

The new Tiguan Allspace

Price and specification guide

Effective from 12.8.2021

Ready. Like you.

A long wheelbase, seven seats and, depending on your choice of engine, a trailer load of up to 2.5 tonnes, the new Tiguan Allspace is ready for every adventure you have planned.

Model shown is new Tiguan Allspace Elegance 4MOTION with optional metallic paint.
Front cover model shown is new Tiguan Allspace Elegance with optional metallic paint.

Everything on board.

Out shopping in town, have to pick up the children from school afterwards and want to go to the countryside with friends in the afternoon? No problem, thanks to the versatility and generous amount of space in the new Tiguan Allspace. You benefit from plenty of head and legroom in the front as well as in the rear and have enough space for yourself and your favourite things. The driver can carry up to six passengers in comfort or fold down the rear seats to provide an impressive load area, the choice is yours. The new Tiguan Allspace is as versatile and flexible as you are.

1 Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 12.8.2021. For more information, please see [www.volkswagen.co.uk/need-help/wltp](#) or consult your authorised Volkswagen retailer. 2 The recommended 'On the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2021. The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2021. For full details of 'First year rate' VED (Vehicle Excise Duty), delivery to retailer, number plates and vehicle first registration fee included in the recommended 'On the road' retail price, [please click here](#). 3 P11D value = Total recommended retail price + delivery to retailer £509.17, + number plates £20, + VAT £105.83 (calculated by reference to total of delivery to retailer + number plates). P11D value is based on standard specification model with no factory-fitted options or other accessories. 4 The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2021. These charges may differ from any charges displayed or quoted before 6 April 2021. The BIK % figure quoted includes the 4% diesel supplement, where applicable. Please consult your Volkswagen retailer for full details. 5 The ABI insurance group is the recommended insurance rating set by the Association of British Insurers. Please note that insurance group ratings are purely advisory. They are used by insurers (ABI members and Lloyd's syndicates) as one of the factors in calculating premiums. Insurers are not required to follow the advisory group ratings and they may depart from them if they so wish.

‡ These vehicles are WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicles. More information is available at [www.volkswagen.co.uk/need-help/wltp](#). All diesel engines are SCR (Selective Catalytic Reduction) which require AdBlue®, [please click here](#) or visit [www.volkswagen.co.uk/technology/engines/adblue](#) for more details. DRIVER'S ASSISTANCE

Adaptive Cruise Control (ACC) with Predictive Cruise Control¹

- Adaptive Cruise Control, accelerates and brakes in order to maintain a predetermined set speed and distance to the vehicle in front
- Predictive Cruise Control, utilises Dynamic road sign recognition and navigation data to automatically adjust the speed of the vehicle for bends, roundabouts and junctions and automatically speeds up or slows down to the designated speed limit
- Speed limiter, restricts the vehicle to a predetermined set speed
- Traffic Jam Assist, Stop and Go, in conjunction with DSG gearbox it will automatically accelerate when the vehicle in front moves forward

Driver profile selection – choice of three settings: Eco, Normal and Sport driving modes

Park Assist, sensor controlled steering aid to assist parallel or bay parking, optical and audible

Rear-view camera

Side Assist with Rear traffic alert

- Side Assist, two rear radar systems monitor the areas behind the car and the blind spots at the sides to provide a warning for lane changing and blind spots from speeds of 6mph and above. The system sees fast approaching vehicles in adjacent lanes with visual warning via light in door mirror housing. The system can intervene and countersteer if a vehicle is detected as the driver attempts to overtake
- Rear traffic alert, radar sensor controlled rear warning system for vehicles approaching from the sides whilst reversing from driveways or parking spaces. Two radar sensors integrated in the rear bumper monitor traffic to intervene with emergency braking if the driver does not react

1 The intelligent technology of Adaptive Cruise Control (ACC) with predictive cruise control cannot overcome the laws of physics and functions only within the limits of the system. It is the driver's responsibility to have full concentration and control of the vehicle, as well as ensuring appropriate speeds by observing the maximum speed limits and road positioning of the car at all times.

For detailed information regarding tyre efficiency labelling and technical specifications on all potential tyre fitments, visit the Volkswagen online car configurator at www.volkswagen.co.uk or consult your authorised Volkswagen retailer.

