

DACIA SPRING

100% ELECTRIC

READY FOR LIFE

The restyled, assertive, connected and agile 100% electric Dacia Spring is even more welcoming with its modern, robust design and spacious, clever interior. Designed for real life, it has more advantages to win you over than ever before.

REDESIGNED, RESTYLED, IRRESISTIBLE

With a completely redesigned look and interior equipment, Dacia's bold electric vehicle is once again causing a stir. Stronger and more stylish, its compact SUV look stands out from the rest and asserts itself from every angle with spoilers that optimise aerodynamics, reinforced wing and grille protection, and 15" wheels.

The emblematic Y-shaped brand light energises its front end, which is just as ready to take on the city!

Urban-inspired front bumper

LED lights with Y-shaped brand light

Side decals

REDESIGNED INTERIOR ENVIRONMENT

The design of the interior focuses on ergonomics, aesthetics and perceived quality. The coloured elements and the pictograms of the backlit controls add a touch of modernity.

The functional design of the dashboard is structured around the 10" multimedia display⁽¹⁾ and the 7" digital on-board computer on which all vehicle information is shown. E-shifter gear lever, height-adjustable steering wheel and redesigned upholstery.

e-shifter gear lever

(1) Standard on Extreme.

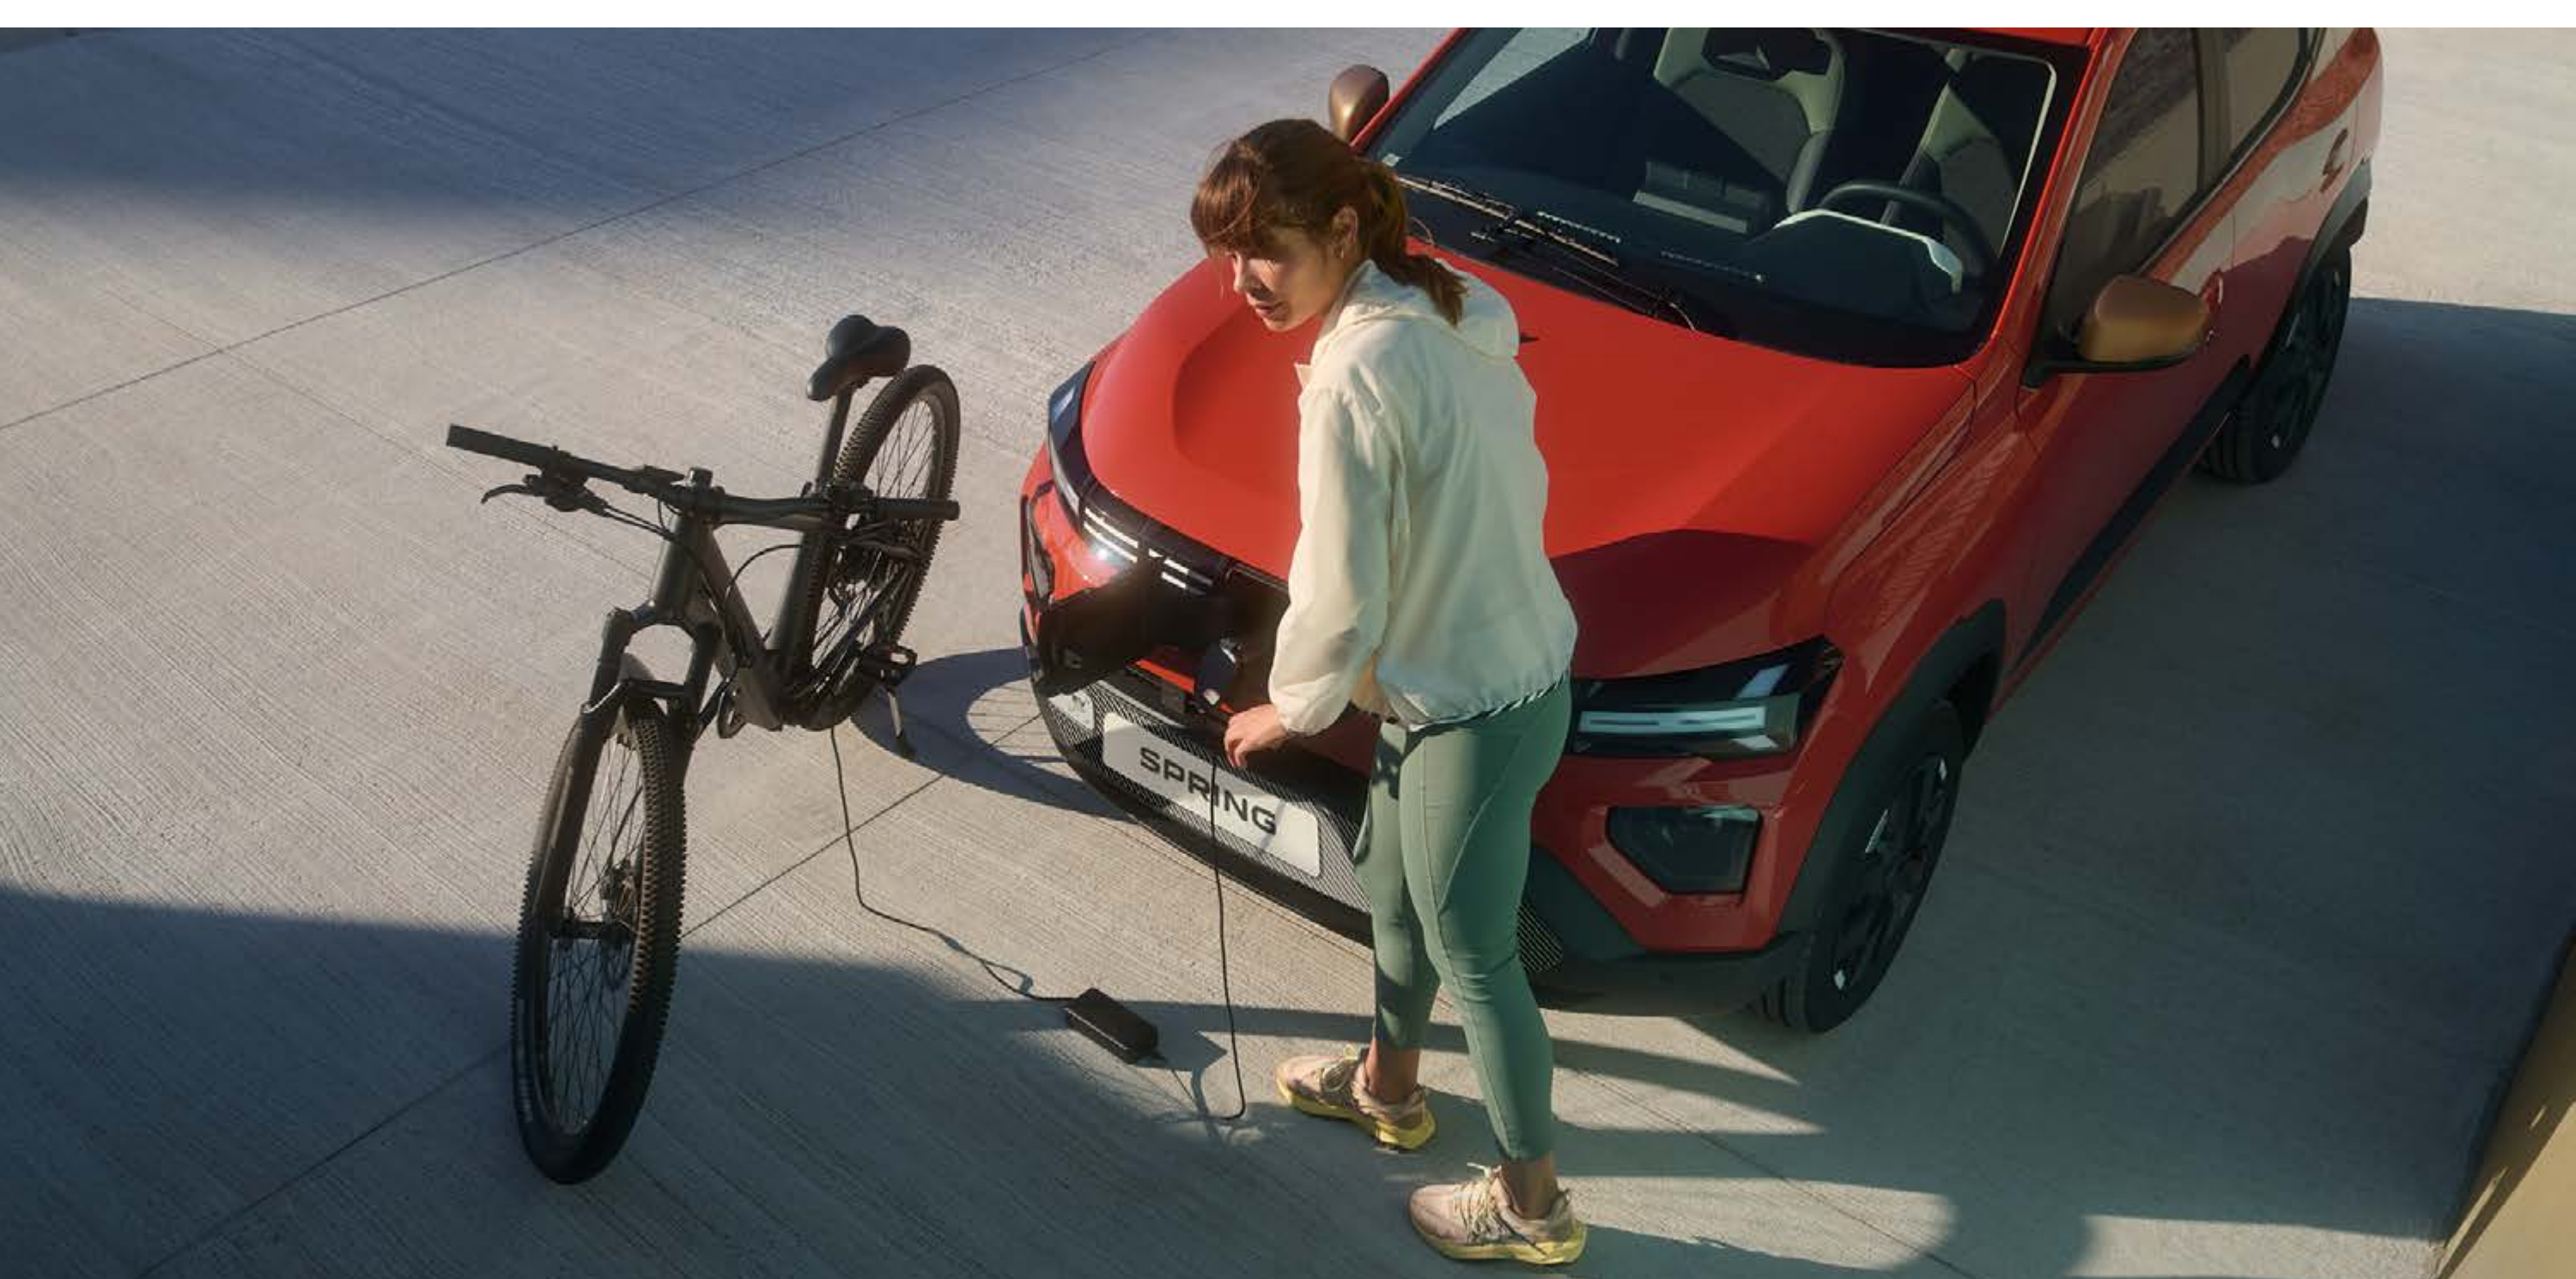

SMOOTH AND DYNAMIC

Silent, smooth and responsive driving, electric mobility is within everyone's reach with Dacia Spring. With its dual engine offering of 70 hp or 100 hp, choose the one that suits you best.

In terms of performance, you can cover 140 miles in the WLTP combined cycle or 195 miles in the WLTP urban cycle without needing to recharge, and go from 20% to 80% range in 29 minutes with the fast charger⁽¹⁾. The new regenerative braking mode, "Mode B", recovers even more energy when you take your foot off the accelerator, and also when you apply the brakes to make driving easier. You can also take advantage of power to object, two-way charge V2L (Vehicle to load)⁽²⁾ technology that lets you connect your everyday electrical appliances to your Dacia Spring.

Power to object, two-way charge V2L⁽²⁾

(1) Standard on both Expression 70hp and Extreme 100hp version. (2) Standard on Extreme.

