All-New Nissan MICRA DEFY ORDINARY

The All-New Nissan MICRA returns with electric confidence and that unmistakable cheeky charm that's been turning heads for generations. The audacious new MICRA doesn't just defy ordinary: it aims to turn expectations upside down. With a commanding presence that belies its compact size, MICRA proves that personality comes in small packages. Dynamic electric performance, quick charging technology, and Google Automotive Services deliver a smart, connected driving experience modern urbanites demand, while the intuitive interior offers a choice of three distinctive designs - so your MICRA feels as individual as you are. From its iconic signature lighting to its playful yet sophisticated design, every detail reflects MICRA's liberating philosophy: why blend in when you were born to stand out?

Signature full LED headlamps

Iconic rear lighting

18-inch Alloy Wheels*

Style with substance.

The MICRA's exterior design balances form and function, featuring eye-catching LED headlamps, robust 18-inch wheels, and a strong, confident stance. It's a design that doesn't just look good: it feels right.

*Feature available depending on version, as standard or only as option (at an extra charge).

MICRA that fits your vibe

Choose one of the 4 driving modes to adjust steering effort, pedal acceleration, ambient lighting* and more to your preferred style of driving.

Custom premium sound

Whether you're listening to podcasts, playlists or live recordings, tailor your audio experience to your content with one of the five immersive sound settings. Sound is delivered through nine strategically placed Harman Kardon® speakers within the car interior.*

harman/kardon®

*Feature available depending on version, as standard or only as option (at an extra charge)

SPORT Mode

ECO Mode

COMFORT Mode

Think compact. Live large.

Who says compact can't be roomy? With five doors and flexible roominess for every seat, MICRA proves that size isn't everything, layout is.

*Feature available depending on version, as standard or only as option (at an extra charge).

Big Plans? MICRA's In.

With room for the everyday and the unexpected, MICRA's boot adapts to you. Fold, load, go. Easy.

Tech that gets you.

With NissanConnect powered by Google built-in^[1] - enjoy services like Google Assistant^[1], Google Maps^[1], and more on Google Play^{[1][6]}. Simply sign in to your Google Account and seamlessly bring your digital life on the road. MICRA keeps you connected to what matters: your world.

YOUR CAR. IN YOUR POCKET.

With the NissanConnect Services^[2], MICRA stays within reach, even when it's parked. The A/C is also actionable from the app, check the charge or cool the cabin down before you get in. It's your car, remotely in control.

ANDROID AUTO & APPLE CARPLAY^{[3] [4] [5]}

MICRA doesn't just connect to your phone: it becomes an extension of it. With Android Auto™ and Apple CarPlay®, your playlists, messages and apps follow you.

Google built-in^[1]

Experience your Google ecosystem directly in your new MICRA. With Google built-in, you can effortlessly control navigation, entertainment, and communication - all hands-free. Your favorite apps are built right into your car, so you can stay focused on the road.

Google Assistant^[1]

Google Assistant^[1] in your MICRA allows you to control navigation, make calls, send messages, enjoy entertainment, and manage vehicle functions, using just your voice. Just say, "Hey Google" to get started.

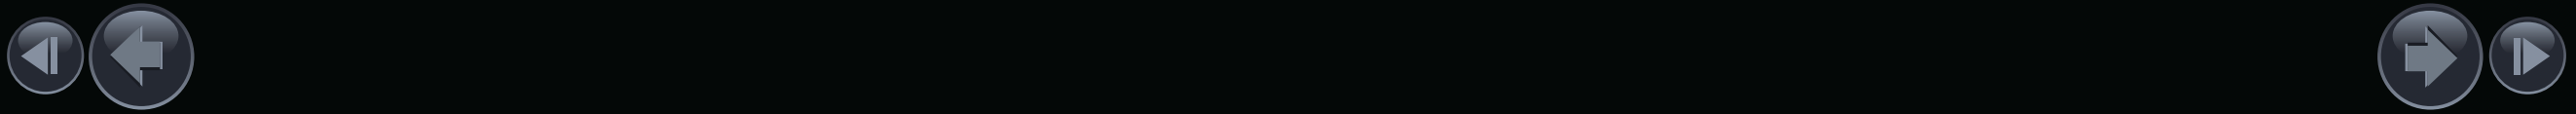

In-car route planner by Google Maps^[1]

With Google Maps^[1] linked to your car's battery, the system calculates your route and automatically locates optimal charging stations when you need them.