DRIVER'S ASSISTANCE

Adaptive Cruise Control (ACC) with Predictive Cruise Control¹

- Adaptive Cruise Control, accelerates and brakes in order to maintain a predetermined set speed and distance to the vehicle in front
- Dynamic Road Sign Display uses the front camera in combination with navigation data to detect road signs
- Predictive Cruise Control, utilises Dynamic road sign recognition and navigation data to automatically adjust the speed of the vehicle for bends, roundabouts and junctions and automatically speeds up or slows down to the designated speed limit
- Speed limiter, restricts the vehicle to a predetermined set speed
- Traffic Jam Assist, Stop and Go, in conjunction with DSG gearbox it will automatically accelerate when the vehicle in front moves forward

Driver profile selection – choice of three settings: Eco, Normal and Sport driving modes

Emergency Assist – Driver intervention should sensors detect the driver is incapable of driving. Automatic hazard light activation while bringing the vehicle to a controlled stop within its lane (DSG gearbox only)

Park Assist, sensor controlled steering aid to assist parallel or bay parking, optical and audible

DRIVER'S ASSISTANCE (CONTINUED)

Side Assist with Rear traffic alert

- Side Assist, two radar systems at the rear monitor the areas behind the car and the blind spots at the sides to provide a warning for lane changing and blind spots from speeds of 6mph and above. The system sees fast approaching vehicles in adjacent lanes with visual warning via light in door mirror housing. The system can intervene and countersteer if a vehicle is detected as the driver attempts to overtake
- Rear traffic alert, radar sensor controlled rear warning system for vehicles approaching from the sides whilst reversing from driveways or parking spaces. Two radar sensors integrated in the rear bumper monitor traffic to intervene with emergency braking if the driver does not react

Travel Assist – Camera and radar sensor controlled assistance system to accelerate, brake, steer and maintain distance to vehicles ahead. Camera detection of road markings provide lane guidance to prevent the vehicle drifting out of its lane, providing the driver's hands are on the wheel (manual gearbox only)

SAFETY AND SECURITY

Proactive occupant protection – using sensors from the Front Assist monitoring system to detect critical situations with elevated accident potential from the front

Interior shown is new Tiguan Allspace R-Line with Discover Navigation Pro touch-screen navigation infotainment system.

1 The intelligent technology of Adaptive Cruise Control (ACC) with predictive cruise control cannot overcome the laws of physics and functions only within the limits of the system. It is the driver's responsibility to have full concentration and control of the vehicle, as well as ensuring appropriate speeds by observing the maximum speed limits and road positioning of the car at all times.

For detailed information regarding tyre efficiency labelling and technical specifications on all potential tyre fitments, visit the Volkswagen online car configurator at www.volkswagen.co.uk or consult your authorised Volkswagen retailer.

Opens up new possibilities.

The new Tiguan Allspace is not only a stylish SUV, it is both spacious and versatile. When all the rows of seats in the new Tiguan Allspace are folded down, a total of up to 1,775 litres of load space is available providing ample room for all your transportation needs. Depending on which seats you fold down, you can vary the seat and load space volume according to your needs, and for carrying long items, the outer seats can be folded down with just one movement.

Thanks to **keyless entry with electrically-operated tailgate opening operation**, providing you have the key on you, it simply takes a flick of the foot under the rear of the vehicle to open the electric tailgate. Standard on Elegance and optional on Life and R-Line models. Model shown is new Tiguan Allspace R-Line with optional premium signature paint.

Travelling with lots of luggage? No problem for the new Tiguan Allspace. In this seven-seater, there's a 230 litre boot behind the third row. Fold the third row seats flat and the boot space increases to 700 litres, fold the second row flat and you have **1,775 litres of boot space**. Interior shown is new Tiguan Allspace Elegance with optional 'Vienna' leather upholstery and metallic paint.

1 To use the free We Connect app you will need a smartphone with iOS or Android operating system and a SIM-card with a data option. Depending on your mobile tariff, sending and receiving data online may incur additional charges (e.g. roaming charges), particularly if you are using We Connect abroad. For more information on We Connect services, go to www.volkswagen.co.uk/myvolkswagen or contact your Volkswagen retailer. 2 We Connect Plus services are accessed via a compatible mobile device. Please see www.volkswagen.co.uk for more information. The use of We Connect Plus services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. Information on the duration of We Connect Plus services can be obtained once a user account has been registered on the myVolkswagen web portal. 3 Speed Limit Display only reflects national speed limits and does not show temporary speed limit restrictions, or where permanent changes to speed limits are made in-between map updates. 4 Lock & unlock service is a secure service and requires that your identity be verified via the Volkswagen Ident process. Your identity will be verified by a Volkswagen retailer or via video chat. 5 For the use of the Streaming and Internet based services and for the Wi-Fi hotspot, data packages can be purchased from Cubic Telecom, our mobile communications partner and used in the network coverage area within many European countries. You can find information on prices and supported countries at vw.cubictelcom.com. 6 Must be ordered in conjunction with ambient lighting pack.