CONFIGURE AND ORDER

EVEN MORE CONNECTED

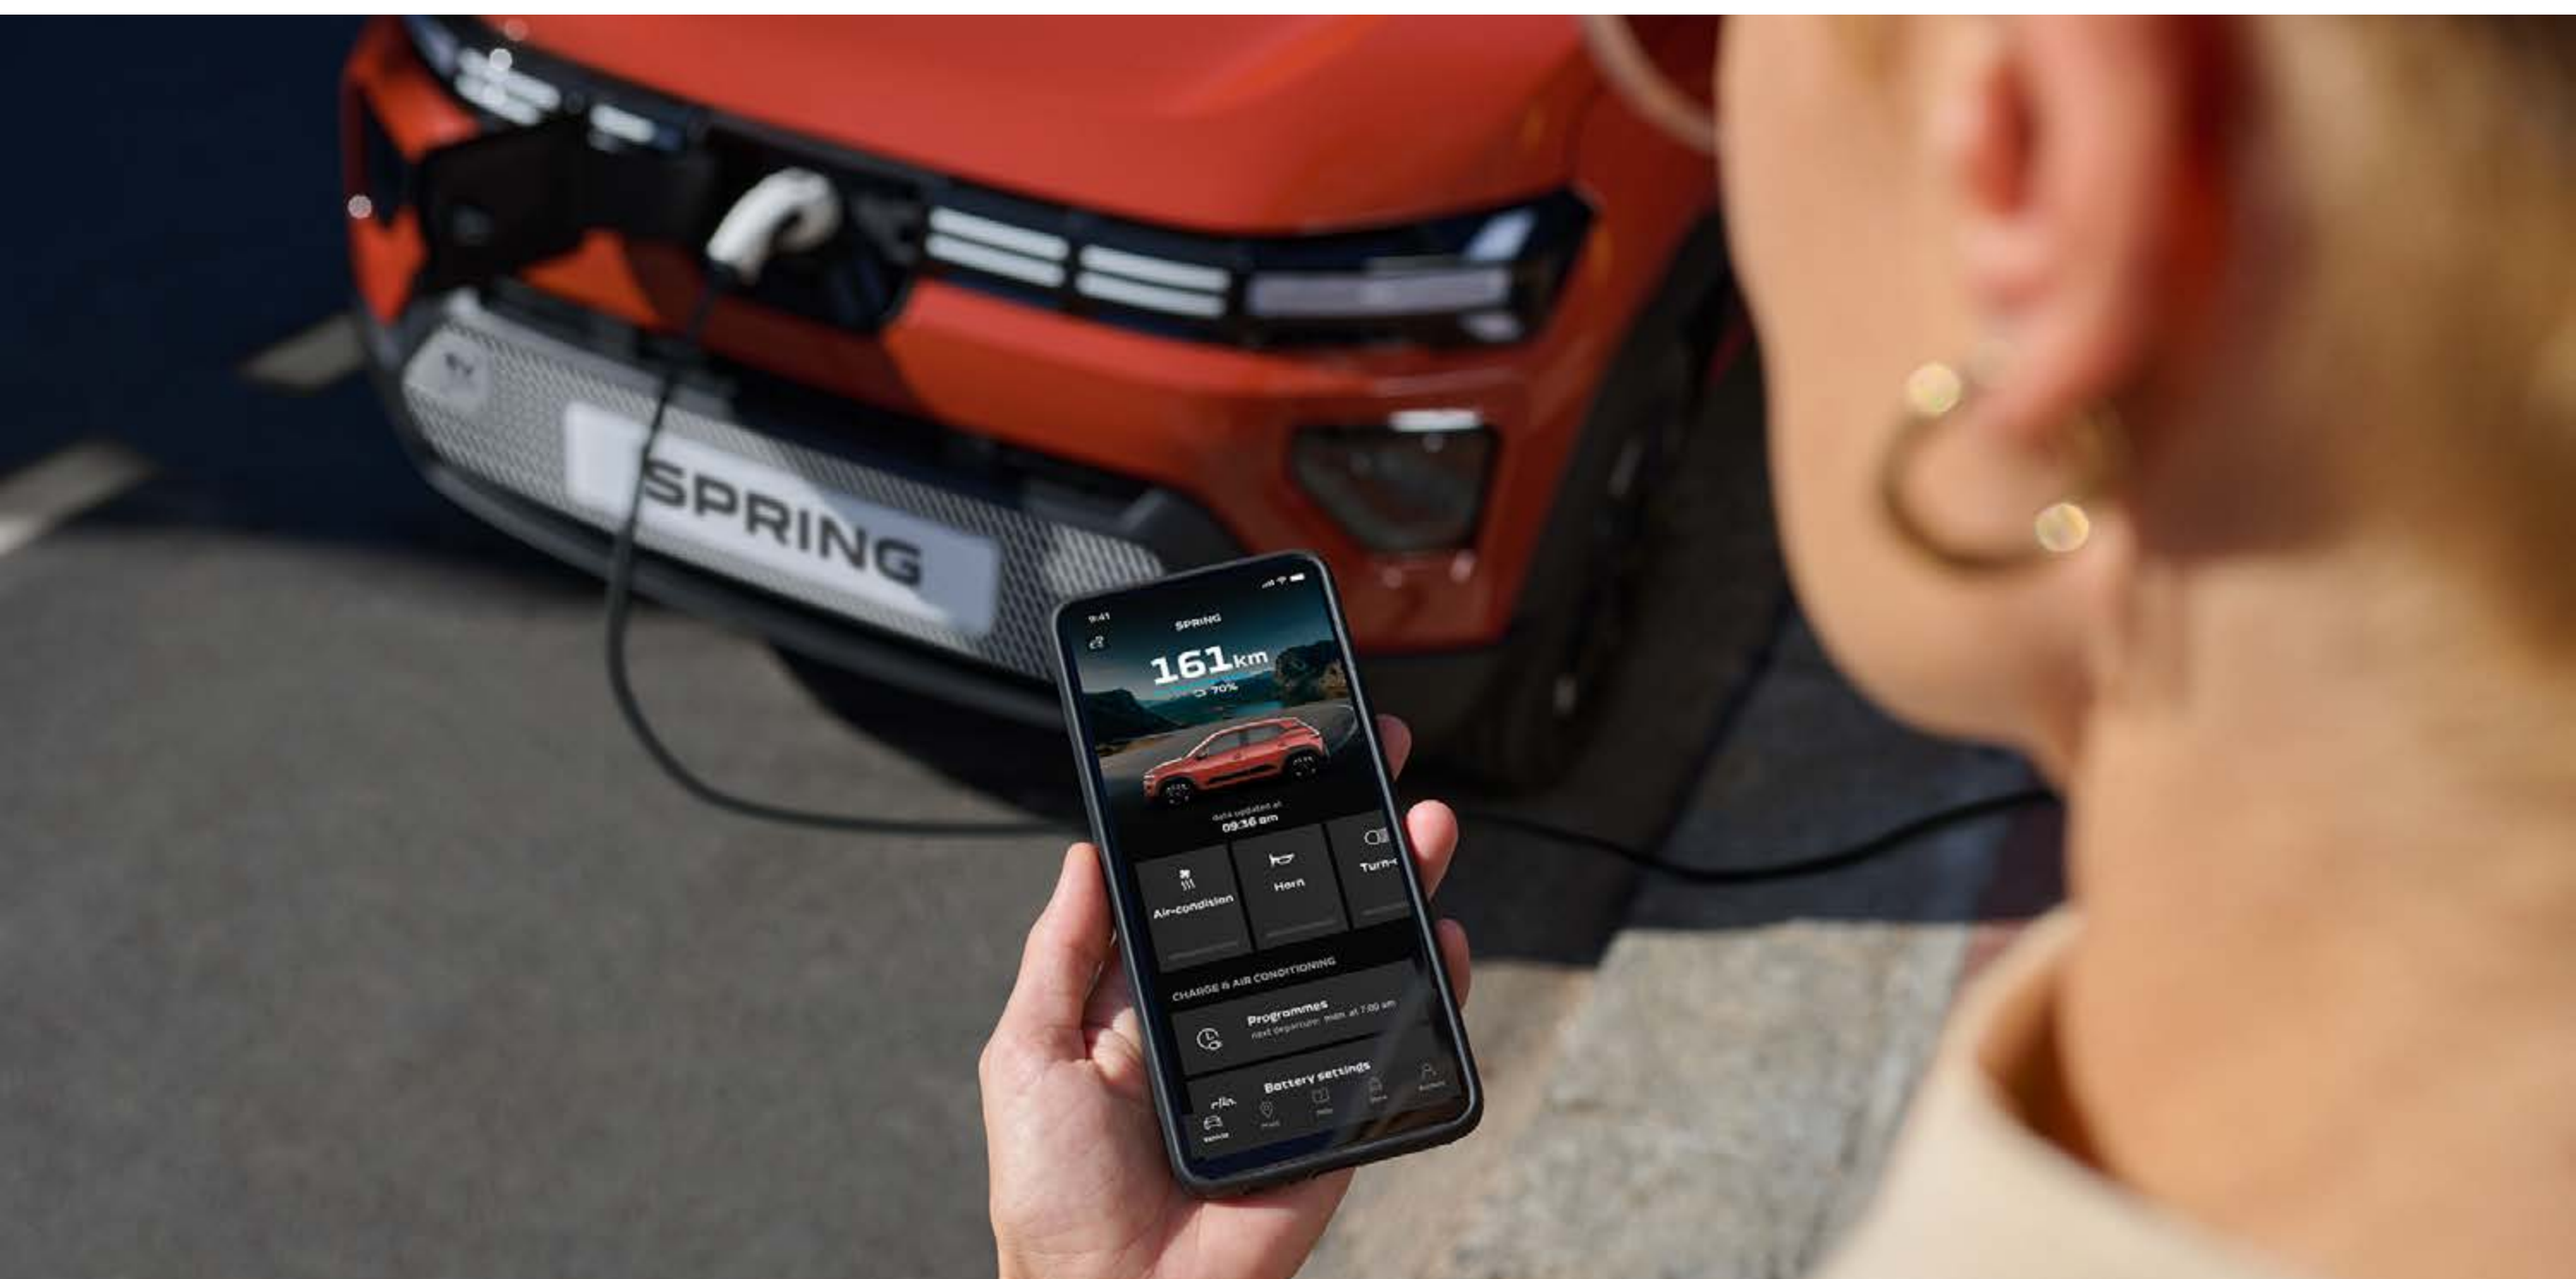

The Media Nav Live multimedia system⁽¹⁾ simplifies your daily life. On its large 10" touchscreen, get navigation support with always up-to-date mapping and real-time traffic (included for 8 years). And to make your journeys easier, enjoying wireless smartphone mirroring (Android Auto™ or Apple CarPlay®). Finally, get comprehensive driving and consumption information on the 7" digital on-board computer.