Google Play^{[1] [6]}

Access your favorite apps directly on your car's infotainment system with integrated Google Play^{[1][6]}. Enjoy games and video apps during charging sessions, navigate with Waze, and discover many other apps available right in your car.

[1] Google Assistant and some related features are not available in all languages or countries. Google, Android, Android Auto, Google Maps and other marks are trademarks of Google LLC. [2] NissanConnect Services app, in future name plan to change to MyNISSAN (app will stay the same). To use the NissanConnect Services you need a NissanConnect Services user account and have to register and log into NissanConnect Services/MyNISSAN app with your username and password. Services are available depending on country, model, grade and service period. Some services will be subject to a fee for the subscription period detailed in the connectivity app (NissanConnect Services app/MyNISSAN). For more information, please visit your app, Nissan website, Nissan dealer. [3] Apple CarPlay® and Android Auto™ are available free of charge, depending on model and/or grade. For more information, please contact your Nissan dealer. [4] Apple CarPlay® is trademark of Apple Inc., registered in the U.S. and other countries. [5] Compatible Android phone and compatible active data plan required. [6] To use the Google Play app you will need to ensure you have a secure data connection through mobile phone, data tethering is an extra. Feature available depending on version, as standard or only as option (at an extra charge).

Power everywhere

Charge where you live. Charge where you go. MICRA's all-electric flexibility gives you the freedom to move fully powered.

Charging speed and time is dependent on various conditions, including charger type and condition, battery temperature as well as ambient temperature at the point of use. In cold climates, the use of on-board battery heating may be required to specifically improve quick charging speeds. Indicated quick charging time requires use of a CCS 2 charger. The Nissan MICRA is equipped with charging safeguards to protect the battery during repeated quick charging sessions in a short period of time. The time taken for successive quick charging can take longer if the battery temperature activates the battery safeguarding technology.

Home Charger

Rapid Charger

In-car charge status & monitor

Need a plug? Be one.

MICRA's V2L (Vehicle-to-Load)* turns your car into a mobile power source. From laptops to e-bikes to plugging in your amplifier & powering your electric guitar, just plug in and go. Wherever you are, whatever you need, power's on board.

