.

SERVICE CARE

Scheduled Servicing

There's no need to worry about budgeting for your next service. Simply take out a Fiat Professional service care plan. You can then focus on the more important things in life, knowing your servicing costs are taken care of.

myFiatProfessional

Take care of your vehicle with a click! Register now for personalised advice, dedicated tools and exclusive promotions are waiting for you.

BIK Calculator

If you have private use of a company van for more than driving to and from work, you may be taxed on this benefit.

Vehicle Excise Duty

V.E.D. rate for all light goods vehicles registered on or after 1 April 2024 and not exceeding 3,500kg: £335.

V.E.D. is not applicable to electric versions.
