DRIVETRAIN

MORE GUTS, MORE GLORY

2.2L e-XDi 220 Max Power

The new, more powerful, KGM manufactured turbo diesel engine has the power to deliver, but is more efficient and yet remarkably quiet. 6-speed manual transmission, or 6-speed Aisin automatic transmission, the Musso offers a choice of either.

Max Power	Max Torque
202PS	441Nm
3,800rpm	1600-2600rpm

When it comes to towing, Musso pulls away from the competition. Nothing comes close to its total load capacity. Its pulling power of 3.5-tonnes is gargantuan (auto only). And a payload of up to 1205kg takes a load off your mind. To do both at the same time makes Musso unique amongst its peers.

Total load Capacity

Most pick-ups can't tow a trailer at maximum weight and carry a full payload at the same time, but Musso and Musso Saracen+ are different from most pick-ups. With a class-leading gross train weight of 6450kg (manual), 6750kg (automatic) and 6900kg (Saracen+), our Korean beast has the highest total load capacity of any pick-up on sale in the UK.

	Man	Auto	Saracen+
Gross train weight (kg)	6450	6750	6900
Kerb weight (kg)	2145	2155	2195
Towing limit (kg)	3200	3500	3500
Payload (kg)	1105	1095	1205
Total load capacity (kg)	4305	4595	4705

SPACE FOR EVERYTHING

FULLY LOADED

Built to easily carry an entire Euro-pallet, the load deck is the deepest on the market. It'll carry 1011 litres of cargo and it'll shift anything in the bed that weighs a tonne (or 1205kg). The load bed features cargo tie-down rings to strap down loads and a load liner as standard. The load bed has easy access via the wide opening tailgate. With a width of 1570mm and a depth of 570mm it offers an impressive space.

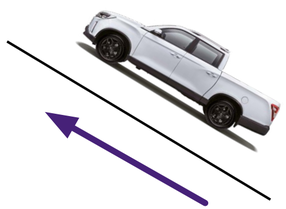

Load liner

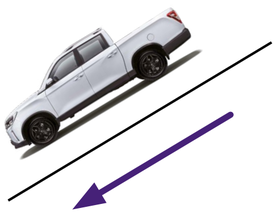

Cargo tie-down hooks

MUD & GUTS

Primarily a pick-up, this is also a pure off-roader by breed. It shares its chassis and drivetrain with its sophisticated SUV cousins, so noise, vibration and harshness are minimised to levels you'd expect from a luxurious saloon.

Hill start assist

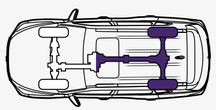

Hill descent control

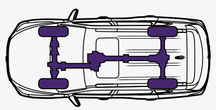

Part-time 4WD

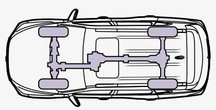

Part-time four-wheel drive allows the driver to choose when to activate the system, depending upon changing conditions on or off the road.

2WD high range

4WD high range

4WD low range

SERIOUS 4X4 CAPABILITY

Explore capability

EXTERIOR DESIGN

GOOD LOOKS, PRACTICAL DESIGN

Musso says bold. Musso shouts confident. Complemented by clever flourishes of design-led sophistication. It looks good. It drives better.

Ladder radiator grille

Big, imposing, proud and distinctive. The radiator grille is unmistakeable in a rear-view mirror.