Models shown feature optional metallic paint.

Please note, choosing larger alloy wheels than standard, as an option, may result in increased fuel consumption. This is due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance.

The way VED (Vehicle Excise Duty) vehicle tax is calculated will change for vehicles that are first registered with the DVLA on, or after, 1 April 2018. All new diesel vehicles registered after 1 April 2018 that do not meet the RDE2 standard will be charged a supplement on their ‘First year rate’ to the effect of moving up by one VED (Vehicle Excise Duty) band.

If a new vehicle is registered on or after 1 April 2018, after the ‘First year rate’ VED the majority of vehicles move to the ‘Standard rate’ of vehicle tax which is £155 a year.

The ‘First year rate’ will be based on the CO₂ emissions, fuel type and the list price of the vehicle supplied by the Manufacturer or Retailer as applicable on the day before the vehicle is first registered and taxed.

After the ‘First year rate’, all vehicles with zero emissions will be exempt from the ‘Standard rate’ of vehicle tax. All petrol and diesel vehicles will pay a standard rate of £155 a year, and alternative fuel vehicles will pay a standard rate of £145 a year.

Petrol or diesel vehicles with a list price over £40,000 at first registration will pay £490 a year, after the first ‘First year rate’ vehicle tax, for a period of five years. This comprises the £155 ‘Standard rate’ and £335 additional rate. After five years the vehicle tax will revert to the ‘Standard rate’ of £155 per year.

Alternative fuel vehicles – hybrids, bi-ethanol or LPG, with a list price over £40,000 at first registration will pay £480 a year after the ‘First year rate’ vehicle tax for a period of five years. This comprises the £145 ‘Standard rate’ and £335 additional rate which reverts to £145 ‘Standard rate’ after five years.

Vehicles with a list price exceeding £40,000 (excluding vehicles with zero emissions) will pay the additional rate of £335 a year for a further five year period, after the ‘First year rate’ tax. After the five year period these vehicles will pay zero VED tax.

Alternative	145.00	335.00	480.00

Petrol or diesel vehicles with a list price over £40,000 at first registration pay £490 a year after the ‘First year rate’ for a period of five years. Alternative fuel vehicles over £40,000 at first registration – hybrids, bi-ethanol or LPG, pay £480 a year after the ‘First year rate’ for a period of five years. After five years, vehicles will revert to their ‘Standard rate’ tax depending on fuel type. Electric or vehicles producing zero emissions over £40,000 at first registration are exempt from any charge after the ‘First year rate’.

AdBlue®.

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet EURO 6 exhaust gas regulations.

How does the system work?

AdBlue®, a water/urea based additive, is stored in a tank (like diesel fuel), however, unlike fuel it is not injected into the engine, but directly into a specially modified part of the vehicle’s exhaust. This begins a chemical reaction which removes the polluting oxides of nitrogen (NOx), converting them into harmless oxygen and nitrogen in a process known as Selective Catalytic Reduction, or SCR for short. SCR is only applicable to diesel engines and the more economically you drive, typically, the less AdBlue® you will use.

The size of the AdBlue® tank fitted to your car will vary depending on which Volkswagen model you have, therefore the interval between top-ups will vary. In addition, many factors such as mileage, journey type, driving style and environmental conditions can influence how much AdBlue® is consumed. A passenger car can consume approximately 1.5 litres of AdBlue® every 620 miles (1.0–1.5 litres for the Passat and Passat Estate). The chart below details the AdBlue® tank size and location.

Model (SCR derivatives only)	Tank size (Approximately)	AdBlue® tank filler location	Initial warning of low AdBlue® (2,400km/1,500 miles to go) can be expected to occur at:
New Tiguan Allspace	13 litres	Next to fuel filler nozzle	3,000 to 4,000 miles or sooner*

* Distances are approximate and the warning light may come on sooner depending on driving style, journey type, engine and vehicle load and environmental conditions.

How will I know if the system needs topping-up?