Vehicle-to-Load system

**Supports appliances with power requirements up to 3.1kW*

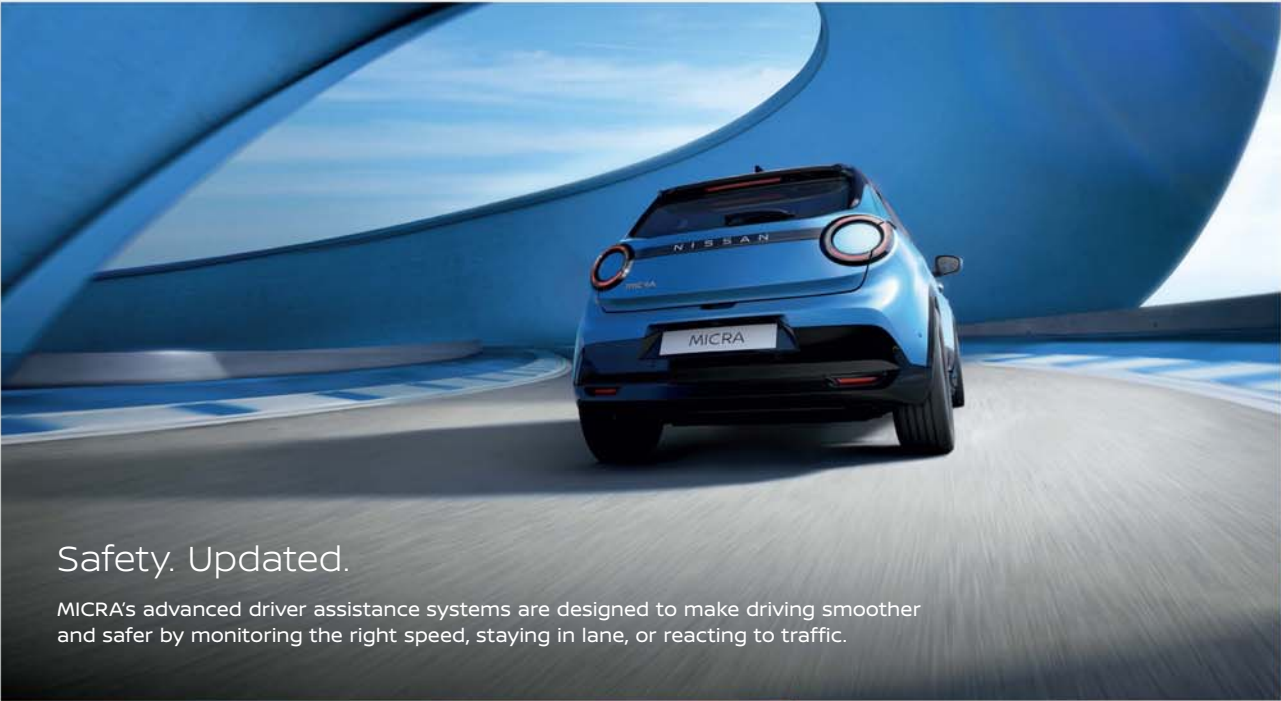

Range you can count on.

Up to 257 miles of range means you're not just going electric: you're going far. MICRA powers your everyday with more confidence, no guesswork needed. Freedom looks good on you.*

**Up to 257 miles range refers to the MICRA 52kWh based on a full charge. WLTP figures shown are for comparability purposes. Only compare electric range figures with other cars tested to the same technical procedures. Actual real world driving results may vary depending on factors including the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load.*

Safety. Updated.

MICRA's advanced driver assistance systems are designed to make driving smoother and safer by monitoring the right speed, staying in lane, or reacting to traffic.

Sit back and park.

Tight space? Sloped street? No problem. With ProPILOT Park^[2], MICRA can steer, brake and park all by itself.

Glide mode: on.

Cruise through traffic — one-pedal driving and paddle shifters let you fine-tune regenerative braking right down to a complete stop.

e-Pedal and Paddle Shifts available from Advance grade

Less hassle. More cruising.

MICRA's ProPILOT Assist^[1] with Navi-link^[1] helps maintain your speed, stay centred in your lane and adapt to curves ahead. It even syncs with the navigation to slow down gently for exits and corners.

[1] ProPILOT Assist is available on a limited range of vehicles. ProPILOT Assist is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT Assist is intended for "Eyes on/ Hands On" for highways only (road separated by Barriers). Driver should monitor all traffic sign and obey traffic laws. It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at any time. You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. For terms and conditions relating to Nissan technologies, please contact your Nissan dealer or www.nissan.co.uk. [2] Feature available depending on version, as standard or only as option (at an extra charge).

Accessories to reflect you & your lifestyle

Personalise your MICRA with Genuine Nissan Accessories to help maximize what you can carry, amp up your style, protect your MICRA, but also charge with ease.

- 1 - Bike Carrier Velo Compact
2 Bikes (E-Bike Compatible)
- Towbar mounted
- 2 - V2L connector

- 3 - Charging cable with
charging bag
- 4 - Mirror caps
- 5 - Illuminated Plates
- 6 - Mudflaps

- 7 - Rubber floor mats & velour
Textile floor mats (created
from recycled materials)
- 8 - Removable Towbar + Tek Pin
- 9 - Reversible trunk liner

Accessories and any additional equipment fitted after-sale by the customer may have an impact on the communicated range figures of the vehicle. Genuine Nissan Accessories are covered by the new vehicle warranty of 3 years / 60,000 miles (whichever comes first), if fitted before Vehicle Handover or during the new vehicle warranty period. Genuine Nissan Accessories must be fitted by a Nissan dealer or Nissan repairer. Genuine Nissan Accessories fitted outside of the new vehicle warranty period or by a 3rd Party or by the Customer are only covered by the Genuine Nissan Parts and Accessories Warranty of 12 months / unlimited mileage. To check the full range of All-New MICRA accessories please go to our new Digital platform: <https://micra.nissan.co.uk/accessories>.

PERFORMANCE, BATTERY & DIMENSIONS

	BATTERY 40 KWH	BATTERY 52 KWH
ENGINE		
Power	90 kW	110 kW
Drive	Front	
PERFORMANCES		
Max. electric motor torque	225 Nm	245 Nm
Max. Speed	93 mph	
Acceleration 0 - 62 mph	9 secs	8 secs
BATTERY		
Battery type	Lithium-ion	
Battery capacity Gross / Net Battery Capacity	40 kWh	52 kWh
Voltage	400 V	
RANGE / CONSUMPTION / EMISSIONS		
Pure electric range - Combined cycle WLTP	196 mi	257 mi
Electricity consumption - Combined WLTP	4.38 mi/kWh	4.23 mi/kWh
CO ₂ emissions - Combined cycle WLTP	0 g/km	
CHARGE TIME		
AC 11 kW (10 - 80%) in as little as	3h40m	4h45m
DC (15 - 80%) in as little as	30 mins	