Electrically operated & heated door mirrors

Stylish light cluster and fog lights

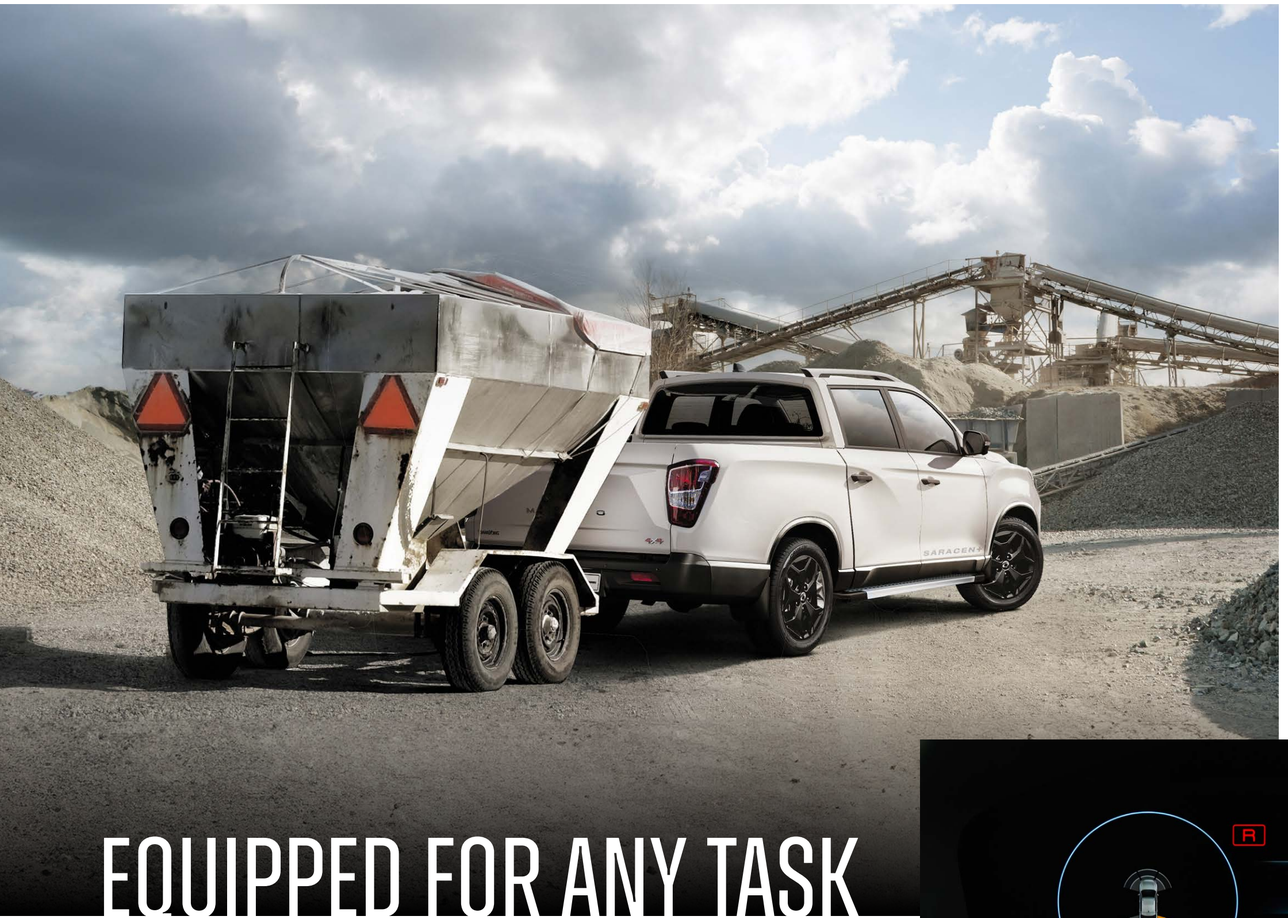

Roof Bars

Alloy wheels

Rebel comes with 18” alloy wheels, while the Saracen and Saracen+ come with stylish 18” black alloy wheels.

EQUIPPED FOR ANY TASK

TOWING

Musso is engineered to go wherever it's needed and do whatever needs doing. Thoughtful features are added to a big, strong, capable vehicle – for practicality, not show.

When it comes to towing, Musso pulls away from the competition. Nothing comes close to its total load capacity. Its pulling power of 3.5 tonnes is gargantuan (auto only). And a payload of up to 1205kg takes a load off your mind. To do both at the same time makes Musso unique amongst its peers.

Front and rear parking sensors

Rear view camera

Trailer sway control

Driving stability is improved by automatic detection and stabilisation when the trailer begins to yaw or sway.

INTERIOR & CONNECTIVITY

THICK SKIN SOFT INTERIOR

After a hard day's graft, you want to wind down. Relax in a comfortable, welcoming interior. Safe in the knowledge that impressive technology is working to keep you securely on the road.

Explore space

INTERIOR DESIGNED

Get comfortable and discover the advanced state-of-the-art infotainment system. Saracen and Saracen+ models feature a 12.3” touchscreen with Tom Tom navigation, Apple CarPlay and Android Auto to play your favourite driving tunes and podcasts whilst also keeping you on track.

Auto wipers

Auto headlamps

Nano tube speakers

Remote locking

DRIVER INTEL

12.3” Digital Cluster

Analogue

In-cluster navigation

When the user experience goes beyond just driving, data becomes crucial. You need facts fast. Musso provides information with clarity and intelligence. The way you view it is up to you.