A series of warnings will be given via the driver information system, accompanied by advice/messages.

The first message is displayed when the remaining range is approximately 1,500 miles, and is repeated every 62 miles until the range reaches 1,000 miles, at which point the warning turns amber. This warning is repeated every 31 miles and is accompanied by an audible tone. If these warnings are not acted upon, the warning turns red; once this happens the car will not restart once the ignition is turned off. This is not a fault, but a required feature of the system. If this stage is reached the system will need a full top-up before the car can be restarted. Further information is available in the vehicle handbook.

Why should I use a Volkswagen Authorised repairer for top-ups?

- AdBlue® top-ups at authorised repairers are extremely competitive and charged by the litre, so you only pay for what you need
- Authorised repairer staff are trained to handle AdBlue®
- AdBlue® tanks need special adaptors on fillers to ensure there are no spillages
- Volkswagen do not recommend keeping top-up bottles in cars

The top-up bottles supplied by Volkswagen have a capacity of 1.89 litres, and come complete with the adaptor nozzles that fit the Volkswagen AdBlue® tank. These are available from all Volkswagen Authorised repairers.

AdBlue® warning lights.

Important information

- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank
- If you put AdBlue® in your fuel tank by mistake, please do not start the engine, but contact a retailer for help
- Put only AdBlue® in the AdBlue® tank; do not fill the AdBlue® tank with any other liquids
- Prevent anything from contaminating AdBlue®
- If small quantities of AdBlue® come into contact with the vehicle’s paintwork, for example, wipe them off and if necessary rinse the area with water

CO₂ emissions, BIK % and VED Bands with optional wheels.

Effect of wheel size on CO₂ emissions, BIK % and VED Bands.

Choosing alternative alloy wheels than standard, as an option, may result in different fuel consumption as well as different CO₂ emissions and subsequently an alternative Vehicle Excise Duty (VED) Band, while BIK rates paid by company car drivers may differ. This is due to the fact that different wheels have both alternative aerodynamic drag and mechanical drag, resulting in different rolling resistance and wind resistance. As a result, the VED Band that the vehicle falls into may differ from its original VED Band when fitted with standard size wheels. In some instances, the recommended ‘On the road’ retail price paid for the vehicle may change as a result of the change in VED rate. The chart below shows CO₂ emissions and the related VED Bands for vehicles with both standard-fit wheels and larger optional alloy wheels, as well as the different cost payable due to a change in VED Band if applicable.

Company car taxation chart – tax year 2021/22.

How to calculate your company car income tax liability – effective 6.4.2021

The government is retaining the diesel supplement in company car tax until 2021, when EU-wide testing procedures will ensure new diesel cars meet air quality standards even under strict ‘real world’ driving conditions. In the 2017 Autumn Budget the Chancellor announced that there will be a new VED supplement on new diesel cars first registered from 1 April 2018 adding 4% to their appropriate percentage if the car is propelled solely by diesel (up to a maximum of 37%), so that their First-Year Rate will be calculated as if they were in the VED band above. However, this will not apply on those diesel cars which meet Real Driving Emissions Step 2 (RDE2) standards.

For further details of company car tax, please consult your authorised Volkswagen retailer, or visit www.volkswagen.co.uk/offers-and-finance/fleet/calculators/company-car-tax-calculator. 1 Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 12.8.2021. For more information, please see [www.volkswagen.co.uk/need-help/wltp](#) or consult your authorised Volkswagen retailer.

2 P11D value = Total recommended retail price + delivery to retailer £509.17, + number plates £20, + VAT £105.83 (calculated by reference to total of delivery to retailer + number plates). P11D value is based on standard specification model with no factory-fitted options or other accessories.

3 The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2021. These charges may differ from any charges displayed or quoted before 6 April 2021. The BIK % figure quoted includes the 4% diesel supplement, where applicable. Please consult your Volkswagen retailer for full details.

4 From 6 April 2018, new income tax rates have been introduced for Scottish Taxpayers. For full details of Scottish BIK tax liability, please refer to the [Benefit In Kind for Scottish Residents section](#)

SERVICING AND MAINTENANCE

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

Fixed Service

The Fixed Service is recommended for vehicles that will cover less than 9,300 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service schedule on 2021 MY onwards are as follows:

- Oil change service – After 1 year or 9,300 miles (15,000 km), whichever is soonest.
- Inspection service³ – First after 2 years or 18,600 miles (30,000 km), then every 2 years or 18,600 miles (30,000 km), whichever is soonest.

