INTERIOR DESIGN

The New X-Trail's interior cabin elevates comfort and quality while staying true to its durable, adventurous nature. New materials, including an optional chestnut brown premium quilted leather upholstery on Tekna, bring warmth and harmony without compromising the car's rugged personality.

- A Opening panoramic sunroof on N-Trek and Tekna
- B Butterfly opening armrest
- C Floating centre console
- D Optional premium quilted leather on Tekna

N-TREK DESIGN

'Magma Red' accents

Unique N-Trek 19" alloys

Rear bumper redesigned

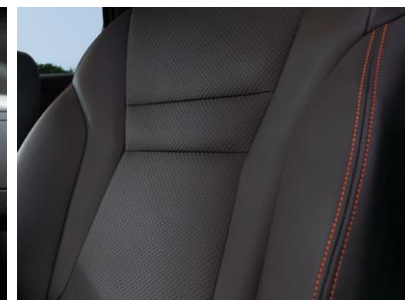

Opening panoramic roof

Built for those who prefer a weekend spent preparing mountain biking trails or completing their latest outdoor challenge, the New X-Trail N-Trek grade returns with a bolder, more adventurous personality. It's the X-Trail spirit you know, tougher and sharper.

'Black-and-magma red' Nissan logo

CellCloth® waterproof upholstery

TECHNOLOGIES

DRIVER ASSIST TECHNOLOGIES ⁽¹⁾

INTELLIGENT CRUISE CONTROL helps keep your distance by measuring the space from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

INTELLIGENT FORWARD COLLISION WARNING keeps an eye on up to two vehicles in front of you. If the system detects a sudden deceleration ahead, you hear an audible and visual warning to slow down.

INTELLIGENT BLIND SPOT INTERVENTION watches for vehicles in your blind spot when you are trying to change lanes on the motorway. If one is detected it can apply the brakes and guide you safely back into your lane, away from danger.

INTELLIGENT EMERGENCY BRAKING can help spot objects and applies the brakes if there is a risk of a low-speed collision with a car, pedestrian or cyclist. Added Junction Support further boosts safety by helping avoid collision at junctions.

REAR AUTOMATIC BRAKING helps you back-up with confidence. If a stationary object is detected behind your vehicle, the system can automatically engage the brakes to help avoid a collision.

3D AROUND VIEW MONITOR* ⁽¹⁾

Parking is easier with the upgraded Around View Monitor*, now featuring a 3D function that gives you a full 360° view of your vehicle. Choose from eight external camera angles to handle any manoeuvre and spot hidden obstacles. Split-screen close-ups and the new Invisible Hood View provide clear ground-level visibility for precise parking in tight spaces.

PROPILOT ASSIST WITH NAVI-LINK* ^{(1)/(2)}

Enhanced ProPILOT Assist delivers smoother responses, more stable lane keeping and improved awareness of your surroundings. Updates include predictive speed sign recognition, more accurate traffic sign detection, undertake prevention, and smoother braking and acceleration — especially in narrow lanes.

* Features available on N-Connecta and above

CONNECTIVITY

NissanConnect with Google built-in⁽³⁾

The NissanConnect infotainment system now introduces Google built-in on selected grades, bringing an intuitive, handsfree experience to the cabin. Access to Google Maps, Google Assistant and Google Play on a 12.3-inch screen.

GOOGLE ASSISTANT

Use Google Assistant in your X-Trail to control navigation, calls, messages, music, and climate -all with your voice. Create calendar events, get directions, or adjust the A/C without taking your hands off the wheel. Simply say "Hey Google" to get started.

GOOGLE MAPS

Google Maps comes built-in, so your route is always ready before you are. Real-time traffic, lane-by-lane guidance and updates that adapt to weather or road conditions - all without reaching for your phone.

GOOGLE PLAY

Access 70+ apps for info or entertainment, directly from the New X-Trail. Stream videos or play games while parked and charging. Just log in with your Google Account and stay connected via in-car Wi-Fi or phone data.

NissanConnect Services app⁽⁴⁾

Drive with confidence - Nissan's latest safety and vehicle health services are designed to support you proactively. Through the NissanConnect Services app, you'll receive realtime notifications and personalised guidance in three key areas: collision, mechanical repair (malfunctions indicator) and predictive maintenance. Whether it's a routine service or an unexpected alert, the app keeps you informed and in control - helping you take the right action at the right time.

* Feature available on N-Connecta and above

POWERTRAIN

* All grades of X-Trail available in 2WD or 4WD (e-4ORCE) variants

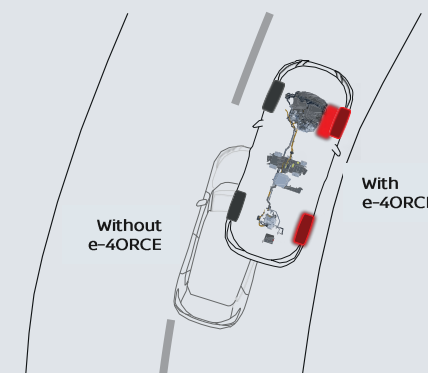

e-POWER

With Nissan e-POWER, pioneering never pauses. This unique hybrid pairs a fuel-efficient petrol engine that charges a battery, which then powers an electric motor driving the wheels. The result: responsive, quiet and effortless driving. Hybrid reinvented.

e-4ORCE

With Nissan's unique e-4ORCE* all-wheel drive hybrid technology, take on any terrain with confidence. Enjoy powerful, controlled performance and a smooth ride, enhanced by five selectable Drive Modes: Normal, Sport, Eco, Off-road and Snow.