Also enjoy convenient connected services so you can schedule your charging or preheat your car remotely available from your smartphone.

Always up-to-date navigation with real-time traffic

MY Dacia application

(1) Standard on Extreme.

COMPACT AND SPACIOUS

Dacia Spring defies the laws which govern interior space with four comfortable seats. Its methodically designed interior offers numerous storage areas to accommodate your personal items, with up to 32 litres of easy-to-reach capacity.

And for even more possibilities, there's a wide range of accessories such as exclusive cup holders and a clever front tray under the bonnet which provides an additional 35 litres of useful volume.

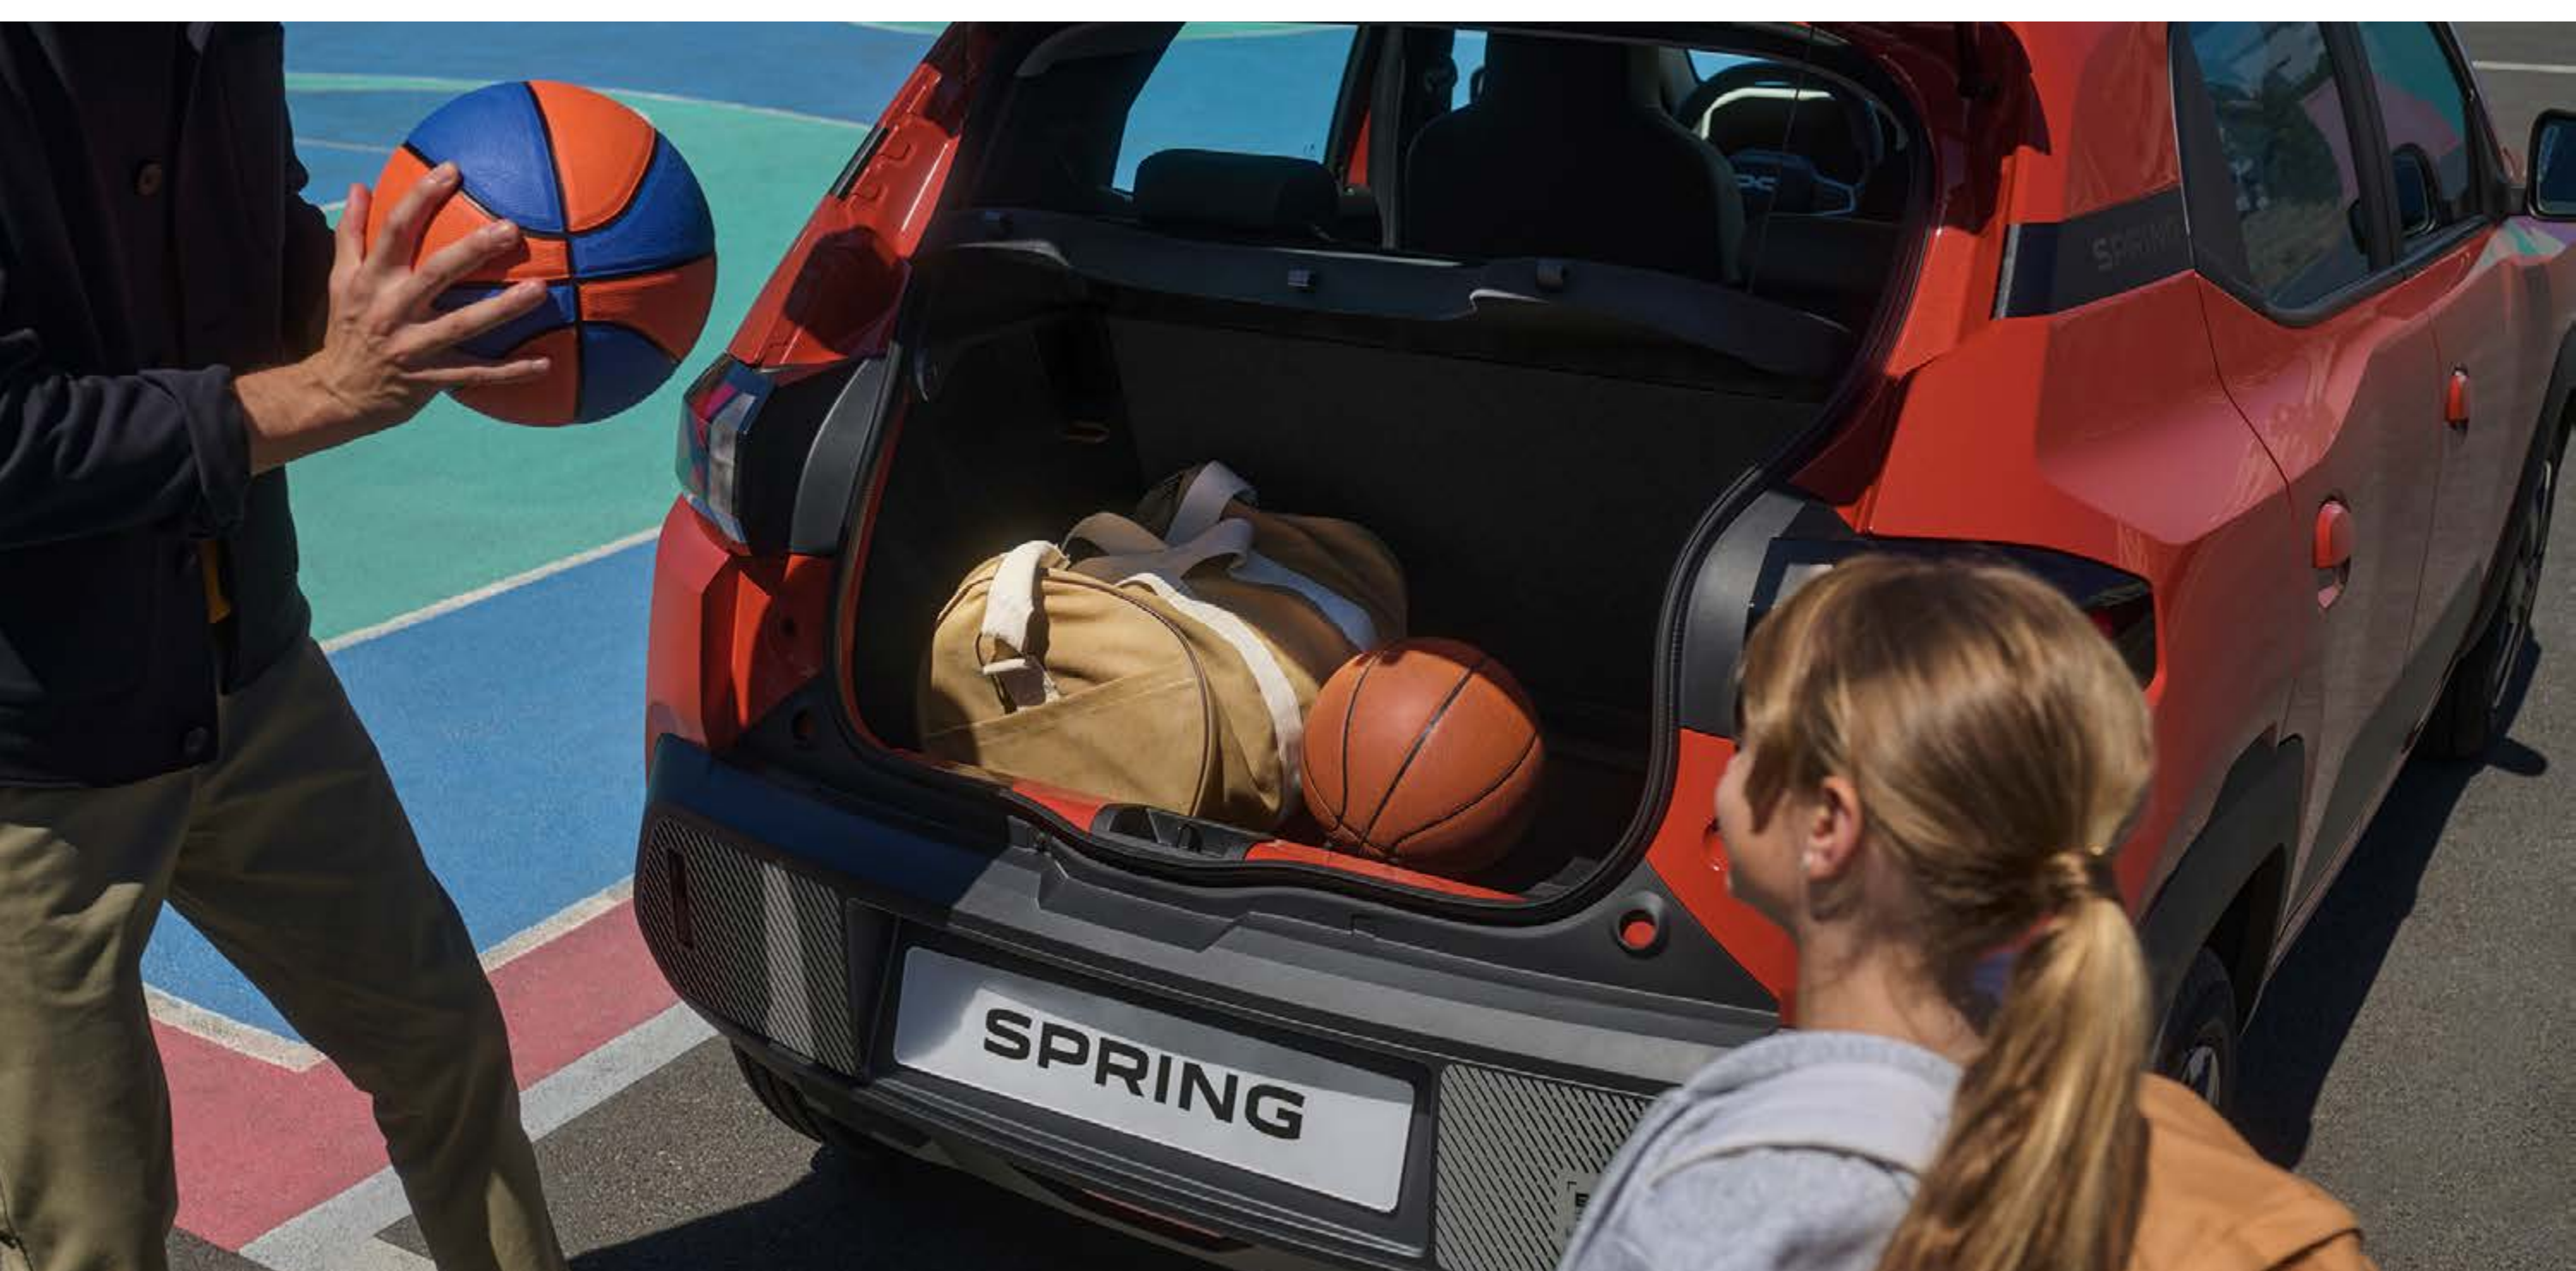

With the best storage capacity in the category, its record 308-litre boot and its YouClip multi-use attachment system, Dacia Spring has the ability to make your everyday life easier.