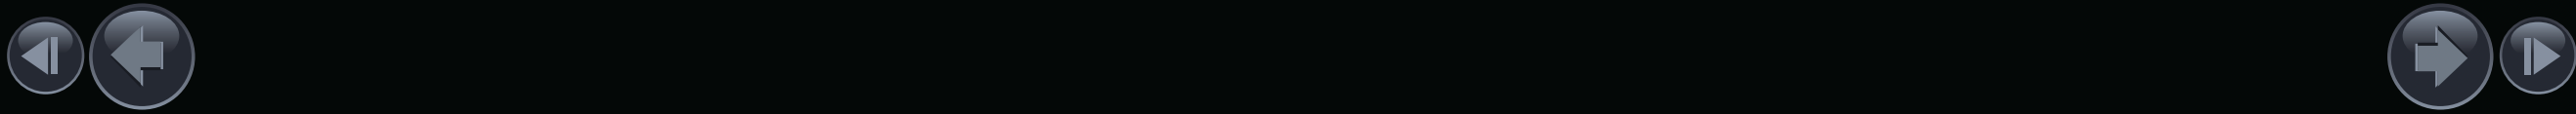

Up to 196 miles range refers to the MICRA 40kWh and up to 257 miles range refers to the MICRA 52kWh based on a full charge. WLTP figures shown are for comparability purposes. Only compare electric range figures with other cars tested to the same technical procedures. Actual real world driving results may vary depending on factors including the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load.

Figures quoted are for 40 kWh and 52 kWh batteries. Charging speed and time is dependent on various conditions, including charger type and condition, battery temperature as well as ambient temperature at the point of use. In cold climates, the use of on-board battery heating may be required to specifically improve quick charging speeds. Indicated quick charging time requires use of a CCS 2 charger. The Nissan MICRA is equipped with charging safeguards to protect the battery during repeated quick charging sessions in a short period of time. The time taken for successive quick charging can take longer if the battery temperature activates the battery safeguarding technology.

Towing capacity will vary depending on vehicle specification.

Nissan Services

Service Plans

Every time you service with Nissan, you'll receive the highest levels of service and aftercare that you can find. We aim to be clear, transparent and offer you great value with our fixed price service packages. The best way to ensure great prices is to purchase an inflation-proof Service Plan when you purchase your new Nissan Micra. With a Nissan Service Plan, you can spread the cost of your next two, three or four services with manageable, interest free monthly payments. It's the easy way to cover the cost of maintaining your vehicle and the price you pay will stay the same for the duration of the plan, even if the price of a Nissan service increases in that time.

Extended Warranty

A Nissan Extended Warranty offers the same cover as your original manufacturer warranty, saving upfront costs if any covered parts were to fail. When the time comes and your manufacturer warranty ends, all you will need to do is purchase an Extended Warranty and have your Nissan Micra checked out by your Nissan dealer before the policy starts.

Nissan Assistance

All new Nissan vehicles come with free pan-European Roadside Assistance for the duration of the warranty period. Nissan European Roadside Assistance is there for you 24/7. From a flat tyre to lost keys or an accident, we help you get back on the road as fast as possible. Once the manufacturer warranty period ends, remember that you get an additional 12 months roadside assistance each time you service at a Nissan Dealership or Authorised Repairer. Keep coming back for your regular service and you'll get continuous cover.

Nissan Service Plans are available on Nissan's up to 10 years old and under 100,000 miles only. New cars are eligible for plans up to 4 years / 4 services and cars older than 2 months from the date of first registrations are eligible for 2 years / 2 services. Servicing must be completed by a franchised Nissan Dealer or Authorised Repairer at the intervals specified by Nissan. For full details visit nissan.co.uk/serviceplans.

Dealer stamp:

Every effort has been made to ensure that the content of this publication is correct at the time of going to press (July 2026). This brochure has been produced featuring prototype vehicles exhibited at motor shows. In accordance with the company's policy of continuously improving its products, Nissan International reserves the right to change at any time the specification and the vehicles described and shown in this publication. Nissan dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan dealer to receive the most up-to-date information. Because of the limitations of the printing processes used, the colours shown in this brochure may differ slightly from the actual colours of the paint and interior trim materials used. All rights reserved. Reproduction in whole or part of this brochure without the written permission of Nissan International is forbidden.