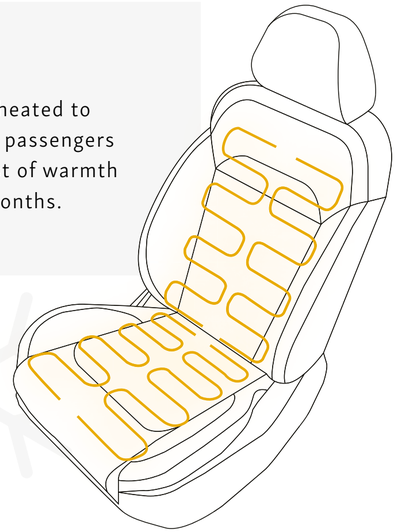

Heated Steering Wheel

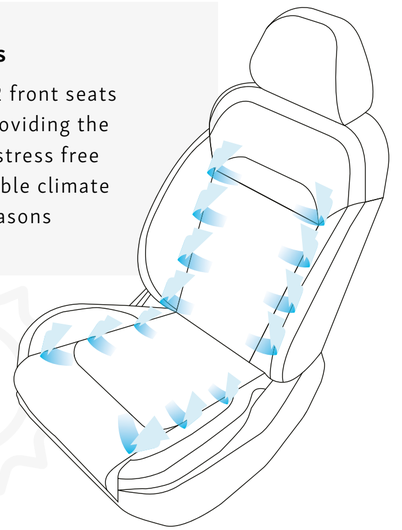

Heated Seats

All 5 seats are heated to give driver and passengers that extra boost of warmth in the colder months.

Cooled Seats

The Mussos 2 front seats are cooled providing the cabin with a stress free and comfortable climate in warmer seasons

IN COMFORT, IN HARMONY

Koreans talk of ‘Noon-Chi’. It’s a phrase which means being in touch with the feelings of others and in harmony with your environment. Musso has the ‘Noon-Chi’ you need for a comfortable, harmonious drive.

Explore technology

Dual-zone air conditioning

Rear row air vents plus air conditioning

SAFETY

SAFETY IN NUMBERS

Musso is equipped to cope with extremes. The safety measures are cutting edge and built-in to provide maximum security and reassurance in the most testing environments. The numbers all stack up.

6 AIRBAGS

Musso has 6-airbags for the greatest possible protection in the event of a sudden stop.

1 Driver's airbag
2 Passenger's airbag
3/4 Driver's & passenger's side airbags
5/6 Curtain airbags

79.2%

of body chassis high density steel

High-density, high tensile-strength steel plate makes up 79.2% of all the steel used in the body and chassis, providing superb rigidity and protection against deformation in a collision.

SMART SAFETY

Electronic Brakeforce Distribution
Anti-Lock Brake System

This smart braking system detects where braking force is needed and applies it to the front or rear wheels as required.

Electronic Stability Programme

ESP constantly monitors road conditions and vehicle status and automatically adjusts engine output and braking whenever the driver might lose control. It integrates the ABS, active rollover protection, anti-slip regulation and brake-force assist.

Traction Control System

Musso's active vehicle safety system manages the traction available when accelerating on low-friction road surfaces.

Brake Assist System

BAS automatically activates full braking in an emergency to reduce the vehicle's braking distance to help avoid an accident.

Isofix

Musso has an Isofix point on both outer rear seats, ensuring ultimate safety for children travelling in the rear.

Blind Spot Detection

Senses vehicles coming up in the blind spot behind or alongside, the system warns with a flashing light on the outside mirror and warning sound in the cabin.

Trailer sway control

Driving stability is improved by automatic detection and stabilisation when the trailer begins to yaw or sway.

Rear Cross Traffic Alert

By using rear-corner radar, the system helps to prevent backing into crossing traffic by alerting when vehicles are detected.

2-SEATER CONVERSION

ROOM FOR MORE

The Musso Rebel and Saracen are now available as dedicated two-seat commercial conversions. A full-height fixed mesh bulkhead, heavy-duty rubber cargo mat and rear window security mesh create a secure, van-style load space while staying eligible for 100% write-down allowance and standard commercial BIK. Same price, same capability, built for business.

ACCESSORIES

MAKE YOUR MUSSO UNIQUE

We have a range of accessories for all of our models that will make it a little more “you”. How about adding a tow bar for transporting your caravan or horse box, or adding roof bars to add a spacious roof box for even more storage? We even have varying ways of transporting your bikes on the outside of your car - that way you keep the mud there too!