DRIVE IN COMPLETE SAFETY

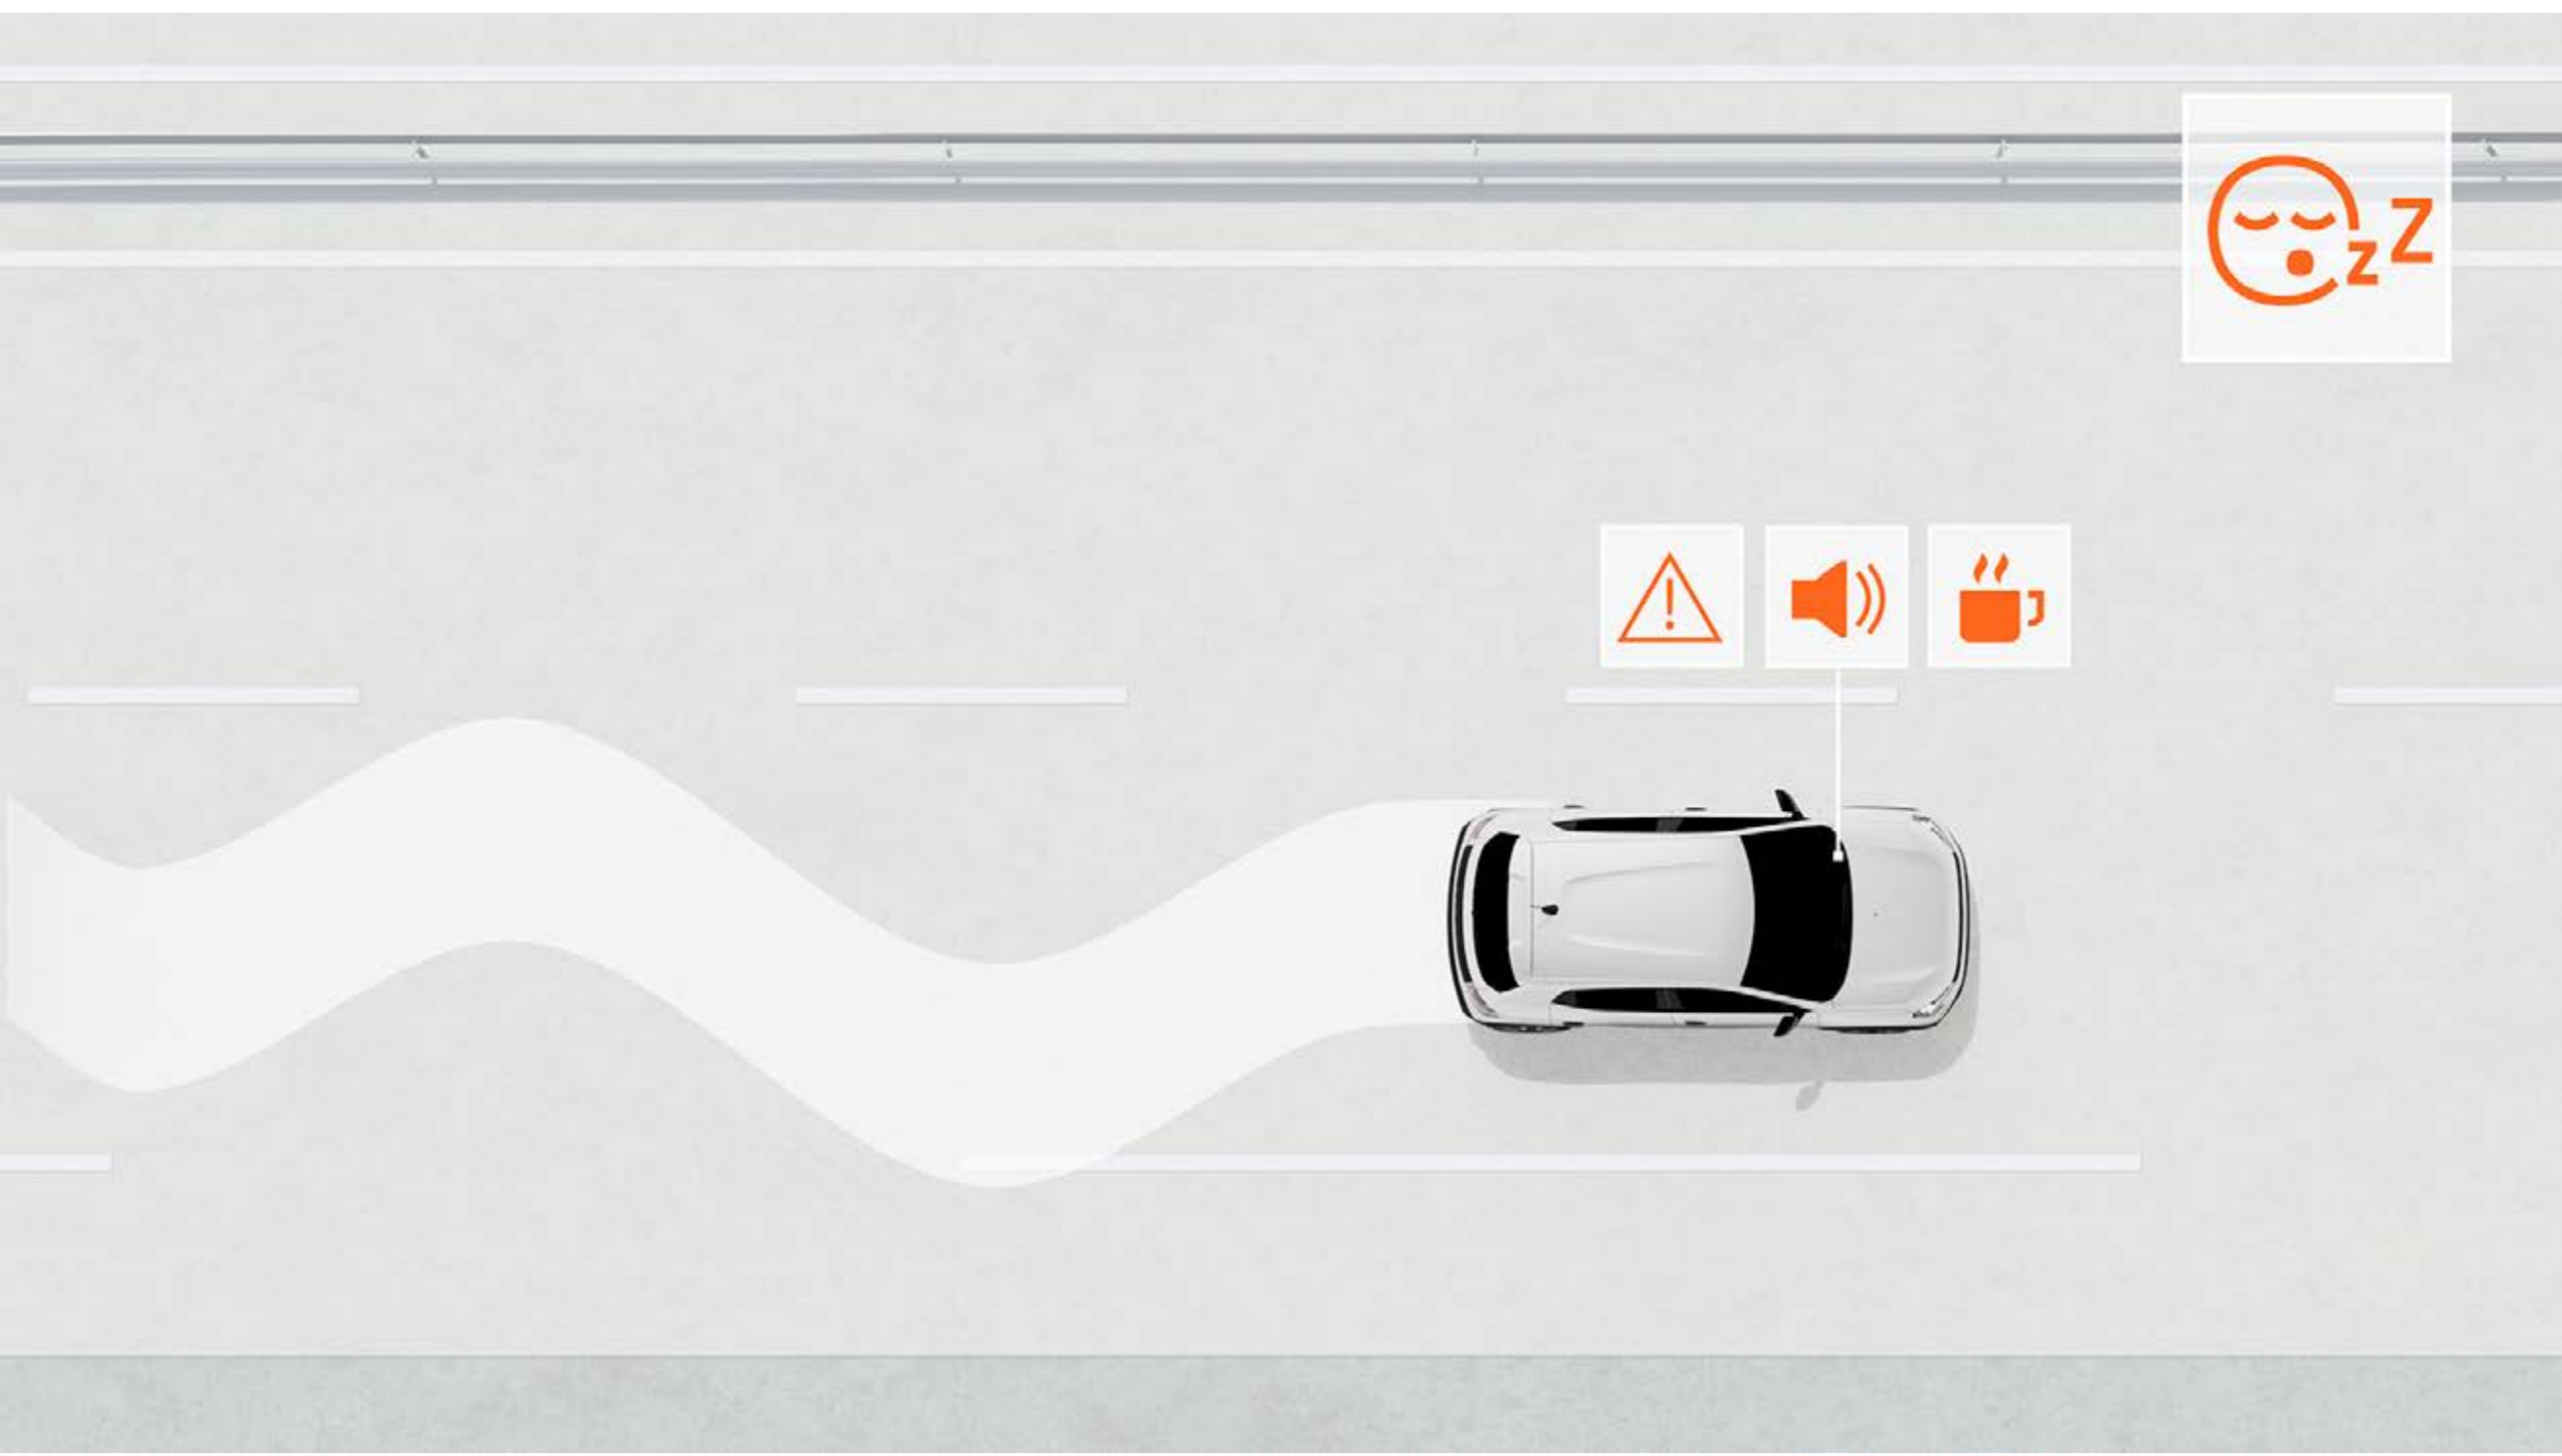

Dacia Spring is cleverly equipped to make driving even easier while constantly improving your safety. With the My Safety button, manage some of these assistance features at any time. With Dacia, drive with peace of mind.

