RENAULT CLIO

available with full hybrid E-Tech

16 December 2025

different energy, same love

More Clio than ever after 30 years of success, Renault Clio full hybrid E-Tech injects new energy. The overhaul of the Renault identity is reflected in the sportiness of its esprit Alpine version and the sharper new grille. Inside are biobased and recycled materials, comfort and connectivity.

Enjoy a unique driving experience with the full hybrid E-Tech 145hp engine.

full hybrid E-Tech 145hp engine	up to 560 miles of driving range(1)	esprit Alpine version
biobased and recycled materials	301L of boot volume	up to 22 driver-assistance systems(2)

(1) internal source. based on Clio E-Tech vs WLTP fuel consumption figures. figures shown are for comparability purposes only. actual real world driving results may vary depending on factors including the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load. (2) Always follow road safety regulations. It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. You should not solely rely on driver convenience and assistance features. Some features may not work in all conditions and circumstances, and they have speed and other limitations.

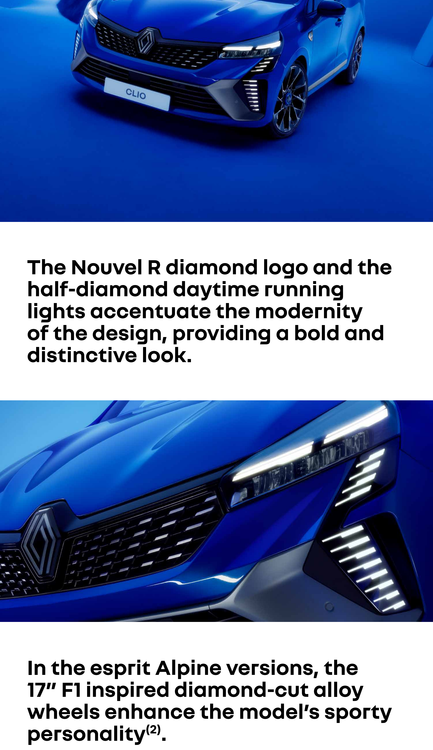
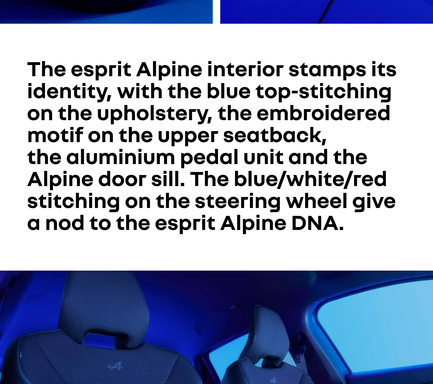
a new impetus

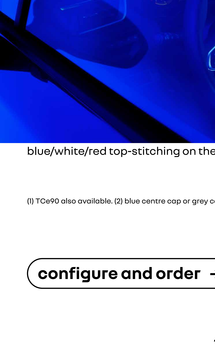
Renault Clio full hybrid E-Tech[1] unveils a distinctive and stimulating style: enlarged front grille with chrome, new full LED lights at the front and rear, and sculpted sides. The sportiness is expressed in every detail, with the esprit Alpine version and its shadow grey F1® blade.

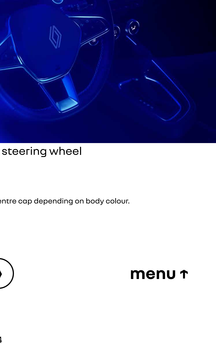


The Nouvel R diamond logo and the half-diamond daytime running lights accentuate the modernity of the design, providing a bold and distinctive look.

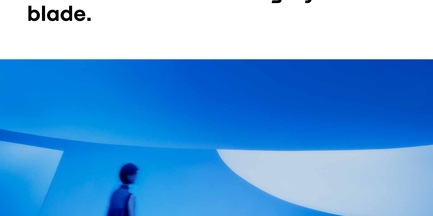


In the esprit Alpine versions, the 17" F1 inspired diamond-cut alloy wheels enhance the model's sporty personality[2].





The esprit Alpine interior stamps its identity, with the blue top-stitching on the upholstery, the embroidered motif on the upper seatback, the aluminium pedal unit and the Alpine door sill. The blue/white/red stitching on the steering wheel give a nod to the esprit Alpine DNA.