SERVICING AND MAINTENANCE (CONTINUED)

Flexible Service

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can drive up to 18,600 miles⁴ (30,000 km) or 2 years, whichever is soonest, between oil changes.

The service intervals for the Flexible Service schedule on 2021 MY onwards are as follows:

- Oil change service – According to flexible service interval display, 2 years or 18,600 miles (30,000 km), whichever is soonest.
- Inspection service³ – First after 2 years or 18,600 miles (30,000 km), then every 2 years or 18,600 miles (30,000 km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Flexible Servicing is not available on BEV, PHEV or GTE models. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

VOLKSWAGEN INSURANCE⁵

Get three years' Volkswagen Insurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only Genuine Volkswagen Parts? WARRANTY

Exclusions and terms and conditions apply to all warranties, plans and insurance listed. For pricing and further details of Volkswagen Warranties, Service Plans and Insurance, please consult your authorised Volkswagen retailer or repairer, or visit www.volkswagen.co.uk

THE VOLKSWAGEN WARRANTY THREE-YEAR WARRANTY

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

BODY PROTECTION WARRANTY

The internal body sections and panels are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

THREE-YEAR PAINTWORK WARRANTY

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

APPROVED ACCESSORIES

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

VOLKSWAGEN ROADSIDE ASSISTANCE

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg which is registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years.

Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorised Volkswagen retailer, or visit www.volkswagen.co.uk

ADBLUE®

Diesel engines with SCR (Selective Catalytic Reduction) technology require AdBlue® which must be kept topped up. Please see www.volkswagen.co.uk/technology/engines/adblue for more details.

PRICES AND SPECIFICATIONS

The prices and specifications contained in this price list are for information purposes only as our products are continually updated and changes may be made to the prices and specifications at any time. If you require any specific feature, please consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Prices and specifications are subject to change without notice.

Following the announcement of a price increase, any vehicle order which can be accepted into the factory production system before the effective date of the price increase will be supplied at the current price, even if built and delivered after the date on which the increase became effective.

Note: We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

BENEFIT IN KIND (BIK) FOR SCOTTISH RESIDENTS

Effective as of 6 April 2018, the Scottish Government introduced their own BIK taxation structure. This is only applicable to Company Car Drivers that are resident Scottish taxpayers. HMRC will continue to be responsible for the collection and management of taxes and will determine whether or not an individual is a Scottish taxpayer based on where their primary place of residence is.

Scottish Income Tax rates and Bands 2018/19

Starter rate 19%
over £11,850 - £13,850

Basic rate of 20%
over £13,850 - £24,000

Intermediate rate 21%
over £24,000 - £44,273

Higher rate 41%
over £44,273 - £150,000

Top rate 46%
above £150,000

FUEL CONSUMPTION AND CO₂ EMISSIONS

Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. The weight of a vehicle will influence the level of CO₂ emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO₂ emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO₂ is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

Volkswagen Service Plan – retail sales only

We offer Volkswagen Service Plans to cover all new models for their first two consecutive services in line with the Fixed Service schedule required on the vehicle. Your car will be in the hands of Volkswagen trained technicians who use specialist Volkswagen tools, technology and Volkswagen original parts, and all parts and labour are guaranteed for two years. What's more, the Volkswagen Service Plan will remain with the vehicle should you decide to sell your car.

Volkswagen Service Plan – retail sales only

For vehicles under 1 year old set to the Fixed Service regime that has not had its first service, comprising first two manufacturer’s scheduled services:

- ‘Oil service’ including oil filter change
- ‘Oil service’ including oil filter change and ‘Inspection service’ plus a pollen filter replacement (if required)

Excludes electric vehicles. Service plan covers first two consecutive services, limited to 1x ‘Oil service’ and 1x ‘Oil and Inspection service’. T&Cs apply: All vehicles must be set to the Fixed Service regime by the retailer. Maximum age of car is 12 months (Service plan must be taken out before first service is due). Additional work, including wear and tear is excluded. Servicing must be carried out in line with the requirement of the Service Schedule. All work must be carried out by an Authorised Volkswagen Repairer. Offers may be varied or withdrawn at any time. Plan validity is dependent on required payments received. Administered by Volkswagen Financial Services. Retail sales only. For pricing and further details, please consult your authorised Volkswagen retailer or visit www.volkswagen.co.uk