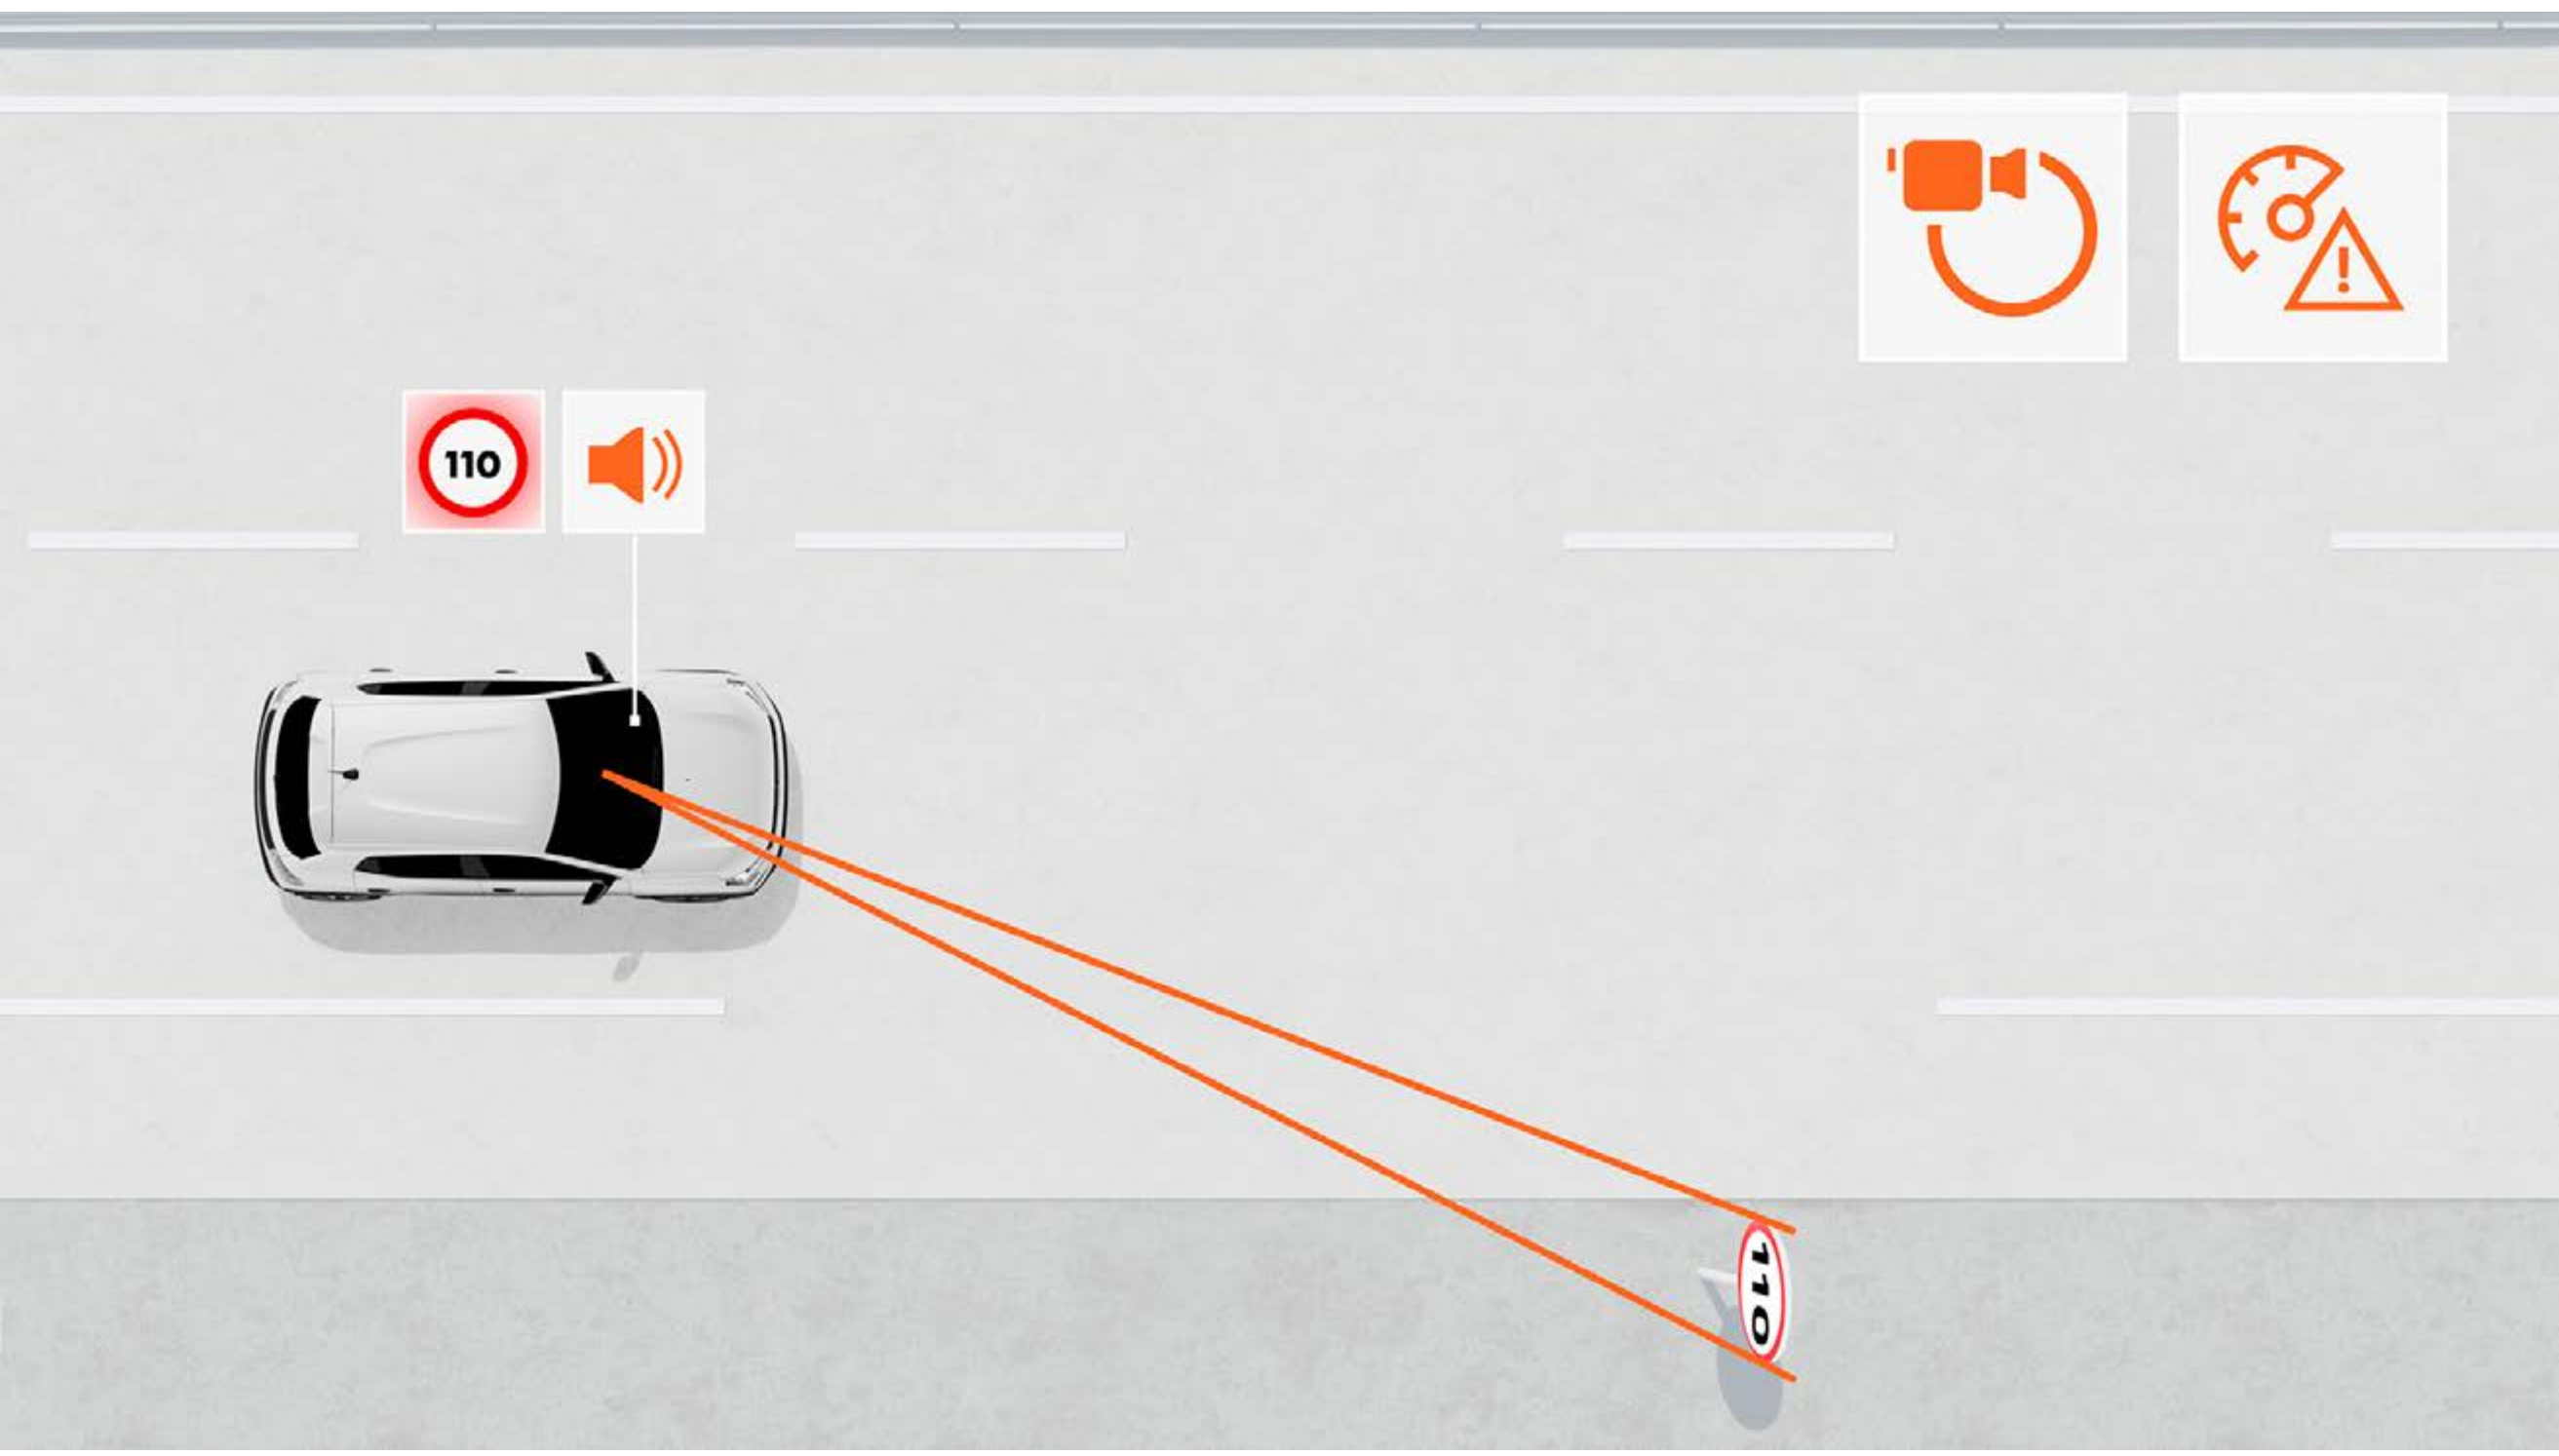

AUTOMATIC EMERGENCY BRAKING WITH PEDESTRIAN/CYCLIST DETECTION
This system prevents the risk of frontal collisions involving other vehicles, pedestrians or cyclists straight ahead and at junctions. It alerts the driver and can automatically brake the vehicle if necessary.

LANE KEEPING ASSIST
This assistance system monitors the vehicle's path in its lane and corrects it if necessary by automatically steering it.

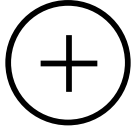

DRIVER FATIGUE DETECTION SYSTEM
This assistance system warns the driver if fatigue is detected and prompts them to take a break.

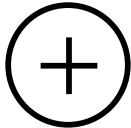

TRAFFIC SIGN RECOGNITION WITH SPEED ALERT
This system provides a real-time indication of the maximum speed on the road and warns the driver if they exceed the speed limit with visual and audible alerts (which can be disabled).

MAIN EQUIPMENT

EXTERIOR DESIGN

- Automatic activation of LED daytime running lights
- Rear lights with Y-shaped Dacia brand light
- Textured black door mirrors with integrated turn indicators
- Black grain-effect exterior door handles
- Megalithic grey insert in front and rear bumpers
- Side decals
- Body-coloured outside door handles
- 15" RESIA wheels with grey/black covers

INTERIOR DESIGN

- Black interior door handles
- Two-tone fabric upholstery with Dacia logo embossing
- Steel grey interior door handles

ACTIVE AND PASSIVE SAFETY

- My Safety button to manage driver assistance systems
- Anti-locking braking system (ABS) + Emergency Brake Assist (EBA) with emergency stop signal
- Automatic emergency braking (AEBS) with pedestrian/cyclist detection
- Electronic Stability Control (ESC) with Hill Start Assist (HSA)
- Emergency call (E-call)
- Event (accident) data recorder
- Vehicle pre-disposition for alcohol interlock immobiliser
- traffic sign recognition with over speed prevention
- Lane change warning
- Lane keeping assist
- Driver attention alert
- Drowsiness awareness camera