SERVICES NISSAN SERVICES

NISSAN SERVICES

[CONTACT YOUR DEALER](#)

NISSAN SERVICE PLANS

Every time you service with Nissan, you'll receive the highest levels of service and aftercare that you can find. We aim to be clear, transparent and offer you great value with our fixed price service packages.

The best way to ensure your services are covered is to purchase an inflation-proof Service Plan when you purchase your new X-Trail.

- Spread the cost with fixed, manageable monthly instalments or with a single upfront payment.
- Your Nissan is guaranteed to be seen by expert trained technicians, using only Nissan Genuine Parts
- Covered by Nissan's Customer Service Promise, where you'll benefit from continuous Nissan Roadside Assistance and more.

NISSAN EXTENDED WARRANTY

A Nissan Extended Warranty offers the same cover as your original manufacturer warranty, saving upfront costs if any covered parts were to fail.

When the time comes and your manufacturer warranty ends, all you will need to do is purchase an Extended Warranty and have your X-Trail checked out by your Nissan dealer before the policy starts.

NISSAN ROADSIDE ASSISTANCE

All new Nissan vehicles come with free pan-European Roadside Assistance for the duration of the manufacturer warranty period. Nissan Roadside Assistance is there for you 24/7. From a flat tyre to lost keys or an accident, we help you get back on the road as fast as possible.

Plus, every time you service with Nissan you'll get another year's roadside assistance included.

NISSANCONNECT SERVICES

Drive with confidence - Nissan's latest safety and vehicle health services are designed to support you proactively. In the NissanConnect Services app⁽⁴⁾, you'll receive alerts and relevant information in two key areas:

- Mechanical repair (malfunction indicator)
- Service Reminder

From routine service to unexpected alerts, the app keeps you informed and in control— so your vehicle always performs at its best and you enjoy a safer, smoother drive.

BENEFIT

Enjoy peace of mind knowing Nissan is always ready to support you with any issues. The app offers clear guidance to help you confidently navigate each of the two key situations below:

IF WARNING LIGHTS APPEAR ON YOUR DASHBOARD

When a warning light appears, in NissanConnect Services⁽⁴⁾ app you receive alerts with clear explanations and solutions based on the severity of the issue, helping you understand the problem and take the right action with confidence. Need further support? You can contact Nissan Roadside Assistance directly through the app.

WHEN IT'S TIME FOR A SERVICE

Through the NissanConnect Services app you can set up your next service reminder and book online via the app. This helps ensure your Nissan vehicle stays safe, performs at its best, and runs efficiently.

HOW TO BENEFIT

- Log in to the NissanConnect Services app.
- Keep Privacy Mode OFF to allow vehicle data sharing with Nissan.

Technologies

(1) You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. For terms and conditions relating to Nissan technologies, please contact your Nissan dealer. It is the driver's responsibility to stay alert, drive safely, apply speed limits and safe speed based on road conditions and remain in control of the vehicle at any time.

(2) ProPILOT Assist is available on a N-Connecta and above. ProPILOT Assist is an Advanced Driver Assist technology but cannot prevent collisions. The driver must stay alert, drive safely and be in control of the vehicle at all times. Driver assist features have speed and other limitations and should not be solely relied on. For more information, please refer to the owner's manual or visit www.nissan.co.uk/techterms. The ProPILOT Park system's effectiveness is subject to vehicle & environment conditions. Before using familiarise yourself with the feature- refer to Manual for more details.

Connectivity

(3) Google built-in, Google Play and Google Maps, and other marks are trademarks of Google LLC. Over the air updates are free for 5 years from the warranty start date. Charges may apply thereafter.

(4) To use NissanConnect Services you need a smartphone with compatible iOS or Android operating system, and a SIM card with a data option from a mobile service provider. Download the free NissanConnect Services app and create an account. Connect your smartphone with your vehicle equipped with NissanConnect Services by logging in using your username and password. All services are subject to mobile network coverage. Some NissanConnect Services available for an additional charge on subscription or others may be free for a specific period and chargeable thereafter. For further information, visit Nissan.co.uk/ncsapp or contact your local Nissan Dealer.

Aftersales

(5) Accessories and any additional equipment fitted by the customer may have an impact on the communicated range figures of the car. Nissan Genuine Accessories are covered by the new vehicle warranty of 3 years/100,000km (whichever comes first), if fitted by a Nissan dealer or Nissan repairer before Vehicle Handover or during the new vehicle warranty period. Genuine Accessories fitted outside of the new vehicle warranty period or by a Third Party or by the Customer are only covered by the Nissan Genuine Parts and Accessories Warranty of 12 months/ unlimited mileage.

Nissan Select Accessories provided by Nissan approved partners. They are providing warranty under their terms and conditions, which are one year warranty minimum. For further details please contact your Nissan dealer. Max. towing capability is dependent on grade, specification, and powertrain.

Defy Ordinary

Every effort has been made to ensure that the content of this publication is correct at the time of going to press (May 2026). In accordance with the company's policy of continuously improving its products, Nissan reserves the right to change at any time the specification and the vehicles described and shown in this publication. Nissan dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan dealer to receive the most up-to-date information. – MY26 X-Trail brochure 05/2026.
