Slavery and Human Trafficking Statement For financial year 2024 -2025

The Modern Slavery Act 2015 (MSA 2015) focuses specifically on the issue of modern slavery to ensure offenders are suitably reprimanded with severe sentences. Modern slavery encompasses the offences of: 'slavery' where ownership is exercised over a person; 'servitude' which involves the obligation to provide service imposed by coercion; 'forced or compulsory labour' involves work or service exacted from any person under the menace of a penalty and for which the person has not offered themselves voluntarily; and 'human trafficking' concerns arranging or facilitating the travel of another with a view to exploiting them.

The MSA 2015 requires large businesses, with sales of over 36 million, to be transparent about their efforts to eradicate Slavery and Human Trafficking. We fully support this legislation and the Government's drive to minimise the risk of slavery and human trafficking in UK supply chains. This statement therefore explains the steps we have taken during the financial year to ensure that slavery and human trafficking is not taking place in any of our supply chains or any part of our business.

The organisation is composed of:

Horizon Motor Co Ltd,
Magna Motor Co. Ltd.,
Magna Motor Co. (Christchurch) Ltd,
Magna Motor Co. (Wessex) Ltd.

We are franchise holders working in alliance with the following vehicle manufacturers:

Honda Motor Europe Ltd,
Nissan Motor (GB) Ltd,
Mazda Motors UK,
The Colt Car Co. (Mitsubishi),
Subaru UK.

All of the above manufacturers have published their own Modern Slavery Act Statements and are as fully committed as we are to ensuring that our mutual supply chain fully complies with the MSA.

As part of the organisation's induction process and throughout workers' employment with us, we train all staff to treat others with respect and courtesy as well as ensuring they adhere to all relevant laws, regulations and standards. This is an ongoing due diligence process. We offer a training and development program for all staff from the ground floor through to management. We focus on ensuring our management team is not only aware of the requirements to be alert to modern slavery but can also address concerns raised by their team or any suppliers. If any worker is found in breach of our policies, we ensure suitable disciplinary action is taken which can include termination.

In relation to our supply chains, we use our reasonable endeavours to conduct risk assessments of the third parties we work with and investigate, where feasible, the working conditions of their workers.

As part of our risk assessments, we have identified that the manufacturers with whom we have a franchise agreement have procedures in place to identify and eradicate any possible risk of slavery and human trafficking in their business either directly or in their own supply chain. In addition, we adopt the same principles when working with and employing sub- contractors. We aim to continue to work with our colleagues and suppliers to ensure collaboration to remedy or mitigate such risks.

We allow all individuals who work or provide services to us the right to freely choose employment and, the right to associate freely with other individuals. Workers are free to choose whether to join a trade union or not and as a result of our training, we offer an environment which is free from harassment and unlawful discrimination. We ensure our working practices are in accordance with the Equality Act 2010 and all employment legislation. We do not engage in forced or involuntary labour and have a zero-tolerance approach to the same, meaning we do not tolerate any of our suppliers engaging in such conduct. We require suppliers to certify that they do not participate in any forced or involuntary labour with their workers, subcontractors, agents or associates. We will assess any instances of non-compliance on an individual basis and tailor any remedial action appropriately. We will only work with those who fully comply with this statement or those who are taking verifiable steps towards compliance.

We aim to ensure that our performance indicators do not put pressure on or influence any modern slavery risk. We do not believe our KPIs make our business and supply chain vulnerable to modern slavery.