- Front / rear "Rescue Code®" QR Code
- Driver's front airbag
- Passenger's front airbag, disconnectable
- Side airbags, shoulders & curtains, head (front + rear)
- Front and rear side seat belts with pretensioner and load limiter
- Tyre pressure detection
- Isofix attachment system for child seats in the rear seats
- Speed limiter / cruise control
- Automatic headlighting

COMFORT

- Rear parking sensors
- Regenerative braking
- Remote central locking
- Power assisted steering
- Manually adjustable door mirrors
- Manual air-conditioning with air recirculation
- Electric front windows
- 1/1 folding rear bench seat
- Heated rear screen / rear screen wiper

MULTIMEDIA

- Customisable 7" digital display (battery and range information, and more)
- 12V socket
- DAB radio with satellite audio
- Bluetooth® & USB
- 2 front speakers

CHARGING

- 7 kW AC charger
- 40kw DC combo rapid charger
- Mode 3 type 2 charging cable (for domestic Wallbox use or public charging station)

extreme

MAIN EQUIPMENT
extreme = expression+

EXTERIOR DESIGN

- Copper Brown: door mirrors, 15" Danube wheel trim emblem and rear Dacia marking
- Side quarter panel stickers with Spring wording
- Decorative stickers on front and rear bumpers

INTERIOR DESIGN

- Mixed plastic-coated textile/fabric upholstery with Dacia embossing
- Front rubber mats and door sills with topographic patterns
- Copper accents on central and side air vents

COMFORT

- Rear-view camera
- Electrically adjustable door mirrors
- Electric rear windows

MULTIMEDIA

- Media Nav Live multimedia system with 10.1" touchscreen: connected navigation* cabled and wireless, and Bluetooth®
- 2 backlit USB sockets

CONNECTIVITY*

- On-board and remote charging programming with the MY Dacia app, which also allows you to: locate your vehicle, find out its charging status, programme charging, remotely start air conditioning or pre-heating (set beforehand in the vehicle)

CHARGING

- 40 kW DC combo fast charger, V2L bi-directional charging

*depending on countries