72% recycled textile in the esprit Alpine upholstery

blue/white/red top-stitching on the steering wheel

(1) TCe90 also available. (2) blue centre cap or grey centre cap depending on body colour.

next-generation comfort

Take a seat in a contemporary interior featuring heated front seats(1), made from biobased materials and a heated steering wheel stamped with the new Renault identity. Personalise the driving experience with the three multi-sense modes(1).

Created from the partnership with Tencel™, the coatings of the upholstery, doors and dashboard contain 60% plant fibres(1), with the wood used guaranteed to come exclusively from sustainably managed European forests. There is no leather in Clio: instead, the surfaces are covered in TEP, a grained coated fabric made of bio-sourced and polyester fibres.

techno+ version upholstery

(1) available on techno+ and esprit Alpine versions.

more welcoming than ever

Thanks to its feel for comfort and roominess, the rear provides excellent knee room of 16.5 cm and optimal headroom to accommodate both children and adults.

Enjoy the generous boot volume of up to 391L(1). Adjust the 1/3-2/3 bench seat very easily for available space of up to 1,069L in the configuration with three seats folded down.

(1) 301 L / 1,006L on E-Tech. 391 L / 1,069 L on TCe 90.

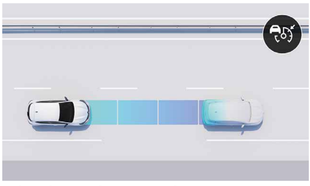
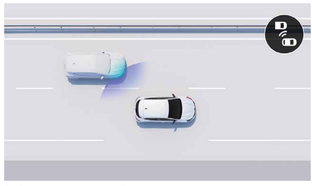
human first program
safety by Renault

up to 22 advanced driver-assistance systems[1]

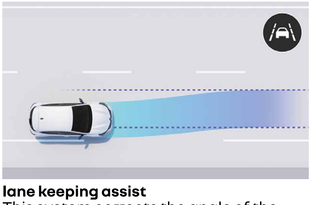
As part of the human first program, Renault Clio offers up to 22t[1] advanced and innovative driver-assistance systems.



adaptive cruise control
The system keeps a safe following distance from the vehicle in front of you. It activates the brakes if you get too close, and accelerates when the road is clear again.



blind spot warning
Enabled at speeds over 9mph, this system uses warning lights on the door mirrors to alert you to the presence of vehicles that are not visible in your field of vision.



lane keeping assist
This system corrects the angle of the steering wheel, returning the vehicle to its lane unless you have indicated.

automatic emergency braking with emergency brake assist
Warns the driver of an imminent risk of frontal collision with a stationary vehicle, at low speeds. Triggers automatic emergency braking to avoid or mitigate a collision.

rear view camera
This system provides a rear view on the screen when you engage the reverse gear. Superimposed outlines make your manoeuvres easier and safer.

360 around view 3D camera
The four cameras help recreate a 360 view of the vehicle's direct environment, allowing you to perform your parking manoeuvres effortlessly.

rear cross traffic alert[2]
When reversing, the system warns you of a risk of collision with a vehicle.

hands free parking
Using ultrasonic detectors, this function helps to find accessible parking spaces and assists in the parking manoeur. driver controls the accelerator pedal and brake pedal[2].

driver assistance
- hill start assist
- distance warning alert
- speed limiter
- cruise control
- adaptive cruise control[2]
- overspeed prevention

parking assistance
- front parking sensors
- rear parking sensors
- side parking sensors[2]
- rear view camera
- 360 around view 3D camera [2]
- hands-free parking system[2]

safety assistance
- lane departure warning
- lane keeping assist
- blind spot warning[2]
- rear cross traffic alert[2]
- auto lighting and rain sensor with auto wipers
- auto high/low beam/ dipped headlights activation[3]
- automatic emergency braking with emergency brake assist
- road sign recognition and speeding alert
- active emergency braking with pedestrian and cyclist detection
- driver attention alert

(1) up to 22 adas features across the range, features are version dependant.
Always follow road safety regulations. It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. You should not solely rely on driver convenience and assistance features. Some features may not work in all conditions and circumstances, and they have speed and other limitations.
